

School Issue Nears Final 'Day of Decision'

First Federal Breaks Ground for New Office

Ground will be broken this week for a distinctive new building to house the Plymouth branch office of First Federal Savings of Detroit. The new picture shows how the new structure will look when viewed from the southwest corner of Penniman and Main Streets.

The two-story building, designed by Detroit Architect Aloys Frank Herman, will replace several old buildings previously leveled, at Main and Penniman.

Clearing of the site was started last March 12, at which time Hans Gehrke, Jr., First Federal president, promised residents of Plymouth that the new office structure would be in keeping with the New England atmosphere of Plymouth, Mass., the city where the Pilgrims landed and for which Plymouth, Mich., was named.

Besides the First Federal Plymouth office, the building will house the Plymouth office of the Automobile Club of Michigan. Gehrke said.

When the building is completed, First Federal's present Plymouth office at 843 Penniman just a short distance from the new location, will move to the new building.

In designing the new building, the architect was careful to make no radical departures from traditional early American style. He said: "The New England atmosphere, as expressed in the name Plymouth itself and in buildings as the nearby Mayflower Hotel, Plymouth Mill and in many homes in the City, will enhance the beauty of Plymouth's downtown area."

The new building will contain about 9,165 sq. ft. of area, 6,000 feet of first floor area and 3,165 feet of second floor space.

There will be a landscaped plaza in front of the building to give it a setting of dignity and charm. The plantings will complement those in Kellogg Park across the street.

A special feature will be a drive-way leading from Penniman Avenue to First Federal's drive-in windows from which customers may also drive their cars directly into the adjacent municipal parking lot.

"The most modern equipment available will be installed in the new building to serve First Federal's customers in the area," said Gehrke. The Association now serves over 5,900 savings customers in the Plymouth-Northville area, and as Michigan's largest home mortgage lender, has served thousands of home buyers in the area.

First Federal owns an additional 75 ft. of Main Street frontage adjoining its new buildings for lease as the need arises.

Perry W. Richwine, First Federal Vice President and Manager of the Plymouth Office, is a life-long resident of Plymouth. He is a former Mayor and Municipal Judge of the City. An interesting side-light on the construction of the new building is that it will stand on the site of the old two-story structure which was the home of Richwine's parents, Mr. and Mrs. George W. Richwine, in the early 1900s.

Gehrke said that 2 out of the 3 basic construction contracts were awarded to Plymouth firms. The general contractor will be Berger Construction Company, and the electrical contractor will be Hubbs & Gilles.

The mechanical contractor will be Wm. A. Adam Company of Detroit.

School District voters Monday will make their third journey to the polls since last April to pass judgement on a controversial school millage proposal here.

A decision will be made on a 5-mill tax package, of which 3½ mills are up for renewal and the remainder is an increase calling for additional school operating funds.

Defeat of the proposal, the School Board has stated, would require a \$450,000 cutback in present operating expenditures.

While election officials estimate that approximately 3,500 will turn out Monday to cast their votes on paper ballots, observers close to the scene have suggested that the total could easily surpass the record turn-out last April when 3,862 spoke on a similar — but higher — tax proposal.

At that time, the issue dealt with a 7½ mill levy, of which 4 mills represented an increase. It was defeated, just as a 5½ mill proposal (with a 2 mill boost) was thumbed down in June.

The June vote total was the second largest ever in the history of school elections here, trailing only the returns on the April issue.

Immediately following the June election, Board of Education members approved Monday, July 30, as the date for a third try. The fourth coming election will also be the last time to submit a school tax proposal to the voters before December's tax collection date.

Organized opposition to the current tax proposal, which is 2½ mills less than the original request, is considered to be decidedly light — if not altogether absent — The Plymouth Mail learned in an informal community survey late last week.

At the same time, there has been a tremendous groundswell of favorable public activity on behalf of the 5-mill proposal.

Numerous community groups, ranging from long-formed civic organizations to special citizens' committees, have swung their support behind the tax issue and are this week busily urging voters to travel to the polls Monday and cast a "Yes" ballot.

(There is only the one issue on the paper ballots Monday.)

One special group of citizens supervised the preparation and distribution of a "Vote Yes" brochure, which last weekend was being hand-delivered to every home in the school district.

A pair of independents, George Hudson and Phil Settles, were in charge of the distribution of the brochures. Settles was an unsuccessful candidate for a school board seat in June.

The brochures were paid for by a private group of citizens.

Simultaneously with the dispatching of the brochures, four housewives were assembling precinct telephone teams, which in turn intended to reach as many of the voting populace as possible within the time remaining.

The telephone teams members were urging listeners to vote Monday, emphasizing the seriousness of the issue at stake, and answering questions regarding the proposal.

The four housewives, serving as precinct telephone team captains, include Mrs. (Continued on page 6)

Paper Ballots Make Brief Reappearance

Last used in a local school election more than three years ago, paper ballots will make a brief re-appearance Monday as voters here decide upon a 5-mill school operating fund proposal.

As a precautionary measure, the semi-automatic voting machines, which are gradually forcing paper ballots into obsolescence, were set aside for the July 30 election.

If there were a challenge of the results in the school election, voting machines would have to be sealed for 30 days.

Since there is a state-wide primary election August 7 and because the machines do not belong to the school district, it was determined that paper ballots must be used instead.

The machines must be available to the local units of government (in this case, Plymouth City and Township, as well as Canton Township) for the August 7 primary.

Twice in 1959, paper ballots were used in an election involving the Plymouth Community School District. On June 8 that year, electors decided on two vacancies on the school board, and in March, a 5-mill operating fund millage proposal was passed.

No school election since then has featured paper ballots here.

At the four polling places Monday, a paper ballot will be handed, unfolded, to the voters as they are about to enter the enclosed voting booth.

Once inside the booth, the voter must mark with an "X" his choice of "Yes" or "No" on the ballot. The center of the "X" must fall within the respective box, or the ballot may be declared void.

Voters must then fold the ballot in half twice and fold back the corner of the ballot that contains an identifying number.

Outside the booth, an election inspector will detach the corner of the ballot and drop the ballot into one box. The numbered corner will go into another box nearby.

Despite considerable instructions to the voters on the method of how properly to mark a paper ballot, election officials expect a small portion of spoilage anyway.

School Board Certifies These Services Will Be Eliminated If Vote Fails

We, the undersigned members of the Board of Education of the Plymouth Community School District, in order to clarify certain aspects of the current five-mill school tax proposal, certify that the following statements are true and correct:

1. We have already cut costs to the bone in keeping the proposal to five mills.
2. We have no hidden funds available to bail out the district should the millage be defeated.
3. If the millage is defeated, drastic cuts totalling \$450,000. must be made and will be made by the School Board. This means that:
 - The new Junior High School would not be opened.
 - The teaching staff would be reduced, despite an increase of 175 students.
 - Some elementary grades would go on half-days and classes would be larger.
 - Competitive programs in athletics and music would be eliminated and the swimming pool would be closed.
 - Adult education and recreation would be eliminated, including school support of the Plymouth Symphony and Theatre Guild.
 - Expenses for maintenance, textbooks and supplies would be cut substantially.
 - Bus transportation would be curtailed.
4. If the millage is passed, we will do more than ever to assure the best quality of education possible for the school tax dollars entrusted to us by the taxpayers of the Plymouth Community.

Elm Disease Makes New Inroads Here

Dutch Elm disease has taken a further toll of Elm trees within the City of Plymouth, a survey indicated last week.

Five dead Elms were found on City property and an additional 44 Elm trees on private property were tagged and condemned. Most of the diseased trees are in Hough Park No. 2 and Parklane subdivisions, according to Joe Bida, the City's superintendent of Public Works.

The entire city was scoured for dead or Dutch Elm-diseased trees in a joint survey conducted by a representative of the Michigan Department of Agriculture and crews from the City's DPW.

Six residents were notified, during the survey, that they had Elm tree logs on their property, which is unlawful without certain precautions. It is equally unlawful to sell or give away Elm tree logs.

Property owners with trees marked with a "condemned" red tag, must remove the tree within 10 days, according to a state law and a corresponding Michigan Department of Agriculture regulation.

During the survey, directed by Lee Croteau, samples of many other trees were taken and sent to the Agriculture Department lab for analysis. The results will be returned to the City soon.

Croteau noted, after the survey, that Plymouth, by-and-large, was in relatively good shape regarding control of Dutch Elm disease.

Bida said that persons who wish to keep Elm tree logs, must remove the bark and burn this immediately. Other wise, the logs themselves must be burned at once.

School District Loans Approved

The Municipal Finance Commission has given its approval for the Plymouth Community School District to issue tax anticipation notes amounting to \$500,000 in one instance and \$440,000 in another.

The \$500,000 worth of notes are to be issued in anticipation of the receipt of Dec. 1, 1962, taxes and the money will be used to meet payroll and operating expenses until tax monies are collected.

The notes will be dated Sept. 1, 1962 and will be due April 1, 1963. They will carry a maximum interest rate of four percent.

The \$440,000 in notes are to be issued in anticipation of the receipt of the Dec. 1, 1963, taxes and the money will be used to pay a part of the construction costs of the new junior high school here as well as additions and alterations to the existing high school building.

Those notes are to be dated Sept. 1, 1962, and will be due April 1, 1964. They, too, will carry a maximum interest of four percent.

Proposes 104-Home Development in Plymouth Township

A proposal for a 104 home development in Plymouth Township was presented at the regular meeting of the Township Planning Commission last week.

Action on the matter was tabled until after a public hearing on the project. The public hearing will be held Aug. 15 at the Township Hall.

The development is proposed by Gould Homes Inc. and would be situated on the northeast corner of the Haggerty and Ann Arbor Rd. intersection.

Comprised of ranch-type and colonial-styled homes, the development could get underway within the next two months, providing approval is granted.

Price range on the homes is from \$14,000 to \$16,000, developer Bud Gould said.

The Township Board will not take action on the matter until the Township Planning Commission has reviewed it completely.

Here's Where To Vote

Voting precincts for Monday's school millage election will remain the same as they were for the April and June elections.

School district voters who are unsure of where they should vote may inquire at the Board of Education office, GL 3-0200.

The voting locations, by precincts, are as follows:

- Precinct 1—Plymouth High School. Composed of City Precincts 3, 4, 5.
- Precinct 2—Gallimore School. Composed of Plymouth Township Precinct 3, and all of Canton and Superior Townships within district.
- Precinct 3—Plymouth Township Hall. Composed of Plymouth Township Precinct 2 and City Precinct 1.
- Precinct 4—Starkweather School. Composed of Plymouth Township Precincts 1 and 4, City Precinct 2 and portion of Northville Township within the school district.

A HUNDRED LOCAL businessmen, civic leaders, and members of the sales staff of the American Community Life Insurance Company of Plymouth were guests at a luncheon last Monday noon at Arbor-Lill celebrating the president's birthday month and the largest gross sales month in the 13-year-old history of the company. Honored at the luncheon was company president John Temple, holding a plaque which was given him commemorating the first million dollar sales month, June, in the company's history. Total ordinary life sales, during that time amounted to \$1,136,050, which in addition to Mr. Temple's birthday occasioned the celebration. Admiring Mr. Temple's plaque is company vice-president Charles A. Engstrom. In addition to the award pictured above members of the company's sales staff also presented Mr. Temple with a magnificent deer rifle in appreciation of his leadership in the development and expansion of the company.

City Will Seek Federal Funds

Vast Core Renewal Project Eyed Here

A far-reaching plan for "core renewal" of the Plymouth community touched the city commission table Monday night.

Ultimately involving as much as \$1,000,000 if it becomes a reality, the tentative plan was referred to as "the second phase of community renewal here."

It follows close on the heels of an extensive Urban Renewal project on Mill St. and, at the same time, ties in with another — and separate — project that is aimed at rejuvenating parking facilities in the Main-Penniman-Fralick business area.

The "second phase" renewal plan concerns a quadrangle of property in the southeast portion of the central business district.

As it stands now, the area is bordered generally by Main St., Ann Arbor Tr., Kellogg St. and a boundary linking Main and an extension of Kellogg St. adjacent to the Food Fair Market.

A search for Federal financial aid figures heavily in the project.

City Manager Albert Glassford said Tuesday that the project may take as long as five years to complete, providing it gets off the planning table.

City officials will shortly initiate exploratory talks with the firm of Villican & Leeman, planning consultants for the City. The talks will center on the cost of preparing plans which then would be submitted to the Federal government in conjunction with a request for Federal aid.

Glassford indicated that the Federal request would be directed to the office of Housing and Homes Administration, the same governmental agency that approved Urban Renewal assistance for the Mill St. project here.

It is felt that a maximum of 75 percent of the total cost would be met by Federal funds, if approval is granted.

The project would first require acquisition of a portion of the "small area" that is eventually intended for all of the downtown business district.

Out of this would evolve new housing (perhaps for elderly persons), a new business development, and large parking facilities. The development would front Main St. with the parking area interposed between the business buildings and the street itself.

Consideration will be given to constructing a portion of the "small area" that is eventually intended for all of the downtown business district.

Mayor Robert Sincok, former Mayor Harold Guenther and several current city officials have headed the planning stages of this project.

5th Fall Festival Planned Sept. 9

From a modest chicken barbecue which only a few hundred attended five years ago, Plymouth's full-fledged Fall Festival this year is expected to attract more than 3,500 visitors.

The Plymouth Rotary Club, which has directed the Fall Festival here since 1957, has announced that the 1962 event will be held in Kellogg Park Sunday, Sept. 9.

The Festival is an idea conceived by local Rotarians as a means of raising funds for various civic projects conducted by the club.

Starting simply as a community event, the Festival has gained recognition in recent seasons and is now widely known throughout the suburban area. Last year, it attracted visitors from all over Wayne County, as well as many from out of state.

The original charcoal-broiled chicken dinner, served in the park here, will once more be a major attraction. However, during the last few years, the event has taken on a community-wide cultural aspect.

Part of the program has included the participation of various arts, musical and historical organizations which have teamed with the Rotary Club to make the affair the Plymouth community's biggest annual event.

And again this year, many local organizations have indicated their desire to have exhibits or sponsor special performances in conjunction with the 1962 Fall Festival.

Included among these are the Three Cities Arts Club, Marion Sober's Studio, the

Time Element Halts Mail's 'Vote' Service

Because the use of paper ballots will allow the vote count in Monday's school election, The Plymouth Mail will not be able to provide a Monday night "voting returns" service as it has in the past.

School officials estimate that even partial returns will not be available from the four voting precincts until close to midnight.

The Mail will carry complete details on the election results in its regular edition next week.

Plymouth Theatre Guild, the Plymouth Community Band, the Plymouth Historical Society and the Plymouth Garden Club.

A local square dance group will also perform during the event and the Plymouth Symphony has indicated its intent to have some form of exhibit, too.

Art work by students from the Plymouth schools will also be displayed.

It is expected that the cavalcade of antique cars, which made such a big hit at last year's Festival, will parade through the town and will be on display at the park on the day of the event this year.

A cartoon sketch of a bugler, dressed in colonial costume, has been selected by the Festival's publicity committee as an identifying characteristic that will appear on all printed material.

Members of the publicity committee include: Harry Draper, James Thornton, (Continued on page 6)

Pamela Sikes, Armin Seiffert Wed in Garden Ceremony

Pamela Ann Sikes, daughter of Mr. and Mrs. George J. Schememan, 7095 N. Territorial Rd., Plymouth, became the bride of Armin Kurt Seiffert, son of Mr. and Mrs. Armin Seiffert, of Rochester, Mich., July 7.

The couple exchanged vows in an afternoon garden wedding at the Schememan home before an altar background of evergreen trees. The Rev. Alfred T. Scheips, pastor of St. Luke's Lutheran Chapel in Ann Arbor, officiated. White ribbon and bows fashioned aisles.

Given in marriage by her father, the bride wore a floor-length gown of silk organza over taffeta. The dress, made by the bride, featured alencon lace on the bodice and on the bell shaped skirt. Her elbow length veil was held in place by a pill box hat, decorated with alencon lace. She carried white roses and a white orchid.

Attending the bride were Mary Harper, of Plymouth, as maid of honor, and Mrs. Gerald Oliver, of Ann Arbor, as bridesmaid. They wore lime green street length dresses of silk organza over

Grange Gleanings

The Grange potluck supper in the park last Thursday, July 19, was enjoyed by about 40 of our members and their friends. The evening was just perfect and those that couldn't be with us missed a lot of fun. Try and make it

next time. We were happy to have Don Williams with us as she has been on the sick list. We hope all our sick members will be with us soon. Our next Grange meeting will be Aug. 2, a potluck supper at the Hall. Let's all be there. Don't forget the corn roast Aug. 4, at Mr. and Mrs. Wilbey Wisley's. Remember our bazaar and bake sale. See you at Grange.

Carolyn Cook, William Cowgill Repeat Vows

Carolyn Marie Cook and William Wesley Cowgill repeated marriage vows June 23, in an evening double ring service in West Eckford Church, Marshall. The bride is the daughter of Mr. and Mrs. Ralph O. Cook, of Marshall, and the groom is the son of Mr. and Mrs. Carl Cowgill, of 12718 Beck Rd., Plymouth.

The couple are making their home at 9695 Haggerty Rd., Plymouth.

Mrs. William W. Cowgill

Given in marriage by her father, the bride wore a traditional gown by Bianchi of ivory silk peau de soie, featuring a scoop neckline and princess waistline, accented with a bow embroidered with seed pearls. The floor length skirt featured a beaded front panel and a Chapel train. Her silk French illusion bouffant finger tip veil was held in place by a pill box headpiece with re-embroidered Alencon lace and seed pearls. She carried a cascade bouquet of white Phalainopsis orchids, ivory roses and stephanotis.

Attending the bride were Mrs. Gordon E. Champion, of Plymouth, as maid of honor and Mrs. James Casey, of Grand Rapids, as bridesmaid. They wore pastel pink silk organza sheaths with matching overskirts. Their headpieces were matching bows with veils. They carried feathered white carnations and pink Sweetheart roses on a fan.

Gordon Champion, of Plymouth, was best man and Elmer H. Whipple, Plymouth, and Davie L. Childs, Rockville, Conn., were ushers.

A reception was held in the V.F.W. Hall, Marshall, immediately following the ceremony.

For her daughter's wedding, Mrs. Cook wore a rose lace dress with white accessories. Mrs. Cowgill wore a blue lace sheath with matching accessories. The new Mrs. Cowgill wore a beige and black dress and coat ensemble with black patent leather accessories when she left on her wedding trip to northern Michigan.

Wagenschutz Hold 35th Reunion

The 35th Wagenschutz Reunion was held at St. Mary's Hall, Williamston, July 15, with Mrs. Gustie Wagenschutz, Mr. and Mrs. George Ruttan and sons as hosts. There were 98 present from Kalkaska, Tecumseh, Chelsea, Dearborn, Livonia, Plymouth, Dewitt, Lansing, Portage Lake, Kalamazoo and Williamston. Melbourne Partridge, Tecumseh, gave the invocation and following a potluck dinner the president, Carl Wagenschutz, Livonia, called the business meeting to order. Officers elected for 1963 are Allen Wagenschutz, president; Mrs. Thelma Ball, Kalkaska, vice president; and Robert Wagenschutz, Plymouth, secretary-treasurer. The group was invited to meet next year at the farm home of Mr. Charles Wagenschutz and Mr. and Mrs. William Plfum and family near Kalkaska.

Mrs. George Ruttan gave a memorial service for the family members who died during the past year; namely Mrs. Hazel Wagenschutz, Livonia, and Owen Partridge, Tecumseh. Three marriages and five births occurred during the past year.

Sharon Fisher, Charles Barnes Exchange Vows

Sharon Anne Fisher, daughter of Mr. Blake W. Fisher, 675 Burroughs Ave., Plymouth, and Charles S. Barnes Jr., son of Mr. and Mrs. Charles S. Barnes Sr., Ecorse, were married June 30 in the Church of the Nazarene, Plymouth in a double ring ceremony. The Rev. Wayne E. Welton, Noblesville, Ind., brother-in-law of the bride, officiated.

Given away by her father, the bride wore an imported silk organza gown which featured a Princess line in front with a rounded neckline and elbow length sleeves trimmed with embroidery and seed pearls. The full length bouffant skirt was completed with a bow at the back and a full chapel train. Her elbow bouffant veil was secured by a peau de soie flower petal headpiece trimmed with seed pearls. She carried white roses, stephanotis and ivy which encircled two white orchids.

Attending the bride were Mrs. Kay Marie Horwat, of Plymouth, as matron of honor and Mrs. Pat Hager, Novi, and Miss Christine Fisher, Marshall, as bridesmaids. Miss Sandra Jill Welton, Noblesville, Ind., was junior bridesmaid. They wore powder blue street length dresses of organza over taffeta which featured bouffant skirts and rounded necklines trimmed with satin ribbons and two bows, one at the waistline and one on the right side of the hemline. They carried red Happiness roses, white carnations and ivy.

Robert Fisher, of Marshall, brother of the bride, was best man; and Robert Hager, Novi, John Norman, Northville, and Dale Welton and Dan Hamlin, both of Plymouth, were ushers.

The groom's mother wore a beige embroidered silk organza sheath with white accessories.

A reception for about 250 guests from Utica, Yale, Ann Arbor, Detroit, Dearborn, Capac, Plymouth, Indiana and Canada, was held in the Church Fellowship Hall.

The new Mrs. Barnes wore a blue and white silk suit with white accessories and an orchid corsage when she left on her two-week wedding trip to Florida.

The couple will make their home at 675 Burroughs Ave., Plymouth.

Susan Shoemaker, Andrew Moore Wed

Susan Carol Shoemaker and Andrew Moore exchanged vows in a double ring ceremony at Our Lady of Good Counsel church July 23. Rev. Francis Byrne officiated.

The bride is the daughter of Mr. and Mrs. Harry Shoemaker, 1177 Penniman, Plymouth, and the groom is the son of Mr. and Mrs. Robert Moore, Queens Village, N.Y. Given away in marriage by her father, the bride wore a floor length gown featuring a square neckline, long sleeves, and bodice of chantilly lace.

The skirt of pleated organza featured tiers of chantilly lace and a chapel train. She carried white gladiolas and stephanotis.

Attending the bride was Mary Jane Buckley, New York, sister of the groom, as matron of honor, and Mary Meyers, Plymouth; Gail Hurvitz, Lansing, and Harriet Fischback, Flint, as bridesmaids. They wore metallic green nylon dresses, featuring cap sleeves, scooped neckline and a bell skirt. The matron of honor carried dark pink gladiolas and the bridesmaids carried lighter pink gladiolas.

James Moore, of Dayton, O., was best man; and Dr. Donald F. Buckley, New York, Robert J. Moore Jr., New York, and Arthur Hurvitz, Lansing, were ushers.

For her daughter's wedding, Mrs. Shoemaker wore a white Batiste dress with blue trimming and white accessories. Mrs. Moore wore a pale blue dress with cornflower blue accessories.

About 175 guests from Michigan, New York, Ohio, Illinois and West Virginia attended a reception at the V.F.W. Hall in Plymouth.

For her going away outfit, the new Mrs. Moore wore a three-piece white linen suit. The couple, who will make their home in Okemos, will take a belated wedding trip in September.

Converts Bank Building Into Colonial Pizzeria

Plymouth Colonial Pizzeria, born of hopes and a lot of hard work two years ago, this week is publicly celebrating the grand opening of its new location at 192 West Liberty St., opposite the license bureau.

It's quite a milestone for Dick Rose, who first established himself in the pizza business in a 16' x 20' building near the corner of Mill St. and Ann Arbor Tr. late in 1960.

To help mark the grand opening of his new location, Rose is offering — from now to Aug. 15 — a mouth-watering pizza special, certain to please his old steady customers and intended, as well, to attract new ones.

The new location of Plymouth Colonial Pizzeria, on Liberty two doors from Starkweather, is sure to catch the eye of passers-by and old-time Plymouthites in addition.

Years ago, the building where Rose is now located was the home of the Plymouth Community Savings Bank, an institution where the transaction of innumerable dollars took place and once the scene of a bank robbery.

It doesn't much resemble a bank anymore, however. Instead, Rose, who is a 1954 graduate of Plymouth High has outfitted the old, cement-block structure with a completely new colonial theme, inside and out.

His remodeling was extensive and the finished product is impressive. "First I had to clean it out from top to bottom," he said. "That alone was a week's work."

Then he built a door-way connecting the customer area in front with the baking space in back. He also installed a neat companion-way, especially for pizzas to be handed up front to the customer area. He paneled-in an office area in the rear.

He repaneled the existing refrigerator space, installed colonial-type light fixtures inside and out and installed a neat, formica-topped counter after laying bright new tile inside.

The exterior is painted a soothing colonial grey, while inside, it is decorated in soft pastels. Chintz curtains, a barrel-chair and a deacon's bench complete the interior atmosphere.

"It was a lot of hard work," Dick related recently, "but already I've gotten a number of compliments from my regular customers."

It took 14 weeks for him to complete the project and, although he has been open for business there since early this month, this week marks the start of his official grand opening.

Indicating his faith in the prosperous future of the North End business district (once known as "Lower Town"), Dick went so far as to purchase the building, assuming a considerable mortgage in the process.

"I'm sure that the merchants in this part of town are going to be able to dress up this area, just as the central business district merchants have improved things there," he said, with confidence.

There's nearly three times the space in his new location than there was in the first spot. "The extra elbow room is really welcome," he added with a smile.

In addition to a full range of professionally prepared pizzas, Plymouth Colonial Pizzeria also serves fried chicken, fish-and-chips, fried shrimp, submarine sandwiches and cold drinks.

"Only to go, though," the owner emphasized. "We can't serve meals here," he cautioned. With its own delivery car, the pizza spot provides

delivery service as well as direct carry-out.

Biggest item on the menu is called the Plymouth "Super Special", a pizza that comes in three sizes depending on the dimensions of the customer's appetite.

"We put some of everything on it," Dick explained. "There's some cheese and sausage, bacon, ham, mushrooms, green pepper, onions. It's been quite a popular order," he said.

Married to a Northville girl, Dick is the father of two children, a boy and a girl. He is the son of Mrs. E. A. Rose and the late William Rose, who operated Plymouth Hardware here until his death eight years ago.

Dick got into the pizza business three years ago when he helped install and operate a pizza carry-out department in a grocery in Detroit.

"I got sort of familiar with the business and felt that Plymouth would be a good spot to open a pizza spot of my own."

It was, and he did.

Trustees May Determine College Site Next Week

While decision on a site for the Northwest Wayne County Community College is expected next week, Trustees of the college today are still apparently seeking alternative locations for the institution.

The three sites now under consideration — one in Canton Twp., another in Northville Twp., and a third in the City of Livonia — were uppermost in the minds of the Trustees at a meeting last week.

But the Trustees at that time deferred their decision, giving evidence that they would welcome other site possibilities. The Trustees will meet again Aug. 1 in the old Newburg School, at which time a decision is expected.

Dr. Eric Bradner, president of the Community College, said that only one additional site proposal has come to his attention during the past seven days. The site is located on Haggerty, south of Cherry Hill in Garden City.

Bradner will present the possibilities of this site to the Board of Trustees when they meet Aug. 1.

With an opening date set for September 1964, the Community College is decidedly pressed for time on its selection of a site.

"It will take approximately 18 months to build the college," Bradner related Tuesday. "With another two months needed for completing the purchase and advertising for bids, we have less than six months left for a multitude of related pre-construction responsibilities," he added.

Bradner has requested detailed descriptions of the three sites under study from officials of the various municipalities concerned — namely, Canton and Plymouth Townships and the City of Livonia.

He is seeking information regarding the exact amount of land at each potential site, along with details on drainage and sewer requirements and similar facts.

Plymouth Township Supervisor Roy Lindsay has already furnished some information, but other officials had not presented their portfolios as yet.

The Community College would be delayed a year, if construction could not be started by next March, he implied. This would move the opening date to September 1965.

Livonia to End Library Grant

Plymouth's Dunning-Hough Wayne County Library will lose \$11,600 in annual support from the City of Livonia this winter, but it is not likely that the present operation of the local branch will be affected.

This was the indication Monday as City Commissioners heard a Wayne County Library representative explain the circumstances that led to Livonia's recent decision to conclude its support of the branch here.

The \$11,600 loss will be offset by additional funds from the other communities using the Plymouth library branch. Plymouth City's added share will amount to approximately \$6,000 and the remainder will be absorbed by Plymouth Township, along with Canton, Nankin and Northville Townships as well.

Livonia's decision to end its partial support of the Plymouth branch library was based on the fact that the neighboring city has two operating libraries of its own.

Residents of Livonia for many years have used the Plymouth library facilities. At present, approximately 20 percent of the library usage is by Livonians, it was explained.

This figure is expected to diminish considerably over the course of the next year or so, since Livonia users will be notified of the availability of their own two libraries and of the fact that the City of Livonia is no longer subsidizing their use of the Plymouth branch.

"Part of the problem," said

county library representative Waller Kaiser, "is that Plymouth has always had such a good library."

Residents of Livonia, he continued, have always wanted to use it and have done so.

Appearing with Kaiser at the Commission meeting was Mrs. Agnes Pauline, head librarian here.

Commissioners, confronted with an impending \$6,000 increase in the City's library budget (which is already \$26,000), considered several possible solutions.

They discussed levying a fee on Livonia users of the library here, and also spoke of a non-resident fee for all users. Mention was made of the possible need to refuse to check out books to Livonia residents.

Kaiser said that, in his experience, the tighter the restrictions on the lending of books, the greater the theft of books.

The Commission decided that it would, of necessity, have to wait a period of time to determine if Livonia's use of the Plymouth library diminished or not.

They will tackle the problem again at some later date. "There's no immediate solution," observed one commissioner, "other than to begin paying the extra cost when the time comes."

City of Livonia will stop its payment in December.

Four flags have flown over Michigan — Franch, English, Spanish and American.

Plans are in progress for a family pot luck dinner Sunday July 29 at one o'clock. If you are planning on attending, contact Bill Cardaret or Bettie Neale. A lot of fun for the family is in store.

National Home chairmen Warren Bushey and Mary Schwartz announced the trip

to Eaton Rapids will be Sunday August 19. We will have more information on the trip at a later date. Mary would like all auxiliary members to bring donations of peanut butter, jams and jellies to the next meeting. Mary also reported having received thank you notes from six of the eleven graduates at the National home. A check for two dollars had been sent to each of the graduates. The post also sent two dollars for each graduate.

We hear one of our auxiliary members went swimming unexpectedly.

We would like to welcome Dick Irvine back into the post and his wife Frances into the auxiliary.

The two boys sent to Camp Woodbury have returned home and from all reports, Dennis and John had a lot of fun.

We would like to express our sympathy to Harry Terry and his family in the death of Harry's mother.

As members of the Veterans of Foreign Wars we have a Legislative chairman who informs us of important issues. All of these coming from the Department of Michigan Chairman. We write letters to our Congress and Senate which is important. Right now we have a very important issue right here in our school district. Do not forget July 30th. BE SURE AND VOTE.

Letters TO THE EDITOR

Editor:
 We all must stop to examine what our Plymouth Community Schools have done for us and what our responsibility is, in return, to our schools and our community.

To vote "Yes" at the July 30 election is a "must" in order to continue the normal operation of the schools. If we expect our community to grow and prosper, then our educational system must progress. This is not possible without the necessary funds.

My children have attended the Plymouth schools and I am satisfied that they received a fine education. Even though most of my family has completed their education in Plymouth, I still feel that I have the responsibility to share in providing for a continued and progressing educational system.

Therefore, I personally believe that it is our duty as citizens of the City of Plymouth to vote for the needed millage to support our schools.

the minimum that will do the job. On the average tax bill it amounts to an increase of \$11. In terms of the benefits to be gained, this represents a very small but extremely important investment in the future of Plymouth and continued good schools for our children.

We respectfully urge all citizens interested in the vitality and progress of the Plymouth Community to vote on July 30 and to support the five-mill proposal for good schools.

VOTE "YES" MONDAY

One of the most important things our customers and prospective new residents of this area are interested in when we show them around this community are our schools. Almost every person who seeks our service in finding a new home in this area asks the same question first: "What kind of a school system does Plymouth have?" Fortunately we have been able to tell them that we can boast of one of the finest systems in the State of Michigan.

Because of the importance of schools to a growing community we honestly feel it is imperative that we maintain the present high level of education here if we are to attract new residents and new industry. And, how do we do this? By simply voting YES on the Board of Education's request next Monday.

We Are For It and Hope You Are Too!

Salem Solemn Over Lyon School Defeat

Vera Clair
GL 3-2610

Voters in Salem Township will be interested in the results of the recent South Lyon school election. The South Lyon school board faces a serious problem with the defeat of two millage proposals. On Monday, July 23, the board met to again take up the question of operational money for the school system. A total of 970 voters cast ballots in the July 16 defeat. Following is the official vote:

1. Proposition "A" (4 mills) — 478 against, and 362 in favor; 117 failed to vote, and 13 ballots were spoiled by improper marking.

Proposition "B" (5 mills) — 503 against, and 379 in favor; 79 failed to vote, and 3 ballots were spoiled by improper marking.

The defeat means that the school will have approximately \$120,000 less than needed to balance the 1962-63 budget.

Mr. and Mrs. Glen Renwick of Angle Road were in St. Johns visiting friends the weekend of July 14th. Last weekend they had as their house guests Mrs. Renwick's sister and brother-in-law, Mr. and Mrs. C. E. Underwood of Cadillac.

Mrs. Doris Hardesty and Mrs. Clara Dickerson, Guides of the Pilgrim group of the Pioneer Girls of the Salem Federated Church, enjoyed a swimming party at Martindale Beach in Kensington Park on Monday, July 16th. There were nine girls in the group and Mrs. Pat Schuchard, one of the girls' mothers who helped with the transportation.

The Township Board, at its regular meeting on Monday, August 6, will appoint a new member to the appeal board to fill the vacancy of its third member, Mr. C. W. Clair, deceased.

Mr. and Mrs. Knoels Buers have just returned from a two week's stay at their

trailer in the woods at Johannesburg. Their daughter, Elizabeth, left on July 2 with her aunt and uncle, Mr. and Mrs. George Buers, to spend the summer at their home in Santa Anna, California. Some of the high lights of their trip to the coast were the Black Hills, Yellowstone Park, and Mt. Rushmore.

Mr. and Mrs. Lawrence Ingall of Joy Road left Saturday, July 21, for a week's vacation at Long Lake near the Straits.

Mr. and Mrs. Wilford Wilson of Seven Mile Road were at Manding Lake attending a family get-together at the cottage of her sister.

While playing, Kenneth Ends of Seven Mile Road fell and fractured his collar bone and is in a brace. A card or note from his playmates would help to pass the time.

Ida Cooke and Bessie Goodale of Northville and Martha Hawes of Salem were luncheon guests Wednesday, July 18th at the home of Mrs. Peter Stoianoff of Six Mile Road. Other guests visiting Mrs. Stoianoff during the week were Mr. and Mrs. Peter Kazakoff of Detroit and Mr. and Mrs. Peter Kimanoff of Dearborn.

On July 19th at the Reed home on Pontiac Trail the Wide Awake 4-H Club had its third meeting. Plans were discussed for the picnic and tour scheduled for August 5 at 12:30 at the Steeb home. The business meeting was followed by a social hour and refreshments served by the Reeds and Nawbys.

I talked with Mrs. Blackenburg Friday about the Bookmobile. She tells me it is going very well; that Salem is enthusiastic about the service. For those of you who may have forgotten the schedule, the Bookmobile is stationed at Dickerson and Six Mile Roads every Tues-

day from 2 p.m. until 5 p.m. Through out the stops the children out number the adults 2 to 1. I'm sure many of you parents would find reading to suit your fancy too.

Mrs. Marty Davis of Brookville Road entered St. Joseph Hospital in Ann Arbor last week. She expects to return home sometime this week.

Rev. Chipchase and family left Monday, July 16th, for Cedine Bible Camp at Spring City, Tennessee. He will speak to the campers each day.

Don't forget the Salem Federated Church Jr. summer camp will be held from August 6 through the 11th under

the direction of Rev. Titicard Burgess. The Sr. camp is August 13 through 18 under the direction of Rev. Chipchase. Further information can be obtained from the ministers.

Mrs. Betty Nagey of South Lyon and co-hostess, Mrs. Louis LaVoie, entertained at a surprise miscellaneous bridal shower for Mrs. Janet Vandenburg, formerly Janet Famuliner of Salem. A buffet lunch and games were en-

joyed by 45 guests present from Berkley, Northville, South Lyon, Salem, Detroit, Livonia, Novi, Plymouth, Caledonia, Farmington, New Boston, and Tinsville, Ontario.

Fires Ace
Dick Nelson, of 751 Evergreen, fired a hole-in-one Tuesday afternoon at Bonny-Brook Golf Course. He used a 3-wood to ace the par-3, 225-yard 11th hole.

Mrs. Vandenburg was recently discharged from government service in Fort Knox, Kentucky. She will now make her home at 210 Union; Clarkville, Tennessee.

The people of Salem will be pleased to know that Mr. Rufus Sizimore has completed the new side walk in front of the Town Hall and is preparing to paint the fire hall.

Three Local Artists To Display Wares

James Sponseller, Herald Hamill, Kenneth Harrison and chairman Sam Hudson and Paul Scott.

General chairman of the festival for the Rotary Club is Ed Sawusch.

Special prizes for children will be awarded to ticket holders who attend the chicken barbecue portion of the festival. The prizes are being donated by local industrial firms.

Local business men who are members of the Rotary Club, and non-members who have helped out on the festival in the past, will begin barbecuing the first of 3500 chicken halves early in the morning of Sept. 9 with the first serving to start at 12:30. Dinners will be served through 6 p.m. Tickets for the event may be obtained in advance from any member of the Plymouth Rotary Club. Price of the tickets is \$1.50 for adults and \$1.00 for children under 12.

ACCEPTS CHARTER — W. E. Stirton Jr. accepts the charter for the Plymouth Chapter of the Volunteers for Romney from Dr. John Dempsey, state director of the Romney Volunteers. About 40 local citizens attended the organizational meeting of the group last Thursday evening at the Hotel Mayflower, during which Harry Reeves, Mark Wehmer, Mr. and Mrs. Kenneth Hulsing, Robert Tripp, Norman Kaiser Robert Iles, Wendell Miller and Mr. and Mrs. W. E. Stirton Jr. were elected to the nominating committee. Mr. Stirton has been chairman of the provisional committee.

School Issue

(Continued from page 1)
Kenneth Hulsing (precinct No. 1), Mrs. Ray Hulce (No. 2), Mrs. C. B. Latter (No. 3) and Mrs. Donald Messacar (No. 4).
The Plymouth Mail resorted also to the telephone in order to estimate public feeling on the issue within established community groups.

A spokesman for Plymouth professional men implied that to the best of his knowledge, this group "seemed to be in favor of the 5-mill package." He added that he felt that the "School Board has now revised its request down to a very realistic appraisal." He said he did not know quite how the professional men in Plymouth felt about the original 7 1/2-mill proposal three months ago.

A businessman, who admitted he had voted against the original levy in April, said he would vote yes this time, yet he felt the 3 1/2-mill renewal should be a separate item on the ballot, apart from the 1 1/2-mill increase.

It was admittedly a point that other citizens would question at the polls Monday. Local builders and real estate men, through a spokesman, have indicated their support of the 5-mill package. "Of course, we need a good school system as a selling feature," he admitted. "But, individually and aside from our occupations, I feel that the 5-mill levy is essential to the good of the community."

Among the most active of the established community organizations is the JayCees — at least they will be when election day itself rolls around.

The JayCees, who have indicated their favor of the package, are organizing a free baby-sitting and "taxi" service Monday for housewives, who otherwise might not be able to get to the polls.

The wives of JayCee members will staff a baby-sitting headquarters at the home of president James G. Garber, 42269 Hamill Lane. Mrs. Garber has lined up a number of JayCee wives to serve as baby-sitters.

Mrs. Garber indicated that housewives, who wish baby-sitters Monday, may telephone GL 3-3988 and a JayCee wife will drive to the caller's home, look after the children while mother votes. JayCee members themselves will staff the taxi service. By calling GL 3-3988 also, voters may have a personal JayCee chauffeur to and from the polling places. There is no charge.

Likewise, the Checker Cab Co., through its suburban manager, Richard Pittman, has offered a free, and perhaps more official, taxi service. Checker cabs will provide transportation to and from voting places, too. Voters may call GL 3-3000 for this service.

Elsewhere on the election scene, members of the School Board itself have their fingers crossed, at least figuratively. There, a spokesman said: "We're carefully optimistic, but we're certainly not overly optimistic."

With two of their tax proposals previously turned down on this same issue, the School Board members have adopted a "wait-and-see" attitude with regard to the outcome of the election Monday.

Board President Gerald Fischer issued a statement earlier that included mention of the fact that the 1 1/2-mill increase, if approved Monday, will represent an increase in the average annual tax bill here of about \$11, based on a local assessed valuation of \$6,000 and an equalized valuation of \$7,500.

Postponed by Rain, Same Concert Slated Once Again

Rain caused the postponement of last Friday night's scheduled Plymouth Community Band concert, but the same concert will be presented this Friday evening.

Entitled "Bugler's Holiday," it will begin at 8 p.m. in Kellogg Park. A feature of this coming concert will be an Ice Cream Social with cake, ice cream and lemonade being offered.

Judy Levenworth, Jim Yost and Dave Millross will provide the solo cornet performances. Plymouthite Larry Livingston, a junior at the U-M school of music, will also perform as a clarinet soloist. His solo will be "Concertino" by VonWeber, with band accompaniment.

He is the son of Mr. and Mrs. Laurence Livingston of Plymouth. Plymouth Community Band director Jim Griffith said that future concerts, if threatened by postponement due to rain, will be held in the Plymouth High School gymnasium.

Griffith said that a school board member will speak briefly during the concert's intermission Friday night. The subject will be the forth-coming school election.

The concert series ends Aug. 17.

Home Design Firm To Move Saturday

Young American Homes, Inc., a custom home designing and building firm here, will move to new offices at 210 Ann Arbor Road this Saturday.

The firm, for the past three years, has been situated at 575 South Mill. Opened in 1959 as Alfred W. Clare, Designer, the firm was incorporated as Young American Homes, Inc. a year later.

Its officers are Al Clare, president, Jack Moffatt, vice-president, Lew Smith, treasurer, and John O'Neill as secretary.

Both Clare, the originator of the firm, and Smith reside in Plymouth. Young American Homes, Inc. has designed and built numerous individual custom homes in the Plymouth and Livonia area, as well as many other suburban communities around the Detroit area.

Goodwill Pick-up

Goodwill Industries trucks will make their next Plymouth pick-ups Monday, July 30. Goodwill trucks will collect household discards of clothing, shoes, hats, toys and most types of furniture.

SATISFIED SAVERS SAVE SAFE

Ages ago a man said, "I'm more interested in the return of my money than in the return on my money." The 25,000 Credit Unions of North America and in particular the 1,200 Credit Unions of Michigan are proud of their record of safety. In addition, this safety has been matched by an excellent dividend record.

Credit Unions have always looked to the character of members to secure loans rather than the borrowers' material possessions. Because of this, during the early thirties not one Credit Union closed its doors as the result of a drop in the value of assets securing loans. Character and personal integrity are constant values that don't fluctuate with changing times.

Today there are many additional safeguards for Credit Union savers.

1st - 20% of each dollar earned must be set aside as a reserve, to cover losses on loans. Since organization the total losses on loans have been only 17/100 of 1%.

2nd - The Credit Union books and records are examined annually by the Federal Government.

3rd - The Credit Union carries a 100% blanket bond to cover loss from all internal causes.

4th - A certified audit is conducted annually by a Plymouth C.P.A. firm to assure compliance with Federal law.

5th - The funds of the Credit Union are protected by the Credit Union's participation in the Michigan League Stabilization Fund. In this fund, Michigan's Credit Unions contribute as a group to see that the funds of each individual Credit Union saver are protected.

As a Plymouth citizen, you would want to consider these facts before opening a savings account. Only then, would the 4% current dividend, life insurance on savings and extra personal attention become meaningful.

Investment and management staff of the Plymouth Credit Union already invite your inquiry and participation.

by Ed Brown

I suppose those who take time to read this column have been wondering why it has not appeared in the paper the past few weeks. Some probably have missed it while others may have thought "good riddance" — such it is with every columnist — even the "amateur" ones.

Do you really want to know the reason — well, you see as soon as the last student had passed through the door of my classroom, and all the final paper work had been handed in, we dusted off our camping gear, greased up the old Helite camping trailer and took off for that pleasant out-door life.

The first night found us at Gettysburg; our second visit to that famous battle ground. Once again we trod over the ground where the Blue and Gray fought nearly a century ago, and tried to visualize what actually happened there. The next day we were trying to find our way around Washington, D.C. For all you campers, there is a nice camp area right near the capitol grounds. It is located in East Potomac Park, and can be a very convenient take-off point to all interesting places in the national capitol.

On down in Virginia we visited Jefferson's home, "Monticello" (pronounced "Monticello" there) — Jamestown was next, and then Williamsburg and Virginia Beach.

We followed the Atlantic Ocean coastline down to Myrtle Beach, South Carolina, where there is a wonderful camping park. Then on to Florida and around the entire state and a trip through the Everglades.

We stopped off at Boca Beach and Cape Canaveral where the astronauts take off for their jaunts into the unknown. One can see the launching pads from the beach. In the Southland we do not camp as much because of the pesky insects, and they can be quite a nuisance. We either stay in a trailer court, or get a motel.

Upon leaving Florida we motored around the Gulf states following the shoreline to New Orleans. One can easily spend a day visiting the interesting sights in that historic city.

On our way to Michigan we passed through Birmingham, Alabama, Chattanooga, Nashville, Louisville, Cincinnati and on to Plymouth. The entire trip is a little

over 5,000 miles and can easily be made in three weeks, two weeks if one has to travel right along. Our gas credit cards amounted to about \$140 covering gas, oil changes and other incidentals. Anyone desiring information on any of our trips around the United States or Canada on what to take, expenses, time, etc., can obtain same by seeing us.

Now that the vacation is over I'll try to get back on the beam and bring you some more information about some of our former students who have graduated from PHS and what they are now doing.

WHAT EVER HAPPENED TO ???? ...

That versatile young man who graduated from PHS in 1955 after earning 7 letters in four sports while competing for the Rocks.

He was a valuable member of Coach John McFall's first swimming team at the local pool and helped develop swimming into the attractive sport it is here. In his senior year he captained the swimming team.

This gentleman also found time to compete in football, baseball and track, earning two letters as a quarterback and safety on the gridiron, one in track. In the latter sport he did not go out for it until a month before the end of the season in his senior year — but was good enough to place second in the league 440, and win the state regional title.

After graduation he enrolled at the nearby University of Michigan where he participated in intramural athletics, and pledged Sigma Alpha Epsilon. At the end of his first year he joined the U.S. Marines and served with distinction in that fine outfit for two years.

Discharged from the service, our mystery man again went back to the U of M, and is graduating this summer with a degree in Industrial Engineering. He has already accepted a fine position with the Lockheed Aircraft Missile Division in Sunnyvale, California.

This lad married the former Sally Morgan, an attractive former drum majorette at the high school. Along with their children, Kathy, who is three, and Stephen, a five-month old, they are busy getting ready to move to California.

Who is this former athlete? Charles "Chuck" McKenna, son of Mr. and Mrs. James McKenna of East Ann Arbor Trail.

Theatre Guild, AAUW Join Forces on Stage

Plymouth Theatre Guild, next season, will work in cooperation with the Plymouth branch of the American Association of University Women in presenting live drama to the children of Plymouth.

In the past week, the Guild submitted to the AAUW a script for a Grimm's fairy

tale, "The Fisherman and his Wife." The script now is undergoing final revision. The production will be presented early this fall. Theatre Guild officials stated.

The AAUW has had great success in presenting children's plays to the community. Last year the production "Rumpelstiltskin" played to capacity audiences of school children. Ticket sales were handled through the schools and response was so heavy that the originally-

scheduled three performances were expanded to four. The AAUW will present a show of its own in early spring next year.

The Theatre Guild said that by its entrance into the field of children's theater, the quality of adult productions will improve and enable the Guild to choose plays of a higher caliber than might otherwise be possible.

Currently, the Guild is giving final consideration to live scripts for next season's

plays. Included in the group are two mystery dramas, one straight drama and two comedies, all of which have been popular hits on Broadway in the past few years.

Michigan has four times as much water area as any other state — 11,038 inland lakes, 36,350 miles of streams, and 3,251 miles of Great Lakes shoreline. Nearly half of Michigan's 83 counties have frontage on the Great Lakes.

Pfc. Leonard Shirk

SANTA ANA, Calif. — Pfc. Leonard G. Shirk, Jr., USMC, the son of Mrs. W. E. Lickfeldt, of 41395 Wilcox Road, Plymouth, is presently serving with the Marine All-Weather Fighter Squadron 314, based at El Toro Marine Corps air station at Santa Ana.

The squadron received new aircraft June 29, when the first of several F4H McDonnell 'Phantom' aircraft arrived at the air station. The Phantom jets are capable of carrying a heavier bomb load than the B-17 'Flying Fortress' of World War II fame.

Pvt. Sammy L. Golden

SAN DIEGO, Calif. — Pvt. Sammy L. Golden, USMC, son of Mr. and Mrs. Wade L. Golden, of 1009 Starkweather, Plymouth, completed recruit training, July 1, at the Marine Corps Recruit Depot near San Diego.

The 11-week training covers physical conditioning, the history and mission of the Marine Corps, customs and courtesies, hygiene and sanitation and basic military subjects. Golden will report to Camp Pendleton, Calif., for advanced combat training.

Leonard L. Cole

MEMPHIS, Tenn. — Leonard L. Cole, airman apprentice, USN, son of Mr. and Mrs. Leonard L. Cole of 11691 Haggerty Hwy., Plymouth, graduated recently from Aviation Familiarization School at the Naval Air Technical Training Center, Memphis.

The two-week school covers the basics of flight theory, types and missions of aircraft, airfield operations and firefighting techniques. Now Cole will advance to another technical school in the aviation field.

2 Serve Aboard Same Carrier

Two Plymouth men are presently serving aboard the same attack aircraft carrier in the Western Pacific.

U.S. Navy fireman's apprentice Freddie Spencer, son of Mr. and Mrs. Raymond Spencer, 646 Maple, and William J. O'Brien, airman, USN, the son of Mrs. Ann E. Titus of Plymouth, are aboard the USS Coral Sea, which was slated to return to its home-port of Alameda, Calif., late this month.

The USS Coral Sea has been operating in the Western Pacific with the Seventh Fleet for the past seven months. It visited ports in the Philippines and Japan, as well as the port of Hong Kong.

The foundation stone of Liverpool Cathedral, now nearing completion in the English seaport, was laid in 1904.

Pvt. Robert Monteith

U.S. Marine Corps private Robert Monteith, son of Mr. and Mrs. John Monteith, 442 Adams, is presently undergoing basic training at the Marine Corps recruit depot in San Diego, Calif.

After completing the recruit training phase, Monteith will be transferred to the Marine Corps base at Camp Pendleton, Calif., for four weeks of advanced combat training.

Monteith, a 1961 graduate of Plymouth High, enlisted at the local Marine Corps recruiting station at 173 N. Main St. He will be offered a 30-day leave following the advanced combat training at Camp Pendleton.

John Anderson

Promoted to Specialist Fourth Class recently was John Anderson, 39000 Schoolcraft, Livonia. Anderson was participating in the 4th Army operation 'Iron Dragon' at the time.

He was recalled to active duty last fall during the Berlin crisis and was attached to the 214th Engineer Co., a South Dakota National Guard unit. He previously had served two years with the 178th Engineers in Hiedelberg, Germany.

Anderson is married to the former Jeanette Young, also of Livonia, and was employed by a carpet company prior to his recall to active duty last fall.

He is scheduled for release from active duty early in August. Anderson is the son of Mr. and Mrs. Jesse Anderson, of 49824 West Seven Mile, Northville.

David E. Zimmer Interior communications electrician, 2nd class David E. Zimmer, of 878 Arthur St., Plymouth, and son of Mr. and Mrs. Ray J. Zimmer, of 560 Jener St., has been stationed at the U.S. Naval Receiving Station in Norfolk, Va., for further transfer on the USS Enterprise, following a one-months schooling in Philadelphia. Zimmer joined the Navy in July 1951 and has served on the Wahkiakum County and the USS Shangri La.

Elks Are 'Spoilers' In 'D' Conference

Plymouth Elks, emerging as an also-ran in the Class D baseball league, played the part of "spoiler" in action last week in the Livonia-administered recreation conference.

The Elks, who came up with two wins in two outings, defeated Redford DAV, 2-0, in one game and knocked the DAV team out of first place in the D circuit.

Plumbers, who also racked up two wins, to advance into the leader's spot.

In the Elks' victory over JAV, Kismet tossed a one-hitter for the winners and had a no-hitter going until the last inning. The other victory for Plymouth Elks was a 10-2 affair over Livonia Saints.

The Elks are now 5-3-1 in the D league and hold down fourth place. The only other

local entry in the D circuit is Plymouth Optimists, who suffered a 9-2 loss last week to league-leading Northville Plumbers and then turned in a 6-3 win over Novi.

Northville Plumbers' other victory last week was a 7-2 decision over Livonia Saints. Elsewhere, the Wayne Tigers defeated the Saints, 4-2, Redford DAV downed Champion Sporting Goods, 5-0, and

Wayne Monarchs dumped Wayne Tigers, 7-0. The standings at the close of action last week:

Junior League Enters World Series Tourney

Plymouth's Community Junior League completed its regular schedule of games last Saturday and made final preparations for the start of a three-game world series between the champions of the American division and the National conference.

The world series, an annual affair for the Junior League, started yesterday. Another game is scheduled for Thursday, and a third — if necessary — will be played Saturday.

Winner of the American league title was the White Sox team on the strength of a 6-2 record, while champions of the National division are the Braves with an 8-0 mark. The game Thursday will begin at 6:15 p.m. at the Junior League Field. Saturday's game will start at 10 a.m.

Two Team Race Looms

Tait's Regains 1st As Vico Bows, 4-1

The stage was set last week for a two-team race to the wire in the recreation department's Class B softball league here.

Tait's Cleaners, a season-long contender for the B conference crown, moved back into first place by defeating Vico Products, 4-1, after Fisher had held the top rung in the ladder of standings for a week.

On the strength of its victory, Tait's is currently setting the pace with a 7-2 record, while runner-up Vico has only a slender notch behind at 7-3. Tait's has five games remaining and Vico four.

Home runs and superlative pitching were the keys to Tait's decision over Vico last week.

After a shaky beginning, Tait's pitcher Bob Boss settled down and handcuffed Vico batters on one hit in the seven-inning contest. Vico opened the scoring in the first inning as Boss walked the first two men to face him.

Vico took a 1-0 lead as the front runner advanced to third and scored moments later on a fielder's choice. From then on, however, Boss was in command completely.

He gave up only one hit, a single in the third, and fanned four as he picked up his

seventh straight victory for the league leaders.

Boss aided his own cause in the seventh when he slammed a booming bases-empty homer over the centerfield fence to end the scoring.

An inning earlier, Tait's tied the score and then forged a 3-1 lead.

With Jack Carter on second and Pie Snyder on first for Tait's, Don Thompson stroked a line drive that backed Vico's rightfielder to the fence before he caught it.

Carter, a speedster, scored all the way from second on the play, narrowly beating the throw home. It tied the score. Moments later, Bob Miller hit a two-run homer over the fence in left center to give Tait's a 3-1 advantage.

Boss' solo blast in the next inning was simply icing on the victory cake.

Tait's got only five hits in the game.

More than 150 fans turned out for the battle between the two contenders. The team that comprises Tait's Cleaners has already racked up three straight league championships since 1959.

A year ago, the players were sponsored by Nick's Barber Shop, and in 1959 and 1960 they played as Gould Homes, Inc.

Two other teams in the B conference are still considered as challengers for the championship, although Tait's and Vico Products seem to have boiled it down to a two-way duel.

The other two contenders are Toll House Inn and Pursell's Office Supply, both of

the week, has another tangible advantage over Vico and the other two challengers.

Tait's is scheduled to make-up a previously rained-out contest. The opponent in the make-up game is lightly-regarded Plymouth Plating which is in ninth place with a 3-6 record.

which carried a 6-3 record into games this week. League observers imply that the team that loses only three games will emerge with the championship.

Although Toll House Inn was idle last week, Pursell's racked up Victory No. 6 by defeating sixth-place Carling's, 5-2. It raised Pursell's into a deadlock with Toll House for third.

In other games last week in the B circuit, Box Bar exploded with two wins, one an 8-3 decision over DeHoCo and the other a 5-1 victory against Plymouth Plating.

The two wins did little however to improve Box Bar's position in the league. It is still in last place in the 11-team conference, deadlocked with IBM. Both have 3-7 marks to date.

IBM was a loser last week as Men's Lutheran notched an 8-1 win.

All teams will play 14 games before the season ends August 7. Tait's, besides leading the league at the start

A heavy schedule is on tap for the remainder of the week in the B league. With a series of games already completed from Monday and Tuesday evenings, the league really gets rolling tonight and tomorrow night.

Tonight (Wednesday) there are three games on the docket, beginning at 6:30 p.m. behind the high school. Thursday evening the schedule is the same: three games with the first one slated to start at 6:30 p.m. on the diamond in back of the high school here. There is no admission.

The standings at the close of action last Friday:

Bits of facts, and maybe some fallacy... An annual rumor that Fox Hills Country Club, out on North Territorial, has reverted to public or semi-public status was squelched last week.

A spokesman there explained that no grounds exist for the rumor and that there is no intention of such a change taking place.

To the contrary, said the spokesman, membership is holding steady at a healthy level and, as in the half decade just past, Fox Hills remains open only to members and guests.

In the recreation department's Class E baseball league here, there are nine teams battling it out for the championship.

According to Jim Brown, league supervisor, there is a 10th team that might have done well to get in on the official schedule when the conference opened seven weeks ago.

The 10th team, DiPonio Builders, is made up of players who didn't make any of the other nine teams. DiPonio Builders has no official capacity within the league, but occasionally forms the opposition for one of the official league teams when those teams have no games on the docket.

In four "pick-up" games with E league teams, DiPonio Builders has yet to be defeated, said Brown last week. It happens that DiPonio's team manager is a guy by the name of Jim Brown.

One of the outstanding pitchers during the recently-completed Plymouth Community Junior League season was 12-year-old Gary Robinson, son of Gordon Robinson who manages the league-leading Tait's Cleaners team in the Class B softball circuit here.

Gary last week fashioned a neat no-hitter as his American division Indians defeated the championship White Sox team, 3-1. His no-hitter went well with two previous one-hitters and a three-hitter. All told, Gary won five games for the Indians this summer in regular Junior League action.

The Indians, behind Gary's fine pitching, finished third in the American conference.

"Sportsseen" a couple of weeks ago made mention of Plymouth area women who participate in the Women's Metropolitan Golf Association.

Two of these same women fared well in the WMGA's recent 54-hole, three-day medal tournament held at Rochester Golf and Country Club.

Mrs. George Todd, in the first flight, fired a 306 and, with the help of a 57-stroke handicap, finished respectfully with a net of 247.

Meanwhile, Mrs. George Scherman, in the second flight, carded a 313 and with a 66-stroke handicap emerged with a net of 247.

Mrs. Delbert Raymond, who lives in Farmington but plays out of Fox Hills here, turned in the low gross score in the second flight and won the driving contest in the division. She had a 298 gross and 229 on the strength of a 69 handicap.

Elsewhere, and returning to baseball, 13-year-old Mike Scott, of the Wayne County Training School Phillies team in Livonia's Class F league, matched a double no-hit performance that brought Johnnie Vandermeer wide renown in 1930 when the latter was with the Cincinnati Reds.

Mike hurled a no-hit, no-run ball game against the Red Legs of Livonia and won 3-0 in a start recently this summer. In his next turn on the mound, Mike repeated his no-hitter, this time by beating the Livonia Red Sox, 9-4. Six errors in the latter contest led to the Red Sox' four runs.

Last but not least, the Detroit Tigers' colorful broadcaster, Ernie Harwell, will part ways with the Tigers this fall — but only for a short time.

While the Tigers travel to Japan for a barn-storming tour, Harwell will host a 17-day jet trip to Europe for a special group of fans.

Of course, Ol' Ern will be back on hand the following spring to resume his chronicle of the Tigers.

And that's sports...

Tribute Paid 1962 Junior League Donors

Fisher's Shoes Leaps to 2nd In Class "E" Baseball League

Fisher's Shoes vaulted into second place in the Plymouth recreation department's Class E, baseball league last week by virtue of two resounding victories coupled with a pair of forfeit wins as well.

In action last week, Fisher's panted Bill's Market by the overwhelming margin of 29-0 and later added an equally-impressive 16-6 decision of Northville Recreation as Sandy Black slammed a 3-run homer in the sixth for the winners.

But it was through the pages of the league's rule book that Fisher's made its biggest move, and an unexpected one.

Two previous defeats marring Fisher's record were both erased on the strength of forfeit rules governing ineligible players.

Early in the season, Fisher's had lost close games to Finlan Real Estate and Plymouth Kiwanis. But last week, those losses were turned into victories by league officials who ruled that Fisher's opponents had used ineligible players in both games.

It earned Fisher's a second-place record of six-wins and three defeats, a notch behind front-running Northville Plumbers who boast of a 7-0-1 record.

Previously, Fisher's had rested in seventh place in the Class E conference.

In other E league games last week, league-leading Northville Plumbers racked up a pair of victories to maintain its front-running advantage over the other teams.

The Plumbers dumped Finlan Real Estate, 13-1, and then added Bill's Market to the list, 15-0. Novi Flyers split two games, notching a 7-6 victory over Wayne County Training School and then bowing to Novi Giants, 10-2.

Plymouth Kiwanis won a pair of games, one a 17-1 victory over Northville Recreation and the other a 24-7 beating of WCTS.

Plymouth Kiwanis, too, encountered the rule book last week, much to the chagrin of the team. An illegal play was judged against the Kiwanians, dating from a game some weeks earlier and the result deprived the Kiwanis team of a 6-3 win over Northville Plumbers.

The score of the game reverted to 3-3 and the contest will be completed in the event

it would alter the final league standings.

The current standings:

Team	W	L	T
N'ville Plumbers	7	0	1
Fisher's Shoes	6	3	0
Novi Giants	5	3	0
Finlan Real Estate	4	2	0
Plymouth Kiwanis	4	2	0

Local Men Have Role In Naval Operation

Two Plymouth men were among Naval Air Reservists who took part in "Operation Helpmate" in Kingston, Jamaica, recently.

Commander Jack Wilcox, of 676 Penniman Ave., and enlisted man John Small of 1125 Canton Center, were included in the special group that flew medical supplies and dental equipment for underprivileged children living on the Caribbean island.

The two are members of the Navy's air reserve squadron, better known as "Weekend Warriors", stationed at Grosse Ile Naval Air Station.

Working with the U.S. Businessmen's club of Kingston and the World Medical Relief of Detroit, the Naval Air Reserve has transported several tons of supplies and equipment to the Children's Medical and Dental Clinic of West Kingston.

The clinic is a new, 25-bed free institution and is equipped with the most modern medical and dental facilities.

Capt. Arthur J. Schultz, Jr., and Commander Calvin C. Rock, who commands Attack Squadron 732, headed the group of Naval Reserve representatives at official dedication ceremonies as the clinic was opened to patients earlier this month.

Pilots and members of the squadron held a variety of jobs in civilian life. They train one weekend a month at Grosse Ile and serve two weeks of active duty during the year.

TWO PLYMOUTH MEN were among Naval Air Reservists presently participating in "Operation Helpmate" which transported much-needed medical and dental supplies to underprivileged children in Kingston, Jamaica. The two, shown here with another reservist, were: Commander Jack Wilcox (at left) and enlisted man John Small (at right). Between them is Capt. A. J. Schultz, Jr., who also participated in "Helpmate."

How I Earned My First Dollar

Kenneth Eddington

Growing up on a farm near Witt, Ill., Kenneth Eddington, owner of Plymouth Hardware, earned his first dollar as a blower boy on a thrashing machine.

Thrashing as it was done then is practically out of existence today. At that time, thrashing machines would travel around from farm-to-farm and farmers would help each other out.

Young Ken Eddington was around 10 years old when he got the job of directing the blower in forming the straw stack. For his efforts he got \$1 a day, which was big money to him.

He continued with farm work until the outbreak of World War II when he went to California and later to Detroit to work in aircraft construction. In Detroit he worked for Briggs Manufacturing in 1942-43. He then joined the Merchant Marine and delivered war goods overseas.

Ken then became associated with a hardware business on Telegraph Rd. in Dearborn and was with this firm when he came to Plymouth five and a half years ago to take over Plymouth Hardware.

Residents of Wayne, Mr. and Mrs. Eddington have two children, a son, 11, and a daughter, 13.

Waits 37 Years Before Revisiting His Birthplace

After an absence of 37 years, Yvonne, is presently making plans to attend college this fall. She is working at Burroughs Corp. in the meantime.

Bartolo, who owns and operates Bartolo's Market at 40522 Ann Arbor Tr., left this week in a party of 53 other tourists, who will fly to London and eventually visit the British Island of Malta.

He will return in September.

Born on Malta in 1909, Bartolo came to this country in 1925 and has not been back since.

"Sure I'm anxious," he enthused last weekend as he busily made final preparations for his departure by jet out of Detroit's Metropolitan airport.

"I'm going to visit my three sisters and lots of friends there," he said. His parents are dead.

Mrs. Bartolo, meanwhile, will remain behind to manage the market and liquor package store here.

All of the other 53 persons in Bartolo's party are also originally from Malta, he said. They are residents of the Detroit area, with a few others from Plymouth.

While he was understandably enthused about his eight-week jaunt to Europe, Bartolo was also quick to mention some of the recent accomplishments regarding his family.

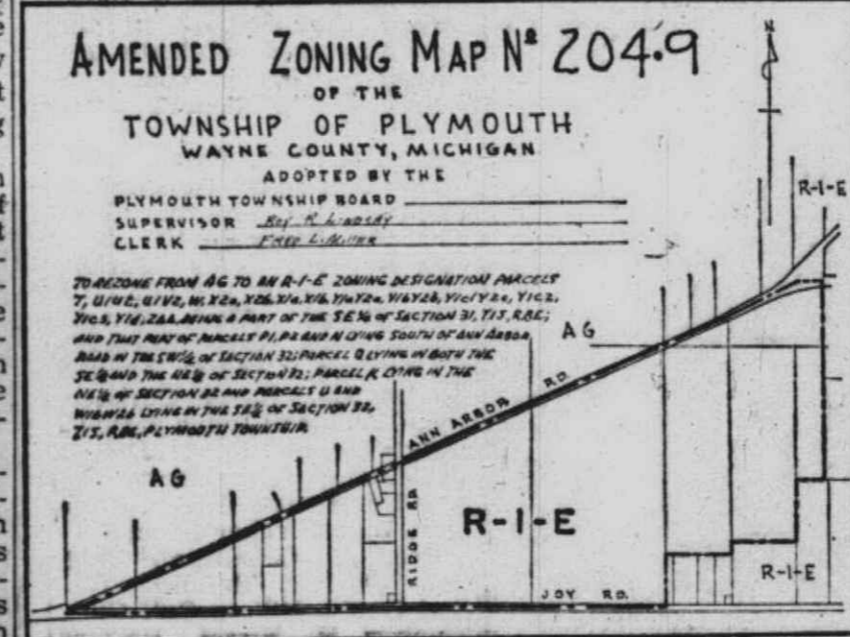

His eldest son, Bob, who will be a civil engineering senior at Notre Dame this fall, is about to attend a Marine Corps summer camp, in preparation for his USMC commission which he will receive when he graduates.

At the same time, a daughter, Yvonne, is presently making plans to attend college this fall. She is working at Burroughs Corp. in the meantime.

Mr. and Mrs. Bartolo's other two children are Mike and Rita. They both attend Our Lady of Good Counsel here.

THE Riverside Coin Club observed its 1st anniversary recently and retiring president Ernest Koi (left), of Plymouth, helped newly elected president James Perna, of Northville, cut an anniversary cake. The club was organized here last July and has a membership of 63. It meets the second and fourth Sundays of each month at the American Legion Hall, 9318 Newburg Rd. at 2:30 p.m. An invitation to attend has been issued to all interested coin collectors in this area.

Dairy Freeze Ad Draws Recognition

Dairy Freeze drive-in, 1122 Ann Arbor Rd., was recognized this month by a nationwide trade publication for "unique and promotional merchandising" through the use of imaginative promotional efforts.

Accompanying the article in the publication, which is devoted to the Soft-Ice Cream industry, was a reprint of a recent advertisement carried by The Plymouth Mail. The ad was keyed to an ice cream sundae called "The Twist."

Dairy Freeze is owned and operated by Mr. and Mrs. John Guettler, 1182 Dewey.

The nation's first regularly scheduled passenger air service was inaugurated in Michigan. In 1926 the Stout Air Service began daily flights between Detroit and Grand Rapids.

Our Bonus Marcher Makes Front Page News Again

Yes Sir! Our own Delbert Cummings of 136 S. Union street has made front pages again and this time down in Charleston, West Virginia. After World War I Delbert became this area's only member of the famous bonus march on Washington and The Mail devoted much space to his experiences. This time Delbert has pulled another, and not the little wagon he used to pull on Main street here. The Charleston Daily Mail of Charleston, West Virginia devoted nearly half of its front page to the following story and the picture above. It seems Delbert was married... well, read it for yourself.

By WILMA HIGGINBOTHAM

Mrs. Rosa Hill of Clendenin Street became the bride Friday of Mr. Delbert Cummings of Plymouth, Mich.

The ceremony was unpretentious. The setting was unique; the situation unusual. They were married in the beautifully decorated lounge of Kresge's 5 & 10 Cent Store in Charleston.

Both the bride and groom have passed their 70th birthdays.

It was a whirlwind courtship. While the two had corresponded for seven years, they did not meet in person until this March. It was love at first sight.

The correspondence began by chance. The Renfro Valley Bugle, Renfro Valley, Ky., has a swap-column through which people exchange every-

thing from poems to tractor parts.

A Mr. and Mrs. Cummings from Plymouth, Mich. asked for words to a song. Mrs. Hill had them. This started an item-swapping, letter-writing friendship. After the death of his wife, Mr. Cummings continued the letter-writing friendship with Mrs. Hill. He came to see her this spring.

The next letters to her were love letters. The result was the Friday wedding.

Kresge's 5 & 10 staff was her family at the wedding.

The manager, Fred Coyle, was best man. The bride's matron of honor was Mrs. Garnet Javins, a close friend who has clerked in the store's ribbon and record departments for 21 years. Her former boss, Peter Grandall Sr., escorted her to the altar and gave her away.

The minister was the Rev. Pete Grandall Jr. of Winfield Baptist Church, a young man who got many an extra cake and pie from her kitchen while he was a lad in school.

FAMILY RITES BALKED

A store-turning family sounds strange but is quite logical in the light of events.

A few days ago, the bride-elects daughter, Mrs. Mamie Knight; her granddaughter, Rosanna Melton, and her husband, Udel, started from Cocoa to Titusville, Fla. to have their car serviced before starting the long drive to West Virginia for the wedding. A driver pulled out, crashing into their car. Mrs. Knight was hospitalized; the car went to the garage for repairs and the man who ran into them went to jail. Justice has been done but the prospective bride's plans for a family wedding were crushed.

Her son, Jimmie, and his family couldn't make it from Hampton Roads, Va. All of her relatives live in Alabama.

The bride-elect sat down to think. She has worked at Kresge's for 32 years — and still does in a pinch; her daughter worked there 11 years, and her granddaughter 12. To whom could she turn but the store? That WAS her family.

And the store came through. The girls spent Friday thinking more about wedding cake and punch than customers. Even the manager and her ex-boss looked pleased and starry-eyed over their unusual role.

The bride wore a dress of pale blue lace over taffeta, an orchid corsage, white accessories, and diamond earrings which were a gift of the groom.

Like every bride and groom, they got a little flustered. She dropped her glove and they got the rings mixed.

After their wedding trip they will reside on Clendenin Street. This seemed more practical. He no longer wants to live in Plymouth, so gave his home to a sister and her daughter.

The new Mrs. Cummings explained, "We're in pretty good shape financially. He's retired from Evans Product Co. I own the home and with our retirement and social security, we certainly won't be on the DPA."

The silver-haired bride has no superstitions. Her husband has. He refused to have their picture taken together until after the ceremony. Having been widowed once and divorced once, she is cured of following traditional wedding superstitions.

They will leave on their honeymoon trip this week end and to where else but Renfro Valley — the town that started it all.

Firemen's Picnic is Huge Success

The Plymouth City Firemen's annual picnic last Saturday at the Spring Street station was a huge success, officials indicated, and was attended by more than 40 persons all told, including firemen, their wives and children.

The family affair, an annual event for several years, featured the men as chefs.

The picnic started with games of croquet, badminton and volleyball. Dinner was served at 6 p.m.

For the youngsters, after dinner there was a special ride on an old-time pumper truck, an American LaFrance built in 1924. The 38-year-old truck was furnished for the occasion by the Plymouth Insurance Underwriters Association, owner of the device.

It once was the property of the City fire department. While the Firemen's Association was host for the picnic, various couples headed up individual areas of responsibility. Overall chairmen were Mr. and Mrs. Dan Fowler. Mr. and Mrs. Paul Cook were in charge of entertainment, while Mr. and Mrs. Paul Sanders headed plans for the dinner itself.

Township Grocery Obtains Liquor Permit

The state liquor control commission has approved an SDD package liquor license for McAllister Bros. Grocery, 14720 Northville Road.

It is the second such license issued in Plymouth Township in the past 18 months. The other one was issued to Bar-

tolo's Market on Ann Arbor Tr.

Owners of McAllister Bros. Grocery are Bill and Jim McAllister, who have operated the business for 17 years.

MONEY-SAVERS

Answers to 8 questions on car care that Shell dealers often hear

Shell dealers answer thousands of questions every year. Here are 8 that crop up all the time. The answers have helped many motorists save money. They may do the same for you.

Note: New Shell X-100® Premium is the first premium motor oil that leaves no additive ash deposits. It fights four other internal troubles that can shorten engine life.

1 What's that funny noise I hear? All cars make some noise. But be particularly alert for any squeals, squeaks, clicks, or rattles that crop up suddenly. Could be

anything from a sticking valve lifter to a loose wheel lug. Ask your Shell dealer to help you track down any unusual noise. You may save yourself a big repair bill later on.

2 How can I get more mileage from my tires? Rotate all tires, including the spare, every 6,000 miles. Drive at moderate speeds. Tires can wear twice as fast at 70 miles per hour as at 45. Avoid fast cornering, "jackrabbit" starts, sudden stops. Try not to bang tires against curbs. And check your tire pressure frequently.

3 Do I really need a lube job every thousand miles? Yes — unless you have one of the newer models that doesn't require it. But with any car, remember that frequent lubrication offers your serviceman a chance to spot trouble before it costs you a lot of money. That's why Shell dealers give you a bumper-to-bumper inspection with every Shelllubrication.

4 Can knock hurt my engine? Usually it's more annoying than harmful. But persistent knocking hampers perform-

ance and can lead to engine damage. That's why Shell scientists are such sticklers about knock. They even listen for it with stethoscopes and insist that Super-Shell contain no fewer than three knock-fighting ingredients.

5 How can I make my battery last longer? Here are four suggestions:

1. Let your Shell dealer check your car's electrical system. Worn wires and loose connections can drain power.
2. Always maintain battery water to the proper level.
3. Avoid prolonged idling with radio turned on.
4. Go driving! Long drives help charge your battery.

6 What does TCP do? Shell's unique TCP® is a combustion control additive. The hot piston device above shows one way TCP works. The glowing deposit on the left has not been neutralized with TCP. In your engine, glowing deposits can ignite fuel too soon, wasting fuel and power. Deposit on right has been "fireproofed" by TCP. No glow — no power loss.

7 How often should I change oil? The American Petroleum Institute recommends an oil change every 30 days in winter, every 60 days during summer.

8 Why do my tires wear out on just one side? Most likely cause: wheels out of alignment. Result: your tires drag against the road and wear unevenly. Unbalanced wheels can also cause uneven wear and make your car shake or shimmy. That's why it's a good idea to keep tires balanced and have wheel alignment checked twice a year.

Now a question for you

Is your car giving you top performance? If there's any doubt in your mind, try a tankful of today's Super Shell. It contains 9 ingredients including a gum preventive, three knock-fighters, "cat-cracked" gasoline, a mileage booster, an anti-icer, quick-starting Butane, and Pentane mix for fast warm-ups.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212.

Uncover TB Cases In Check at DeHoCo

Six cases of active tuberculosis were discovered by X-ray of prisoners admitted to the Detroit House of Correction during May and June, Superintendent Max Shapiro announced.

An additional 18 prisoners were found to have inactive TB while 18 others of the 651 prisoners examined during the two month period were found to have other chest abnormalities.

The prisoners involved were, for the most part, from Detroit — many from the Skid Row area.

Our Readers Express Their Views

Editors Note: It is not the policy of this paper to publish unsigned letters. In the case of the No vote question we did make an exception to find answers for the Board of Education. However, in the future all letters published must be signed, but names will be withheld if desired. Further, no letters of a derogatory or libelous nature will be printed regardless of their content.

Dear Sterling:
Quite apart from ones position the Plymouth Mail deserves a great deal of credit for its sincere editorial interest in and complete coverage of our current school problem. It's a shame a Community is in difficulty the true worth of a fine newspaper is felt.

Our current school problem, by the very nature of our society, affects every man, woman and child in our Community. We may choose to discount or disregard this fact, but we simply cannot avoid it.

The problem is complex

and seemingly impossible for the ordinary tax payer to appraise even though all areas of information have been discussed and published. There are a number of divisions of opinion, based on what one feels to be best for his personal interest; those who take the blind and arbitrary position taxes are high and refuse to consider the problem any further. There is the family, concerned about its children's future, whose emotional support would foster an unbearable tax load on the Community, while in the same category there are parents whose detachment and disinterest in Community affairs would allow us to become a second-rate school system.

There is also that rather large segment, and daily growing larger, of people who have a very real problem caused by our constantly growing taxes. These are, generally speaking, older and retired folks whose incomes are fixed and who must daily fight inflation in costs of food, services, taxes, medical needs, etc. It is easy to understand why many of these people vote against any increase in taxes.

However, blindly voting "No" because of ones feelings or financial position is a costly and negative action. The child population of this Community will continue to grow. The total of dollars required by our school system will grow in relation to the child population.

This does not mean that our individual tax bill must increase accordingly. But it does mean we as a total enlightened Community must face this very real fact and fight it in a positive way, not by blindly voting "No" on issues presented to us by intelligent and dedicated school people.

The only positive approach I know to keep our taxes under control is to continually work to increase our tax base by bringing in industry and revitalizing our Local Business. This is work in which all governments, (civil and school) industry, business men, and Civic leaders must join together. The Citizen can play a vital part in this effort by keeping, through intelligent voting, our school system at a high level. I assure you our ability to attract another fine industry like R.C.A. will be seriously handicapped if our present

level of education is allowed to deteriorate. This is one very important point these high grade industries always check out.

I strongly urge we vote "Yes" regardless of our feelings or finances, shop in Plymouth whenever possible to keep our local business able to pay taxes, keep aware of the tax help from Industry. Then, and only then, will we have a fighting chance of keeping these vicious taxes under control.

Sincerely,
Harold E. Guenther

Gentlemen:
Please extend our subscription for 1 year. Many thanks for splendid results of the one ad. We had expected it would be necessary to advertise our home for several weeks before finding a suitable tenant but were able to select one from more than 30 inquiries in one week.

Many thanks for a splendid newspaper we have enjoyed for more than 50 years.

Dear Mr. Sponseller:
We of the Plymouth Newcomers Club wish to take this opportunity to urge wholehearted support of the school millage proposition. We firmly believe that a positive vote is necessary to assure a continued civic and educational advancement in the Plymouth Community.

Sincerely,
Plymouth Newcomers Club
Marianne Garber
President

Dear Sir:
I should like to submit for publication the following letter addressed to the Citizens of the Plymouth Community.

The Plymouth Junior Chamber of Commerce strongly supports passage of the school millage proposition being brought before the voters of this community on July 30, 1962. We unanimously believe that passage of the proposition is essential to maintenance of the present high level of academic and civic opportunity now being offered to the youth and adult citizenry of this community.

The Jaycees urge a yes vote in support of the millage issue on July 30.

Sincerely,
Robert A. Petersen
Secretary

At the June 7th business meeting of the Plymouth Senior Citizens Club a member urged everyone to vote against the school tax millage in the June 11th election. He said the schools had plenty of money and didn't need any more. He has the idea that the school board can illegally loot the building fund for school operation. He said the state does it all the time. The state uses available funds when needed, but never indiscriminately loots earmarked funds with no intention of replacing such moneys as this man suggests. In that meeting no one stood up to be counted in defense of the schools, including myself. I was shocked dumb, and ashamed of myself. The mill-

age was voted down. At the July 5th meeting this same man urged everyone to vote down any millage until they elected a responsible school board. What would a responsible school board be — this man, and a few more like him, intent on wrecking the Plymouth Community Schools? This man is either grossly misinformed and uninformed or he is deliberately misleading us for his own material advantage. I was the only one to stand up for the schools, and was met with grunts of disapproval. What seriously concerns me is that no one else spoke up for the schools.

Some of these people have no children, or grand children, in the Plymouth Community schools. Some have no children or grand children period. They have not had the expense or responsibility of bringing up a family, and should be pretty well fixed. Remember, if there are no children there is no future. No one lives forever, and they don't take their worldly possessions with them. It isn't the money you save that does you any good, it's the money you spend.

If these people's stand, that they shouldn't have to pay school taxes if they have no children, is valid, how much more valid would such a claim be for business and industry? They have no children and can't have children, and don't even have a vote, yet they pay the biggest chunk of the school taxes. And I have never heard of their campaigning against the schools, or advising their employees to obstruct the proper maintenance of the schools. Burroughs, Whitman & Barnes, Barnes, Gibson & Raymond, Evans & Products Co., Western Electric, and many other large and small industries, along with other business in the Plymouth Community School District — can we get along without their school tax contribution? Let's not be silly.

The Plymouth Senior Citizens Club was sponsored in the fall of 1960 by the Soroptomist Club of Plymouth, and the Recreation Department of Plymouth. I can't believe it was their intent to sponsor a wrecking crew for the Plymouth Community School District. I have been a member of this group since the beginning, but if they are going to rise up against the best interests of the community, I want no further identification with them. We are on the spot. We'll have to prove our good intentions by more than a few reassuring words. It will have to be reassuring action. We'll have to get out and work for the school tax millage in the July 30th election, or admit our intentions are not good.

Are we going to fight against millage to properly support our schools, an American institution, and ask for a handout from the Plymouth Community Fund? We are on the spot to prove whether or not we are worthy, responsible, public spirited citizens. If not, Community Fund support of the Plymouth Senior Citizens Club should be promptly withdrawn. Donors to the Plymouth Community Fund do not contribute to support irresponsible citizenship. If the shoe fits, put it on. Do we want to be known as a group who, when we stop producing, we start destroying?

The press likes to use the term "tax bite" which stirs people to rebellion against taxes, but we still demand all kinds of services and benefits. We ask for more and more. But how much are we stirred up against the "profit bite" which takes much more

from us than taxes ever will. It isn't taxes that are hurting us most, it's inflation, and that's what we're doing about it? Maybe we asked for it. Many people wouldn't pay \$1. for a \$1.25 item but would snap up a 75 cents item for 89 cents. Maybe the attention senior citizens have had in the last few years has been a mistake. Maybe we don't deserve it. Maybe we are becoming a threat to the American Way. Maybe it has gone to our heads and we think we should be pampered. But no group should be pampered, because pampering makes poor citizens of them. We are all in this thing together. None of us dares to shirk his duty. Don't ever think nothing disastrous can happen to us. We'll have freedom only as long as we reach for it and fight for it.

Is being public spirited too much to ask of senior citizens? Do we want only to be pampered and coddled? Do we want to take all and give nothing? What do we want people to think of us? Or don't we care?

No one but myself is responsible for what is said here.

Alfred L. Hohl

To all voters in this district:
I am writing this letter in favor of the millage issue from the students point of view. We realize the importance of this issue and encourage your vote for the millage.

Let's look positively about the issue first. Let's say the millage is passed. Education is strengthened by developing facilities scholastically and athletically. More and better teachers are made possible to teach our many students. All of this is necessary to make us better citizens.

If we look at this nega-

tively we see us, as future citizens being partially denied the privilege of a good education. If the millage isn't passed the growth and strength of our education will be stunted — thus stunting the very important growth of our people.

Our nations leaders and President Kennedy are stressing and urging the importance of physical fitness. If the millage isn't passed our schools will be shut after school with no teachers to help and guide us in activities such as seasonal sports, GAA, cheerleading, swimming, etc. We can't develop at our best without this help.

There are so many fields in which we should develop. Concerts, band programs, scouts, etc. are part of this development. We need facilities for them.

I, as a student of Plymouth, have always been proud of Plymouth's excellent educational system, for which we are known. I hope my education will go on as it has with the best education possible. I enjoy school and after-school activities and hope I always will be able to.

Sincerely yours,
Sally McKenzie

This is a letter from a

future ninth grader. As far as the coming election is concerned, I know only what I have heard and what little I have read.

Last night, as I read the article in this weeks Plymouth Mail containing a list of items which would be omitted if the millage doesn't pass, one of them hit home. All sports would be cut out. I love sports. This is not just my opinion, but that of many kids my age. Football and basketball games and swim and track meets all give us kids a chance to let go. Either in the stands rooting or on the field putting forth all they have, us teenagers really enjoy it. For some kids these sports open a career when all other doors are shut.

Please don't take this source of good clean fun from your kids or anyone else. Vote yes on July 30th.

Recently a young woman I did not know came to our door and asked me to sign a petition to have a vote on liquor by the glass. This is the same scheme we voted down Nov. 4, 1958. I told her I didn't want it to come to a vote, and if it did, I would vote against it. She soon departed.

It is true that guzzlers can get liquor in the Township not far from Plymouth. It might not make very much difference in intoxication in our City. But who wants to have more liquor by the glass places in our fair City. Mostly it is the class that will sell man anything as long as there is a profit in it. Liquor by the glass places will make more wives go without things they need. More children will go without clothes they need be-

cause the pay check is trimmed down for drinks. I hear that the petition was circulated on Wing street, and I suspect that the liquor sellers are at it in a subtle way in our City.

My hope is that Plymouth people will wake up to the danger and not sign these petitions. If they do get it on the ballot, let us all rally and vote it down hard.

Chips from the ROCK

Jerry O'Neil is filling in on the editorial desk these two weeks while Editor James Sponseller swims, relaxes, and paints his house. In complete control of the job at hand Jerry put the following editorial together and wondered if we might want to use it. Because we think it is excellent we use it here to lead off our column.

An estimated 3,500 residents — this Monday — will voice their beliefs on a matter involving the added expense of roughly \$11 per year per homeowner in the Plymouth School District.

In the hands of these people, there rests a decision that could possibly retard the progress of Plymouth's school system for several years. It could also render severe damage to Plymouth's favorable community image.

While it is not a decision that can be made light of, neither is it one that should hinge on personalities, petty resentments, or other such frail fixtures.

And while the parents within our district are the ones who will wind up paying the additional school levy — if electors approve it Monday — it is, in the main, the children that will realize the tangible benefits.

The parents will be able to salve their financial wounds with a sense of accomplishment, for our actions today constitute the framework on which we must build for tomorrow.

Still, this is not intended as a plea based on emotions.

At stake in Monday's election — as we all ought to know by now — is a 5-mill tax package. Of this 5-mill bite, only 1½-mills, or an amount something short of \$150,000, is an increase over what has been levied in the recent past. Three and one-half mills is up for simple renewal.

A "No" vote at the polls Monday will deny the 3½-mill renewal and prevent the 1½-mill increase. But it will have another related effect as well.

It will dictate a \$450,000 cutback in school district operating expenditures, to include a delay in the opening of the new junior high school, erasing the adult education and recreation program, and 15 other similar reductions.

These 17 cutbacks in no way are aimed as a "threat" at the voters as they go to the polls five days from now. Instead, they represent the best revisions by which the school board can continue to administer effectively the school district if deprived of needed funds.

The Plymouth Mail has stayed close to this problem for many months now. It has observed the ef-

forts of the school board, requested and heard many individual citizens' thoughts on the matter, and continually presented the facts to readers as they have unfolded.

In our carefully considered opinion, a "Yes" vote on the school millage issue Monday is the intelligent solution to a serious problem that is confronting Plymouth residents individually and the Plymouth community as a whole.

You owe it to yourselves to go to the polls Monday and exercise an important prerogative. And when you vote, we urge that you vote in favor of the 5-mill school tax proposal.

The outcome is in question.
The decision is yours.

Plymouth sportsmen make the news this week at least as far as this column is concerned. Builder-developer Loren Gould leads the pack with his frightening bear experiences up in northern Canada.

It seems Bud made a new friend in the shape of a four hundred pound bruin which at one time took over the cabin and kept the fishermen at bay out doors for several hours. In the company of Dr. Frederick Bentley, Buick dealer Jack Selle and Dr. Bentley's brother, Dean, of Cadillac, Gould first encountered his newly made acquaintance when he stepped out of the cabin in the moonlight to almost step on the bear. Needless to say both were more than frightened, but the bear apparently enjoyed the company because he stayed around the camp for the next two days making it necessary for the fishermen to wire the cabin closed and hang up pie tins and other utensils to frighten him away. "I like to fish", said Bud. "but I'll do it closer to home in the future."

Plymouth's contingent of "tree-fishermen" are off again to Shaffey's fishing camp about fifty miles from Ottawa, Canada. Leading the expedition will be Carl Shear who is making the trip for his ninth year, his son Frederick of Ann Arbor, City Commissioner William Hartman, City Manager Al Glassford, Dr. L. J. Salan and Robert Eberbach of Ann Arbor. Believe it or not, these fishermen cast frogs high in the branches of trees hanging over the lakes edge and lower them into shady pools where hungry big-mouth bass eagerly await their lures. When a bass is hooked it is pulled into the tree as the guide rows the boat under the branches where it is then lowered into the boat and unhooked. Fishing has always been excellent in the past, says Mr. Shear, and of all the shore dinners they have enjoyed each day while there, only once did he have to eat bacon because they couldn't catch enough fish.

Going fishing twice in one summer isn't unusual for a confirmed fisherman but in the case of Edwin Schrader that's something different. Friend Bud hadn't looked in his fishing duffle bag since he returned from an early spring expedition to Lochalsk,

Canada with Ernest Henry, Ralph Taylor and Frank Terry. Fishermen are superstitious and get funny habits. In Bud's case he has his usual fishing pants, shirt, jacket, pajamas, etc. Planning a weekend at Burt Lake with friends he and his efficient wife couldn't locate the pants to his pajamas... and... he just couldn't go without finding that particular pair, so giving his loss a second thought at his office one day, he called wife, Myrilla, and suggested she look once more in his duffle bag which was the only place he could think of where they might be. This she did, and in rummaging through the assorted clothing collection she couldn't find the pajamas pants but did come up with a woman's beautiful nightgown... Needless to say fishing partners Henry, Taylor and Terry are now using back alleys to and from their work to avoid the wrath of their highly confused and bewildered fishing companion.

News In Brief

Favorite Recipes from Plymouth Kitchens

Mrs. Edmond Watson

As summertime means fried chicken time to Mrs. Edmond Watson of 12900 Dunn Ct., who consented to be the Mail's guest cook this week, she was busy preparing a chicken variation — Michigan City Chicken Legs, a La Hawaiian — when our photographer arrived at her home. The chicken legs may be served either hot or cold, and are excellent for patio or backyard suppers, says Mrs. Watson, who has been using this recipe for about 25 years.

MICHIGAN CITY CHICKEN LEGS, A LA HAWAIIAN

1 1/2 lbs. pork steak
1 No. 2 can of pineapple chunks
2 eggs
2 c. cracker crumbs
6 Tbl. cooking oil or margarine
1 tsp. salt
1/4 tsp. pepper

Cut meat into 1 1/2 inch squares and marinate in pineapple juice for one hour. Put the two beaten eggs, seasoned with salt and pepper in a shallow pie pan or vegetable dish. Roll cracker crumbs until they are finely ground and place on waxed paper. Heat the cooking oil or margarine in a large roaster or electric frying pan. Then, place meat and pineapple chunks on meat skewers, alternating veal, pineapple and pork, using two of each. Dip in egg mixture, then in cracker crumbs. Do this twice, to get a crisp crust. Brown on all sides in hot fat, then cook in a covered pan or roaster on low heat for at least 1 1/2 hours, or until thoroughly cooked.

The recipe makes at least eighteen chicken legs, but Mrs. Watson says there is no guarantee as to how many the recipe will feed. Allow at least three pieces for each guest, she advised.

Principal at James Madison Elementary School, in Wayne, Mrs. Watson is a former district chairman of Business & Professional Women's Clubs, Inc., and a member of the Plymouth Historical Society and the Soroptimist Club in Wayne. Her hobbies include reading, especially historical novels, and visiting historical sites.

The Brotherhood of Locomotive Engineers was founded in Marshall, Michigan, in 1863 and soon became one of the leading organizations of the labor movement.
