## Resolved for '63

### New Year's Resolutions

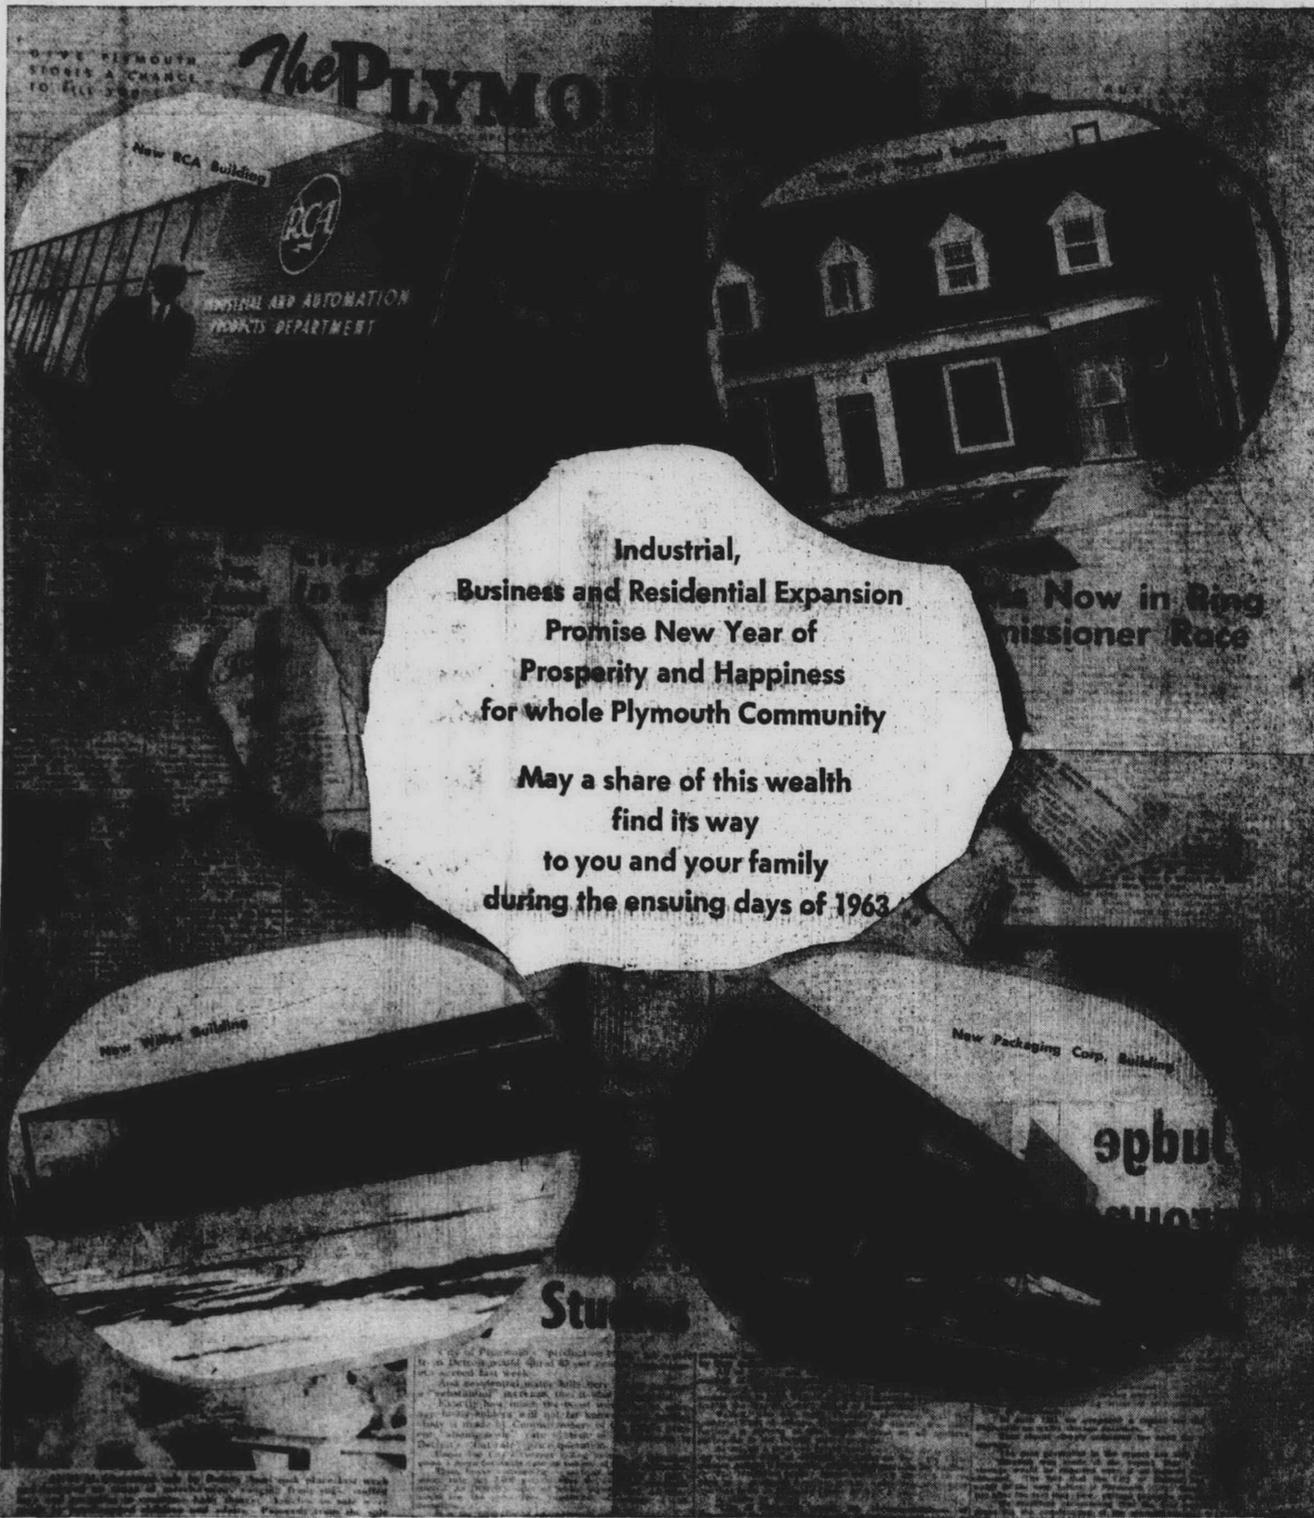

BY DAVID T. DAVIES, RECTOR  
ST. JOHN'S EPISCOPAL CHURCH

THE NATURAL HABIT OF MAKING NEW YEAR'S RESOLUTIONS CAN BE A CONSIDERABLE FACTOR FOR GOOD IN THE LIVES OF MANY PEOPLE. INSTINCTIVELY, WE SET OUR WILL, WHICH WE VOICE IN A RESOLUTION, TO ELEVATE OUR IDEALS AND TO CORRECT BAD HABITS.

HAVE YOU EVER STOPPED TO THINK HOW SELDOM THE TEMPTATION COMES TO YOU TO WILL OR RESOLVE ON SOMETHING THAT IS MEAN OR BAD? OUR SINS ARE NOT THE PRODUCT OF OUR DELIBERATE INTENTIONS. BUT, GENERALLY SPEAKING, OF OUR WEAK WILL AND FAILURE TO LIVE UP TO THE RESOLUTIONS WE HAVE MADE. THIS THOUGHT BRINGS US FACE TO FACE WITH THE PLACE AND POWER OF RELIGION IN THE LIFE OF THE INDIVIDUAL. THE TASK OF RELIGION IS TO AWAKEN THE CONSCIENCE, STRENGTHEN THE PURPOSE, AND EMPOWER THE WILL. IT IS BY OUR UNDERSTANDING AND KNOWLEDGE OF THE LIFE OF CHRIST THAT OUR IDEALS ARE RAISED AND OUR PURPOSE DEVELOPS. IT IS IN HIS SPIRIT THAT WE ARE ENABLED TO CARRY OUT OUR RESOLUTIONS. MOST OF US ARE WELL AWARE, FROM OUR EXPERIENCE, OF THE WEAKNESS OF OUR OWN WILL POWER.

NEW YEAR'S RESOLUTIONS, NO MATTER HOW PURPOSEFUL AND VALUABLE THEY MAY BE, DEPEND ON OUR SPIRITUAL STRENGTH, AND THIS, IN TURN, IS THE PRODUCT OF PRAYER, MEDITATION AND WORSHIP.

THE BEST NEW YEAR'S WISH I KNOW IS IN THE LANGUAGE OF THE ANCIENT PRAYER: "THAT AS WE GROW IN AGE, WE MAY GROW IN GRACE, AND IN THE KNOWLEDGE OF OUR LORD AND SAVIOUR JESUS CHRIST."

Industrial,  
Business and Residential Expansion  
Promise New Year of  
Prosperity and Happiness  
for whole Plymouth Community

May a share of this wealth  
find its way  
to you and your family  
during the ensuing days of 1963

## Flames Rout 5 Families

Christmas Eve was far from pleasant for the members of five families living in an apartment building at 243 North Main St.

Flames broke out in the building at approximately 7:30 p.m. Monday, spread swiftly throughout the rambling residential structure, routed nine persons into the cold night, destroyed a considerable amount of personal belongings and caused major damage to the building as well.

It was the second major fire in eight days involving an apartment building here. On Monday, Dec. 17, five other families were left temporarily homeless when a building at 200 South Main was heavily damaged by flames.

Fire department authorities, in the midst of an investigation of the earlier fire, have begun a similar study of the most recent one.

An estimated 25 firemen battled the Monday night blaze until well past midnight and the last firemen did not leave the scene until nearly 5 a.m. Tuesday, Christmas morning.

Two firemen suffered minor injuries, but none of the apartment occupants were injured. (Continued on page 2)

## City Primary Feb. 18; 1st in 16 Years

City of Plymouth will hold a primary election Feb. 18 to determine the eight nominees who will face each other in the Biennial Spring Election. The primary election will resolve the commission vacancies occurring then.

It will be the City's first such primary in 16 years, according to Clerk Joseph

Walters here for a City Commission race, according to Near, was in February 1946. A primary is conducted whenever more candidates than twice the number of vacancies file petitions of candidacy.

With four vacancies, a primary run-off would be required if only nine candidates submitted petitions. Deadline for filing is 4 p.m. Dec. 31.

Thus far, Near has received six petitions officially but has issued five others which are now in circulation. The six candidates who have filed are:

George Hudson, Harry Hunter, Leon L. Merriman, William Silvis, Eldon Martin (Continued on page 8)

Mr. Sterling Eaton  
The Plymouth Mail  
Dear Mr. Eaton:

There appears to be considerable confusion and conflict arising out of the action of the City Commission of the City of Plymouth looking to the establishment of a new water reservoir. While the writer has no duty or interest in the decisions involved, other than as a resident tax-payer and user of city water, it may be possible to submit a few facts and points of interest to the people of the City (Continued on page 8)

# Plymouth Merchants Reflect on '62 as Year of Prosperity

How was business in the Plymouth community during 1962?

For that matter, how good — or bad — was the recent Christmas selling season for local merchants?

And how did construction stack up this year opposed to a year ago in Plymouth City and Township?

The Plymouth Mail asked these questions of local businessmen and City and Township officials to get some idea how Plymouth fared during the past 12 months.

By and large, it was a prosperous year all around, according to most sources. Retail business volume may not have reached the lofty heights that it enjoyed during the banner years of 1958 and 1959, but — all things equal — 1962 was a "satisfying" year apparently.

Construction in both the City and Township was on the climb during most of the year. In the City, particularly, industrial construction spiraled upward, due mostly to the sale of land in the Industrial Park along Plymouth Road.

THERE, TWO large industrial firms undertook considerable capital investment — Radio Corp. of America and Willys Sales Corp. Elsewhere in the City, Packaging Corp. of America constructed an estimated \$300,000 addition to its existing facilities on Sheldon Rd.

In Downtown Plymouth, First Federal Savings is rapidly nearing completion of a new financial headquarters. This, too, has contributed heavily to the City's increase in new construction valuation. The new First Federal office is being constructed at an estimated cost of \$130,000.

Across the street at National Bank of Detroit, savings and checking accounts have been on the rise, according to branch manager Mel Walters.

Walters attributed part of this to normal community growth. The remainder, he implied, was due to an upsurge in extra cash among banking families here. Auto loans, too, have experienced an increase, Walters said.

He described the bank's growth in savings and checking account business "very satisfying."

Take a walk down Plymouth's main business district and ask the merchants there how 1962 treated them. The Plymouth Mail did, and asked also about the strength of the Christmas selling season.

OPTIMISM WAS shown on all sides. While a few defeatists were sitting around berating the state of retail business in Plymouth, local merchants — by and large — were experiencing hearty months. Their bank deposit records denied any sus-

pected "down-trend" in retail sales volume here.

One merchant emphatically singled out the increased customer parking facilities as a contributing factor to his sales increase. In fact, during

October, shortly after the expanded Central Parking Lot was opened, this merchant experienced a 20 per cent increase in sales.

These were some typical comments by businessmen;

"Business is healthy."

"We've found it to be a good (Christmas) season this year."

"Better than 1961."

"Running way ahead of last year."

"Better every month."

"For the year — Up; For the Christmas season — about Even."

"A slight increase over last year."

"Steady increase in Christmas sales daily since just after Thanksgiving; We're really looking forward to 1963."

While Wonderland some time ago cut hard into retail profits here, during the six months immediately after it opened in Livonia, much of this has been gained back; it appeared. Discount houses still seem to take away what is described as the "low end" business locally, but one Plymouth merchant said he had gained sales at the "top end." It had evidently balanced out for him.

Some business places that feature merchandise which is tightly caught up in the discount craze, have taken losses, but wide store-inventories and continued personal service have offset much of this and tended to retain the more solid patrons, who seek quality above "a few pennies saved."

AMONG THESE that have swung heavily toward a "wide base of inventory" to compensate for any discounting losses is Melody House, the

record shop next to the Penn Theatre.

Margaret Wilson, who two years ago purchased Melody House in partnership with Mrs. Charlotte Lush, has increased store inventory several-fold from the inventory she obtained at the time of the purchase.

"Our sales volume has risen steadily, partly due to this wider selection that we offer now," Miss Wilson stated. The Christmas surge at her store started immediately after Thanksgiving, slacked off briefly and began a continual climb.

She experienced the two strongest sales days on Saturday and Monday immediately prior to Christmas.

Bernie Morrison, who moved his Famous Men's Wear clothing store into a new location on Ann Arbor Tr. last August, was one merchant who expressed heavy optimism about 1963.

"The future here should be very, very good," he said.

He could not compare his present year's totals against a year ago, for the simple reason that he had widely expanded his operation in the change-of-location.

"It's substantially improved," was one of his observations.

"We have a definite need, however, for a children's clothing store somewhere in the Downtown area," he said.

(Continued on page 6)

MORE THAN 50 children confined to Maybury Sanitarium in Northville enjoyed a full Christmas yesterday, thanks to employees of National Bank of Detroit here. The NBD employees prepared gifts for all of the youngsters, in reply to letters written to Santa by the children. Here, shown loading the gifts on a special NBD delivery truck, are: driver Victor Jabara, Lee Rambo, Dorothy Thomas and Tom Barson.

## Generous Acts Lessen Load for Fire Victims

Numerous acts of kindness, together with untold offers of help, have measurably lessened the burdens that befell five families early last week when flames ruined their apartments in a building at 200 South Main St. here.

On Monday Dec. 17, a stubborn blaze destroyed half of the 100-year-old "Heddon Building" across the street from City Hall, and severely damaged apartments located in the other half of the brick structure.

Since then, assistance from local merchants, service organizations, the Red Cross and many individuals has dulled the sharp edge of tragedy that seemed to hang like a gloom over the near-disaster.

While personal loss was described as "extensive" by one observer, there were fortunately no injuries caused by the fire.

The 11 apartment residents escaped unscathed from the flames that eventually destroyed the offices of the Michigan Cancer Foundation branch, along with a beauty shop and a barber shop.

Left - for a moment, at least - homeless by the blaze were:

Mrs. Elizabeth Yattaw and her two children; Mrs. Beatrice Ellinger and her son; Mr. and Mrs. Ray Williams, who have no children; Mrs. Katherine Murphy and her son, Bud; and Mrs. Isabelle Kuczynski and her teen-age daughter.

Mrs. Ellinger, who immediately moved with her son to 235 Adams St., told The Pymouth Mail shortly after the fire had been conquered that she had lost "practically nothing."

Perhaps the most serious losses to personal belongings were suffered by Mrs. Kuczynski and her 14-year-old daughter, Joelle. Both also

moved into the Adams St. home with Mrs. Ellinger.

(The home is owned by Mrs. Ethel Jolliffe, who also owned the Main St. structure.)

Mrs. Kuczynski "lost everything" in the blazing fire that required better than 12 hours to extinguish by firemen from City of Plymouth, Plymouth Township, Canton and Ypsilanti Townships.

"We lost everything," said Mrs. Kuczynski in a telephone interview later in the week, "but after the shock of the fire had passed, the many wonderful offers of help that poured in certainly lessened our troubles."

Mrs. Murphy and her son, Bud also lost everything, reported Mrs. Kuczynski. The two women with their children occupied upper apartments in the front portion of the building.

The fire reduced their quarters to ruins, along with the barber shop, beauty salon and Cancer Foundation offices.

The immediate problems that arose for Mrs. Kuczynski and Mrs. Murphy were instantly countered by numerous acts of kindness and generosity, which came from many sources.

The many acts of kindness that enabled Mrs. Murphy to manage were not immediately known, but those that aided Mrs. Kuczynski and her daughter were comparable, it was believed.

Joelle Kuczynski, the 14-year-old daughter, is a student at Junior High East. She had no clothes, other than those on her back, after the fire was put out, and she was scheduled to play in a Junior High East band concert within the next few days.

To make matters worse, Joelle's flute was lost in the fire, along with the band music that she had been keeping.

Through the Red Cross, both mother and daughter were outfitted with clothes for immediate use. The First Presbyterian Church provided a flute for Joelle to play in the concert, and also replaced a piccolo. The band music was replaced.

Neighbors furnished Mrs. Kuczynski with additional clothing and foodstuffs. Joelle's classmates and Junior High East teachers took up a collection and contributed more than \$350.

Mrs. Kuczynski's co-workers at Barnes-Gibson-Raymond Co. donated more money.

"The wonderful generosity shown us by everyone in Plymouth is unbelievable," she said. "We appreciate it ever so much."

She had lived in her apartment 14 years.

Meanwhile, Mrs. Yattaw, who while in one of the rear apartments, has moved to 570 Jener, the home of her mother.

The Goodfellows, Red Cross, Salvation Army and several other groups and individuals pitched in to assure that she had the necessary items with which to continue swiftly.

The same organizations made it a point that Mrs. Yattaw's two children had a full Christmas, in spite of their personal losses in the apartment house fire.

Mrs. Murphy has since moved in with friends in Livonia.

The other occupants of the apartment building were Mr. and Mrs. Williams. They, too were extended similar assistance to assure that they would be back on their feet swiftly.

The couple lived briefly with relatives here immediately after the fire, but have now moved into another apartment in the City. They suffered relatively minor losses among their personal belongings.

Wayne county, which contains Detroit, is world-known for its industries, yet it leads all of Michigan's 83 counties in production of sweet corn.

## Flames Rout Lutherans Plan Special New Year's Eve Service

(Continued from page 1)

Fireman John Covath sustained a back injury when he fell as he was battling the flames, and another firefighter, Henry Smith, injured his arm. Both stayed on the job, and were treated later.

The residents of the apartments included:

Mrs. Alicia Estep, Mr. and Mrs. Ray Pridemore, Mr. and Mrs. James Pritchett, Mr. and Mrs. Estel Robinson and Mr. and Mrs. Harold Heintz. A sixth apartment was vacant at the time.

Mrs. Estep, who had lived in the building for seven years and took care of the various minor administrative matters for the owner, is living with her daughter and son-in-law, Mr. and Mrs. Milton Miller, 117 North Holbrook.

Pridemore's wife is expecting a baby. Pridemore, who is a volunteer City fireman, discovered the fire at about 7:30 p.m. and notified the fire department immediately. He and his wife have since moved in with relatives in Farmington.

The other three couples had no children. Mr. and Mrs. Pritchett and Mr. and Mrs. Robinson have moved in with relatives or friends here, it was understood, and the fifth couple, Mr. and Mrs. Heintz, who had lived in their apartment only about five weeks, have also found new living quarters here.

The building is owned by Miss Cornelia Hoffman, of Detroit. The exact amount of damage to the structure was not known immediately.

Deputy City Fire Chief Charles Groth said the blaze started in a rear apartment on the first floor, spread along the flooring to the center of the building and crept up through the walls to the second floor and attic.

Interior damage was considerable. Firemen had to chop holes in many of the walls to get at stubborn flame pockets.

Groth is already undertaking an investigation in an effort to determine the cause of the fire.

"It was one of the most difficult, stubborn types of fires to fight," said Groth Wednesday. "Much of the flames stayed within the walls."

Firemen entered the building almost immediately to direct hoses at major fire points, but still the flames lingered, and would often break out again after firemen had doused heavy portions of water on certain areas.

Heavy losses in personal belongings were sustained by Mr. and Mrs. Heintz and Mr. and Mrs. Pritchett. Mrs. Estep, in fact, said that those two couples "lost everything."

Mrs. Estep said that she, the Pridemores and the Robinsons salvaged much of their belongings. Damage to their clothing and furniture was mostly due to water and

## DeHoCo Escapee Trapped Here; Free 2 Hours

An escapee from Detroit House of Correction was recaptured in Plymouth less than two hours after he fled on foot from the prison early Wednesday morning.

Ralph McCormick, of Detroit, was recaptured at 3 a.m. Wednesday morning as he was hiding in a garage at Ann and Farmer Streets here.

He had been serving a sentence in DeHoCo as a parole violator stemming from a conviction for armed robbery and safe burglary. He was caught by State Police troopers, who were assisted by City of Plymouth policemen and Wayne County Sheriff's officers.

McCormick, according to State Police, escaped through a window in the prison laundry about 1 a.m. Wednesday and fled on foot across fields, entering Plymouth soon after his escape.

He was re-captured about 3 a.m. A quickly-organized search was conducted from radio cars by State Police, Wayne County Sheriff's deputies and City of Plymouth police officers.

Michigan initiated the first state program of consultant service to hospitals on care of mothers and newborn babies.

### WINNERS in the recent Beyer Rexall Boys' and Girls' contest were announced this week by drug store owner Robert Beyer.

Grand prize of a boys' bicycle went to Barry Coburn (center) while Kathy Hurtik (at right) received the girls' division top award. Larry Mucker, one of the second prize winners is shown at left and Mayor Robert Sincok was on hand to make the awards. Other winners in the boys' category included: Robert Freeman, John Bennett, Roland Carmickle and Billy Bryan. Other girls' division winners were: Rene Armbruster, Ann Sulkowski, Ellen McMullen, Leslie Decker and Marion Cronin. The Beyer Rexall Boys' and Girls' contest is an annual event, held just prior to Christmas each year.

## Postal Rate Hike Effective January 7

Plymouth residents were reminded this week that postage rates will increase Jan. 7. The local reminder was issued by Plymouth postmaster George Timpona.

Rates for first class letters will go from four to five cents and air mail letters will rise to eight cents from seven.

First class post cards will cost four cents instead of three and air mail cards will increase from five to six cents, Timpona said.

Booklets of five and eight cent stamps will be sold at the post office at face value — \$1 and \$2 respectively. The booklets contain a postage chart on the inside cover.

Timpona referred to a current postal regulation that states that insufficient postage will be collected from the addressee or the letter will be returned to its sender.

The new five-cent letter rate, which was recently enacted into law by Congress and goes into effect Jan. 7, is the same rate Americans paid for letters when the U.S. issued its first postage stamps 115 years ago, Timpona declared.

Research shows that, in 1847, the Post Office department issued its first stamps, including a nickel stamp for the basic prepaid letter rate. Since 1932, while living costs have risen 118 per cent, the cost of mailing a first class letter has increased only one cent, or 33 per cent. At five cents, Timpona declared, the mailing of a first class letter will still be one of the best bargains available.

The one cent increase on first class mail, Timpona said, will only cost the average family about \$1.80 a year, since the vast majority of first class mail is generated by business concerns.

Only 25 per cent of all first class mail originates from private individuals, he said.

The new five-cent stamp will bear the picture of George Washington and will be printed in blue. More than 70 different George Washington stamps have been issued and the number of Washington stamps that have been sold to date exceeds 405 billion, Timpona said.

## Liquor License Violations Bring \$150 Fines Here

Two Plymouth business places last week were found guilty of violating their liquor-sales licenses by the Lincoln Park branch of the State Liquor Control Commission.

Both were ordered to pay \$150 fines no later than Jan. 23 or accept a suspension of their respective licenses for 30 days.

Toll House Inn, 335 N. Main St., was found guilty of "selling to a minor and allowing a minor to consume on the premises."

Dely's Market, 895 Ann Arbor Rd., was found guilty of "selling to a minor." Both charges were proven in the hearing before the Lincoln Park branch of the LCC.

The University of Michigan School of Nursing is in its 21st year as a degree-granting unit.

From **CARL PETERSON**  
To All of You

Once a long time ago, there was a wonderful little girl who had waited most anxiously for Christmas Eve. When the moment finally did arrive she went several times to the door to peer out into the wintry night.

Noticing a slight hint of dejection as the child turned back into the room the last time, the girl's mother asked the reason. Sadly, the little girl explained... "Mother, you said that when Christmas Eve came the sky would open and the angels would sing, but I don't hear the angels."

It would appear that this, in varying fashions, happens a lot to us.

Christmas Eve for us this year has come and gone. And, perhaps, like the little girl, we built ourselves up for something great and when the time came we felt disappointment. Not necessarily at Christmas time might we be inclined to this attitude.

Maybe it's because we try to get too much out of the times. Perhaps we are dwelling too heavily on what will come to us, rather than what we can give to someone else.

The Holiday season, centering around Christmas and the spirit of giving, is a feeling — a very personal and peaceful feeling. The sky won't necessarily open nor will the angels sing. But something sings from within us. And as always there is love in the air, and compassion, and a feeling of fellowship.

And at least at this time of the year there is peace and happiness a-plenty and we shall think that we have more of love and substance to share. And we'll share it...

There's nothing to compare to this "Song" that stems from within us. So... a merry, merry holiday season to you and happiness a-plenty during the forthcoming year.

## High School Notes

BY JERI GULBRANSEN

"International Holiday" is the theme of a dance to be presented on December 29, by the International Relations class from 8:00 to 12:00 p.m. in the High School gym.

Jo Mecklenburg '63 is the chairman of the holiday dance which will provide free refreshments and entertainment. Out-of-town and college guests are welcome, and boys should wear white shirts and ties and girls "dress up" clothes. Admission will be charged — couples \$1.50, stag \$1.00.

The dance is a money raising project for the IR class's trip to New York to visit the United Nations the first weekend in February.

On Christmas day Mr. and Mrs. Melvin C. Gutherie, Jr. entertained the Gutherie family at a family dinner at their home in River Oaks, Dearborn, Michigan.

Mrs. Kinkenter, who was 85, resided most of her life in the Ithaca and Battle Creek area. She was born June 4, 1876. Surviving is a son, Lawrence H. Kinkenter, of Livonia.

**HARRY H. NEWELL**  
Masonic memorial services will be held Friday, Dec. 28, at 1 p.m. at Schrader Funeral Home here for Mr. Harry Hale Newell, 77, who passed away Dec. 25 at University Hospital in Ann Arbor.

Mr. Newell, who lived at 360 S. Harvey St., is survived by his widow, Myrtle, two brothers, Ray of Alabama and Frank of Hayward, Calif., and a sister, Mrs. Myron F. Howard of Bellville, Illinois.

A retired Ford Motor Co. accountant, the late Mr. Newell lived in Plymouth 33 years and was a member of the Christian Science Church of Plymouth and Wolverine Lodge No. 484 F. & A. M. Detroit.

Interment will be at Riverside Cemetery. Mr. Newell was born Dec. 19, 1885, in Newame, New York, and moved to Plymouth in 1929.

# Local Site Sinking Fund Has Built-In Flexibility

The inherent flexibility of a five-year building and site sinking fund was illustrated once again recently to residents of the Plymouth Community School District.

Involved is a 5-mill fund, authorized by voters here in 1960, which will ultimately provide nearly \$2.7 million in tax revenue for the School District.

It was established to be used "for building construction and purchase of sites" on what is described as a "pay-as-you-go" basis. Through the terms of the fund, money is borrowed in anticipation of future tax revenue, thus permitting school construction and expansion as the need arises.

The School District, in other words, is not compelled to wait for current tax revenue to arrive before necessary expansion may be undertaken.

The fund was designed originally in order to rehabilitate the Senior High building here and to construct the new Junior High West, which is a two-phase project. (The first phase is already complete.)

But the flexibility of the 1960 building and site sinking fund came to the fore last week when Board of Education members approved a needed — but not originally foreseen — two-room addition.

The 1960 building and site sinking fund were further illustrated by the Board's recent action and its plans for the Farrand expansion.

If necessary, Board members are prepared to defer a portion of the Senior High rehabilitation program in order to assure the two new rooms for the Farrand school.

But, regardless, the multi-uses of the building and site sinking fund were further illustrated by the Board's recent action and its plans for the Farrand expansion.

The 1960 building and site sinking fund is summarized in the fourth-coming School District report that is even now reaching a stage of distribution.

The total fund (accumulative receipts over its five-year life-time) will total \$2,680,000. Of this amount, \$1,150,000 has been expended

in the first two years (up to June, 1962). The remainder has been budgeted.

Of the remaining \$1,530,000, \$250,000 had been tabbed for "Senior High Rehabilitation." It is out of this amount that funds for the Farrand addition will be obtained.

A total of \$687,000 has been budgeted for the second phase of Junior High West and bids on this — along with the Farrand addition and the Senior High improvements — will arrive in a package to be opened in March.

The balance will go toward a number of things, including \$158,000 still to be paid on one of Junior High West, \$86,000 for acquisition of sites (if needed) and other contingencies, and \$54,000 for interest payments on borrowed money.

Interestingly, when the School District borrows money against tax anticipations, it practically breaks even in the exchange.

The summary of the building and site sinking fund states that interest gained on invested borrowed money will return \$51,000 over the five years of the fund. Meanwhile, the School District will pay out \$64,000 in order to borrow the money.

The net loss is only \$13,000 on more than \$2.5 million. The \$687,000 that has been budgeted for Phase II of Junior High West includes all architectural fees, furniture for the building, fixtures and equipment.

In earlier times, the Plymouth Community School District had paid for construction out of current tax collections and short-term loans against future taxes.

The "pay-as-you-go" method of a building and site sinking fund is a money-saver in other ways. School officials have estimated that the district will save taxpayers approximately \$550,000 in financing costs through the current sinking fund.

The savings are roughly the equivalent of the cost of a new elementary school.

## Goodfellows Seek New Members, Elect Loren Goodale President

Loren Goodale, local delicatessen store owner, has been elected president of the Plymouth Old Newsboys Goodfellow organization for 1963, replacing Paul Sanders, the 1962 president.

Goodale was elected at a meeting shortly after the recent Goodfellow special election newsboys' sale, which this month will raise \$2,000 for the Goodfellow fund.

Simultaneous with the election, the Goodfellow fund will continue to receive contributions through the mail, in hope that they will still attain their \$2,000 goal.

Only \$1,000 was contributed during the recent sale of the Plymouth Goodfellow fund. It was termed "far below" the amount the Goodfellow fund hoped to obtain for full operation of their charitable program during the winter months.

Slogan of the Goodfellow is "No Kiddle Without a Christmas." Relying on a slender cash reserve fund, Goodfellow were confident, however, that they could adequately provide for the estimated 65 families that otherwise would enjoy a most less complete Christmas this year.

"It will be a far different story next year, however," said a Goodfellow spokesman. "For the past four years," the spokesman said, "we

have failed to reach our goal and now our cash reserves are gone."

Mailed contributions may be sent to the Goodfellow treasurer, Harold Stevens, at 600 N. Territorial, apartment No. 25.

Sanders, the Goodfellow outgoing president, extended his appreciation to all Plymouth Old Newsboys who contributed to the recent Goodfellow sale.

"We're most thankful that so many people were able to help us, and I'm confident that next year here, Plymouth Goodfellow will bounce back as strong as they have in the past."

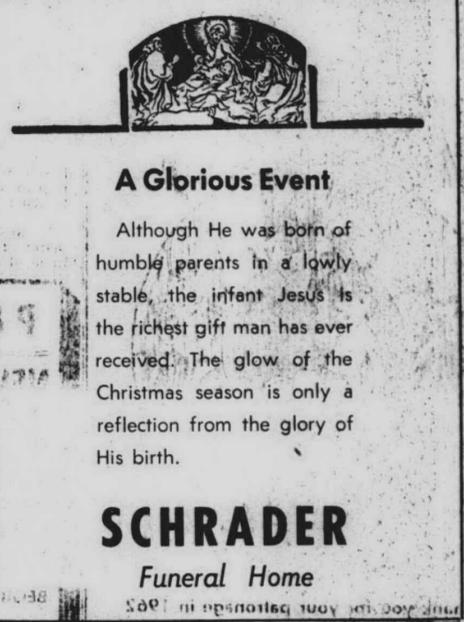

Sanders also thanked the 40 Old Newsboys who handled the actual sale one recent Saturday. They worked a hard day during the sale of the papers and raised the approximate \$1,000.

The Goodfellow fund is a non-profit organization which has been in existence since 1914. The Plymouth City fire department plans for a concentrated membership drive that is hoped will boost the Goodfellow activities over the coming months and years.

The meeting will be held in the evening. Interested persons may contact Sanders at the Plymouth City fire department for further information.

**FIREMEN** were able to prevent the flames from spreading to the rear portion of the burning building at 200 S. Main last week by directing water hoses at a key dividing partition that separated the front half of the structure from the rear half. A light wind that pushed the smoke away from the rear half and kept flames away as well to save the rear portion. While there were no injuries to either firemen or occupants of the building, the property damage was considerable. Exact cause of the blaze may never be known.

**Merchants Reflect**

(Continued from Page 1)

Robert Willoughby, who started Willoughby's Shoe Store here in 1926, had endless good words for 1962, his 26th year in the shoe business.

"WE'VE BEEN running way ahead of last year," he said, "and 1961 was our biggest year up to then."

All shoe stores encountered a sudden windfall recently when the heavy snow-storm struck. Sale of boots, galoshes, rubbers and overshoes swung upward at a rapid pace as residents were reminded that winter was upon them.

While one drug store reported he was "not exceptionally busy" this year, another singled out 1962 as having "gotten better every month."

The last three days before Christmas (Friday, Saturday and Monday) were the healthiest for drug stores and many other places of business, as far as the gift-shopping surge was concerned.

Wendell Lent, owner of Davis & Lent, said he expected his gross receipts to be up about seven per cent over 1961. The gain is approximately equal to the national average.

Approaching his 20th anniversary in the clothing business here, Lent attributed the increased parking area as one factor in business upswing here.

Davis & Lent, he said, began to experience a "strong" Christmas selling season starting about Dec. 3.

And so it was, all across Plymouth. Hardware stores were enjoying a boom-time as wives, sisters, mothers and daughters made annual treks into the world of the man to select carpentry tools and the like as Christmas gifts.

Sale of hard goods and soft goods as well was evidently up over 1961.

But back to construction figures here...

In its November building department report, City of Plymouth listed

\$1,294,736 in total valuation of new construction started during the period July 1 to Dec. 1. A year ago, for the same period, construction valuation was only \$554,000. The increase was greater than 100 per cent, and in favor of 1962.

COMMERCIAL construction during 1962 in the City since July 1 has totaled \$250,000. Industrial construction reached \$400,000. Corresponding figures from a year ago show where the difference lies. From July to December 1961, commercial construction was valued at less than \$40,000.

Only \$5,000 in industrial construction was undertaken in the City during that same period a year ago.

Plymouth Township issued comparable figures as far as the value of new construction was concerned.

"The Township had a pretty good year," said Township Building Inspector Matt McLellan, "but it's been slowing down recently."

Biggest gain in the Township was in residential construction. McLellan reported that 128 new homes were begun during the period Jan. 1 to Dec. 15 and the total valuation exceeded \$1,400,000. It tripled the value of 35 home-starts during 1961.

THERE WERE no gains in industrial or commercial construction in the Township, however. Industrial construction was valued at \$33,000 for 1962 opposed to \$75,000 for the year previous.

Commercial new construction during 1962 carried a total value of \$228,500, while in 1961 the figure reached \$403,000, McLellan said.

One major reason for the drop, however, was that the building permit for Plymouth Bowl was issued in 1961 and was applied to that year's total. Actually, Plymouth Bowl construction work did not begin until early this year.

The Plymouth Bowl building is valued at \$200,000.

### 225 Stuffed Dolls

#### Go Fast at 1st Federal

More than 225 stuffed dolls were given away to children Monday at First Federal Savings, 843 Penniman, according to Mrs. Perry Richwine, who staged the annual event. Santa Claus was on hand to greet children.

"He started handing out the dolls at 10 a.m.," Mrs. Richwine said, "and they were gone by 3." When the dolls ran out, youthful late-comers received coloring books and other gifts and favors. Everyone who visited First Federal Monday received a gift.

Mrs. Richwine is the wife of First Federal branch manager Perry Richwine. She made the dolls herself.

The largest highway contract bid opening ever held by any state highway department was held in Lansing, Michigan, on December 7, 1960, with low bids totaling \$42.3 million.

## Letter to the Editor

(Continued from Page 1)

of Plymouth and other users of city water residing or situated outside the city limits.

It is interesting to note that the Village of Plymouth in September, 1891 acquired an acre of land on Beck Road known as the "Big Spring". This was the beginning of the present water system. In February, 1907, the Village acquired 80 acres of land on Beck Road across from the Big Spring and this is the site of the Beck well field, so-called, which has been in operation for many years. Since then the city acquired an additional well site just west of Beck Road.

In April, 1948 the City of Plymouth sold an issue of bonds in the amount of \$525,000.00 for the purpose of improving its well field and water system. It is understood that the outstanding bonds of said issue now amount to \$335,000.00. The city became involved in a litigation looking to the protection of the Beck well field, which controversy was eventually terminated in 1954 or 1955. As a result of the mentioned action the city acquired additional acreage in the amount of 18,338 acres, adjacent to the well field. This represented a further investment of \$9,169.00.

Following the above action the city expended \$20,000.00 for the improvement of the old well field, and spent a further \$80,000.00 in the development of the new field mentioned above as being west of Beck Road.

It follows that the acquisition, improvement and expansion of the city's water system has continued over a period of seventy-one years. As you stated in the Plymouth Mail of December 19, 1962 the system is worth approximately \$1,500,000.00. In addition to the well fields, 2 million gallon reservoir, 150,000 gallon elevated tank, pumping and other equipment, the city owns approximately sixty miles of water mains.

Regardless of the source of the city water supply Plymouth will have the expense of maintaining its water mains. It also has the duty of retiring the balance of the above mentioned bond issue. The payment of principal and interest of said debt and the cost of operating the system is, of course, handled through the revenue collected through the Water Department from our water users.

Over the years the city of Plymouth has had the advantage of advice from excellent water engineers and if the engineers have in the past advised and do presently advise an additional reservoir it would appear that their professional opinion should be respected. In this connection it may be noted that in the past sprinkling restrictions have been imposed by the City of Detroit for the purpose of maintaining needed water pressures. It has also been the experience of water users in Livonia and perhaps elsewhere that water pressures at times were inadequate. It may be that this difficulty has been or is being corrected.

In the year 1950 Mr. Lawrence G. Lenhardt testified in connection with the above mentioned litigation. He stated that the City of Detroit at that time supplied water to thirty-eight other units of

government besides the City of Detroit.

He also stated that being active in preparation for so-called Civil Defense he was concerned with the fact that the Detroit water supply might be endangered or disrupted through various forms of enemy action, including poisoning due to chemical or bacteriological substances, and possible contamination due to atomic fission products. He noted that in case of a so-called "fall-out" over Lake St. Clair the water supply would be too dangerous even to introduce into the mains. Mr. Lenhardt further testified that the water supplies of Plymouth and Northville were on their list of possible sources, particularly because they are ground water supplies which would not be affected by contamination by atomic fission.

He testified that Detroit would use all means at its disposal to transport water to the city on "strict survival basis", namely for drinking and cooking primarily.

Mr. Lenhardt was Commissioner of Public Works for the City of Detroit from 1932 to 1938. Before that he was with the Water Department for a number of years returning to the Water Department again in 1938. At the time of his testimony he was Superintendent and General Manager of the Detroit Department of Water Supply. He graduated from the University of Michigan Civil Engineering School in 1915. There can be little doubt, in the light of the testimony of this experienced engineer, that the City of Plymouth should do everything possible to maintain and preserve in working order its present water supply.

For many years the writer has been concerned with the fact that practically the whole metropolitan area in our part of the state relies upon the City of Detroit for water. The disruption of this system through enemy or internal action could precipitate an unbelievable catastrophe. For this reason the City of Plymouth should not discard its present water system, even though same may need to be supplemented at some future date.

Figures have been published which indicate that the discarding of Plymouth's present water supply in favor of Detroit water would greatly increase the cost of water to Plymouth consumers. This phase of the problem rests with the engineers, accountants and city officials. However, it may be remarked that Plymouth water users would probably look with disfavor upon any substantial increase in water costs.

It is interesting to note that whenever our fair city embarks upon a public project it receives up-

solicited and gratuitous advice from parties who should be unconcerned therewith. It is to be hoped that the foregoing will suggest some points for consideration.

## City Primary

(Continued from Page 1)

and Jim Jabara. The five who are presently circulating petitions include: George Lawton, A. E. Vallier, Charles Derr, Robert Smith, Jr., and Neil Davidson.

Consequently it is expected that there will be 11 candidates for the primary election. While it has been more than a decade and a half since City of Plymouth last held a primary to fill the list of City Commission candidates to the required number, there still would have been a primary here Feb. 18 even if only eight candidates had filed.

Reason is that Wayne County voters must nominate candidates for the post of County Auditor. Near explained: It would have required the City to conduct a primary election anyway.

At the primary the number of candidates seeking Commission seats will be trimmed to eight. Four of these will be elected in April to fill the expiring terms of the City's governing body at that time.

Meanwhile, in the Township only incumbent office-holders have filed their petitions although several other petitions are in circulation. The Township, too, will hold a primary Feb. 18.

Americans' preferences for quality products such as ceramic tile were pointed out dramatically in a recent survey of home builders. Of the 1,500 builders questioned from coast to coast, 80 per cent said they expect to use more ceramic tile in the next five years than they are using at present.

## TREASURES FROM

## Plymouth Pantries

Mrs. Melvin Fuelling

If, by this time, you are a little tired of mince meat pie, plum pudding and all the other traditional Yuletide desserts, but still need a "special" dessert, why not try "Cherry Pie Supreme," which Mrs. Melvin Fuelling, of 1797 Priscilla Lane, says is a sure hit with both Cherry pie lovers and just plain pie lovers.

When not attending meetings of the Eta Psi chapter of Beta Sigma Phi (she's former publicity and social chairman) and the Wayne chapter of Eastern Star, Mrs. Fuelling might be found indulging in her favorite hobbies - playing the organ, sewing or clipping recipes!

Mrs. Fuelling has two sons, Dennis, a sophomore at Plymouth High School, and Kevin, three years old; two daughters, Jenine, a fourth grader at Bird School, and Mrs. Richard (Diane) Bennett, of Livonia, and one grandchild.

## CHERRY PIE SUPREME

Pastry for 9" pie crust

- 1 can (1 lb. 6 oz.) cherry pie filling
- 4 pkg. (3 oz. each) cream cheese
- 1/2 C. sugar
- 2 eggs
- 1/2 tsp. vanilla
- 1 C sour cream

Pre-heat oven to 425 degrees. Make pastry and line pie pan. Spread half of the cherry pie filling on pie crust, saving remaining filling, and bake pie for 15 minutes, or until pastry is golden in color. Meanwhile, work the cream cheese with a fork until soft, add sugar, and mix until mixture is smooth. Then beat in eggs and vanilla. Pour cream cheese mixture over the hot cherry filling. Reduce oven heat to 350 degrees and bake 25-30 minutes more. Cool. Before serving, spoon sour cream around rim of pie and spread remaining cherry filling in center of pie.

## Art Around Us:

by Mrs. Jessie Hudson

In this holiday season, surrounded as we are by the symbols which have come to be associated with Christmas, it is appropriate to look at the first century A.D. to see what symbols were meaningful to the early Christians.

As this new faith spread throughout the world and became the accepted religion of even the Roman emperors, Christian art came out of the catacombs and emerged to full triumph on the walls and windows and ceilings of early churches and cathedrals. Paintings and mosaics not only beautified the buildings but served as illuminated manuscripts for an illiterate populace.

Christian artists employed pagan symbols to acquaint the eager converts with stories from the Bible and of Jesus.

The ancient pastoral god, Aristaus, for instance, became the Christian Good Shepherd; the phoenix, symbol of the renewal of life to pagans came to symbolize Christ's resurrection; the peacock of Juno was used to represent immortality.

Christ was sometimes shown as a lamb, based on the words of St. John, or as a lion from the Book of Revelations ("Lion of the tribe of Juda"). Other symbols frequently used in early Christian art were: the dove as the spirit of God, the pheasant for flight to eternity, a dog for fidelity, a cow symbolizing the Christian church, an ass for humility, a dragon or serpent for Satan.

One of the few entirely Christian symbols was that of the fish which was a sort of shorthand sign for the Greek word for fish. This word used as an acrostic formed the initial letters for "Jesus Christ, Son of God, Savior." So the fish sign was used to indicate the Savior. The Church itself was sometimes symbolized by a ship in which the souls of believers were carried over the sea of life.

Early Christian artists not only changed the meaning of existing symbols, they changed existing styles of painting. An early fresco in the Catacomb of Priscilla in Rome done in the third century A.D., and a wax encaustic "Madonna and Child" of much the same era show a return to the ideals of the classic style of ancient Greece, a movement away from the realistic, humanistic art of materialist Rome. The figures in these early Madonnas are somewhat stiff, less round, less human. Once again spiritual rather than material values were emphasized and immortalized by the artists of the day.

## AAUW Program Receives Praise

An appreciative and enthusiastic audience, composed of American Assn. of University Women members and guests, received the charming presentation of "Message of Love," last Thursday evening at the Plymouth Junior High East.

The group applauded the six tableaux which represented romantic love, maternal love, love of life, love of humanity, love of country and religious love. Particularly impressive were the models who represented paintings, chosen to depict the theme.

**Lutheran Church of the Risen Christ to Aid M.S.U.**

Members of the Lutheran Church of the Risen Christ, 4133 Ann Arbor Tr., together with many other Lutheran congregations across the state, are active these days raising funds for a new Chapel-Student Center to serve Michigan State University in East Lansing.

According to Clinton E. Stroebel, 9650 Gold Arbor Rd., Lutheran Church of the Risen Christ has added its support to the fund-raising program.

The new campus church at Michigan State will be built on Abbot Rd., two blocks from the main entrance to the campus.

Students and Lutheran alumni of Michigan State hope to raise \$100,000 by spring-time, a news release said. Total cost of the completely furnished Chapel and Student Center will be around \$80,000.

**To Enroll in U-M Medical School**

John Stephenson, 20, of 11737 Amherst Court, has indicated he plans to enroll in the University of Michigan Medical School in September, 1963.

Stephenson, now a student at the University of Michigan, is a June, 1960, graduate of Plymouth High.

He is the son of Mr. John H. Stephenson of the Amherst Court address. The U-M Medical School expects to admit about 200 persons next fall at its Medical Center in Ann Arbor. Of these, about 160 will be Michigan residents and 40 will come from out-of-state. The U-M annually accepts one of the largest entering medical classes of any school in the nation.

Successful students entering in the fall of 1963 will receive their M.D. degrees in 1967.

to bring peace to the household

Today's homemaker finds it increasingly important to maintain an atmosphere of peace in the family, where each member can find strength to meet the problems of the outside world.

In Science and Health with Key to the Scriptures by Mary Baker Eddy many families are finding the intelligent answer to all their problems.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

**College Prepares  
Student Bulletin  
For April Release**

The NW Wayne County Community College will issue in April a "preliminary bulletin" to aid high school students in making plans for college programs at the institution.

Typical curriculum programs will be outlined in the brochure, which will be distributed to high schools and will be made available to other interested persons as well.

Meanwhile, three representatives of the college visited Chicago last week to sign 2,435 special bonds, each with a value of \$1,000. The bonds created the funds with which the college may proceed with its construction plans shortly.

Harold E. Fischer, chairman of the college's board of trustees, along with member Paul Mutnick and college business manager Kenneth Lindner made the trip.

On the same day, Nankin Twp. Treasurer Mrs. Lillian A. Hill, presented the first tax payment to the college in the amount of \$2,500. It represents 10 per cent of the total tax money to be collected from Nankin Twp.

Michigan aided in the development of polio vaccine by taking part in the vaccine field trials and was one of the first states in the nation to grant funds for buying vaccines.

**Car Slams Trees,  
Driver is Injured**

John P. Murphy, who lives and works at St. John's Seminary at 44011 Five Mile Rd., sustained chest injuries last Thursday night when the car he was driving failed to negotiate a turn at Mill St. and Wilcox Rd. and slammed into trees along the roadside.

He sustained two fractured ribs and a broken nose and was treated at Wayne County General Hospital. He was released after a few days.

**MEN IN SERVICE**

Army Pvt. Eugene J. Janowski, son of Mr. and Mrs. Louis S. Janowski, 8455 Ridge rd., Plymouth, Mich., recently was assigned to the 1st Artillery on Okinawa.

Janowski, a cook in the artillery's Battery B on Okinawa, entered the Army in June 1962, completed basic training at Fort Knox, Ky., and arrived overseas in November 1962.

The 23-year-old soldier is a 1958 graduate of St. Andrew's High School in Plymouth and attended Henry Ford Community College in Dearborn.

Despite the introduction of labor-saving devices, the number of bank employees in the past 10 years has increased nearly three times as fast as employment in all nonagricultural industries combined. This was reported by the U.S. Labor Department's Bureau of Labor Statistics.

# Gould, Berry Pace Rocks Third Swimming Victory

Gary Gould and Dick Berry — each with 10-point performances — paced Plymouth's varsity swimmers to a handy 67-34 decision over Allen Park last Thursday. It was Plymouth's third win in five outings thus far this year and the Rocks' second Suburban Six league victory. They are undefeated in conference action.

Gould, one of the Rocks top scorers a year ago, turned in wins in the 200-yard free and the 100-yard butterfly, while Berry, a newer face on the varsity swim squad, won the 50-yard and the 100-yard freestyle events.

Earlier, the Allen Park swim coach had remarked that his swimmers were "out to beat Plymouth," but Plymouth coach John McFall had countered with "it has to be proved first".

The Parkers, reputedly as strong this year as at any time in the past, made a close battle out of the clash, narrowly missing first place ribbons in several events.

Only the score was decidedly in Plymouth's favor and the winning margin became lengthier in the last two events as the Rocks picked up a first in the 100-yard breaststroke and a first in the 200-yard freestyle relay.

Allen Park lost second place points in the latter event when its relay team was disqualified.

In the final two events, the Rocks netted 12 points to Allen Park's four. It stretched the victors' winning margin considerably.

Dave Beglinger and Gould both turned in "good times" in their respective events, said McFall, who has led his swimmers to nearly 90 dual-meet victories in 11 seasons.

This is how Plymouth accounted for itself in its most recent action:

Dan Olson, Dave Agnew, George Collins and Mark Schultheiss placed second in the 200-yard medley relay and Gould and Dave Beglinger placed one-two in the 200-yard free.

## Allen Park Nips JayVee Cagers, 51-45

Plymouth's junior varsity basketball team fell a game below .500 last Thursday as Allen Park staged a fourth period surge to gain a 51-45 decision.

Never more than one or two points separated the two teams throughout the contest until the waning moments when Allen Park engineered its winning spurt. The winners scored four points in the final 30 seconds to stretch their victory margin to six points.

Jim Lambert led the Junior Rocks with 13 while Nelson contributed 10. Ron Horvath paced the winners with 16 and was backed up by a 15-point performance from Ken Howle.

Plymouth held a 13-12 edge entering the second period, but trailed 24-23 at the half. Allen Park maintained its two-point spread as the final period got underway.

The score was 47-45 in favor of Allen Park with a half minute remaining, but the Parkers scored a field goal and two free throws to put the game out of Plymouth's reach.

The Junior Rocks, with a 2-3 record to date, will practice periodically over the holiday vacation and will not see further action until after the first of the year.

# Rocks Dump Allen Park, Take Holiday Vacation

A 25-point third quarter scoring spree was the key to Plymouth's 59-33 varsity basketball win last Thursday against undermanned Allen Park and a 40 per cent shooting attack from the floor made the Rocks' victory possible.

"It was the first night that we had a respectable shooting percentage from the floor," commented Rocks' head coach Charlie Ketterer.

Plymouth hit on 24 of 60 field goal attempts and broke the contest wide open in the third period as Tim McGill and Dick Egloff combined for 15 points between them to pace the winning spree.

McGill wound up as Plymouth's scoring leader on the strength of 13 points for the evening's work while Egloff and Garry Grady each added 11.

Dick Schryer had 9, Jim Lake 6, Cal Luibrand 4, Andy Salon 3, and Chris Gaffield 2 to complete Plymouth's scoring punch.

Allen Park had little to offer in the second half after staying close to the Rocks during the first two quarters. Plymouth held a slight 11-9 edge at the end of the opening period and led 19-18 at the intermission.

After the half, however, it was all Plymouth, to the delight of the Rocks' loyalists. During the critical third period, as Plymouth pumped in 25 points, Allen Park mustered only eight. Chuck Svato scored 10 points for the losers as did his team-mate John Feist.

Strong rebounding by Schryer, Lake and Egloff supported Plymouth's welcome scoring attack. The Rocks converted 11 of 24 free throw attempts for 46 per cent in that department.

Allen Park cashed only 14 of 57 field goal tries and five of 11 free throw attempts for

percentages of 25 and 45 respectively.

Ketterer, reflecting on Plymouth's first league victory of the 1962-63 season after Redford Union pummeled the Rocks a week earlier, had high praise for Grady, a sophomore.

Grady sparked much of Plymouth's offensive maneuvers and was a similar stand-out on defense. His 11-point scoring contribution was divided among four field goals and three free throws.

"He played a quick, alert and aggressive game," Plymouth's coach said later.

Ketterer, who with his family spent the early part of this week with relatives near Traverse City, intended to hold periodic practice sessions for his varsity players the rest of this week and part of next, leading up to the resumption of classes next week.

The Rocks are sporting a two-win and three-loss record as they relax over the holidays. Plymouth's record in the Suburban Six conference is 1-1.

## Wildifers' Film Show Is at Napier Rd. Club, Not at Senior High

If guests for the Western Wayne County Conservation club's "Wally Taber Safari Show" go to the Senior High auditorium Jan. 7 or Jan. 8 to see two films on Alaska, they'll be considerably disappointed.

Because the films won't be shown at the Senior High. Instead, Cecil Rhode will be at the Conservation Association's clubhouse on those two dates. The clubhouse is at 6700 Napier Rd. Rhode will present the two films and narrate both of them.

Titles of Rhode's newest films are "Alaska Angling" and "Alaska Game Trails." One portrays many of his experiences fishing in Alaska while the other records his hunting episodes. Both, say the conservation sponsors, will delight audiences.

### SPORTSEEN

BY JEROME O'NEIL

Jim McKindles is the sort of promoter that the Detroit Pistons perhaps could use — only they'd have to enter the National Hockey League, before McKindles would ever become interested.

McKindles, you may recall, is the "one-man gang" devoted to furthering the cause of recreation hockey hereabouts.

However, he has considerable support today, after a couple of rather lean years. McKindles is titular head of the Plymouth Hockey Association, a gathering of grown men whose interests are in aiding and abetting not-so-grown boys.

And the boys, some 50 or 75 local youngsters, are as avid about hockey as any rate. McKindles is so deeply enmeshed in boosting recreation hockey here and around that he never turns down a bet that may lead to further publicity for his helpers and hopefuls.

Jim mailed us a complete resume of the various coaches concerned with the Plymouth Hockey Association and suggested that it might be good reading for others. We read the brief biographies and agree.

But let Jim tell it. "I would like to add," writes McKindles, "that these gentlemen are untiring and unselfish in their efforts to instill a wholesome attitude in the boys on their respective teams."

Further, it is common for one coach to assist another in regard to the physical and financial position of his team and to help solve problems for the boys as the situation demands.

"Considering this cooperation," McKindles writes, "the future progress of the Plymouth Hockey Association is inevitable."

And we've known this ever since we first met McKindles and some of his colleagues 14 months ago. These are he coaches and their basic qualifications:

**HAL SHELLEY**, coach of Senior "Blades". Played semi-pro with the St. Louis "Bluedevils". Spent several years barnstorming thru Michigan, Ohio and Ontario.

**BILL CROWTHERS**, coach of Juvenile "Blackhawks". No organized hockey experience but a rink side fan for many years. A truly enthusiastic man who came forward to offer his talents in organizing 17 and 18 year olds.

**DENNY HANK**, coach of Midget "Royals". Played 12 years of amateur hockey in Ann Arbor, competed in state tourney at Sault Ste. Marie. Member of the Ann Arbor Figure Skating Club for three years. Played in intramural hockey at Michigan State and tried out for Spartan's Frosh team. Coached the Plymouth Royals to their league championship last season.

**AL KOLAK**, also coach of Midget "Royals". Played unorganized hockey in Plymouth area and intramural hockey at the U. of M. and amateur hockey for a Northville team in the Nankin Township league. First coach of organized hockey in the Plymouth area. He is a veteran coach of Bantam and Midget hockey with a total of three years experience. Helped coach Midget "Royals" to last season's championship.

**VERN SHILAWSKE**, coach of Bantam T-Birds. Played three years of hockey for Redford High School, then four years for Carnegie Tech. and while attending this school played semi-pro with the Pittsburgh "Yellowjackets".

**JOE GATES**, coach of Bantam Hickory Hills. Played amateur hockey around Plymouth and Windsor areas. Looking forward to coaching a Midget team this year.

**BILL HERTER**, coach of newly-formed Hickory Hills Midgets. Played unorganized hockey in Plymouth area, then on the Austin Oil team in Ann Arbor. He played for various teams in Flint, Detroit and Wyandotte.

**BOB HUDSON**, coach of newly-formed "VFW" Pee Wees. Played one year of high school hockey at Cooley High in Detroit, and competed on various amateur hockey leagues in Detroit, Plymouth, Toledo, Ypsilanti and Ann Arbor.

**BOB COSGROVE**, Hats off to another non-hockey player. His interest comes after three years of standing on the sidelines as a spectator studying the finer points of the game. He is anxious to put his strategy to work assisting Bob Hudson's VFW Pee Wees.

## JayVee Swim Victory Termed "A Squeaker"

In the words of Plymouth's JayVee swim coach Tom Workmann, the junior Rocks won "a squeaker" Thursday afternoon, fashioning a 55-51 victory over Allen Park's Jay-Vees.

It was Plymouth's first tough swimming contest and the victory gave the JayVees' a three-meet win streak.

Until the final event, the junior Rocks led at only one other stage of the struggle. It was only on the strength of a first place finish in the 200-yard freestyle relay — final event of the contest — that Plymouth managed its victory.

Jim Norman, Russ Crosby, Jim Haarbauer and Rick Ott combined talents in the relay to squeeze out a first place finish there in a clocking of 1:46.6 to hand the Rocks the decision.

Plymouth won only five of the 11 individual events, but racked up considerably more second and third place finishes to turn the tide.

The Rocks picked up six seconds and six thirds to down the Allen Park swimmers.

Next JayVee meet is Jan. 11 at Livonia-Franklin. The Plymouth junior Rocks will have a practice meet against Grosse Pointe during the holidays, according to Workmann.

In the New Year as in the old we look forward to serving all our friends with ever increasing mutual pleasure.

# Kiwanis Club Holds Annual Holiday Party

The Plymouth Kiwanis Club held its annual Christmas Party on Tuesday evening, Dec. 18, at Lofy's Arbor-Lil. Each Kiwanian brought a moderately priced gift for a boy or girl.

These gifts were presented to the Goodfellows and the Salvation Army for distribution. Program Chairman for the evening, Carl Lewis, presented Rev. David Davies. Rev. Davies gave an inspirational reading from the new English version of the Holy Bible — two Christmas stories, one by Matthew, the tax collector, and the other by Luke, the physician.

The Triple Trios from the Plymouth Community High School sang four Christmas songs: Little Snow Flake, When Love Came Down at Christmas, Jesus Is Born and Winter Wonderland. Fine music such as this makes us proud of our young people. Boys and Girls Committee Chairman Jim Winterhalter introduced four guests from the Pegasus Club who are employed by the Mobil Oil Company in Detroit.

Pegasus is a Greek word meaning winged horse and was suggested by the old Mobil emblem, the flying red horse. Pegasus Club President Jerry Trimark and members Stan Jeska, Ann Valesak and Theresa Kolasa prepared a display of sixty-four dolls which their club had dressed. These dolls will be presented to little girls that otherwise would not have a Christmas.

Mobil Oil Company donated an equal amount of toy gasoline tanker trucks for the little boys. Other guests for the evening included Major Hammer of the Salvation Army and Bert Bates. There were seventy-two members and guests at this Christmas party.

On Jan. 2, there will be a film presented entitled "Northwoods Frolic". This film will feature several of our local citizens.

## SPOTLIGHT ON PLYMOUTH TEACHERS

Mrs. Sarah Haas

Meet Sarah Haas, teacher of a morning group of 35 kindergartners at the Bird Elementary School.

Her understanding of children, her enthusiasm for teaching, her ingenuity in motivating five-year-olds, are reflected in the enjoyment they have each day in her classroom.

By creating, experimenting, taking trips, seeing movies, listening to records, building, singing, playing games as well as having formal lessons, the children find that learning can be fun.

After graduating from high school at Ft. Scott, Kans., and working her way through the junior college there, Mrs. Haas earned her Bachelor of Science degree at Northwestern University at Evanston, Ill. Additional work at Wayne State University in Detroit certified her for teaching in Michigan. Now she is doing graduate work at Eastern Michigan University.

Her first teaching position was in Livonia where she taught first graders for four and a half years. She then substituted in Plymouth for one semester before being appointed a full-time kindergarten teacher at Bird School three years ago.

Professionally she belongs to the National Education Association, the Michigan Education Association and the Plymouth Education Association. She served on the publicity committee of the PEA in 1961-62.

She is a member of the American Association of University Women and was the legislative chairman in 1961-1962. She is now serving as the recording secretary.

Her experience in working with children includes teaching Sunday school in Plymouth and being a Sunday school superintendent in Livonia and Salt Lake City.

Her background before entering the teaching profession includes working as a merchandise analyst at Wolf Bros. in Kansas City and at Weibolt's in Evanston. While living in Chicago she edited and published a monthly neighborhood newspaper and established and equipped a co-op nursery and playground.

Despite demands made by teaching and professional and civic duties, Sarah finds time to enjoy her family. Her husband John is employed at the Ford Motor Co., Dearborn and is a hi-fi addict in his spare time.

They have two daughters — Barbara is a sophomore at Western Reserve University at Kalamazoo, and Betsy a Plymouth High School junior. They both share their parents' appreciation of good music, gardening and travel.

The family has traveled in New England the western and southern United States, and in Canada. Occasionally the family visits Mrs. Haas' mother and brother in Topeka, Kans.

For a year the Haas family had Makiko Ischura, a Japanese exchange student, living at their home at 8870 Rocker in Plymouth, and enjoyed a year of "travel" in Japan.

## Plymouth Teacher Resigns; Named Principal in Comstock

William Brown, a sociology teacher in the Senior High here, has submitted his resignation as a teacher in the Plymouth schools system in order to accept a position of principal of the Comstock High School near Kalamazoo.

The Board of Education approved the resignation with regret this week.

Brown, a graduate of Eastern Michigan University in Ypsilanti, has been a faculty member here for the past five years. He is chairman of the senior class faculty advisors.

His resignation will become effective at the end of the current semester.

## OF INTEREST TO FARMERS-AT-HEART

BY MELVIN L. WOELL, MGR. INFORMATION DIVISION MICHIGAN FARM BUREAU

Some nations are like some people — they never seem to learn. India, for example. In spite of the head banging India has suffered from the Red Chinese, "neutralist" Nehru continues to have "faith" and has announced once more that India will stick to basic neutralist policies.

"In spite of what is happening in our country's borders, India has decided not to give up her policy of non-alignment," Nehru said recently in addressing a mass-meeting in Delhi. He added that friends of India, including the United States and Britain "have given, are giving, and will continue to give arms to us."

In the same breath Mr. Nehru expressed the hope that Russia too, would fulfil her commitments to India both in supplying MIG's and in setting up a factory for their manufacture.

Hindered by tiny personal incomes, reflected into a small gross national product, bogged down by a tremendous population, hag-ridden by thousands of non-productive "sacred" cows — handicapped by hand labor farming methods, India is poorly prepared to do battle.

But all of this appears to bother Nehru and company less than the "friendship" of those quickest to destroy her as a democracy, if given the chance. Nehru seems blinded to recent history. He continues to think that it is not dangerous to hug the Russian bear, for surely the bear will be too kind to hug back.

Castro thought it could be done and has since learned what it is like to be a pawn. Meat, both beef and horse-meat, sent to Cuba from Russia during the height of the U.S. Naval quarantine, has been reported loaded with hoof-and-mouth disease. Besides giving acute food poisoning to 250,000 Cubans, the disease itself is said to now be raging through the livestock of the land. It is doubtful that this was deliberate, but there is no doubt that Russia sent only second or third quality products that she didn't need or want herself.

It again points up the pathetic position of the pawn. In his talk, Nehru said that "India is a huge country, like an elephant. It takes some time for them to stand up, but once it stands up, remember, it is no tiny nation."

The time to stand up is long past due. And Nehru needs to be reminded that even giant elephants are frequently killed by little pygmies shooting poisoned darts.

The Plymouth adult band, under the auspices of the recreation department, performed at the St. Francis boys orphanage in Detroit Saturday, Dec. 15.

The band is directed by Jim Griffith. Plymouth Lions Club furnished the costs of providing the bus transportation for the trip. The event was described as "very successful."

## Rec. Director Attends Yearly R.A.M. Meet

Recreation Association of Michigan met for its annual meeting recently at Kellogg Center on the campus of Michigan State University in East Lansing.

More than 100 recreation professionals from across the state — including Plymouth's director Herb Woolweaver — attended the session. Two special resolutions were passed, one pertaining to expressway locations and their effect on local park systems and the other dealing with the proposed "Sleeping Bear Dunes" and "Pictured Rocks" on the west Michigan coast line.

The Association indicated its support of the latter two projects, but the resolution on the first matter was one of concern.

Robert Girardin, of Livonia, was elected first vice president of the organization for the coming year.

In the long-ago era of great sailing ships, the first cargo of Brazilian coffee to arrive in North America sailed into the port of Salem, Massachusetts in 1809. The last coffee-laden windjammer put into New York Harbor on December 5, 1914.

TAKEN FROM THE FILES OF THE PLYMOUTH MAIL

## 10 YEARS AGO

Some 50 Goodfellows throughout the city Saturday shouldered newspaper sacks bulging with 4,500 copies of the Plymouth Mail Goodfellows Edition and collected a record sum of \$2,080 — helping make sure no child here goes without a gift-filled Christmas.

A \$200,000 apartment-type housing project was announced this week by an official of the Garling Construction company. To consist of three separate 14-apartment units, each constructed in a square "C" shape, the project will be located on South Main street, just south of Park Drive.

Mr. and Mrs. J. Kropf of 45170 West Ann Arbor Trail announce the engagement of their daughter, Nancy Jean to John G. Rucker, Jr., of West Outer Drive, Dearborn. An early summer wedding is being planned.

Mr. and Mrs. David Martin Wemyss have returned to Plymouth following their honeymoon which took them to Chicago, Ill. The bride is the former Katherine Jane Trucks, daughter of Mr. and Mrs. Max Trucks of Pacific avenue. Mr. and Mrs. David Wemyss of Dearborn are the bridegroom's parents.

Mr. and Mrs. Ernest L. Henry last week became the first incumbent commissioner to file a nomination petition with City Clerk Lamont C. BeGole, complete with the necessary 25 to 50 signatures.

Mr. and Mrs. Carl Hartwick and daughter, Mary Lou were hosts to an Old Fashioned Christmas Carol sing Sunday evening in their home on Northville road. ## Letters To The Editor

**Editor's Note:** The following letter was sent to Plymouth businessmen and Chamber of Commerce members last week by recently-elected Chamber president John Herb. It is reprinted here because we feel it conveys an important message to all residents as well.

On behalf of the directors and staff of your Chamber of Commerce, I would like to take this opportunity to wish you, and the members of your family, a most joyous holiday season. As this year slowly draws to a close, each of us can, looking back on a happy and successful year, confidently make plans for the new year which rapidly approaches.

indications are that Plymouth merchants will shortly conclude one of the most successful Christmas seasons in recent years. Your Chamber, through its Retail Division, is happy to have been a coordinating factor in this Christmas promotion. I'm sure that every Chamber member — indeed, every citizen of the Plymouth Community shares in this satisfaction. For the success of our merchants benefits all. It is, indeed, difficult to measure the full impact a large buying public can have on a community. So it is with justifiable pride that we watch more and more people buying in Plymouth.

However, prideful as we may be of the surge in our economic strength during this holiday season, we must never lose sight of the many other contributory factors which should give cause to a deep and fervent thankfulness during this yuletide season. As citizens, we can derive deep satisfaction from the conscientious jobs being done by the elected officials in both the township and the city. As parents, we can afford a justifiable relaxation in the knowledge that our children are able to mature in an area which abounds in wholesome recreation and can benefit from an excellent educational system. And, as residents, we are indeed blessed by a warm and friendly community which so richly exemplifies the spirit of cooperation and brotherhood.

With these treasures available to all of us, we can indeed rejoice during this holiday season and face the new year with faith and confidence. During the year whose hour glass is almost empty, many problems have been faced and solved. Many remain, and we would indeed be naive if we did not acknowledge that the New Year will bring new ones. However, if each of us will keep before us the realization that the community's problems are our problems, and will continue to maintain the close cooperation shown in the past, we can continue our forward progress in the year ahead.

Sincerely,

John R. Herb

President

Plymouth Community Chamber of Commerce

**KIWANIS CLUB** last week presented some 60 stuffed dolls and 60 small toy trucks to the Salvation Army for further distribution to deserving children for Christmas. The dolls were made by women of the Pegasus Club of Mobil Oil Co., through the efforts of Kiwanian Jim Winterhalter, a Mobil Oil Co. executive. Here, Major Ernest V. Hammer, local commander of the Salvation Army, accepts the dolls and toy trucks, as Theresa Kilasa of Mobil Oil's Pegasus club and Winterhalter, Kiwanis chairman of the project, look on. Miss Kolasa's doll, which she is holding, had earlier been awarded first prize in the doll-making event. The overall project was handled by the Kiwanis Club's boys and girls committee, headed by Winterhalter.

## FRONT ROW CENTER

BY GEORGE SPELVIN

History's stagehands stand ready to hoist the tattered and torn 1962 world scenery off and away. A new production — 1963 — waits anxiously for its 365 day stand in the critical spotlight.

Will this historical drama provide the same amount of suspense, romantic highlights, and ironic laughter as '62? Guess we'll all have to stick around and make our own enjoyable evaluations.

Looking back on the year past theatrically a myriad of unforgetful productions crowd my memories. "No Strings" at the Fisher started the year out on a controversial note. Old George sided with Walter Kerr and several prominent aisle-sitters that pensively assess the worth of plays in New York. Many local folks thought I was wrong and stated their objections most vociferously.

I'm always glad when such a situation as this develops. No one person can be right all the time. "No Strings" is still playing to capacity audiences and enjoys financial freedom since it was recently sold to the movies for a whopping 2 million claims.

Beginning the year on such an argumentative note didn't discourage old George. Controversy is part and parcel of any critic's kit. "The Tenth Man" balanced matters for me later in January of '62. Here was a great play by Paddy Chafesky. Dialogue, settings, everything about it was superb.

Soon after "The Tenth Man" closed we heard rumors of the Cass Theater being shut-down. By late October the rumor had become a reality. Next year a prestige-type motion picture theater operated by the owners of the Cinerama franchise will replace the Cass. The theater will be known as "The Summit".

Another legitimate theater disappears from the Detroit scene.

The Plymouth Theater Guild startled local audiences in March with a seldom-produced play, "The Biggest Thief In Town". An under-taking parlor was the unusual setting of this only mildly amusing play. Ironic sidelight in light of the sad news concerning the death of veteran actor, Tom Mitchell... "Biggest Thief In Town" was brought into New York as a starring vehicle for Tom. Unfortunately, even Tom couldn't sell this mixed-up play to the New York audiences... it closed quickly.

In April, "My Fair Lady" visited the Fisher for a third time. The old gal had as much life in her as on her other two sparkling sojourns. The Vanguard's walls bulged with capacity audiences during these spring months as

they unleashed the roaring, raucous "Rhinceros", the hilarious, yet caustic Ionesco comedy.

Spring theatrical activities came to a glorious end as the Plymouth High School Thespians presented a happy-go-lucky version of "Grumpy Ghost".

Summertime and Shakespearean Festival in Stratford, Ontario. A disturbing version of "Macbeth" that folks are still talking about in the dead of winter. A wild, mad thoroughly enjoyable interpretation of "Taming of the Shrew" provided needed box office pull. The Festival in its tenth season had one of its best years financially. News of the 11th season of plays arrived recently: "Triolous and Cressida", "Timon of Athens", "Comedy of Errors", and a repeat of the successful "Cyrano" from the '62 season.

Sharing the spotlight with the Shakespearean festival, Northland Playhouse, and the U of D summer festival of plays was the smash Jaycee hit, "Do You Remember?". This successful summer-time revue featured local talent in song and story. Over a thousand people crowded into the Plymouth High gym to witness the proceedings and went home more than satisfied. Bob Wall, director of the Jaycee show, tells me that he and Wally Roberts have a similar show in the final writing stages for presentation on March 1, 2, and 3.

All too soon the leaves were falling and the present season was starting at the Fisher, Vanguard, the U of M theater, and the Stables. "Carnival" zoomed into town with its gay tunes, puppets, and wonderful dancing.

"Three Penny Opera" its sardonic wit gave audiences an opportunity to laugh and think almost simultaneously. "Lord Pengo", "Oliver", Helen Hayes and Maurice Evans, plus a host of other top attractions stayed briefly with us. Cinerama unveiled its much-heralded story line picture "Wonderful World of Brothers Grimm" for the public.

It was worth waiting for and is still drawing young and old by the thousands. Over in South Lyon our director-writer-actor friend Bob Wall tried out an original play, "Money — Who Needs It?" as the brown October days tumbled toward November.

Yes, it was quite a year. No doubt, I missed a show or two that sticks in your mind a favorite. Drop in sometime as the scenery is being changed and we will chat about the year past. I'll always find a place for you backstage where we can converse.
