

For the record, and to help the high school graduate students of this area get full benefit of the new Community College, which the residents of Western Wayne County so charitably provided, I think the following comments are needed. In the first place there is no place for politics or sentiment anywhere along the line in the development of this institution. Every board member must be responsible for the action of all parties concerned in bringing the institution into reality. Further, there is no place for frills, luxury or unnecessary spending by this group in getting the college located, built, and in operation.

Let's think first, last, and always, of the students who will benefit from the teachings of this college.

At the present time the board has the task of selecting a proper site. There is little justification for one area or another to feel that theirs is the area where the college should be located. Distances are minor in the total area so location will work little hardship on the students. THE RESPONSIBILITY OF THE COLLEGE BOARD, given by the taxpayers, IS SIMPLY THIS... HOW FAR CAN WE STRETCH THE DOLLARS WE WILL HAVE TO WORK WITH, TO PROVIDE THE STUDENTS OF THIS AREA THE FINEST EDUCATION WE CAN AT THE LOWEST COST?

Presently there are two sites seriously under consideration. Neither is in Plymouth or Plymouth Township. One is in Livonia on Six Mile Road which is the second 80 acre parcel directly west of Farmington on the north side. This land was acquired by the Livonia school system for their future expansion but they have indicated they would release the same to the college for the same price they paid to acquire it, which amounts to \$280,000. Then, to acquire another connected 20 acres to bring the property up to the necessary 100 acres demanded by the college, there would remain future negotiation with the owner of this 20 acre piece which, if it could, and it is doubtful, be secured at the same price per acre would make the total 100 acres cost at least \$350,000.

The other site, or actually three different sites are in Canton Township located as follows. A 100 acre plot on the north west corner of Warren and Sheldon Roads, another 100 acre plot on the north west corner of Warren and Lilley Roads, and another 100 acres located on the south west corner of Warren and Lilley Roads.

A problem has been outlined on these particular sites by the architectural (not civil engineering) firm employed by the college in that they have stated the cost of fill dirt for certain needed acreage would cost in the neighborhood of \$60,000 to \$85,000 on each of the various pieces.

This is the way each parcel would break down. The site on the northeast corner of Warren and Sheldon could be purchased for \$2,200 or \$2,300 per acre, making a total cost of say \$230,000. Cost of fill here, according to the architect, would be approximately \$65,000.

The site on the northwest corner of Warren and Lilley Roads of 100 acres can be secured for \$1,751 per acre, or a total cost of \$175,000 with necessary fill costs, according to the architect, of about \$85,000.

The third site of 100 acres on the southwest corner of Warren and Lilley Roads can be secured for \$1,700 per acre, or a total cost \$170,000 and needs a fill again, according to the architect of about \$65,000.

SO HERE IS THE WAY WE END UP... Livonia site approximately \$350,000. Canton site one \$295,000, Canton site two \$260,100 and Canton site three \$240,000, with necessary fills.

BUT WHY ALL THIS... The site given most consideration by board members, so we understand, in Canton Township of those three, is the one located on the southwest corner of Warren and Lilley Roads. Cost, 100 acres \$1,700 per acre or a total cost of \$170,000, without fill... and look what Canton Township Supervisor Louis Stein has to say... "THE DEARBORN REGISTERED CIVIL ENGINEERING FIRM OF EDWIN M. ORR, who does the work for most of the adjoining townships south of Livonia and Plymouth, Canton included... BLUNTLY STATES AFTER MAKING A SURVEY FOR CANTON THAT THIS PARTICULAR SITE NEEDS NO FILL AT ALL." His report, which is on file at Canton Township Hall, says the land is one foot above the road, that there is an eight foot drainage ditch across the road and for all college purposes there is no need to spend money for fill dirt.

HERE THEN, IS A SITE IN CANTON TOWNSHIP AVAILABLE AT LESS THAN ONE HALF THE COST OF THE LIVONIA SITE, not in the geographical center of the college district; we'll admit, but close enough for all practical purposes and offering water, sewer and paved roads, which will be constructed this summer, giving access in all directions without penalizing anyone. Public transportation will also be available.

Future building expansion of the college can be done by providing matching funds with the state. How better to quickly expand college facilities than to save \$175,000, on the cost of land and put this money toward more facilities to provide more room for our high school graduates. That's why the voters approved it, isn't it?

If politics of sentiment, has entered into the thinking of anyone concerned with this project the time to remove it is now. Once more let's remember we are building this institution for our children, and if location is not a handicap, and this isn't, then THE SAVING OF DOLLARS, in a time when the taxpayer is heavily overburdened, IS OF FIRST IMPORTANCE... Important to launch the project and ESPECIALLY IMPORTANT IN EXPANDING THE PROGRAM AS WE HAVE POINTED OUT HERE-IN. Can any member of the College Board consider anything other than saving money which will provide more rooms to accommodate more students provide a wider variety of subjects, and bring the total project to completion? We think not. Can any member of the Board conscientiously vote to spend unnecessary dollars for land, even though it might be only \$10,000, when they know those dollars will provide buildings and more rooms? Again, we think not! We believe that the board should exercise the option it has on the Canton property at its meeting, July 2nd, and get on with the construction of the buildings.

It is our belief anyone voting not to save \$180,000 which would provide \$360,000 of buildings with \$180,000, of state matching funds, has no place in the administration of any institution of higher learning.

# Big July 4th Celebration Ahead!

## 'No' Voters Cite Tax Bite As Chief Objection

"We don't want higher taxes!" That was the chief plea registered when electors who voted "no" in the last school election were invited to list their reasons on cards and letters to The Plymouth Mail.

Six per cent of the "no" voters in the last election wrote in their reasons with three quarters of them listing their opposition to higher taxes as their main complaint.

All unsigned letters and cards will be turned over to the Board of Education for their study. "I'm fed to the teeth with taxes," a typical card declared. "I'm a widow living on Social Security. Have paid taxes since 1922 and never had a child to go to school."

"I am a mother who feels that a mother's place is in the home taking care of her children," wrote another. "With federal income tax, Detroit City income tax and talk of a state income tax, plus 4 per cent sales tax, property tax and school tax, I am wondering how much longer I can stay home and care for my children."

But the threat of higher taxes was not the only complaint. Most of the letters and cards had multiple reasons. Half of them charged the administration and Board of Education with mismanagement. Some listed specific instances where they felt there had been mismanagement, with the present Junior High and its vast expanse of glass triggering much of the complaint.

Some letter writers felt administrators and Board members had hurt teacher morale; others felt the teachers were not doing so badly with pay and that they are not overworked.

The recreation program, adult education, sports, music, art, elementary librarians and even crossing guards were cited as "frills".

"Just because some taxpayers in other school districts are foolish enough to continue to shell out every time the Board of Education asks for an increase in millage is no reason we should keep up with the Joneses," one writer advised.

The system's newer schools were called "push" by several letter writers and they felt that the Starkweather type (two stories) would still be good enough for today's children. "We don't need school palaces for our children. They can learn in buildings less expensive."

Many of the voters had their own ideas of how to cut down on expenses. These are some of their suggestions: —Let children walk further to school to cut down bus costs. —Cut the athletic staff.

## Early Deadline For Holiday

Because Independence Day falls on Wednesday next week, the Plymouth Mail will be published one day early and this means an earlier deadline for news and advertising.

All classified ads, display advertising and news items must be submitted by 5 p.m. Monday.

## Parking Lot Rebuilding Starts Soon

Reconstruction of the Central Parking Lot is expected to start shortly following the signing of contracts by the winning bidder.

Thompson-McCully, a Plymouth firm, was low bidder on the job. There were five bidders. The low bid was \$35,060.80. Other bids were: Ypsilanti Asphalt, \$35,966; Ann Arbor Construction, \$36,278; Ajax Asphalt Paving, \$37,700; and A & A Asphalt, \$42,948.

Plans call for tearing out nearly two-thirds of the present pavement and the concrete islands. Parking places for 229 cars will be provided. Several homes and buildings were razed last fall to provide a large parking area.

## Rubbish Pick-up Days Changed

A change in rubbish pick-up days for many City householders was announced this week. The new schedule starts next Monday.

Monday collections will remain the same as usual, except for those having alley pick-up. These will be made on Tuesday.

TANYA GILMORE, center, the 1961 Miss Plymouth, will be placing the crown on the head of one of these Miss Plymouth contestants next Tuesday night — but which one? Twenty-five girls are competing for the title this year, which will give judges a bigger headache than ever in making their decision. The finals will be Tuesday at the football field and will be held in conjunction with a musical revue, "Do You Remember?"

## 5 Days of Events Start Tuesday

A safe, stay-at-home Independence Day will be in store for thousands of Plymouthites next Wednesday when the Junior Chamber of Commerce again offers a day-long series of events to commemorate Uncle Sams 186th birthday.

Opening with a morning parade, the day will also offer a horse show, carnival and fireworks and other events.

The evening before July 4th will find the athletic field bleachers filled with people watching a double-feature show — the annual Miss Plymouth selection and a variety production, "Do You Remember?"

## Line Painters Get 10-Mile Job On City Streets

Over 10 miles of line painting will be started in Plymouth soon by the Martin Stripping Service and one of the outgrowths of the line painting will be the elimination of angle parking in front of Kellogg Park.

Only one bid was received at Monday night's City Commission meeting for the annual painting job. Martin Stripping Service bid two cents a lineal foot, which will come to around \$1,080 by the time the job is finished. Painting of school crossings will not be done until just before school starts.

It is estimated that there will be 52,000 feet of lines to be painted on streets and 2,000 feet of curbs painted. This adds up to over 10 miles of painting.

On Main St., in front of Kellogg Park, half of the meters will be removed and parallel parking will be substituted for the present angle parking.

Both the Police Department and state safety officials have long recommended that the angle parking be eliminated here because of the hazard of cars backing into moving traffic.

The Down Rivers Shows, a carnival that returns here each year for the holiday, will be in town for five days, Tuesday through Saturday. Their location will be the same as last year — on Lilley Rd. (Mill St.), across from the VFW Hall.

The Independence Day celebration will open at 11 a.m. with a parade down Main St. During the last two years, the parade has been in the afternoon but it has been changed to the morning hour once again. The public will be able to view the parade along Main St., from City Hall to Harisough. The parade will turn east on Harisough and end at the Junior High.

Following the parade at 12:30 p.m. will be the Horse Show when some 40 horses are expected to compete in 10 events. This will be beside the carnival grounds.

At 4 p.m., there will be a peanut drop from an airplane on the Junior High grounds. This is for children up to 12 years with prizes going to the ones finding the largest number of colored peanuts.

At 4:30 there will be a tug-of-war between City and Township firemen on the Junior High grounds.

Completing the day will be fireworks at 9:30 p.m. at the carnival grounds. This is free to the public.

Lanny West is general chairman of this year's Joyce celebration. Other chairmen are: Kenneth West, parade chairman; Denny Hanks, Miss Plymouth chairman; Robert Evans, peanut drop chairman; Cal Thomas, horse show; Bob Peterson, Tuesday night program; Terry West (retiring president), special advisor.

A last-minute addition to the July 4th festivities will be a tug-of-war at 4:30 p.m. between the Plymouth Township and City Fire Departments. The event will take place on the Junior High ball field following the peanut drop.

## Voters Offered Big Choice Of Candidates in Primary

There will be a long list of candidates for both Republicans and Democrats to consider when they go to the polls Tuesday, Aug. 7 for the statewide biennial primary election.

Last week was the filing deadline for candidates seeking office on the state and county level and for local precinct delegates.

The only Plymouthite's name found on the long list of candidates is that of Governor John B. Swainson, who will have no opposition on the August ballot. His Republican opponent in November will be George Romney.

In the 17th Congressional District, Rep. Martha Griffiths, a Detroit Democrat, will have no opposition in her bid for re-election to the U.S. House of Representatives.

But there are three Republicans seeking the GOP nomination. They are: James N. Heaney, 18308 Sorrento, Detroit; James F. O'Neil, 9840 Ingham, Livonia; and Gregory M. Pillon, 23350 Lake Ravins Dr., Southfield.

State Senate Three men have filed for nominations in the 18th State Senatorial District, a job now held by Raymond D. Dzendzel, a Democrat, and his party's floor leader, Dzendzel, who is a Carpenters Union business representative, lives at 18501 Shiawasse. Other Democrats are Russell W. Davidson, 26648 Student, Redford Township, a school department head; and Fred S. Robinson 9200 Hartwell, restaurant manager.

Republicans: A. Thomas Daoust, 17111 Fairfield, technical writer; Patrick J. McNally, 14353 Greenview, telephone company supervisor; and Harry J. Weidendorf, 15360 Priest, real estate salesman.

State Representative Both Republicans and Democrats will have a contest on the primary ballot. Harvey J. Beadle, 17233 Centralia, Redford, is seeking the Democratic nomination as the incumbent candidate. His opponent is Beverly E. Pool, 9821 Middlebelt, motion picture operator.

County Offices Democrats will have the biggest task on the voting machines. They have 64 candidates seeking six Wayne County nominations. There are 13 running for prosecuting attorney, 16 for drain commissioner, four for registrar of deeds, three each for county clerk and county treasurer and a whopping 26 for sheriff.

City Precinct Delegates The precinct delegate jobs, which often go begging for candidates, fared well this year in the City. All but one post had a candidate.

Republican candidates are: Precinct 1, E. Richard Meriam, 505 Byron; Precinct 2, Charles Zolt, 380 W. Liberty; Precinct 3, George Bauer, 254 Irvin; Precinct 4, William Saxton, 1190 Ross; and Precinct 5, H. Elizabeth Jacobus, 1396 Elm.

Democratic candidates are: Precinct 1, no candidate; Precinct 2, Dorothy Frank, 540 Parkview Dr.; Precinct 3, Charles Root, Jr., 965 Ann; Precinct 4, George Onuski, 1250 Hartsough; Precinct 5, (Continued on page 6)

## Mail Finds Lost Canton Grader

Mr. Chips and his column and a Plymouth Mail classified ad proved the miracle necessary to turn up Canton Township's lost road grader.

Our readers learned that the grader had disappeared and Supervisor Louis Stein and treasurer Philip Dingeldey were at a complete loss as to its whereabouts.

With the Mail's reminders, Elmer Schultz of Proctor Rd., remembered he had borrowed the grader a long ways back, then it had been borrowed by a family named Berdine who he thought loaned it to Mettetal Airport.

After a whole series of calls giving various clues as to the whereabouts of the grader it was actually traced to Mettetal field where, big as life, it has been in use weekly, keeping the grounds in first class condition.

Registration Reminder Those not registered to vote in the July 30 special school election were reminded this week that registration will close next Monday. Clerks in the Township and City of Plymouth and Canton Township have announced they will remain open this Thursday until 8 p.m.

Wanted — high school girl or woman for baby sitting while mother works days, phone GL 34182, own transportation necessary.

"Did I have calls? It was just unbelievable and I lost count when I got over 50!" she said. Why not put Plymouth Mail classifieds to work for you? They are inexpensive and can do a multitude of things... JUST PHONE GL 3-5500, we'll do the rest.

## WOW! 50 CALLS

I just couldn't believe I would ever get so many calls from an ad said Mrs. Robert Postwait of Sheldon Rd.

To Remove Spire Hit by Lightning The spire on the City Hall Annex struck by lightning two weeks ago will soon be torn off.

City Manager Albert Glassford said that the weakened supports make it necessary to either replace several of them, or remove the tower. Because the building no longer serves as a church and may someday be torn down, it was decided to remove the spire.

## It's Concert Time In Park Again

It's Concert-in-the Park time in Plymouth again and an old-fashioned ice cream and cake festival will be held in conjunction with the opening concert this Friday night.

HEADING THE 1962 Plymouth Community Fund campaign will be these people who met for their first committee meeting last week. City Manager Albert Glassford, seated, is general campaign chairman. Others, from left, are Mrs. R. R. Barber, Residential Division chairman; Elmer Hedlund, Industrial Division; Thomas Notebaert, Business Division; and Ralph Garber, Professional Division. Sterling Eaton, Advanced Gifts chairman, was not present.

### Grange Gleanings

Thursday, June 21, was our regular meeting at the Plymouth Grange with a fair attendance for the summer months and vacation time.

Everyone enjoyed the m. Thanks, Norman.

It's time to begin thinking of our Bazaar, scheduled for October 13.

In the fall Donna will enter Eastern Michigan University majoring in special education.

Mr. and Mrs. Jack Gage returned to their home on Clemons Dr. Saturday from a week's vacation with Mrs. Gage's parents in Holly Hill, Fla.

"One of these days somebody's going to come up with a book on 'How to Get Out of Doing It Yourself.' He'll make a fortune." — Lee Bachelor, Sauk Rapids (Minn.) Herald.

John Dougan, former Plymouth resident, shared the spotlight with his granddaughter, Kathleen Peterson, at an open house on June 10. Kathleen graduated last week from Ladywood High School, Livonia, and Mr. Dougan left by plane that night for a vacation in Scotland.

## Credit Union Names Consultant

Treasurer George Lawton of the Plymouth Community Credit Union this week announced the appointment of William J. Nelson as public relations and educational consultant.

Nelson, 1073 Penniman, was Plymouth publicity chairman of the highly successful 1962 Michigan Week celebration.

"This appointment," Lawton said, "reflects the growth of the Credit Union idea in Plymouth, where Plymouth savings are used to help Plymouth people with low rate interest loans." Savings in the credit union have paid 4 per cent since 1959 plus life insurance on savings up to \$2,000.

Nelson holds an A.B. degree in journalism and an LL.B. in law from Wayne State University. He is also an attorney, licensed to practice in Michigan. In 1957-58, he was public information officer for the United Nations Command Military Armistice Commission, while serving with the U.S. Navy in Korea.

PRECEDING THEIR installation at the Elks Temple, newly elected Vivian officers had dinner at Hillside Inn, Thursday, June 14. Standing l. to r., is Mrs. John Moran, chaplain; Mrs. Edmund Roginski, vice president; Mrs. Gordon Hartford, treasurer; Mrs. Lewis Foster, corresponding secretary; Mrs. William Swadling, in-coming president; Mrs. Dale Dauderman, retiring president, Mrs. Robert Bingley and Mrs. Russell Powell, members at large, and Mrs. J. ## Read The Classifieds Mission Accomplished, 21 Youth Return Home

The 21 Presbyterian Youth Fellowship members who traveled to Canyon, W. Va. on June 17 to help renovate the former mining town's church returned last Sunday with a sense of accomplishment.

Canyon Presbyterian Church is located near Morgantown. Once a company-owned mining town, its church is the center of the community for its 80 inhabitants.

Ten Canyon youths joined the 21 Plymouth youth people in the work project. The exterior of the church was painted, the kitchen of the church roofed, rest rooms finished and wired for electricity and painted, grounds cleared, yard leveled, a rock wall built as a planter in front of the building, the sanctuary floor scrubbed and waxed, pews repaired and polished and gutters placed around the church roof.

The girls slept in homes of Canyon people while the boys slept on the church basement floor. One night the Canyon youth threw a pizza party for the Plymouth group and also a square dance. Many friendships were developed.

## Couple Wed in College Chapel

At a late afternoon ceremony June 16 in Harbison Chapel of Grove City College in Grove City, Pa., Anne Elizabeth Harker and David Manley Dayton repeated their vows before the bride's father, Dr. J. Stanley Harker.

Parents of the couple are Dr. and Mrs. J. Stanley Harker of Grove City, Pa., and Mr. and Mrs. Albert C. Dayton of Ravenna, O., formerly of Plymouth.

The bride, given in marriage by her uncle, John Neal Calderwood of New York City, wore a princess-style gown of white silk organza over white taffeta. The bolice, which featured a scoop neckline was set off with Alencon lace embroidered with seed pearls and sequins. The skirt, which fell to a chapel train, carried out the same lace motif. Her finger-tip silk illusion veil was held in place with a crown of lace, pearls and sequins. The cascade bridal bouquet she carried was fashioned of white roses and stephanotis.

Mrs. Robert Jansen, sister of the bride from Clarksburg, Pa., was matron of honor. She wore a dress of mint green silk organza with applied flowers over taffeta and carried a basket of yellow and white daisies. A matching headband and white shoes and gloves completed her ensemble.

Bridesmaids, Mrs. William J. Mills, another sister of the bride from Lyndhurst, N.J., and Miss Lorna Willard of Rochester, N.Y., were dressed in lilac identical to the matron of honor.

Miss Carolbel Peters of Butler, Pa., played traditional wedding music on the organ and soloist, Prof. Oscar Cooper of Grove City College, sang "Entreat Me Not to Leave Thee", "O Perfect Love" and "Lord's Prayer".

For her daughter's wedding Mrs. Harker chose a dress of dusty rose lace over taffeta and white accessories. The groom's mother, Mrs. Dayton, wore a beige lace sheath with blue accessories. Both mothers had white orchid corsages.

Serving as best man was Warner D. Mendenhall, Jr., while the Rev. Mr. William J. Mills and the Rev. Mr. Robert Jansen, the bride's brothers-in-law and Ronald Montgomery seated the guests.

The reception for family and friends was held following the ceremony in the Rare Book Room of the Henry Buhl Library on the campus of Grove City College.

## Newlyweds Greet Guests At Garden Wedding Reception

Gowned in white silk organza with over-all embroidery of ivory ivy leaves accented with creamy satin piping around the elbow-length sleeves, gently scooped neckline, bodice and waist, Ann Hulsing approached the altar on the arm of her father, who gave his daughter in marriage. Her elbow-length, three-tiered bouffant veil was secured with a white cabbage rose headpiece. The Italian wrist-length kid gloves, with lace inserts that she wore were a gift from a college classmate. Her bridal bouquet was composed of white and yellow roses.

The afternoon nuptial ceremony at St. John's Episcopal Church, June 23 that united Ann Hulsing and Timothy Edward Johnson was performed by Rev. David T. Davies.

Parents of the couple are Mr. and Mrs. Kenneth Hulsing, 1010 Church St., and Mr. and Mrs. Edward Wadsworth Johnson of Grosse Pointe.

Serving her sister as maid of honor was Susan Hulsing who wore a pale turquoise, sleeveless chiffon sheath that featured a high scoop neckline, matching lace cummerbund and back panels of floating chiffon. Matching silk pumps, kid gloves and a short veil held by a cabbage rose headpiece completed her accessories. She carried a bouquet of yellow daisies.

Bridesmaids, Mary Hulsing, the bride's other sister, and Gail Novak of Arlington Heights, Ill., were dressed identical to the maid of honor.

David Gaskin of Grosse Pointe was best man, while Theodore Galloway, also of Grosse Pointe, James Ellis of Detroit and James Stevens of Ann Arbor, seated the guests.

For her daughter's wedding Mrs. Hulsing chose a two-piece avocado green silk shantung and matching shoes. A white and raspberry-colored rose hat and white gloves completed her ensemble. Mrs. Johnson, the groom's mother, wore an apricot sheath with white chiffon collar and matching short jacket accessorized with a flowered rolled-brim hat, matching purse and shoes and white gloves. Both mothers pinned corsages of white roses to their purses.

Following the ceremony, 200 guests attended the reception at the home of the bride's parents, coming from Plymouth, Ann Arbor, Birmingham, Royal Oak, Detroit, Bloomfield Hills, Saginaw, Rochester, Mich., Plainfield and Arlington Heights, Ill., Garden Grove and San Francisco, Calif.

For their wedding trip to Boston the new Mrs. Johnson changed into a two-piece smoky green silk suit. Her accessories were beige lizard shoes, short beige gloves, brown straw bag and the yellow rose corsage from her bouquet.

The bride graduated from Plymouth High School in 1953 and Stanford University where she had been on the Woman's Council, this June. Her husband, a 1957 graduate of Grosse Pointe High School, graduated from the University of Michigan, a Vulcan honorary, in the college of engineering, in 1961. He is affiliated with Phi Gamma Delta Fraternity and is currently working on his master's degree at Massachusetts Institute of Technology.

The couple will make their home in Boston.

Who really should support the community's recreation program — the School District, the City of Plymouth and Township, or no one?

This is one of the questions arising in the minds of many electors who went to the polls in the recent two elections to decide on the fate of increased millage requests. In the Town Hall meetings the question of Recreation Department support by the schools was raised.

During the 1961-62 school year that closes this week, the school district appropriated \$25,000 to the Recreation and Adult Education Department. This is \$5,000 less than the year before.

The Recreation department's activities include the coordination of men's and boys' baseball, softball and basketball programs, swimming, tennis, hockey and playground operation and other events.

But some people feel that it is not the duty of the school district to finance recreation. It was in 1952 that the decision was made to place the recreation portion of the program completely under the school's wing. Before that, it was under City operation. The present director, Herbert Woolweaver, was head of the Recreation and Adult Education department then and his office was at City Hall. Around \$4,500 came from the City, school and Community Fund each to make up the budget.

In 1952 a committee got together composed of representatives of the City, school and interested citizens serving on the Recreation Commission.

"The City commission at that time felt that City taxpayers were paying twice for

recreation," City Manager Albert Glassford recalls. "They were paying as City taxpayers and again as school taxpayers." It was apparent to the committee that the department serviced people in the Township as well as in the City.

Glassford said that a school millage issue was voted at that time and there was an unwritten agreement that one-half mill of the issue would be used for recreation and adult education department.

A half mill now would yield \$50,000 and apparently the agreement made a decade ago was long forgotten.

In most communities, municipalities provide money to operate recreation departments. Plymouth is different, some note, because our population is evenly divided between the City and Township and the "Plymouth area" also includes half of Canton Township.

Would Plymouth Township or the City want to finance recreation?

Township Supervisor Roy Lindsay told The Mail this week that he would not rule out the possibility until it could be checked for legality. "There are many things a City can do that law prevents townships from doing."

Manager Glassford said that perhaps an equitable arrangement could be made between the City and Township for sharing costs. The cost, of course, would remain the same. It would just mean taxpayers would route their money through their local government instead of the school system.

The Recreation and Adult Education Department had a budget of \$42,722 this past year. Of this, \$5,200 went toward adult education, but \$7,732 was collected in fees, leaving a profit in this department.

**Your Pharmacist Is A Professional Man!**  
Your pharmacist and his store are unlike any other retail operation — they are indeed unique. While most small business owners either inherit a family-owned business, or are driven by the rather abstract desire to become their 'own boss,' the pharmacist is a professional man.  
It generally takes him five years to obtain a degree from an accredited college of pharmacy. He then must satisfy his state's licensing requirements by completing an apprenticeship and by passing the state board examination — an exhaustive test of his theoretical and practical pharmaceutical knowledge.  
And then, to really learn the business, he may spend from two to five years working for another registered pharmacist. This, then, is not only a man of dedication, but one who knows where he is going, how he is going to get there, and one who plans on staying there.

**An important announcement from BUSTER BROWN:**  
**A remarkable new shoe for children 3 and under**  
*It is designed to avoid a lifetime of foot troubles*  
**"Are shoes necessary?"**  
Cold floors, city pavements and gravel roads make going barefoot impractical. So, Dr. Wikler worked on a new idea that would make wearing shoes "like walking barefoot with shoes on."  
After consulting eminent foot doctors, physicians and pediatricians and applying his principles to his own patients, he came upon the idea for his radically new kind of shoe. He spent 12 years perfecting a model before he felt it was exactly right.  
The look and structure of infants' and children's shoes has been revolutionized by Simon J. Wikler, a Florida podiatrist.  
He has designed a new shoe according to the structure and needs of the growing human foot, consulting many physicians, pediatricians, orthopedic surgeons and podiatrists over the years. Their interest and approval encouraged him to patent his unusual shoe and bring it to the attention of Buster Brown Shoes for children.  
Dr. Wikler's method of explaining the principles of his patented new shoe is as unorthodox as the shoe itself. He'll ask you to take off your shoes and wiggle and spread your toes, as you would your fingers when playing the piano. Then, the condition of your foot indicates how often you went barefoot as a child. His trained eye can tell what kind of foot distress (if any) you may be prone to.  
"The captive toes."  
Fingers and toes behave alike, says Dr. Wikler. Watch a baby in his crib — always stretching and flexing his fingers and toes.  
Dr. Wikler says the ideal answer is to allow growing toes freedom to spread and exercise. In other words, to go barefoot.  
Yet, in countries where most of the population goes barefoot, Dr. Wikler has never heard of a native with fallen arches. It would seem, he decided, that the trouble with feet is ill-fitting shoes.  
"Bare feet are healthy"  
Dr. Wikler cites statistics on foot distress: by the age of one year, 8% have foot trouble; at age five, 41%; at age 20, 80%.  
A permanently deformed adult foot, Dr. Wikler says, can usually be traced to shoes that did their damage during the formative years when the soft bones were developing.  
"New kind of baby shoes"  
His dream came true when the Brown Shoe Company recognized the soundness of his principles and incorporated the shoe in the famous Buster Brown brand, to be known as The Wikler Shoe, available only at Authorized Buster Brown Retailers.  
The shoe has soft leather uppers, with no overlapping inside seams to irritate sensitive feet, or metal shanks to interfere with the flexibility of the sole. The unusual fan-shaped toe design allows toes to spread within the shoe, combined with a heel that positions the foot firmly, without cramping it. It lets a baby "go barefoot with shoes on," allowing his feet to grow and exercise normally.

## Rev. Norman Berg Elected Michigan District President

The Michigan District of the Wisconsin Evangelical Lutheran Synod at its Convention June 11-14, in Saginaw, elected as its new president, the Rev. Mr. Norman Berg of St. Peter's Lutheran Church, Plymouth.

The Rev. Berg succeeds the Rev. Gerhard Press of Wayne who served for 10 years prior to declining to be considered for re-election this year. Pres. Berg will be responsible "for doctrine and practice" in the 115 congregations of the District and for general administration of the District's programs in Home Missions, Education, Evangelism, Stewardship, and other activities.

Rev. Norman Berg

At present, the Michigan District is responsible for work in Michigan, Northern Ohio, and also in Florida.

Among other local people elected to various positions was Richard Scharf, principal of St. Peter's Day School, as the teacher-member of the District Board of Support. Walter Schultz, 1320 W. Ann Arbor Trail, was elected as a District representative to the Convention of the Synodical Conference in Chicago this November. Mr. Walter Ash, 1116 Dewey, was elected as the alternate delegate.

The Synodical Conference consists of the Wisconsin Synod, the Lutheran Church - Missouri Synod, the "Slovak" Synod, and the "Norwegian" Synod.

The report of the District Mission Board by Rev. Hilbert Engel, of Saline, indicated that more mission churches have been or will soon be opened in the Grand Rapids and north Detroit areas, in Florida, and in several places on the East Coast. Since the Wisconsin Synod has not worked in the eastern part of the country previously, with the recent exception of Florida, the Michigan District is responsible for mission activities in this area, Pres. Berg reports.

A report of the hearing of the District Board of Education before the State's Con Com committee on educational matters indicated that little hope can be held out for an immediate solution to the particular problems of some non-public schools find in new state teacher certification statutes.

The problem of certification for fully qualified teachers who do not meet present specific state requirements regarding education courses, even though they may be experts in their field, such as revealed concerning some instructors at Cranbrook School recently, are being studied further according to Board of

# Principal of Training School Faculty Retires After 34 Years

The Mayflower Hotel was the scene of a dinner party given by the faculty of the Wayne County Training School to honor their principal, Marcella E. Douglas, who is retiring this year. The dinner was held in the Standish Room and was decorated with flowers and candlelight, with bowls of garden flowers centering the tables. This atmosphere places a laud for 68 guests. Most of Mrs. Douglas' life has been spent in Michigan. She attended the schools in this vicinity. She was graduated from Eastern High School, Detroit, and the following fall, enrolled at the Windle Normal School, which later became Detroit Teachers' College. It was in this institution that she received the bachelor of Arts degree.

degree upon her, a greater portion of the educational and child development courses having been taken at the Merrill Palmer Institute. After entering teaching in Detroit Public Schools, Mrs. Douglas spent her last five years at the Roosevelt School as demonstration and critic teacher. For some years she operated her own private school in the city and then joined the staff at the Country Day Nursery School, Grosse Pointe. In September, 1938,

Mrs. Douglas accepted the position of school principal at the Wayne County Training School, continuing in this capacity until the present. Mrs. Douglas has been active in several organizations. She has been Fellow of the American Assn. on Mental Deficiency and has contributed to its writings and deliberations in various capacities. She is a charter member of the Assn. of Education and Training Administrators which embraces all institutions in the states of the Great Lakes Region. During her chairmanship the Constitution was written and several organizational features initiated.

Mrs. Douglas has been active in the Business and Professional Women's Clubs, being a charter member of the Northville club. She has devoted her efforts to the larger aspects of the organization as chairman of the District and co-chairman of the State Convention and arrangements for the National Board for its meeting in Detroit. She has enjoyed membership in the Women's City Club of Detroit for many years.

Many friends came to greet Mrs. Douglas on this occasion and to wish her well in the coming years, with former teachers joining the present staff in paying tribute to the retiree. Various members of the group and their families provided the program which included tap dancing, piano and trumpet solos by children of faculty members.

The Committee Chairman, Elizabeth Hoose, on behalf of the well wishers, presented Mrs. Douglas with an electric portable typewriter, something which she had looked forward to owning for some time past. In response, Mrs. Douglas spoke of her readiness to enter the "Golden Years", feeling that one should be confidently receptive to each of the periods in one's life, as crossing over the next bridge. She said, when I make the crossing from the mature years of productivity into the Golden Years we will meet again - sometimes in person, in the wave of common thoughts, in the spark of similar ideas and in the commune of prayer. I will wave to you from across the bridge and you will wave back. Attending the party were Mrs. Douglas' daughter, Bertha Jean of Detroit and her brother, W. O. Lampe of Oak Park, Ill.

1 1/2 c. flour (cake flour)  
1/2 tsp. salt  
1 tsp. cream of tartar  
1 tsp. orange extract  
1 tsp. lemon extract  
Separate eggs, beat whites

Mix batter only one quarter as long if mixing by hand. Place in floured tube pan, place in 330 degree oven (not pre-heated) and bake one hour.

"For a festive touch," says Mrs. Sexton, "the cake may be dressed up with an orange cream frosting."

Caring for her large home at 1043 Penniman requires much of Mrs. Sexton's time, though she does find time to knit and crochet. She is also a member of the Altar Society of Our Lady of Good Counsel Church and belongs to the Auxiliary of the American Legion.

# Principal of Training School Faculty Retires After 34 Years

The Mayflower Hotel was the scene of a dinner party given by the faculty of the Wayne County Training School to honor their principal, Marcella E. Douglas, who is retiring this year. The Miles Standish Room was decorated with flowers and candlelight, with bowls of garden flowers centering the tables. In this atmosphere places were laid for 68 guests.

Most of Mrs. Douglas' life has been spent in Michigan and she attended the schools in this vicinity. She was graduated from Eastern High School, Detroit, and the following fall, enrolled at the Martindale Normal School, which later became Detroit Teacher's College. It was from this institution that she received the bachelor of Arts degree.

In 1938, Wayne University conferred the master of Arts

degree upon her, a greater portion of the educational and child development courses having been taken at the Merrill Palmer Institute.

After entering teaching in Detroit Public Schools, Mrs. Douglas spent her last five years at the Roosevelt School as demonstration and critic teacher. For some years she operated her own private school in the city and then joined the staff at the Country Day Nursery School, Grosse Pointe. In September, 1938,

Mrs. Douglas accepted the position of school principal at the Wayne County Training School, continuing in this capacity until the present.

Mrs. Douglas has been active in several organizations. She has been Fellow of the American Assn. on Mental Deficiency and has contributed to its writings and deliberations in various capacities. She is a charter member of the Assn. of Education and Training Administrators which embraces all institutions in the states of the Great Lakes Region. During her chairmanship the Constitution was written and several organizational features initiated.

Mrs. Douglas has been active in the Business and Professional Women's Clubs, being a charter member of the Northville club. She has devoted her efforts to the larger aspects of the organization as chairman of the District and co-chairman of the State Convention and arrangements for the National Board for its meeting in Detroit. She has enjoyed membership in the Women's City Club of Detroit for many years.

Many friends came to greet Mrs. Douglas on this occasion and to wish her well in the coming years, with former teachers joining the present staff in paying tribute to the retiree. Various members of the group and their families provided the program which included tap dancing, piano and trumpet solos by children of faculty members.

The Committee Chairman, Elizabeth Hoese, on behalf of the well wishers, presented Mrs. Douglas with an electric portable typewriter, something which she had looked forward to owning for some time past.

In response, Mrs. Douglas spoke of her readiness to enter the "Golden Years", feeling that one should be confidently receptive to each of the periods in one's life, as crossing over the next bridge. She said, when I make the crossing from the mature years of productivity into the Golden Years we will meet again — sometimes in person, in the wave of common thoughts, in the spark of similar ideas and in the commune of prayer. I will wave to you from across the bridge and you will wave back.

Attending the party were Mrs. Douglas' daughter, Bertha Jean of Detroit and her brother, W. O. Lampe of Oak Park, Ill.

### Favorite Recipes from Plymouth Kitchens

Mrs. James Sexton

Despite the fact that she was busy and her son had just come home from college, Mrs. James Sexton consented to be The Plymouth Mail's guest cook of the week. Searching for a recipe to share, she chose one popular with both her family and friends. Using an electric mixer, the ingredients for her Large Sunshine Cake can be put together in no time at all.

**LARGE SUNSHINE CAKE**  
9 eggs  
1 1/2 c. sugar  
1 1/2 c. flour (cake flour)  
1/2 tsp. salt  
1 tsp. cream of tartar  
1 tsp. orange extract  
1 tsp. lemon extract  
Separate eggs, beat whites

Place in floured tube pan, place in 330 degree oven (not pre-heated) and bake one hour.

## Measure Those Envelopes Before Buying

Planning to buy a supply of fancy little envelopes? Postmaster George Timpona warned this week that starting Jan. 1, 1963, new regulations will go into effect setting new specifications for envelopes. Warning now will give time for patrons to reduce their stock that will not meet the new specifications which are as follows:

1. Envelopes less than 3 inches in length will be non-mailable.
2. Envelopes more than 9 inches wide and more than 12 inches in length are not recommended.
3. Envelopes having shapes other than rectangular are non-mailable.
4. Envelopes having a ratio of width to length of less than 1.414 (1 to the square root of 2) are not recommended.

ONE OF THE MOST successful baseball teams in the history of Our Lady of Good Counsel school this spring fashioned an 8-1 record and won a CYO Inter-City divisional championship title enroute. Among the team members were these shown here. Kneeling are Orville Henning and Bill Marshall, catchers. Standing from left are: Jim Gears, Glenn Soleau, Jim Ennis, Mike Lockwood, Mike Klinkhammer and Tom Janicki. Ennis, who also played third base and hit .305, was the team's leading pitcher with seven straight victories. Klinkhammer led in batting with a .625 average while Gears hit .572. OLCG's only loss was a 5-4 defeat by Our Lady of Mt. Carmel, from Wyandotte, in the CYO state tournament.

## Stevens Named MVP On Rocks Baseball '9'

Jared Stevens, hard-hitting catcher on Plymouth's varsity baseball squad this spring, has been named Most Valuable Player by his teammates. Stevens, who graduated earlier this month, helped the Rocks to a 9-4 record and second place in the Suburban Six baseball conference with his heavy hitting. He led the Rocks in three hitting departments: most RBI's (12), most homers (2), and most doubles (2).

At the same time that Stevens was named as the recipient of the MVP award, co-captains were elected for the 1963 season. They are third baseman Craig Newton and pitcher Dick Schryer, both of whom enjoyed good seasons this past spring. Newton finished second in batting with a .308 average and homered in the first Northville game to earn Plymouth a 2-0 victory there.

Schryer, a workhorse on the mound for the Rocks this past season, notched five of the nine victories Plymouth recorded during the campaign. Both Newton and Schryer will be seniors next year.

## Evans Products Acquires Firm In Lakeland, Fla.

Evans Products Company of Plymouth has acquired General Food Equipment, Inc. of Lakeland, Fla. The firm, which will be operated as a wholly owned subsidiary of Evans, designs and manufactures a complete line of material handling equipment for labor saving in plants which manufacture or make use of small containers. Machines made by GFE handle glass or metal containers, both empty and full, and are now in use in industries which package oil, coffee, soft drinks and beer. They are also used extensively in the food packing industry. GFE also makes packing machines, food processing equipment and conveyor lines which connect the cooking and processing operations to case packing and palletizing functions in many plants. Users of GFE equipment include major container manufacturers and canners. Edward S. Evans, Jr., president of Evans Products, said the GFE acquisition is a natural extension of an activity in which his company has had long experience. "For more than 40 years we have designed and manufactured devices used to insure the safe transportation of a variety of commodities," Mr. Evans said. "Evans is the largest supplier to railroads of equipment designed to prevent damage to lading when shipped in freight cars." He said many manufacturers of products shipped in cartons are familiar with Evans work in this field, having made use of freight cars equipped with Evans damage prevention devices such as DF Loader, DF bulkhead cars and cars equipped with Hydra-cushion Underframe which prevents damage to both the car and its lading.

# Seeks Site For JayCee Golf Meet

Time suddenly becomes a particularly significant factor in the staging of the JayCee sectional and state golf tournaments, local chairman Dennis Hanks indicated last week.

Hanks explained that neither the specific tournament dates nor a site for either tourney have been selected as yet.

Two Plymouth golfers, who earlier qualified for the sectional tourney, are Carl Zornow and Skip Otwell, both members of Plymouth's 1962 high school golf squad.

In the local qualifying round, held at Hilltop, Zornow was low qualifier, pacing a field of eight. Otwell was second. An alternate qualifier is Jerry Scott, also a member of Plymouth's most recent golf team.

## 35 Youngsters Register For 1962 PJGA Program

Thirty-five youngsters — from fourth-graders through high school seniors — turned out at Hilltop Golf Course for the first day of the Plymouth Junior Golf Assn.'s 1962 session last week.

For the first time in the six years that PJGA has been conducted, opening day was interrupted by rain. Many partial scores resulted from the rain-shortened program.

The 35 youngsters — consisting of both boys and girls — undertook initial lessons, instructed by Chris Burghardt, manager and pro at Hilltop.

A number of good scores were turned in. Medalist for the day was Dave Wall who carded a 40 over the par 35 Hilltop layout. Duane Criger and Bill Pentecost started the season with scores low enough to reduce each of their handicaps by four points.

The PJGA program is open to all boys and girls from the fourth grade through high school. It is comprised of weekly golfing and a golf lesson each Monday morning at 8:30.

A two-day tournament will conclude the program on July 30 and 31.

Registration last week was handled by Mrs. Gene Light, while Mrs. Ivan Scott and Mrs. James Warren arranged the adult supervision to include the "walkers" who accompany the golfers on the course and keep score.

Walkers this week were Mrs. Walfram, Mrs. Pentecost, Mrs. Schegg, Mrs. Criger, Jerry Gulbranson and John Augustine.

## Local Entries Far Back In "D" Circuit

Two Plymouth teams are among nine entries in the Class D recreation baseball league which opened its 1962 schedule here last week.

The league is administered by the Livonia Parks and Recreation department.

In opening games, the two Plymouth teams fared poorly. Plymouth Elks racked up one win and settled for a tie in a second contest. The Plymouth Optimists claimed a tie and suffered a loss.

Northville Plumbers scored two victories to move into first place in the league. The Plumbers defeated Novi and the Plymouth Optimists.

Wayne Monarchs beat Champion Sporting Goods, Wayne Tigers tied the Plymouth Optimists and the Plymouth Elks upended the Livonia Saints.

In other opening week games in the D league, the Redford DAV team defeated Champion Sporting Goods, the Wayne Monarchs and the Optimists battled to a tie and the Wayne Tigers beat the Livonia Saints.

The league is comprised of players between the ages of 16 and 18. The season ends Aug. 1, at which time a post-season tourney will begin. The championship team from the D league will automatically qualify for further competition in the play-offs.

The standings at the close of last week:

# Tait's Takes Lead In Softball Loop

Tait's Cleaners moved into first place in the Class B recreation softball league here last week on the strength of two victories, one of which was a massive 32-3 decision over IBM.

Tait's swarmed over the hapless IBM team, scoring in every inning. The winners were aided by 16 bases on balls.

Earlier last week, Tait's notched a 9-5 victory over DeHoCo.

The previous league leader, Vico Products, absorbed its first loss of the season after picking up four straight wins. Vico was dumped from the

rankings of the unbeaten by Toll House, 4-2.

As a result of last week's action, Tait's leads the league with a 5-1 record, while Vico Products and Toll House are tied for second place, each with 4-1 marks.

In other games last week, Pursell's defeated Plymouth Plating, 13-1. Men's Lutheran smothered Box Bar, 17-2. Carling's beat Men's Lutheran, 9-1. Plymouth Plating edged DeHoCo, 6-3, and McAllister Bros. & Plymouth Schools nipped Carling's, 3-2, in eight innings.

## SPORTSEEN

By Jerome O'Neal

Physical fitness means many things to many people. It meant enough to one anonymous Plymouth man last week that he chose to donate \$256 to the recreation department here.

"No, I couldn't honestly afford it," he explained more recently, "and I know my wife will be rather upset about it."

"But I know it's important that a child be physically and as healthy as he can be."

He spoke in softly-modulated tones, heavy with sincerity, and he repeated his plea to remain anonymous.

His generosity assures some 75 Plymouth youngsters the opportunity to take part in a six-week class this summer in physical fitness and gymnastics. The class is conducted by the recreation department.

The youngsters themselves — Plymouth kids — range from third graders to ninth graders. Maybe yours will be among them.

It would seem that this man's unusual act of charity ought to bring forth a humble 'thank you' from the mouths of many Plymouth parents.

But, physical fitness means many things to many people, as we said. And then, too, the second proposed school millage issue was defeated at the polls earlier this month.

The two facts, in Plymouth, surprisingly are linked together.

It happens that a large proportion of Plymouth's recreation program funds are provided out of the total school budget. An unexpected premium was placed on these funds when the second school millage proposal was beaten down recently.

Some reshaping of the remaining school budget was necessary.

Compelled to readjust their financial activities by the edict of the voters, school board members directed that only those summer recreation programs which were self-sustaining could be offered here this year.

The physical fitness class for Plymouth youngsters was not among those that were self-sustaining. In fact, last summer, it had been free to all comers.

Moved to take action by the directive from the school board, Recreation Director Herb Woolweaver attached a five dollar fee for youngsters enrolling in the physical fitness class. It would go toward paying the instructor's salary.

None-the-less, it appeared that insufficient funds would be collected to afford conducting the class.

At this point, the anonymous benefactor entered the picture.

"I went to the recreation office to enroll my youngsters in the class," the man explained. "He (Woolweaver) told me that quite likely the class would be cancelled for lack of funds."

"My wife and I have a lot of faith in Plymouth and its school system," he added.

"We had rented in Plymouth several years ago and when we moved to Livonia. But our friends were here and our church affiliations, too, and we wanted to move back." (They did so, a year ago.)

"At the recreation office, they told me that it would cost \$256 to hold the physical fitness class this summer. I had a little bit of money saved up, so ..."

He wrote the recreation department a check for the full amount.

It depleted his savings, but it had the desired result. Woolweaver said that all youngsters interested in the physical fitness and gymnastics class may attend it now.

Depending on the age of the children, the classes are held every weekday at 8:30, 9:30 and 10:30 a.m. in the high school gymnasium.

For those that are able to afford it, a pro-rated fee will be charged, contingent upon how many youngsters from any one family enroll. The fee, however, will be waived for families unable to afford it, Woolweaver said.

The fees collected will be turned over to the donor, although this was not his stipulation, but instead was determined by Woolweaver after the contribution was made.

This spontaneous act of charity by an anonymous man of very ordinary means is a warming thing. And it underlines a thought that, perhaps, has been overlooked to some degree in the apparent urgency to vote down an additional school millage.

The thought that occurs is that while we adults struggle to shape a community to our will, we also are shaping a legacy of very firm dimensions.

## Braves, Pirates Pace National Jr. League Race

The Braves and Pirates remained in a two-way deadlock for first place in the National division of the Plymouth Community Junior League last week.

Both teams racked up two victories to hold to the top rung of the league's ladder of standings.

The Braves downed the Dodgers early in the week, 4-1, while the Pirates dumped the Giants, 8-6. Later the same two teams won again.

In the American Division, the Red Sox lost one, but still carry No. 5 to stay ahead of the pack for another week. The Red Sox nipped the Orioles, 5-3, on a ninth-inning homer by Dan Troutman. (A regulation Junior League game goes six innings.) Later the Red Sox lost one, but still remained at the top of the conference.

In other American League action last week, the Indians defeated the Yankees, 8-3, on the strength of a grand slam homerun by Phil Joyner and another circuit clout by Jim Warren.

The White Sox smothered the Tigers, 16-3, nullifying a two-homer contribution by John Gilles of the Tigers. Elsewhere in the same division, the Indians edged the Tigers, 2-1. The White Sox beat the Orioles, 3-1, and the Yanks turned back the Red Sox, 8-2.

In other National League games the Cubs posted a 20-6 beating of the Redlegs behind Mike Bartolo's homerun hitting, the Giants downed the Redlegs, 9-2, Bartolo again homering for the Redlegs, and the Braves and Pirates each posted their second victories of the week.

The Braves beat the Cubs, 7-2, and the Pirates nipped the Dodgers, 7-6.

The standings:

OPENING GAMES IN the Class B minor league division of the Plymouth Community Junior League were held last week with appropriate ceremony. Plymouth City Manager Albert Glassford spoke briefly (above) during the opening day ceremonies. There are 12 teams in the Junior League minor division and approximately 175

participating players. The minor division teams serve as the 'farm clubs' for the major Junior League teams here. A deluge of rain, immediately after this photo was taken, delayed opening day games, but they were played later in the week.

## Finlan Team 2nd In "E" Conference

Northville Plumbers took an early lead in the Western Wayne County Class E baseball league last week on the strength of two victories.

Four Plymouth teams — and nearly 80 Plymouth boys between 13 and 15 — are entered in the E league, which is supervised by the local recreation department.

Last week the first games of the season were played. The Northville Plumbers pushed into first place after two rounds of play, racking up a decisive 24-3 victory over Northville Recreation after having nipped the Bill's Market team, 8-7.

In other opening games, the Novi Giants downed the Novi Flyers, 9-2. Plymouth Kiwanis was beaten by Wayne County Training School, 9-1, and Fisher's Shoes lost an 8-3 decision to Northville Recreation.

Later in the week, Finlan Real Estate white-washed Bill's Market, 9-0, the Plymouth Kiwanis team beat the Novi Giants, 4-2, and Fisher's Shoes scored a 12-4 win over Wayne County Training School.

The Class E league, which got underway last week, has a schedule that concludes Aug. 2. The league championship team qualifies for post-season tournament play.

Individual supervisor of the league is Jim Brown, a teacher in the Plymouth school system during the school year. He said that local residents may attend

the Class E games at no admission.

The games are played Tuesday and Thursday evenings at three locations: behind Plymouth High School; at the diamond in Riverside Park; and at the diamond in Cass Benton Park between here and Northville.

Nearly half of the league is comprised of Plymouth players. In all, the league lists approximately 150 boys.

Rain last week postponed the Junior League all-star game. It will be played Saturday, June 30.

An invitation has been issued to all residents to attend the contest, which will be held on the Junior League diamond on Plymouth Rd., opposite Burroughs Corp.

Junior League fathers succeeded in completing the bleachers at the diamond and fans will now be able to enjoy the games in full comfort.

The class B (minor league) games are in full swing, with them being played at 3 p.m. Monday through Thursday each week with the exception of make-up games which are held Friday afternoons.

The class B games follow essentially the same schedule as the class A major league games. In the majors here, the National League games are played Mondays and Wednesdays, and the American League contests are played Tuesdays and Thursdays.

## It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

IN MICHIGAN, hearing of the gallant fighting of the 1st, 4th, 5th and 7th Michigan regiments against the Confederacy, folks all over the state toasted their troops' bravery with foaming steins of beer.

For then as now, beer was the traditional beverage of moderation. But beer means more than enjoyment to our state. The Brewing Industry pays more than 16 million dollars in taxes to Michigan each year, money that helps support our parks, hospitals and schools.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

The Exchange's Good Driver selection has always brought savings to Exchange-insured Club members. **Who's Who in the Plymouth Community Schools**

Scholar, teacher, painter, Dad. This enumerates the vocations of Nicholas E. Carpenter, a math and science teacher for the past three years at the Plymouth Junior High School.

Born in Grosse Pointe, he moved early in life to Mt. Clemens where he received his public education. Then after graduation from high school, he entered the University of Michigan.

His scholarly pursuits, however, were interrupted by the Korean Police Action which occupied him for 44 months as an electrical technician 3rd class in the U.S. Navy. His duties took him from Chicago to the West Coast, on to Hawaii, Japan, and the Yellow Sea. In 1953 he returned to his studies at the University where he completed the work for his BA degree and two years later his MA degree.

While still a scholar, he set up a school for adolescent youth at the NPI of the University when the Children's division was opened. Here his teaching experience began. The following year he was employed as a science, math, and history teacher in the Dexter Community Schools.

Meanwhile, he augmented his income with several types of part time work. In Dexter he was an agent for the Detroit Free Press. At the University he was a waiter at the Pretzel Bell and for one summer tended the snack bar at the Washtenaw Country Club. After his Navy discharge, he was a laboratory technician for the Philco Manufacturing Co. for five months. Since coming to Plymouth, he earned his summer income as a house painter.

And last but not least, as a dad he relishes the antics and uninhibited play of his two children, Brian, 5, and Karen, 3.

Believing that a teacher should live in the community where he serves, he and his wife Barbara purchased a home at 41121 Greenbrook Lane. A medical librarian with a MS degree from Columbia University, Barbara is an accomplished pianist and uses her talent teaching a few pupils. Nick added his tenor voice to the Methodist Church Choir and to the Ply-

mouth Choralaires. He was also active in the Theater Guild as an actor in several plays, on the board of directors for two years, and as a prop man. In between times he enjoys swimming, tennis, and putting around in his workshop and yard.

He is a member of the NEA, MEA and PEA having been chairman of the Teacher Educational and Professional Standards committee this year.

Besides the travel required

by his country, he has camped through the New England area which impressed him greatly, in the Georgian Bay area and in Canada. Most of his vacation time though has been weekend camping trips in Michigan.

In the immediate future Mr. Carpenter plans to enter the University of Michigan again to begin work on a special educational degree in the field of school psychology.

The Chippewa Y-Indian Guide Tribe of fathers and sons held a campout at Kensington Park on June 9 and 10. During the evening, the tribe was inducted into the State and National Y-Indian Guide Longhouse. The ceremony was performed by members of the Menominee Tribe under the direction of Charles Wells, Richard De-Bear and Robert Pugh. The traits of selfishness and impatience were symbolically destroyed to permit a closer understanding of fathers and sons. Following the ceremony the two groups enjoyed a marshmallow roast and refreshments. The chief of the Chippewa Tribe is Kenneth Leader, 41079 East Ann Arbor Trail.

A GROUP of teenagers spent the weekend of June 16,

17, and 18 at Camp Birkett, an Ann Arbor YM-YWCA camp on Silver Lake. Discussions centered around the importance of Hi-Y and Tri-Hi-Y Clubs to the school and community. Impromptu skits, including a kangaroo court and a slave auction, were highlights of campfire programs. Transportation was provided by parents with Mrs. Lawrence Becker, Mr. and Mrs. Roger Blood being chaperones and weekend leaders.

HIGH SCHOOL students belonging to or interested in joining either Hi-Y or Tri-Hi-Y Clubs are making preparation to attend the Michigan YMCA Leadership Development Conferences at Hayo-Went-Ha, the State YMCA Camp on Torch Lake. Boys will attend from Aug. 25-28, with girls being in camp from Aug. 28-31.

The purpose of the conferences are: 1) development of "self", 2) gaining a better understanding of working with others, and 3) greater

knowledge of the YMCA and the Hi-Y-Tri-Hi-Y movement. Included in the leadership are Mr. and Mrs. Wayne McDonald, New York City, International Committee Youth Directors; John R. Fisher, National YMCA director of work with high school youth; Miss Elizabeth Pulley, Chicago, a number of high school advisers and Michigan YMCA personnel working with high school youth. News In Brief

GL 3-2610  
Mrs. Emma Hoelt of Salem has been back to the St. Joseph's Hospital for a few days for observation. She expects to go back some time

in July for surgery.  
The Salem Township Board of Appeals held a public hearing Monday evening, June 18 in the Salem Town hall. The meeting was called to order by the chairman, James Brummel. Those present were the board members only. The purpose of the meeting was to determine whether G. L. Burmeister of 1414 Whittier, Dearborn, could obtain a permit to establish and operate a dog kennel at 8700 Brookville Rd. There being no one present to oppose his plan, it was voted unanimously by the board to allow the permit to be granted. On a previous meeting on Monday, June 4, Burmeister had asked for a permit to operate on the Seven Mile Rd. There being opposition from the neighbors in that vicinity, the permit was refused. The Board members were Chairman James Brummel, secretary, Glenn Renwick and C. W. Clair.

I wonder if . . .

he had life insurance? Ever ask that question? Most of us have. More important — "I wonder if I have enough?" I'd like to review your life insurance program, at no obligation, to be sure you do have enough! Call me today . . . not tomorrow!

REPRESENTING  
WOODMEN ACCIDENT AND LIFE COMPANY

William Wassenaar of Salem Rd. who has been in the Foote Memorial Hospital in Jackson with severe first and second degree burns is showing some gain as reported to me this week. Mr. Wassenaar received the burns from hot water from a radiator that burst on a piece of equipment where he worked. We hope that Bill will be able to come home real soon.

Mrs. Lyons, who lived on the Napier Rd. for many years and is now in England spending the summer with friends and relatives, wants to be remembered to her many friends and especially to The Sunshine Club, of which she was a member for many years. A letter was received recently from Mrs. Lyons and she said she was feeling fine, and doesn't expect to come home before October. Mrs. Lyons was 81 years young June 25.

Mr. and Mrs. Willard Wilson of W. Seven Mile Rd. left early Saturday morning to drive to the Wisconsin Dells. They returned home late Tuesday night, June 19. Their vacation was cut short by a tornado that struck the Dells. They tried to home by phone, and on the third day they succeeded to get through to my home. Mrs. Wilson told me there are normally 10 trunk lines out of the Dells. The tornado had knocked eight of them out leaving but two in use, and everyone was trying to call out from there. Several people were on the small boat making a trip of the upper and lower Dells. They stopped at the Cold Water Canyon to see the gorge. This, I believe, is one of the stops along the route for the passengers to view the scenery. The passengers on this trip reported when they got back to the home port that they had a very rough trip. However, this didn't seem to dampen the Wilsons' spirits. They took the trip, but on the larger boat, called "The Del Queen." Their guide on this trip was Chief Ho-Ton-Ga of the Winnebago Indian Tribe. They reported a very wonderful trip. They also met and talked to the owner of the Indian Museum and Trading Post, another Chief. Mr. daughter, Mrs. Wilson, said she was amazed that there wasn't a charge to go through this museum. At the time the Chief was giving an exhibition with his son, archery, and he said that his wife had been a dancer in the Indian Ceremonial for over 20 years.

Clinton Postiss and his sister Mildred from Whittier, Calif. have been spending a few days at the Harlow Ingall home on Joy Rd. and in the Township visiting with old friends they knew before moving to the West. They expect to be in this area for about three weeks with friends and relatives. They were former residents of Plymouth Township, having lived on Lilley Rd., just south of the Ann Arbor Rd.

Mr. and Mrs. Lloyd Ray from Florida are at the Mr. and Mrs. Lawrence Ingall home for a few days.

The new roof is ready for your inspection on the fire hall in Salem village. It was finished this past week.

The Sew and Sew Club met Wednesday evening at the home of Mrs. Burton Rich on Salem Rd.

Mrs. Burton Rich returned home Saturday from Stanton. She left Thursday to take her grandsons home. They had been spending the past three weeks with Mr. and Mrs. Rich.

Glenn Burnham of 9474 Six Mile Rd. was surprised by 28 of his friends Friday evening. The occasion was his birthday on Saturday, and that's not the whole story either. It was not only his birthday, but also Mr. and Mrs. Burnham's 25th wedding anniversary. He did tell me what anniversary it was but was quite reluctant about telling me what birthday he was celebrating. Well, anyhow Glenn, "Happy Birthday To You" whichever it was.

David Dahl, son of Mr. and Mrs. Arthur Dahl on Salem Rd., left for his home base last Monday. He has been spending a three weeks leave with his father and mother. He will leave for the Far East in the near future.

It was the last day of school June 15 at the Amerman School in Northville, a day of happiness for most of the children. However, the boys and girls in the first grade were showing some signs of being downhearted. The reason was that their teacher, Mrs. Glenn Renwick, wouldn't be there to greet them when they return to school in the fall. The parents of these children had, on the day before, given Mrs. Renwick a surprise party. After teaching for three years at the Amerman School and being with the South Lyons School system and at the Patchin School in Nankin Township, the Walker School in Salem Township in the past 20 years, Mrs. Renwick decided to retire from teaching. I talked to Mrs. Renwick and she is looking forward to a good rest this summer and when school starts in the fall she may do some substitute teaching. I believe that after doing this sort of work and being as conscientious as Mrs. Renwick has been for 20 years one doesn't get away from it altogether. They have to get back once in awhile if, for but a day or two a week. This happens to most people who retire, too.

Former State chairman of the Young Republican Club, Robert Hoard of Redford Township, has filed petitions for state representative in the 21st District.

Hoard is treasurer of the Republican party in the 17th District and has been active in Republican politics for 10 years and considers himself a "grass roots" politician, having done just about every possible type of volunteer job in political campaigns for the party.

"When you want a difficult job done, give it to Bob Hoard. He'll do it," Republicans are heard to say. This was illustrated when he was named campaign manager in the spring campaign in Redford Township, resulting in the largest Republican victory in the township in four elections.

Hoard is active in PTA work having been father vice-president and program chairman. He is the father of four daughters, graduated from Wayne State in 1954 with a major in business administration. He received his certified life underwriters degree in 1961 and has been with the same life insurance company for the last eight years.

"This is the month when church finance committees wish they had all the money the internal revenue people are told was donated." — Bert Masterson, Hartsdale (N. Y.) Masterson Press.

IN THE Republican race for 21st District state representative is Robert Hoard, Redford Township insurance agent. He is shown with his wife and four daughters (clockwise): Cindy, 8; Robin, 7; Shelly, 5; and Kristen, 4 weeks. The primary election is Aug. 7.

It's a girl, for Lt. and Mrs. William Meyerholt of Selma, Alabama. The infant was born June 18 and weighed 7 lbs., 12 ozs. Grandparents are Mr. and Mrs. Harold Pine and Mr. and Mrs. William Meyerholt of Bay City. Mrs. Meyerholt is the former Shirley Pine.

GRAHM'S CHATTER

by Millie Rostow  
Saw a cute cartoon in one of the trade journals. The MAN is sitting at HIS desk going over HER budget. She is looking as nonchalant as one could at a time like that. He says: "What's this budget envelope marked . . . 'Rash Impulses?'"

Only a man would ask such a question. For some strange reason, they think a woman should be able to mark down in plain black and white just what they need, the cost, etc., then go out and buy it and that ends the matter. Little does a man realize you can be walking down the street, minding your own business, when suddenly you stop short . . . right in front of GRAHM'S window!

There on the model, big as life and twice as natural, you see the chiffon cotton voile dress. It has cap sleeves, rounded neckline, slightly fitted bodice and femininely full skirt. The color is pale pink like a strawberry soda, it would be perfectly lovely to wear to the club dance on Saturday night. Temptation becomes merely another word and you cannot resist trying on that dress. Call it a "rash impulse" or what-have-you; if it fits you, it must fit the budget!

And, of course, while you are trying one you may go all the way and take a look at the special purchase group of spaghetti-strap sun dresses, they are such wonderful buys. Unusual cotton prints, very bright red, make you feel gay just looking at them; greens as soft and cool looking as a lake breeze, checks in black and white, so festive looking for a patio party . . . polka dots and paisley . . . all designed by nationally known manufacturers and all one price . . . only \$10.95

For the Plymouth 4th Festival, vacation trip or the sojourn to the city, we suggest a cotton suit. Cord and seersucker, washable, neat and trim looking, just what you have been waiting for. Sizes from 7 to 15 and 10 to 20 and priced from \$11.00 and up.

Why not bring HIM with you, and he will understand those "impulses" when you are shopping at GRAHM'S in the center of Plymouth!

### Many Happy Prize Winners Expected During July 4th Week

Plymouth's five-day schedule of holiday events will be profitable for many attending the events when prizes ranging from a bicycle to a hefty Black Angus steer are given away. The steer will be given away at 9 p.m. on July 4th by the Plymouth Chamber of Commerce. Local merchants, members of the Chamber, are participating in this event. Last year the 1,000 pound steer went to Don Totten, local service station operator. Most local merchants can be consulted for details. Of interest to children under 12 years is the giving away of a bicycle on Saturday afternoon, July 7. Stubs of tickets sold at the carnival rides will be collected. At 5 p.m., the winner will be selected and must be present to win. All carnival rides will be 15 cents for children under 12 years on Saturday, between the hours of 1 and 5 p.m. At Tuesday night's Miss Plymouth program, several dozen door prizes will be given away by the Jaycees, ranging from \$5 gift certificates to ice chests, sport shirts and free car wash jobs.

### 'Hysterical Historical' Accompanies Contest

Light the lights, roll the drums, it's time to have fun at the happy, hysterical, historical Jaycee show, "Do You Remember?" July 3, on Tuesday at 8 p.m. at the Plymouth High Football Field. "Do You Remember?" the historical ho-ho-ho show, opens on July 3 to kick off the five day Plymouth Jaycee 4th of July celebration week.

Dancers (the Hollywood Harriet Fernandez troupe), singers (Danny Hargrove, Hollis Haynes, TV's Barb Lewis), and actors (Dick Ily, Jeff Huntington, Russ Wallace, Helena Haynes, Paul Rawley) will provide a capacity audience with a couple of hours of theatrical magic. Laughs plenty, delightful songs, and a historical sequence depicting the colonial adventures of "Captain Miles Standish" assure the whole family of an evening's entertainment plus the finals of Miss Plymouth Beauty Contest.

To guide folks back through the years (the show opens in the year 1962 and goes back in time to ye olde, early American days) will be last year's master of merriment, Old George Spelvin. Topical flavor for the musical revue, "Do You Remember?" will be supplied by a series of running gags that poke fun at current problems. Peeking at a preview script, found were names with the following contemporary names des plumes: Billie Sol Estes, Teddy Roosevelt, Lollita, Marilyn Monroe, and Chubby Checker.

The 40-piece Plymouth Community Band under the baton of James Griffith has been signed to play for "Do You Remember?" "Captain Miles Standish," the special dramatic attraction, tells the tender, yet highly emotional and exciting adventure of John Alden and Priscilla. Why didn't John Alden speak for himself? What was the Captains reaction to his spurned love? The colonial adventure depicts all of this in a fast-moving series of scenes that will make you

proud of our Puritan forefathers. It's living history acted in vivid, vigorous terms by a group of dedicated Plymouth Thespians. Assisting in the weaving of the historical patina will be the Harriet Fernandez dancers. Sixteen lovely, luring lassies are featured in the opening and closing of the show with such professional poise and precision that has to be seen to be believed. Peppered here and there throughout the show will be the following dance specialties "Spanish Rose" (Kate Sims) Flower Drum Song, "Black Bottom," "The Roaring 20's," and "TV's Bonanza."

Tickets for the 1962 Jaycee show are now on sale at the Melody House. A ticket bought now saves you time and trouble at the gate.

### Parade Moves at 11 A.M.

Another "old fashioned" Independence Day celebration is being readied for Plymouth by the Junior Chamber of Commerce with a parade, and carnival on the holiday schedule next Wednesday. Thousands of people are expected to line the curbs July 4th morning when the annual parade moves down Main St. Kenneth West, chairman of the Jaycee parade committee, said that this year's parade promises to be as large — if not larger — than last year's. The parade will form at 10 a.m. in the East Central Parking Lot. At 11 a.m. it will start south on Main St. at City Hall, and will turn east on Hartsough and move to the Junior High athletic field. Among the floats in the

### Plane to Drop Peanuts for Kiddie Contest

A low-flying plane will swoop over the Junior High School athletic field at 4 p.m. on Independence day and drop 50 pounds of peanuts. Hundreds of boys and girls are expected to be on hand to pick up the peanuts — many of which will lead to prizes. Some of the peanuts will be painted various colors. Those finding the greatest number of colored peanuts will get first choices on the prizes. Dr. Gerald Fitch will fly his Piper Tri-Pacer over the large field and drop the peanuts. After they are dropped, a signal will be given to the boys and girls to start the search. They must be 12 years or younger. Prizes listed so far are a wagon from Western Auto, saddle baskets from Hoffman & Holdsworth, a \$5 gift certificate from Burger Chef, a pocket knife from S & W Hardware and two gallons of root beer from A & W Root Beer. For every two colored peanuts found, a free carnival ride will be awarded.

### VFW to Serve Up Chick-N-Que July 4

Veterans of Foreign Wars members will hold their annual Chick-N-Que July 4th following the parade. Hours of serving are scheduled to run from noon to 6 p.m. at the VFW Hall on Mill St., opposite the carnival grounds. The price is \$1.50 per adult and 75 cents for a child's portion. The meal includes a half chicken, cole slaw and other trimmings. Soft drinks are available.

### Parade will be those from the Business & Professional Women's Club, Hockey League, Grange, VFW, Jaycee Auxiliary and Our Lady of Good Counsel. There will be two categories for float judging. One is for organizations and the other commercial.

Parade viewers will also see dozens of antique cars, many horses, fire trucks and clowns. Marchers will also include bands, Boy Scouts, drill teams, playground children and Little Leaguers. All Miss Plymouth contestants will ride in convertibles, led by Miss Plymouth who will be selected the night before. Plymouth Township Supervisor Roy Lindsay and Mayor Robert Sincok have again been invited to lead the parade.

### Horse Show

There will be no admission charge to attend the horse show at 12:30 p.m. on July 4th following the parade. Held next to the carnival grounds on Mill St., the show is expected to attract at least 40 riders and horses. All events will be judged with first and second place winners being

awarded ribbons. It will be sponsored by area riding and bridle clubs.

### Fireworks

Ending the Independence Day in the traditional way will be a barrage of fireworks at the carnival grounds. They will start at 9:30 p.m., a half hour earlier than a year ago.

The fireworks have been provided by a number of local businesses, individuals and local governments. They are: Plymouth Gage & Tool Co., Harold Curtis-Insurance Co., Harold Curtis-Insurance Co., Fluckey Insurance Co., Dr. E. A. Rice, Michigan Bell Telephone Co., Schrader Funeral Home, Pilgrim Drayn Steel, Corp., Ellis Restaurant, Penn Theatre, Dr. A. C. Williams, City of Plymouth, Plymouth Stamping Co., Paul J. Wiedman, Inc., Township of Plymouth, Burroughs Corp., Consumers Power Co., Whitman & Barnes, Dr. Elmore Carney, Softwater Service, Oldford & Sons, National Bank of Detroit and Kenmitz Candies.

The Plymouth Chamber of Commerce is in charge of the fireworks.

### Jaycees Begin Summer Teen Dance Program

Summer Teen Dances will again be co-sponsored by the Plymouth Jaycees and the Plymouth Recreation Department. The dances will be held at the High School every Wednesday evening from June 28 through Aug. 30 from 8 p.m. to 11 p.m.

Any local musical groups wishing to play at the dances should contact the Dance Chairman: George Gottschalk. Admission will be 50 cents per person or 75 cents per couple on evenings featuring live music, and local talent. Other evenings the admission charge will be 30 cents per person. The dances will be chaperoned by the Plymouth Jaycees and their wives.

### To Sell Flags

The Junior Chamber of Commerce, sponsors of the Independence Day program, will have a headquarters on the carnival grounds. The booth will serve as the coordination center for the five-day event and at the booth the service organization will have new 50-star American flags for sale.
