

Voters to Decide on Two School Board Posts Monday

The 10,500 registered voters in the Plymouth Community School District are expected Monday to send only a token share of their forces to the polls to elect two local school Board members.

At the same time, they will be deciding upon trustee candidates for Schoolcraft Community College.

Seven men are entered in the race for two Plymouth School Board posts, each of four-year duration. The School Board candidates are:

George Conover, 279 Blunk; Patrick Gannon, 165 Burroughs; James Garber, 42269 Hammill Lane; John D. McLaren, 1008 Roosevelt; Harold I. Niemi, 47566 Joy Rd.; Glenn Schroeder, 1330 Beech, and Carl Schultheiss, 11705 Amherst Court.

Photos of the seven hopefuls appear elsewhere on this page, and brief biographical sketches along with statements of intention appear on an inside page of this issue of The Mail.

Of the seven candidates, only one

is an incumbent, but two have previously run for School Board offices. Niemi is the incumbent and is a former Board president. He currently is chairman of the Board's finance committee.

Schultheiss and Conover were unsuccessful in previous attempts to be elected to the Board here. The others are seeking local election office for the first time.

The June 10 ballot will contain only the names of candidates for School

Board and college trustee seats. No special school propositions nor millage requests are involved in the vote.

The part of the ballot pertaining to the School Board race is quite simple. Voters may designate any two of the seven men whose names appear.

But, the battle over college trustee posts touches close to confusion. Like the local School Board, the college's board of trustees numbers seven members. All seven assignments will

be voted upon, but here in Plymouth the voters will be sharing in the decision on only four of the seven seats.

Four high school districts comprise the college district. Each high school district sends its own individual representative to the board of trustees. In addition, there are three trustees elected "at-large" from the entire college district.

As Plymouth's own individual representative, Harold Fischer, 40875 Plymouth Rd., is unopposed for a two

year term. He is an incumbent and is presently the chairman of the board of trustees.

Two at-large trustee posts are also uncontested. Plymouthite Jane Moehle, 1279 Ann Arbor Tr., and Charles B. Kirkpatrick, Livonia, are incumbents seeking re-election to six-year at-large terms.

The confusion arises over the race for a four-year at-large trusteeship, (Continued on page 8)

Voters Get Chance To Meet Candidates

Local School Board candidates, together with candidates for Schoolcraft Community College's board of trustees, have been invited to appear at a Town Hall meeting at 7:30 p.m. Thursday, June 6, in Junior High East. It was originally scheduled for 8 p.m.

Sponsored by the JayCees, the meeting is designed to further acquaint local voters with the candidates who seek office at the June 10 election. Chairman Robert Evans has urged all interested Plymouth voters to attend.

College Lets \$1.7 Million In Contracts

Three construction contracts, amounting to \$1,731,000, were awarded last week by the board of trustees of Schoolcraft College.

The contracts pertain to the construction of an instruction building along with administration and maintenance buildings.

Schurrer Construction Co., Pontiac, received the general contract for \$1,086,828. The electrical contract was awarded to Jones-Sherman, Inc., Detroit, in the amount of \$480,729. The Norman L. Boelter Co., Allen Park, was awarded the plumbing contract. It was for \$163,800.

Under the time schedule previously established by the college's trustees, the buildings will be completed in time for students to begin classes in September, 1964. As soon as the college's architect completes new plans for a library, bids will be invited on that portion of the initial four-building complex and a contract will be awarded.

Work on the first three buildings will begin next month. Ground-breaking ceremonies at the college's Seven Mile and Haggerty Rd. site will take place June 8, the trustees have announced.

In other news from the college this week, announcement was made that the federal government has approved the loan of approximately \$120,000 worth of machinery to the college.

The loan comes from the National and Industrial Equipment Reserve, according to a college news release. The machinery will be used by the college in connection with Defense Department standards and needs.

Plymouth Youth Dies in Crash In California

Robert C. Wall, a 1960 graduate of Plymouth High and the son of Mr. and Mrs. Robert M. Wall, 299 Ann St., was killed in an auto crash Monday morning in Colfax, Calif., near Sacramento.

The Plymouth youth and a room-mate from the University of Michigan, James Benson, of Florida, were together in a car that struck an abutment. Benson was critically injured.

The two were enroute to California to find summer jobs.

Funeral services will be held Thursday at 1 p.m. at the Schrader Funeral Home. (Continued on page 8)

TEN-YEAR-OLD Michael Bodak is justly proud of his dad, Mike Bodak, Sr., who parachuted into Normandy 19 years ago this Thursday.

19th Anniversary Thursday

D-Day Still Vivid in Mike's Mind

The chance that Mike Bodak will forget the date of June 6 is as slight as the possibility he will ever walk again.

Neither is likely to happen.

Mortar shrapnel deeply imbedded in his neck will see to that, as unrelentingly as time itself would otherwise try to wash the memories from his mind.

And this Thursday — June 6, 1963 — will be the 19th anniversary for Bodak and the hundreds of thousands of other GI's who unleashed the greatest land-sea combat invasion in man's history.

It is the day, 19 years ago, of the Normandy landings, a day of fear, gallantry and death. Mike nearly tasted them all. Only his indomitable strength averted the last one.

While others were there — including many Plymouth men — Mike some-

how is symbolic of all of them.

He landed at Normandy swinging from the shroud lines of a parachute. He left France on a stretcher.

Since then, he has never enjoyed the simple pleasure of standing upright on his own legs. For him, and many, it was a costly visit to the coast of France.

Today, Mike Bodak lives at 346 Sheldon Rd., in a house designed and built for a man confined to a wheelchair. He is resigned, but not bitter.

He entertains the hope, as do countless other GI's who went with him into Normandy, that the invasion will serve its intended purpose and forestall future warfare. But he knows, too, that this is a failing hope in a troubled world two decades later.

Meanwhile, he has vivid

memories of a three-day period that became his personal turning point 19 years ago. Intent on making the Army his career, Normandy — as it did to so many — permanently altered Mike's life.

Born in Verona, Mich., in the Upper Peninsula, Mike enlisted in the Army in 1941, took officer candidate school at Ft. Benning and was commissioned a second lieutenant in 1942.

He volunteered for airborne duty, took jump school at Benning and was assigned to the 508th Parachute Regiment, which later became a unit within the famed 82nd Airborne Division.

Along with other airborne units, his were assigned as part of the invasion force for D-Day. He was shipped to England, a first lieutenant by then.

Shortly before midnight, June 5, 1944, Bodak and his battalion commander, Louis G. Mendez, Jr. shook hands and boarded their respective planes in preparation for take-off.

(Bodak didn't see Mendez again until last month when the two met at the 82nd Airborne Association pageant at Ft. Bragg. Mendez came up to Bodak and joyously hugged him. Mike was the grand marshal of the affair, which included the 82nd's "trooper-of-the-year" selection.)

Mike and 20 other troopers took off in darkness that night 19 years ago, aboard a C-47 cargo plane. Their drop zone was near the town of Etienneville and their objective was a nearby causeway. (Continued on page 8)

Commissioners To Discuss Pay Raise Proposal

City-Commissioners are expected to discuss the possibility of granting a pay raise to all City employees during next Monday night's committee-of-the-whole meeting.

The exact amount of the possible increase has not been fixed up, but it is expected to be in the neighborhood of approximately five per cent per employee.

Commissioners earlier had incorporated in the 1963-64 budget sufficient funds for this purpose, but at that time had not been certain the raise could be accomplished.

A final decision on the matter will most likely be made during the regular Commission meeting the following Monday night.

It has been three years since the City's employees were last granted an across-the-board pay boost, according to one City official.

YMCA Membership Drive Postponed

Originally scheduled to begin June 7, a membership drive for the Plymouth Community YMCA has been postponed until September, chairman Jay Hanna said.

He explained that residents may still subscribe to memberships during the summer months, but that the "concentrated membership drive" would be postponed until the start of the new school year.

The postponement was a last minute decision. The addition of 500 new members to the YMCA supporting group will be the objective of the drive, Hanna said.

Hold Ground-Breaking Saturday for College

Ground-breaking ceremonies for Schoolcraft Community College will be held at 2 p.m. Saturday at Haggerty and Seven Mile Rds., the recently-acquired site for the college.

The public is invited. Guest speaker will be Dr. Ferris N. Crawford, assistant superintendent of public instruction for the State of Michigan. He is in charge of the department of higher education.

All members of the college's board of trustees will participate in the ceremonies, including Chairman Harold Fischer, Plymouth, who will introduce the special guests. College President Dr. Eric Bradner will lead the program to order.

Entrance to the college site is off Haggerty, just south of Seven Mile.

Building Authority Approves Revised City Hall Drawings

Revised plans for Plymouth's new City Hall were approved last week by the municipal building authority and a liaison team comprised of two City Commissioners.

Changes include the deletion of most of the basement portion of the building to gether with the total removal of the easterly wing of the second floor area.

The revisions were made at the order of City Commissioners three weeks ago so that the estimated cost of the building could be reduced by 20 per cent.

Although architect Byrre Becker must now re-estimate the construction costs, reflecting the recent revisions, it is expected that the savings will amount to approximately \$109,000.

The plans will be submitted to the City Commission in the near future, after Becker refigures the construction costs.

Water Tank Move Deemed Too Costly

City Commissioners tussled with the water problem again Monday night, and more specifically with an earlier complaint over low pressure in the north-west section of town.

They learned it would cost nearly as much to move the useless Byron St. storage tank to Six Mile and Beck Rds. as it would to build a new tank of the same size there.

The re-locating of the Byron St. tank had been under consideration as a possible remedy to the low pressure problem. It apparently was discarded although no official statement to that effect was made.

Commissioner James Jabara reported that the expense of moving the tank would be approximately \$40,000, and a new structure of comparable size would cost \$55,000.

He said he had contacted the Chicago Bridge & Iron Works, the firm that installed the Byron St. tank in 1948.

Mayor Richard Wernette said that, in light of these new facts, he would be against moving the present tank. He said he would prefer to go ahead with plans to build either a 2- or 3-million gallon storage reservoir at the Beck Rd. and Six Mile site.

Commissioners also heard a report from Frank Lodge, of the consulting engineer firm of Johnson & Anderson, on the City's overall water storage and pressure situation.

He described three possible solutions that could solve the problem of Western Elec-

tric's low pressure difficulties.

But he said two of the three solutions would not be altogether practical. The third answer, he said, was the "permanent and proper" one.

It involved the erection of a reservoir of virtually any size at the Beck Rd. and Six Mile location and a special tap-in from Western Electric to the 16-inch line going along Sheldon Rd.

Certain new valves and pumps would also be required, he implied. "It is the only real permanent solution," Lodge explained. He said that the first two possible solutions would only be matters of expediency and would not constitute the wisest means of resolving the low pressure problem.

Cost of Lodge's proposal was placed at \$20,000 at a minimum.

It appeared that many of

the Commissioners were in favor of resuming serious talks about the new reservoir.

They agreed to hold a committee-of-the-whole meeting next Monday night in order to discuss the matter.

Much of the remainder of last Monday night's meeting was of routine nature. Commissioners extended for one year a lease whereby the Junior Achievement program may remain in the City Hall annex.

A request from Michigan Bell to install two pay telephone booths, one in front of National Bank of Detroit here and the other at Starkweather and Liberty, was denied.

Commissioners approved payment of \$16,986 to the Banchemo Cement Co. and \$1,887 to Gould Development Co.

City Manager Albert Glassford was instructed to prepare preliminary plans on the paving of half of Coolidge St. Earlier he had submitted plans to pave all of the street, but Commissioners felt that the cost would be too great.

An in-service training program for City firemen was approved. It will allow City firemen to spend periods of training with Detroit's fire department in more realistic circumstances.

Arthur Karnatz was appointed to the Personnel Service Appeal Board.

A contract for the stripping of all City streets was awarded to the Martin Striping Service, Plymouth, for a total bid price of \$1,080. Work will be undertaken this summer.

Chamber Plans Black Angus Give-Away

Plans are already underway for the local Chamber of Commerce's only annual fund-raising program, which will be held in conjunction with the forthcoming July 4 festivities.

The promotion involves the give-away of a Black Angus steer, either on the hoof or dressed out. If the winner takes the prize dressed out, a year's free locker space will also be provided.

Once again, Chamber members Wendell Lent and Robert Willoughby are co-chairmen.

They said that tickets for the event may be obtained from any Chamber member and will also be available at the July 4 carnival grounds.

Proceeds from the give-away will be used to supplement the Chamber's economic development program.

To Pay Tribute To Librarian Agnes Pauline

A tea in honor of Mrs. Agnes Pauline, head librarian, will be held June 7 from 2 to 4:30 p.m. in the Dunning-Hough Wayne County Library here.

All residents and regular library patrons are invited to attend.

The occasion is a tribute to Mrs. Pauline, who has announced that she will retire on that date. She has been head librarian here since Mrs. Ada Murray retired more than a decade ago.

Enrollment Boost Prompts Increase in School Budget

Plymouth School District's 1963-64 operating fund budget, now in the planning stage, is expected to go "somewhat beyond" the present \$2.5 million budget as a result of an estimated 300-pupil increase in student enrollment.

Exactly what the eventual budget boost will amount to will not be known until members of the Board of Education give their final approval to the document later this summer.

Supt. of Schools Russell Isbister said the budget will be greater due to the added number of students expected in public schools here next fall.

Total enrollment at the present is about 5,300, by next fall, he indicated.

Isbister said the administration is presently at work formulating the new budget and expects to present it in tentative form to School Board members

Monday night at a regular public meeting.

It is also election day for the School District.

The current \$2.5 million

operating budget is supported largely by local tax revenue and financial aid from the state of Michigan.

Other miscellaneous incomes that go toward operational costs come from special tuition fees and reimbursement from the state for transportation expenses.

The present school millage rate is 23.7 mills, or a tax levy amounting to \$23.7 for each \$1,000 of valuation.

Of the 23.7 total, 15.9 mills go into the operational fund. The remainder is comprised of a 5-mill building and site sinking fund, together with a 2.8-mill levy for debt retirement.

The actual financial end of the school "business" amounts to a budget of \$3.25 million annually.

St. Peter's Lutheran Church Holds Baccalaureate Sunday

Annual Baccalaureate Service at St. Peter's Lutheran Church, Penniman at Evergreen, will be conducted at 10 a.m. Sunday. Honored will be all members who are elementary, high school, or college graduates this spring. Included will be 15 members of the senior class of Plymouth High School.

In explaining the purpose of the service, Pastor Norman W. Berg said, "The important milestone marked by a graduate at any of these levels of education deserves the recognition of the Church. The graduate needs the spiritual guidance of his religious leader and his particular faith as he steps into a new phase of his life of service to God and man. The baccalaureate service symbolizes this responsibility of the Church as well as offering specific spiritual guidance and strengthening to the graduate."

The Plymouth High School graduates, who are members of St. Peter's Church, will attend as a group.

They include Eileen Ash, Sara Barry, Michael Britcher, Bruce Conant, Dan Cook, Sharon Heidt, Carole Kalmbach, Geraldine Krumm, Diane Mackie, David Manzel, Mary Naasko, Kim Ponto, Jeri Taylor, Richard Tisch, and Richard Reeves.

Innocent-Seeming Phone Call Could Prove to be Dangerous

The Plymouth Chamber of Commerce this week issued a warning to residents that potential danger may be hidden behind a harmless-seeming telephone offer for a free bathing suit.

Chamber President John Herb issued the statement of caution after being notified of the innocent-sounding telephone proposition.

A Lake Pointe Village housewife told the Chamber that she had received a telephone call last week from a man whose voice was described as that of an "older person."

The man told the housewife in the course of the telephone conversation that he represented the Chamber of Commerce. He said that mothers of new-born children were being given a free two-piece bathing suit.

He implied that the offer was a continuing promotion being conducted by the Chamber as a token gift to new mothers in the Plymouth area.

Herb said that other residents receiving similar calls would be wise to notify the Wayne County Sheriff's office immediately at PA 1-2222.

Herb explained that the Chamber of Commerce is not — and has never — conducted such a promotion as this.

Four Students Here Win Writing Awards

Four students from Plymouth schools were winners in the 1962-63 Southeastern Michigan regional scholastic writing contest, sponsored recently by The Detroit News.

They were:

Mary Lisa Frank, a Plymouth High senior; and Susanne Davis, Sherada Erdelyi and Rowena Innes, all Junior High students. They received awards at the seventeenth annual writing awards ceremony held in the Masonic Temple in Detroit.

The contest, an annual event, was open to students in all junior and senior high schools in Southeastern Michigan.

Parcel Post Rate Hike Is Hinted

Present laws governing parcel post rates have created a "distressing paradox" for the Postal Service, raising the threat of a radical increase in rates that "would substantially damage the millions of individuals" who depend on parcel post service, Postmaster General J. Edgar Day told Congress recently.

Day explained the paradox as one which requires the Postal Service to operate the parcel post system so it hurts the people it was originally designed to help, particularly those in rural and other areas of less population.

Day said he must certify to the Treasury that the Post Office has either met the legal requirement that parcel post revenues and cost balance within four per cent or that rate increases have been requested that will insure that balance. Without this certification, the department cannot draw on its 1964 fiscal appropriation.

Postal technicians have estimated any new increase would have to be 25 per cent on the average to meet the break-even requirement, and the increase on some parcels would range up to about 40 per cent.

In 1 year the average family of 4 spends \$1,600 for food, according to "Life" magazine.

BANK DECLARES 55-CENT DIVIDEND

Board of Directors of The Detroit Bank and Trust Co., at a meeting May 28, declared a quarterly dividend of 55 cents a share on the \$10 par value common stock of the bank. It will be payable June 28, to shareholders of record June 7, 1963.

The announcement was made by Raymond T. Pering, chairman and Charles H. Hewitt, president of the bank.

FIVE GENERATIONS are far from uncommon in the family of Mrs. Alma Stokes, 2448 1/2 Pine Tree Rd., Livonia. At the left is a photo of five generations in 1896 and on the right is a comparable photo taken this year and also depicting five generations in the same family. The 1896 photo appeared in The Plymouth Mail at that time. Standing, left to right, are Mrs. Margaret Mueller, the great grandmother, and Mrs. Archie (Stokes) Howell, Plymouth. She is the mother. Seated, from left, are Mrs. Kuni Barck, the great great grandmother; baby Velma Diane Howell, the newest of the five generations, and grandmother Mrs. Horace Stokes, well-known resident of this area for many years. In the 1963 photo, at right, these are the identifications. Standing are Mrs. Laurence (Diane Howell) Gresesnak and her mother Mrs. Archie Howell. Mrs. Howell is a Plymouth High graduate. Seated, left to right, are Mrs. Margaret Mueller, who is holding the newest arrival, 12-week-old Lawrence Gresesnak, and the great grandmother, Mrs. Alma Stokes, who has lived at the Pine Tree address since 1936.

Changes Come Fast for Former Jet Pilot

Soft-speaking Plymouthite Robert Thompson is a slender young man who has witnessed many giant changes in his adult life — and all in a relatively brief span of time.

Eight years ago, he was freshly-graduated from Bowling Green State University and teaching industrial arts in the Detroit school system.

As recently as March, 1959, Bob was a jet fighter pilot with the U.S. Air Force's 13th Fighter Group, stationed at Sioux City, Iowa.

Today, Thompson, at 30, is the unassuming president of his own diversified construction and asphalt paving business here, and is as proud as a boy on Christmas Day over his firm's huge new asphalt producing plant on Belleville Rd.

With the recent completion of the asphalt factory at 5905 Belleville Rd., Thompson-McCully Co. has abruptly become the largest potential producer of asphalt in southeastern Michigan.

If the transition from industrial arts instructor to jet pilot to company president has affected Thompson, it isn't noticeable. His softly modulated voice is still only a shade above a whisper, and at a bridge table he seldom drinks, never smokes.

Another influencing factor required comes from his pretty wife, Ellen, whom he married in 1955.

Another influencing factor most certainly is 8-month-old David Thompson who completes the Thompson family, recently established in a new home at 1325 Elm St.

While the transition has been swift, it has not been altogether easy.

Bob formed Thompson-McCully Co. in partnership with his uncle, W. D. McCully in 1959. He had just finished a three-year hitch as an Air Force officer.

The firm bids on all types of construction work as well as surfacing and re-surfacing road projects.

But after losing \$60,000 on one job late in 1959, the company was close to bankruptcy. Bob and his uncle divided the debts down the middle, assured creditors they would be paid in full, and separated amicably. Bob kept the construction firm and retained the original name.

Intent upon reimbursing his creditors, Bob set out on his own. For nearly two years it was touch-and-go, but the reputation of the firm for superior work got around.

Contracts from the Michigan State highway department helped measurably. To date, Bob estimates his firm has done more than \$1 million worth of work for the highway department.

Another major project involved treatment work on 70 miles of roads in Oceana County above Muskegon. Thompson-McCully Co. also surfaced Plymouth's central parking lot last summer and just finished paving the new First Federal Building and the one at the new Beyer drug store.

Needless to say, Bob's creditors from the winter of 1959 were paid in full as time progressed.

Always hopeful of moving into asphalt paving on a major scale, Thompson rounded up the necessary financing late this past winter and the vast asphalt producing plant on Belleville Rd. resulted.

Put in operation May 27, the plant and property represents a \$200,000 investment. Fully-automated, it has a capacity of producing 210 tons of asphalt an hour. Only two men are required to operate the controls that run the asphalt manufacturing process.

Testimony of the vast capacity of the plant is found in a recent \$110,000 job awarded Thompson-McCully Co. to provide asphalt for the re-surfacing of Willow Run Airport. Bob's plant — working at half-capacity — will turn out the asphalt for the job in a 10-day span.

Born and raised on a farm near Jonesville, Mich., Bob Thompson graduated from Bowling Green in 1955 and married Ellen shortly thereafter. They met each other at college.

It was during summer vacations from college that he picked up his interest in the construction business and asphalt paving.

Open Forum Leaders Consider Civic Center

Two sub-committees of "Citizens for Plymouth" are investigating the need for a civic center building here along with various means for improving the community's industrial growth.

"Citizens for Plymouth" is a movement that has grown out of the recent Open Forum meeting. The 11 discussion leaders from the Forum have established themselves as a steering committee and have divided into the two sub-committees.

A second Open Forum will be held Sept. 18.

"It is hoped that these two sub-committees will have something very constructive in the way of definitive proposals for the second Open Forum," said Russell Isbister, chairman of the "Citizens for Plymouth." Isbister was in charge of the first Open Forum in April.

He said proposals on both the possibility of a civic center and the means for adding to the community's industrial tax base will be made at the September session.

"They will be presented for discussion and consideration," Isbister said.

George Lawton, Harold Guenther, Ernest Henry and Elizabeth Holmes comprise the sub-committee studying industrial development. Sam Hudson, Harvey Ziel, Ethel North, Walt Gemperline, Peg Jenkins, Joyce Foust and Cliff McClumpha are investigating the possibility of a civic center.

Zimmer, interior communications electronic second class, USN, son of Mr. and Mrs. Ray J. Zimmer, 560 Jeaner, Plymouth, Mich., took part in a joint United States-French military exercise in the Mediterranean early this month while serving aboard the attack aircraft carrier USS Enterprise.

The exercise was conducted May 1-10 in the Western Mediterranean and involved elements of the Sixth Fleet and the French Army, Air Force, and Navy.

The exercise, dubbed "Fair Game," was aimed at providing mutual tactical training and familiarization in air amphibious and submarine operations.

Sixty ships from both countries spread out in the western part of the sea for the mock attack on the island of Corsica. Aircraft carriers, submarines, cruisers, destroyers, amphibious ships, minesweepers, and logistic support ships provided seaward protection and delivered U.S. Marines and French Commandos to the simulated invasion beaches. They were opposed by French Army troops.

"Fair Game" was the latest of a series of annual bilateral exercises between American and French forces in the Mediterranean.

HICKORY CURED . . . ?

Folks used to think rheumatism could be cured by carrying a hickory nut. Today, we laugh at these old wives' remedies. We have so many reliable, quick-acting medications now. Medical discoveries in recent years have eliminated or greatly eased untold pain and suffering. But, remember—most medicines should be used only upon the advice of your physician. When you or a member of your family become ill, see your doctor first. Then come to us for the medicine he prescribes.

Kiwanians Form Key Club Here For High Schools

Aimed at developing greater initiative and leadership among Plymouth's young people, the Kiwanis Club is forming a Kiwanis "Key Club" consisting of interested students from the Senior High.

Purpose of the Key Club members will be to serve to a wider degree the school and community.

For the past five months, Key Club Chairman Joseph West and his committee members have been planning the club formation. Committee members are Harry Christensen, Jo Graves, Sanford Knapp, Wendell Lent, Carl Pursell, Donald Rank, Harry Reeves A. E. Van Ornum, William Lyons and James Winterhalter.

The Key Club will be under the direction of Plymouth High and its principal, Carvel Bentley, and the Kiwanis Club will sponsor it.

Faculty advisor will be Philip Johnson, who is well-qualified as a result of his teaching experience and related work with high school students.

Applications are now being taken and charter memberships will be completed June 12. Senior High students interested in joining the Key Club are asked to contact the committee chairman, Joseph West, of faculty advisor Johnson.

SALEM NEWS

By VERA CLAIR — GL 3-2610

Mrs. Burton Rich and Mrs. Kenneth Rich drove to Stanton Wednesday, May 29, for daughter, Elaine McIntyre, and children, Tom and Dana, who returned with them for the Memorial Day weekend. Mr. McIntyre joined them Friday. The two grandchildren stayed on to spend a week with their grandparents.

Mr. and Mrs. Glen Renwick, Angle Road, celebrated their thirty-sixth wedding anniversary Thursday, May 30. We in the township wish you many more.

A group met at the Salem Federated Church at 1 p.m. Thursday, May 30 to drive to the Lake Shore Bible Church at Benton Harbor where they enjoyed supper and the evening service by Roy Jefferys.

Mrs. Don Lanning and daughter, Mary Lou, attended a miscellaneous bridal shower Friday, May 24, honoring her future daughter-in-law, Mary Mitchell, Fry Road, Northville. The shower was given by the Northville Senior

High girls in the home of Mrs. Peggy Moore. Mary received many lovely gifts. Games and refreshments were enjoyed by the group.

At this time the sick list includes two of our township officers: Floyd Taylor of Salem who is in Ridgewood Hospital, Geddes Road. Taylor underwent surgery Monday, May 26. Francis Hugg Sr. of Currie Road suffered a heart attack Monday, May 18, and is in St. Mary's Hospital, Livonia. Also in St. Mary's is Lewis Lanning of Tower Road. He was taken by ambulance Saturday, May 25, with a lung condition. The small folks in with the measles are Mark Chipchase, Diane Zibler, Rance Carroll and the Taff children.

Rev. and Mrs. Richard Burgess, Lansing, formerly of Salem, were at the Northville Baptist Church Wednesday evening, May 22, to show pictures they had taken while visiting the Holy Land last year. Although several of our Salem people had seen the pictures they enjoyed them again.

Mrs. Kenneth Rich and children, driving on Salem Road Saturday, May 26, reported seeing two large deer. It was a big thrill for the small fry.

Sharon Townsend became the bride of Peter Glushym in a Friday evening ceremony at the Salem Federated Church with the bride's brother-in-law, Rev. Chipchase, performing the ceremony. Joy Chipchase, sister of the bride, sang "I Love Thee Dear" and the "Marriage Prayer".

Parents of the couple are Mr. and Mrs. Burton L. Townsend and Mr. and Mrs. Peter Glushym Sr., Ann Arbor.

The bride wore a gown of sheer chantilly lace with a fitted bodice fronted with lace and a scalloped, scooped neck line. The long sleeves tapered to points over the wrists. A scroll of lace encircled the full skirt and flowered into a chapel train. A bouffant veil of imported English illusion was held in place by lace petals and seed pearls.

Attending the bride were Betty Townsend, sister of the bride; Diana Glushym, sister of the groom; and Carolyn Travis. All wore identical waltz length gowns of mint green silk with matching organza over-skirts.

Perry Travis served as best man, with Jim and John Kirby, cousins of the groom, seating the guests.

After a reception for 120 guests in the church parlors the couple left for a honeymoon to the Hartwick Pines in Northern Michigan. Upon their return they will make their home in Ann Arbor while Mr. Glushym continues his studies at the R.E.T.S. in Detroit.

A recount of the township votes was made on Monday, May 27, at the Salem Town Hall, and all balloting was found to be in perfect order.

The "Go Getters" 4-H Club met at the Salem Town Hall Tuesday, May 21, for a social

MEMORIAL DAY, 1963 — last Thursday — was perfect in every respect. Countless Plymouthites flocked together on either side of the Main St. parade route, and were not disappointed. The parade was described as the best in many years here. Kellogg Park ceremonies, following the conclusion of the parade, paid solemn tribute to the community's war dead. Above, is a scene on the speaker's platform during the Memorial program in the park. From left: Aide-to-the-Marshall Jim McKindles; City Mayor Richard Wengette; Rev. John W. Miller; soloist Nat Sibbold, and at the far right, Township Supervisor Roy Lindsay. Three boys, extreme left, were enthused over the appearances of so many flags and military units. Shane Granger, 5, comes to a stiff 'brace' of attention, as Don Szalay, 11, and Jim Neale, 10, look on. Earlier, the parade stirred the hearts of the young and old alike. At right, the VFW auxiliary color guard steps out smartly as a youthful spectator watches. And at left, 3-year-old Mark Dodes and his 16-month-old brother, Martin, survey the marching units. All in all, it was Memorial Day at its best.

GROUND BREAKING

SCHOOLCRAFT COLLEGE—NEW EDUCATIONAL OPPORTUNITIES NOW ON THE WAY FOR NORTHWESTERN WAYNE COUNTY!!!!!!

Come rain or shine, ground will be broken June 8 for another in the growing list of Michigan colleges. Schoolcraft's first four all-electric buildings will be open early next year, ready for the pressing business of meeting the area's growing educational needs.

The college will be on a year-round schedule with classes to be held between 7 a.m. and 11 p.m. It will be located on the 140-acre site bounded by Six Mile, Seven Mile, Haggerty and Newburgh Roads.

Schoolcraft will be one of the first colleges in the country to utilize fully the advantages of all-electric facilities—including electric heat and air conditioning. The architects, Eberle M. Smith Associates, Inc., of Detroit, eliminated the need for boiler rooms and furnaces by designing for flameless electric heat. The space saved will provide classroom facilities for 200 extra students.

Detroit Edison is proud of the role electricity will play at Schoolcraft College—Northwest Wayne County's new educational center.

1 IN MEMORIAM
In loving memory of Elizabeth McCoy June 6, 1961 William McCoy Oct. 7, 1954
Also its a number of years ago
Since they were called away to us at home who loved them it seems like yesterday. Time cannot dim our memory. Of the ones we loved so dear. And as time and tide go on and on, They'll be with us, and always near.
Nora-Tom-Russ and Nancy 39c

FAST-GROWING but relatively little known Plymouth industrial firm is Merchant Machine Tool, Inc., 43999 Shearer Dr. Organized nine years ago by Elroy Merchant, the plant has been in its Shearer Dr. location nearly three years now. Merchant recently colonized the front of his factory building (above) and is justifiably proud of the \$5,200 improvement. Neighbors, too, are happy over the neat new addition on their street. Here, Merchant (right) and his son, George, are shown in front of the firm's headquarters. Merchant, a long-time Plymouth

resident and former manufacturing manager for a large machining firm in Detroit, said his company has tripled its volume since 1960 and now employs 15 workers, compared to the three he had when he first moved to Shearer Dr. Among Merchant Machine Tool's larger accounts are Packaging Corp. of America, Consumer Power Co., Continental Can Co. and Vico Products. Merchant lives on Beck Rd. His son, George, is a 1952 graduate of Plymouth High. He has two other sons, Bud and Dennis.

Mike Has Vivid Memories of D-Day

(Continued from page 1)

There were 50,000 airborne troops making the jump, and Mike's regiment was assigned the deepest penetration, nearly 20 miles inland. From a height of 600 feet, Bodak was only seconds from the ground. He landed on the slope of a hill and barely had time to slip out of his parachute harness when a machine gun fired on him. Leading two other men, he knocked out the machine gun nest and began assembling his unit. Mike rounded up 250 men, he recalls.

Two days of fighting followed, troubled by confusion resulting from a failure by pilots to drop their human cargos into assigned target zones. A lack of adequate support finally compelled Mike's unit to fall back toward the beachhead.

Scrambling through heavy forests, Mike became a casualty when a mortar round burst in the trees and shrapnel pitted his neck and back and tore off much of one heel.

He recalls that only two or three of his men survived the severe mortar attack. Mike himself lay prone on the ground, badly injured.

A German infantryman approached, saw Mike move and fired a burst from a machine pistol into the injured American's chest. Taken prisoner, Bodak next remembers being aboard a German truck, apparently enroute to a rear-lines hospital. The truck convoy was heavily strafed by attacking P-51 fighters.

For two and one-half months, Bodak lay near death in a German hospital until Gen. Patton's swift-moving tanks freed him. He was flown first to England, then to the United States, eventually arriving at Percy Jones Hospital in Battle Creek.

He was awarded the purple heart and bronze star and, after nearly two years of

endless operations, was released from the hospital in 1947.

Promoted to captain and retired for medical reasons, Mike receives a full disability pension. He is still a regular visitor to the VA hospital in Ann Arbor, where doctors treat him like one of themselves.

When he was discharged from Percy Jones in 1947, doctors gave him five years to live. The extra decade, Mike says with a twinkle in his eye, isn't "borrowed time," but instead is a "bonus" for good behavior.

He keeps busy with the many details that arise out of the All-American Sport Parachute team, which was organized recently. It is comprised of veterans of the airborne, as well as life-long civilians who get a kick out of parachuting.

Bodak is also a director of the National Association of the 82nd Airborne Division, and is currently working on plans for the association's national convention in Detroit during July 4-6.

But first he will sit peacefully through the 19th anniversary of D-Day this Thursday.

Salem Board Eyes Zoning Revisions

The need for possible changes in the Salem Township zoning ordinance drew no official action at Monday night's regular Salem board meeting.

Members of the Township's zoning board were on hand to discuss any revisions, but the matter was put aside until a later date.

A zoning issue of rather long-standing in Salem involves a fruit stand on Territorial Rd. operated by Denver Cockrum.

A neighbor, Angelo DiPonio, has a suit pending against Cockrum alleging a zoning violation. The case has been appealed by attorney George Scherman, after a lower court ruled against Scherman's client.

In routine matters Monday night, the Salem board agreed to install stop signs at the C & O railroad crossing on Napier Rd. between Five and Six Mile Rds.

Consideration was given to a request from Great Lakes Plastics Co., asking for parallel parking sides on both sides of Salem Rd. in front of the plastics plant. The matter was taken under advisement, and the Washtenaw County Road Commission will be consulted.

Canton Approves Subdivision Rules

Canton Township officials held a special meeting Tuesday, May 28, and approved a general subdivision ordinance. The clerk was instructed to prepare a schedule of building, electrical and plumbing permit fees. Some discussion was given to future heating and paved road parking ordinances.

Officials said no news has been received on the application made several months ago with the Chicago regional office of Housing and Home Finance Agency on a federal grant sought to underwrite half of a \$625,000 expense for a three-mile sewer extension along the Rouge Valley.

Canton Supervisor Louis Stein plans to go to Chicago the last of this week to learn more on the state of the application for federal aid.

Canton officials will hold their regular meeting Tuesday, June 11.

CHARLES STOFKO, 8975 Beck Rd., has been appointed planning and engineering manager of Ford Motor Company's Twin Cities assembly plant, St. Paul-Minneapolis. He is a former general manager of the Barnes-Gibson-Raymond division of Association Spring Corp. here. More recently, he had been with Ford's Automotive Assembly Division, Dearborn. Stofko and his wife have three children. The family will move to the Twin Cities.

ELECTED TREASURER OF SHOE ASSOCIATION

James Houk, owner of Fisher's Shoe Store here, has been re-elected treasurer of the Michigan Shoe Association, a division of the Michigan Retailers Association.

Houk was elected during the association's annual meeting May 27 in Detroit. He is a member of the Plymouth City Commission and active in numerous civic projects here.

School Election

(Continued from page 1)

vacated recently by James O'Neil, who was elected to the state Board of Education.

There are 11 candidates for the single vacancy. Only one is from Plymouth. He is Victor Wenzell, 141 S. Holbrook. The 10 other candidates are:

Leroy C. Bennett, Darrell E. Berry, Donald C. Deremo, Arnold H. Fisher, Irving N. King, George F. Shirley, Luman R. Slawson, Robert Thompson and Theodore J. Woloson, all residents of Livonia, and Gerald L. Cox, Garden City.

The races for at-large trustee assignments will be determined by the total vote count from the four high school districts. The Plymouth School District alone will decide on Harold Fischer's candidacy, and since he is unopposed, his re-election is as good as assured already.

The same holds true for Mrs. Moehle and Kirkpatrick who are similarly unopposed in their race for six-year at-large posts.

Statements and brief identifications of the college trustee candidates are also printed inside this issue of The Mail.

No change has been made in the polling places for the election Monday. Just as in recent School elections, precinct No. 1 will be at the Senior High; No. 2 is Gallimore School; No. 3 is the Plymouth Township Hall, Ann Arbor Rd., and precinct No. 4 will be in Starkweather School.

Polls will open at 7 a.m. and close at 8 p.m. Voters in line at the closing time will be permitted to cast a ballot.

Meanwhile, absentee ballots may be obtained at the Board of Education offices here. As of late last week, none had even been requested, indicating that a particularly light voter turn-out is in store Monday.

Estimates as to the total turn-out here place the figure somewhere between 1,800 and 2,200 ballots. The record for a Plymouth school election is about 3,850, and was set during a vote on a 7-mill tax proposal 14 months ago. The proposal was defeated.

School district electors will be asked to decide three questions at the June 13 election, the board of education announced Tuesday. The questions will concern proposals to supply free text books and to increase the tax assessment one mill for property and building purposes. Friends of A. R. Kidston and Lloyd C. Larder will be interested in the announcement in this week's issue of The Plymouth Mail that Saturday they will open a new eating place in Newburg in the old school house to be known as The Green Shutters.

50 YEARS AGO

All arrangements have been completed for giving the first free band concert and moving picture show on the streets on Saturday evening, June 7th.

Last Thursday afternoon Deputy Sheriff George W. Springer was notified that a bunch of "bad looking tramps" were hanging around the Pere Marquette railroad yard. The officer went to the yards immediately and came upon three colored men whom he ordered to leave town at once. The three drew their guns so "Wink" surrendered gracefully went back to the village where he secured assistance. It was a lively chase, the tramps dodging from cover to cover, and the officers in close pursuit until finally after a twelve mile chase the three threw down

Miss Doris Buzzard, Plymouth high school junior, who recently won honors for this city in state debating contests through her successes, has won a speech scholarship for the summer term at the University of Denver.

This year, 1938, marks the 40th anniversary of the organization of First Church of Christ, Scientist, Plymouth. The first meeting of the members was held in Safford hall, which is now part of the Blunk building on Main street, on April 26, 1898. Mrs. Mariette Hough and Mrs. Hattie Baker of Plymouth and Miss M. Louise Markham, formerly of Plymouth and now living in Detroit are present members who helped in the organization.

The Board of Education announced Tuesday that it had obtained an option on the former Leach place, now owned by Mrs. William Wood, which is adjacent to the Plymouth high school. Should the board take up the option the price would be \$12,000. The site, the board explained, would furnish ample room for expansion which is needed badly at the present time.

The infant daughter of Mr. and Mrs. Vito Simmonetti was baptized Monday night in Our Lady of Good Counsel Church by Father Lefevre.

CHOOSING strawberries from Stop & Shop's large selection for her "Fresh Strawberry Parfait" is Mrs. E. M. Littell, 279 Irving St., this week's guest cook.

It's strawberry time again and this week Mrs. E. M. Littell, 279 Irving St., has lent us her recipe for Fresh Strawberry Parfait.

A resident of Plymouth since May 1, when she moved here from Wilmette, Ill., Mrs. Littell has had more than the ordinary troubles associated with moving.

A "wet basement" involving about three feet of water was enough, but her one son, Todd, a kindergarten at Bird School, came down with the measles recently and she expects her one-year-old son, Philip, to break out in red spots any time.

A commercial artist, Mrs. Littell hopes to fix her basement up as a studio in due time. Summer is her favorite season and she's looking forward to swimming, water skiing and tennis and hopes to become active in the outdoor theater.

FRESH STRAWBERRY PARFAIT

- 1 Cup sugar
 - 1/2 Cup water
 - 4 egg yolks
 - 1 1/2 quarts fresh strawberries (crushed)
 - 2 Cups heavy cream (whipped)
- Whole strawberries for garnish
- Make sugar and water syrup. Beat egg yolks in top of double boiler. Then pour syrup over yolks slowly, stirring constantly. Cook and stir until cold. Then add crushed berries and fold in whipped cream. Pour into freezer tray, mold or parfait glasses and freeze for 3-5 hours. To serve, dip mold or tray in hot water and turn onto cold platter and garnish with whole berries and whipped cream.

Alpha Xi Sorority Sets Supper Dates

Local Alpha Xi Deltas will close their year with their annual potluck supper to be held at 6:30 p.m. Tuesday, June 11, in the home of Mrs. Fred Sigmon, 42377 Hammill Lane, Plymouth. College members are invited to this social night as well as all alumnae in the area, which includes Plymouth, Livonia, Garden City, Redford Township, Dearborn Heights, and Dearborn. Reservations can be made by calling Mrs. Owen Newell, 422-3105.

On Saturday evening, June 22, members and their husbands will gather for a picnic supper at the home of Mr. and Mrs. Jack Lane, 30800 Wentworth, Livonia.

The sorority does not meet in the summer months but resumes a full schedule in the fall. All local alumnae are invited to attend and participate in the activities of the Dearborn Alumnae Chapter.

NEWS BRIEFS

Cite Members Of Volunteer Hospital Group

Members of the Plymouth Women's Club hospital group received certificates of recognition for outstanding volunteer service to patients of the Northville State Hospital at an open house and third volunteer workshop held Wednesday, May 22.

Those who received certificates were Mrs. A. K. Brocklehurst, Mrs. Harold B. Daggett, Mrs. Glenn Fraleigh, Mrs. Richard Jones, Mrs. James Latture, Mrs. Ralph Lorenz, Mrs. Gustav Lundquist, Mrs. L. B. Rice, Mrs. Earl Russell, Mrs. Vaughn Smith and Mrs. Carl Symons.

The hospital group met in the home of Mrs. Russell, John Alden, recently for the planning meeting. Officers elected for 1963-64 were Mrs. Latture, chairman; Mrs. Symons, vice chairman; Mrs. Jones, secretary-treasurer. Out-going officers were Mrs. Rice, chairman; Mrs. Latture, vice chairman; Mrs. Daggett, secretary-treasurer.

The May birthday party was given for Ward C 14. Mrs. Russell was hostess and student nurses entertained with singing and dancing. The patients were delighted with the beautiful doll cake donated and made by Mrs. Edwin Schrader.

The hospital group will continue planning meetings and monthly parties through the summer.

William Rudicks Celebrate 50th Wedding Anniversary

MR. AND MRS. WILLIAM RUDICK, SR.

Approximately 300 friends and relatives are expected to attend a reception in the VFW Hall this Saturday evening to honor Mr. and Mrs. William Rudick, Sr., on their fiftieth wedding anniversary.

Married June 4, 1913, in Wyandotte, the Rudicks have lived at their present address—912 Simpson—since 1928 and have been residents of the Plymouth area since 1920.

Rudick, a member of Holy Name Society, retired seven years ago from Kelvinator Corp., Detroit, where he was a blancher operator. In his spare time, now, he helps neighbors with gardening.

Mrs. Rudick, a member of the Rosary Society, formerly sewed for the Red Cross and Cancer Society.

Subscribers of The Plymouth Mail for the past 34 years, the Rudicks have three sons, Laurence, 912 Simpson St.; Russell, 1300 Ann Arbor Rd., and William, Jr., 1031 S. Main St., seven grandchildren and three great grandchildren.

Mrs. Ethel Lentz is mother advisor.

Emily Cutler Troth Told

Mr. and Mrs. J. Rusing Cutler, 193 N. Main St., announce the engagement of their daughter, Emily, to Robert G. Kemnitz, son of Mrs. Rose Kemnitz, 1233 Hagerty Rd., and the late George Kemnitz.

Miss Cutler teaches in Benne Elementary School, Allen Park, and Mr. Kemnitz is a chemistry teacher in Southfield High School.

The couple plans to be married Aug. 17.

The Antique Corner
By Mrs. John Gibbons

The button is believed to have been known of during the Egyptian era, but placing its origin exactly would be impossible. We do know that the button as we know it today came into its own about 400 years ago. It developed during the 14th and 15th century and when they first appeared they were the work of craftsmen, each were made by hand, and as a result, they were high in price.

During this time clasps, buckles, laces, girdles and buttons were still the usual items used to hold garments together.

Throughout America's colonial years buttons were supplied from England and the Continent. The costumes of the pilgrims were largely utilitarian and did not have cause for button fastenings. Points, a string with metal tips, were the common fastenings. After the Pilgrims came the Puritans of Massachusetts Bay Co. and unlike the poor pilgrims these were of schooled background and social standing and have been attributed with bringing millions of dollars to America. Their costumes were adorned with silver, gilt, thread, pewter, brass, and mohair buttons.

The button was not produced here in this country on any large scale until the war of 1812 when due to the policy of not importing goods from abroad created a demand for a button industry here in America. Early button makers bought old copper and brass pots and pans and rolled them into metal to make buttons. As the demand grew more scarce other metals were employed. Pewter became another source and the polished metals were used.

There are some unrelated but interesting facts about buttons that you may enjoy knowing about.

1.) During the 16th century buttons were bequeathed to members of the family in wills. 2.) In Holland and Denmark there are family buttons that are passed on from father to son. 3.) In France the President must, out of his own money, furnish 25 uniforms with his initial on the buttons. 4.) The mother-of-pearl button was the most vastly produced button till the intervention of plastics. 5.) No buttons are made in Africa. The those clothes require none and visitors purchase imported ones. 6.) A lumber company paid its employees in buttons of wood redeemable at only its own company store. 7.) Buttons have been considered a source of vanity and therefore, certain religious sects refuse to wear them.

200 Fete Robert Archers On Golden Anniversary

MR. AND MRS. ROBERT ARCHER

An open house in the VFW Hall Sunday, June 2, — attended by approximately 200 friends and relatives — honored Mr. and Mrs. Robert Archer, 335 Roe St., on their golden wedding anniversary. Married June 4, 1913, in Manistique, the Archers moved to Plymouth from Manistique in 1925 and have lived at their present address since that time.

Mr. Archer retired from Ford Motor Co., where he was a crib attendant, in 1952.

In addition to gardening — a favorite pastime of his — Mr. Archer keeps busy helping out in the pool room every afternoon.

Mrs. Archer is a member of the Grange, Macabees and the VFW Auxiliary.

The Archers have six children, Ernest, 335 Roe; Eileen Williams, Harvey St.; Lorence, Hartsough St.; Joseph, Holbrook St.; Rita Stalte, Dearborn St.; and James, 335 Roe St., and seven grandchildren.

Detroit News Columnist Jim Bishop, wrote a piece recently concerning his diet. . . Jim says he had lost thirteen pounds in six weeks but during that time the dreams of his favorite food even took precedence over his normal nutty dreams of such plain, unattractive people as Brigitte Bardot, Ava Gardner and Jane Mansfield. Now he says it's baked Alaska, the hind leg of a steer and a mound of pork chops.

Having spent considerable time dieting, recouping and dreaming myself lately, and knowing hotel manager Ralph Lorenz has been going through the same dilemma, I thought I might record some of the tempting food treats that flashed across my mind many times during the day or throughout the long hours of the night.

The main difference between Bishop's thoughts and mine are that I can pin-point mine right down to the local cook and particularly the dish that she makes better than any I have ever tasted. As a matter of fact, as I approach the writing of these various gastronomic thrills, my stomach growls even louder and I am already drooling at the thoughts of once again tying into man-sized portions of each as I used to. . . and you can believe it. . . that's really dreaming, too.

First, I would start with a huge bowl of clam chowder, made from Boston's famous Dirgin Park restaurant recipe which I have and would make myself. Normally this would be a meal in itself, but undergoing the rigors of a 650 calorie daily diet your dreams of super-sumptious repasts minimize portions to the extent that a quart of this clam-packed brew would only whet your appetite for the real foods ahead.

Now I would want a fish course and this would be easy to provide. Delicate, pink trout, fresh from Herman Bakhaus' private trout pond, cleaned by Vaughan Smith and prepared just to the right degree by the famous local chef, James Latture. About six of these, maybe seven, would set the stage for the rest of the menu.

My salad would come from California. Out in Beverly Hills, on the roof of the Beverly Hilton is a sky-room restaurant so exclusive that the menus carry no prices. Needless to say that the reason, no doubt, is that if you saw a price after the delicacy you might want, the number of digits might dampen your appetite, or scare you away completely.

Never-the-less, from this star-lit emporium I would select their own, concocted at the table, Caesar salad, which is a true epicurean's delight as well as an interesting sight to see made as it involves the efforts of at least two, and sometimes three, waiters to properly add the ingredients.

My meat entree would be easy. I'd have the Rucker brothers over at Stop and Shop have Billy cut for me one of those, juicy, flavorful, BIG, THICK, succulent, well aged T-bones, just right for the charcoal fire and cooked more rare than medium. One weighing a bout two, nearly three pounds wouldn't be bad.

Now next I'm torn between a huge bowl of Mrs. Lewis Goddard's turkey stuffing or Detroit Athletic Club's cheese potatoes. Since Mrs. Goddard's dressing is made with mashed potatoes I probably could get by with this and because I don't care for turkey particularly it might do the job with the steak but, in this case, I guess I'll have both because that baked, ground up cheese, potato and cream dish of the D.A.C. is terribly good, too.

Rolls are no problem. Marvin Terry's hard rolls have been my favorite for years and I have as yet to find any anywhere that please me as much. In this case I'll probably need a half dozen, three poppyseed and three sesame seed, anyway, and if my own cook doesn't mind, sweet butter helps blend all the flavors I'm almost delirious for.

Now I've got to include a vegetable and here I've got a real problem. Did you ever get real starchy over a casserole of Marge Dohmen's lima beans? Well, I have, and in this case I'll need the whole casserole myself and, even so, I've got to back this dish up with a huge serving, mounds I mean, of Mrs. Carl Shear's oven-baked beans. . . boy, are they delicious. Deep brown, sweet, soaked with molasses, kind of mushy, filled with big bits of ham and, well, I just can't go on about those beans. In fact, I could eat a couple of great big pans full right now just to get me through this menu before I have my own lunch in an hour, of two ounces of meat, a serving of cut-up lettuce, a small bread stick, half of grapefruit and tea. Listen to me, Jim Bishop, that's dreaming, and I really mean dreaming.

I've got to add some crisp celery hearts from the muck beds over in Kalamazoo where I played as a boy and, of course, I would want a big dish full of those tricky, sweet dill pickles that Bonnie Garlett introduced me to and made my favorite. Crisp, sweet and dill, too, all in one. What a taste sensation they are.

Probably you think I would be full by now. Well, I'm not, and I've eliminated any problem resulting from having two favorite desserts. I'll have them both and probably eat all of them by myself.

Remember that old strawberry pie recipe I printed about ten years ago? It was so good that I think our residents had us reprint it several times, in fact, Well, Myrtle Adkin's strawberry pie is still tops with me and since the strawberry season is close at hand I might just say that it's simple; you make a crust, fill it with giant, fresh strawberries, then cover them with a strawberry glaze. Man, is that a treat. It's just like eating a bowl full of fresh Michigan strawberries and a strawberry pie at the same time.

I'll have to end my menu by calling on the services of our old friend, Mrs. Harry Wagenschultz, over in Northville. "Liza", as she is affectionately known by her hundreds of friends in Plymouth as well as in Northville, takes time away from her activities as a member of the Wayne County Library Commission and produces in her kitchen a yellow cake, made from a recipe which is now almost a lost art, so light, fluffy and delicious that I know I'll have no trouble eating all of it by myself to finish my meal.

Bowls and bowls of fresh coconut, shredded by hand, coat the cake to make a sight so inviting and a taste treat so satisfying that no matter what may have gone down before you'll have ample room to mutilate the total production all by yourself.

You may have been dreaming, Mr. Bishop, while you lost thirteen pounds, but look what you've done to me while my 70 some pounds have disappeared into the air. And, by the way, Mr. Lorenz, what would you give to join me right now in this feast?

Again, as in the Gay 90's, the soft, mellow glow of gaslight has found widespread popularity. And it's no wonder when you consider all its advantages! The gas yard light is decorative. . . it sheds its golden light over lawns, patios and pools for nighttime relaxing or entertaining. It helps guard against unwelcome intruders. Homeowners like its dependability too. . . its unflashing source of outdoor illumination. In addition to being highly decorative, useful and dependable; gas yard lights are economical to operate and simple to maintain.

Letters to The Editor

Mr. Sterling Eaton
The Plymouth Mail

Dear Sir:
Your co-operation and thoughtfulness in printing the pocket name cards for Hospitality Day during Michigan Week in the Plymouth Community is sincerely appreciated.

All eating establishments passed them out during the day at each place setting with considerable enthusiasm and encouraging statements. Your generosity helped us a lot to make the week a success.

Again, my thanks for your fine co-operation.

Sincerely,
John D. McEwen, Clerk

Editor:
After living for four years in a town where Memorial Day went by unnoticed, I thought Memorial Day in Plymouth was wonderful.

Memorial Day in Plymouth, a wonderful old-fashioned Memorial Day. Hanging the flag in front of the house, hng it proudly and prayerfully.

Hurry up with breakfast so we can all get to the parade. Be certain that Mary looks just right in her Brownie uniform. Check Johnny's band outfit before he leaves the house with his shining horn. Find a place to park and get the camera ready.

Here comes the parade! Stand very tall as the flag goes by. Listen well. Can you hear the ghostly echo of other marching feet — young men who marched away — forever? The parade is over, the solemn speech, the taps. Did it say anything to us?

The day is warm and bright, the green maples are in full leaf, the bridal wreath blooms heavily. Slowly we collect the kids and drive home.

There's a lot to do. Let's plant that flat of petunias and try a row of snapdragons. Wash the picnic table and get out the grill. Is the potato salad made? What a beautiful chocolate cake. When do we eat?

The friends arrive and we put everything on the picnic table. Call the kids! What a wonderful picnic. Does anyone want anything else?

While the kids play baseball, we sit around the table and drink coffee and talk. The day is almost over and the night air is cool.

Memorial Day — 1963. Did it say anything to us?

Attend Annual Christian Science Church Meeting

A return to "God-centered thinking" is the world's most urgent need, said the new President of the Christian Science Church today.

Speaking before the Church's huge annual meeting through in Boston, Mrs. Helen Wood Bauman warned that the scientific advances taking place in the world today are in danger of being misunderstood. A number of local Christian Science Church members attended the meeting.

"Intense interest in technological skills and human inventions is again tending to divert thought from God," and neglecting "to give Him credit for a great release of mental energy," she declared.

Instead of "indifference to God," men should be finding Him as "the center and circumference of their being, the source and fulfillment of their honest aspirations."

Mrs. Bauman called upon church members "to help the world in its struggle against atheistic materialism that defies mortals."

The "self-centered, human-centered tendencies" must give way to a "diviner energy," she said — to an energy that "Christianity holds within itself," always drawing men back to the simple teachings that make Deity "the focal point of love and interest."

Such worship "acknowledges God as the only source of intelligence and skill, and inspires men to love Him with all the heart and soul and strength," she said.

"The God-centered thought is constantly refreshed at the front of intelligence and love."

"When God is fully understood as underlying all constructive developments, when he is seen as sustaining all progress," then will all men "delight in turning to Him," declared the new church president.

"All that is worth possessing, worth pursuing, worth expressing must be linked with the one creator, the one center and circumference of being, with the God who demands our love."

The address was presented in The First Church of Christ, Scientist — known as The Mother Church — before several thousand members from all over the world, including Mr. and Mrs. Ted Hermans, Mrs. Winifred Albertson, Mr. and Mrs. Charles Latter, Plymouth; Mrs. Lois Alberts, Livonia, Mr. and Mrs. Mark Larkins, Northville, all members of the First Church of Christ Scientist, Plymouth.

They heard annual reports from many church departments indicating stronger religious activity and interest among young people.

Large numbers of High School and college students are attending church lectures, applying for membership, subscribing to The Christian Science Monitor, and sending in their own articles to the religious periodicals, it was related.

Among the outstanding spiritual healings reported at the meeting were some by Sunday School students.

The establishment of a Christian Science Society in Bangkok, Thailand, was cited as one of the latest additions.

Thinclads Finish 3rd In Conference Meet

Unable to muster a repeat performance of their championship effort a year ago, Plymouth varsity thinclads had to settle for third place in the Suburban Six league track meet last week.

The Rocks compiled 49 points as Bentley High walked off with top laurels on the strength of 65 points and Redford Union finished second with 57.

Belleville with 30 points was a distant fourth behind the Rocks. Trenton was fifth with 18 and Allen Park finished with 15 points.

Plymouth and Bentley ran neck-and-neck throughout nearly two-thirds of the meet. The two schools, in fact, were deadlocked with 41 points a piece after the 220-yard dash, but Bentley pulled away from then on, capping its winning effort with a victory in the mile relay.

Redford Union turned to a victory in the 880-yard relay to clinch second place in the final standings.

Hugh Sarah and Bob Steele combined talents to set three new league meet records for Plymouth. Sarah's winning toss of 55-feet-5 in the shot put was a new mark, and

Steele's performances in both the high and low hurdles established new standards.

He won the 120-yard high in 14.5, as Chris Gaffield finished third for the Rocks in the 180-yard lows. Steele was timed in 19.5 and Gaffield came in fifth.

The Rocks almost swept the shot put. Sarah won the event handsily. Jim Ayers came in second and Hal Smith was fifth.

Other points for the Rocks came in this fashion: Mark Schultheiss won the high jump with a leap of 5-foot-10. Mark Fischer placed third in the pole vault as he cleared 11-feet-8, his best performance of the year.

Fischer came back to take second in the broad jump with a leap of 20-feet-3/2. Dave Van Ornum was fifth in the 220-yard dash.

The Rocks were also fifth in both the mile relay and

the 880-yard relay. Garry Grady, Bill West, John Bowman and Schultheiss comprised the Rocks' mile relay combination, and Dennis Tonkovich, Dave Agnew, Van Ornum and Steele ran the 880-yard event.

Plymouth took part in the Snarey Relays Saturday. The Rocks were one of nine schools entered and wound up at the mid-way point in the standings on approximately 14 points.

Sarah, Ayers and Smith won the shot put relay with a combined effort totaling 143 feet, seven inches. The Rocks were fifth in the broad jump, fourth in the high jump and third in the low hurdles.

Steele, Gaffield and Bob Powell won the high hurdles relay in a combined time of 46.3 seconds. The Snarey relays concluded the 1963 track season for Plymouth.

PLYMOUTH won the Suburban Six league golf championship this spring on the strength of the performance of these four golfers shown with Coach John Sandmann. The Rocks slipped past Bentley High, 339-342, while Redford Union and Trenton finished with matching 359 scores. From left: Sandmann, Jim Mattison, Carl Zornow, Dave Wall and Gerry Scott. A year ago, Plymouth missed winning the league golf trophy by only one stroke. In 1961, the Rocks emerged as league champs by a handy margin.

Golfers Have Hopes Of 10-4 Final Mark

Regardless of the outcome of their one remaining match, Plymouth's varsity golfers are assured of finishing the year with a big improvement over their 1962 achievements.

Already crowned league champs in golf, the Rocks boast a 9-4 dual-meet record as of last Friday and could finish 10-4 with a victory over Northville this week.

A year ago, Plymouth missed winning the league championship by one slender stroke and completed the year with a 7-8 dual-meet accomplishment.

Last week, the Rocks won one and lost one.

Ypsilanti bowed, 174-183, at Washtenaw Country Club on May 27, but Dearborn turned

the tables on the Rocks and posted a 157-173 decision May 23 at Brae-Burn. Dearborn earlier had tied Flint Southwestern for the state class A golf championship.

Carl Zornow's 39 paced Plymouth's win over Ypsi. The Rocks gained added support from Gerry Scott (44), Jeff Hoffman (45) and Jeff Griswold (46). Hoffman and Griswold are sophomores. Bill Brien was low for the losers with a 44.

Against Dearborn, Plymouth did not fare as well. Zornow soared to 48, Jim Mattison had a 41. Scott posted a 42 and Dave Wall also had 42. Medalist was Dearborn's Ted Kondratko with a 37, two over par for Brae-Burn's front nine.

Plymouth Plating Has Successful Debut, 10-9

Plymouth Plating made its 1963 debut a successful one in the local men's recreation softball league last week, winning a 10-9 slugfest with Men's Lutheran.

The victory threw the Plating team into a three-way tie for third place in the softball circuit. Tai's Cleaners and Vico Products had earlier posted wins, and all three teams

boast 1-0 marks at present.

In other action last week, Paragon Steel romped past Local 102 by a whopping 15-8 margin and Evans Products gained its second decision in three games by downing Box Bar, 7-6.

A battle between front-running McAllister's Bros. and Vico Products was postponed because of rain.

As a result, the softball league standings as of last Friday were:

Team	Won	Lost
McAllister's	2	0
Evans Products	2	1
Tai's Cleaners	1	0
Vico Products	1	0
Plymouth Plating	1	0
Paragon Steel	1	2

Northville Swim Club Takes Shape

Hopeful that many Plymouth families will join its membership ranks eventually, the Northville Swim Club will begin to take physical shape early this month.

Ground-breaking ceremonies for the Olympic-sized open-air pool will take place at 1 p.m. Saturday, June 8, according to Swim Club president Ray Jackson.

He said the club would welcome inquiries on memberships from any Plymouth family. Cost of a membership is \$350 plus \$50 annual dues.

Jackson asked that interested Plymouth families contact him at PI 9-1157 for further information. Construction of the pool is being financed through membership subscriptions.

The Professor Says ...

One of the many conveniences that we humans have become accustomed to in our daily living is the printed newspaper. When we are at home, whether it be early in the morning, mid-afternoon or early evening, we look for the paper at the same time each day. If it is not there we fidget and fuss; go to the front door every few minutes, and finally look around the shrubbery near the porch to see if an errand toss may have gone astray.

What I really want to write about this week concerns the news carriers who bring these tabloids to our doorstep.

Many a prominent person today began his business career, and personal relationship with the public, as a newspaper boy; yes, even a number of United States presidents have gotten their start in this manner. A real good paper boy is reliable, punctual, congenial and pleasant. He thinks of his work as an experience that will greatly aid him in his future life — no matter what career he chooses to follow.

Some parents make the mistake of pushing their youngsters into peddling papers whether they want or not. Everyone knows it is a valuable experience, but, if a youth is forced to do this work and he does not like it, particularly if he has to forego some other pleasure such as athletics, it can become a detriment. As a result that unhappy lad is not nearly as efficient as a carrier, or in the classroom, as he would be if he were doing something he wanted to do.

Fortunately we have never had one of the latter type of carriers — at least to my knowledge.

We have lived in this lovely city nearly 20 years and have had a number of real good carriers. And I might add most have gone on to become very successful in their life work.

Throughout the years we have had such lads as David Jolliffe, Charles Stark, Larry Tillotson, David Tillotson, Norman and Bill Rheur, Kenneth Ward, Clinton Blood and Greg Greer.

These boys had a responsibility and carried it out — rain or shine — and usually the paper was delivered on time. The excellent practical knowledge they received from the small business venture paid off in many ways.

I think all the carriers deserve a hearty hand for the great service they are performing for the public. Long live the boy with the sack on his back, or bike — the newspaper carrier!

As a result, the softball league standings as of last Friday were:

Team	Won	Lost
McAllister's	2	0
Evans Products	2	1
Tai's Cleaners	1	0
Vico Products	1	0
Plymouth Plating	1	0
Paragon Steel	1	2
Men's Lutheran	1	2
Local 102	0	2
Box Bar	0	2

5-4 Loss Shatters Rocks' Title Hopes

Belleville handed the Rocks a 5-4 defeat in baseball last week to erase all but the most slender Plymouth hopes for a share of the Suburban Six championship.

A victory would have earned Plymouth at least a half-portion of the conference crown. Instead, the Rocks are now faced with the prospects of finishing fourth in the six-team circuit.

Trailing by one run, Plymouth loaded the bases with one out in the seventh inning against Belleville, but then failed to score.

Tom Lockwood was thrown out at the plate as he attempted to score the tying run on Dick Egloff's single, and within moments Hal Kuisel struck out and Tom McGill was thrown out on an infield grounder to end the game.

Plymouth fell behind 5-0 in the first three innings but scored twice in the fourth and twice more in the sixth to set the stage for the fateful seventh.

Lockwood walked to open the inning and Dick Schryer singled. Egloff laced a single to left, but Lockwood was cut down at the plate. Jim Edwards walked to load the bases, but Kuisel and McGill were easy outs to halt the threat.

McGill earlier had contributed three straight hits to the Plymouth attack.

Schryer was the losing pitcher. He allowed seven hits, all in the first three innings. Belleville scored four unearned runs in the second frame. Two of Plymouth's runs were also unearned.

Tied with Belleville for first place at the start of the week,

Plymouth slipped to a third-place deadlock by virtue of the loss. The Rocks and Redford Union each have 5-4 marks. Bentley is in second place with a 6-4 record, and Belleville is in the lead with a 6-3 card.

Trenton is fourth (3-7) and Allen Park is last with a 2-7 record.

Belleville was scheduled to face cellar-dwelling Allen Park this past Monday afternoon.

Meanwhile, Plymouth and Redford Union were slated to face each other at the same time in a battle to decide third place. Should Plymouth win and Belleville somehow lose, the Rocks would emerge with a one-third share of the crown.

In other action last week, the Rocks beat Franklin, 5-2, Friday afternoon on sophomore Dave Troutman's fourth hurling. He struck out eight.

Schryer slammed his second home run of the year and added a double to account for two of Plymouth's five runs.

Ypsilanti defeated Plymouth, 6-1, earlier in the week. John Daniels was tagged with the loss. The Rocks led 1-0 up to the fifth inning.

Plymouth is 8-5 for the season, with only the Redford Union game remaining as of last Friday.

11 Vie for Single College Trustee Post; These Are Statements from Nine of Them

ROBERT THOMPSON
15482 Foch
Livonia, Mich.
Occupation: Biology and Chemistry instructor, Clarenceville Senior High School.
Education: BA degree from Albion College.

"I have supported the Community College in this area since the birth of the idea in 1958. As a secondary school instructor and knowing the necessity of higher education today, I have taken an active interest in watching the college dream materialize.
"My basic interest in pursuing the trustee-at-large position develops from a desire on my part to do more for the college than just observe its progress. I have no criticisms of the excellent work to date by those charged with the original responsibility. In reality many of the things I steadfastly support are possibly under development now but I would feel a great personal satisfaction and a sense of service to my community in helping to further the following: 1. Business minded and enlightened administration to insure successful operation of the college within the present financial commitment of 1 mill; 2. Promotion of extensive technical, vocational programs, as well as the college parallel program. In short, a Community College to meet the needs of our total community; 3. Extension of college facilities, such as the library, for the use of secondary students and adults; 4. Establish an industry-business Advisory Council to help the College staffs plan terminal programs.

VICTOR P. A. WENZEL
141 South Holbrook
Plymouth, Michigan
Occupation: Coordinator for public personnel services, Livonia public schools.
Education: Master's degree from Columbia Univ.

"If elected, I would serve to assure the wisest use of monies for construction, and to attract and retain high-level leadership and staff personnel. I would also seek to provide high quality, low-cost educational experience; to encourage periodical "Community College Forums" for the taxpayers to voice their wishes as to the kind of college services they want.
"As a candidate for trustee at-large for Schoecraft Community College, I pledge myself as follows: To make prudent use of available funds; to establish necessary policies to assure efficient operation and administration; to use my best judgement, discretion and integrity in resolving all issues; to approach problems in a practical, business-like manner; to make its facilities available to as many individuals as possible; and lastly, to make Schoecraft Community College a credit to our community."

THEODORE J. WOLOSON
34419 Munger Dr.
Livonia, Mich.
Occupation: Administrative Staff, Wayne State University.
Education: MA degree.

"It is my belief that the prime goal of a Community College is to establish educational programs that will be fully credited in order to provide students with the basic junior college curriculums that will qualify them for continued education at the senior college level as well as in graduate programs. In addition, emphasis should be placed on the development of programs of a terminal nature so as to provide other students with technical training to meet the needs of our changing economy.
"In order to achieve these two goals, it would be necessary to move toward the development of an administrative staff and faculty that are well qualified both academically and professionally. To attract persons of this caliber, it will be necessary to set high academic standards and develop strong administrative policies and programs with competitive salaries and benefits.
"Schoecraft College has three immediate problems: establishing programs for students, procuring faculty, and obtaining accreditation, all within the finances available.
"The Board of Trustees must provide the framework within which the college administration can prepare for operation.
"As a professional educator with business experience, I am prepared to work toward the development of Schoecraft College for our community without concern for personal or political advancement."

IRVING N. KING
19728 Parker
Livonia, Mich.
Occupation: Director of Personnel for Winkelman Bros. Inc.
Education: MBA degree from University of Detroit.

"It is my intent to work toward the realization of the Community College objectives that all candidates are agreed upon and that the voters approved last year. This must be accomplished within the framework of the financial resources available to the College, maintaining high standards of education and service to the community.
"If elected to the position of Trustee-at-large, in addition to a commitment to conscientiously serve the interest of the citizens, I would bring the qualifications and experience in personnel and management essential to a well-balanced board.
"With an educational background that includes an MA and MBA, necessary to set high academic standards, and a background in Naval officer, civic and community leadership activities, and in my present position as personnel director, I have merged formal training and experience that would enable me to make meaningful contributions in nurturing the growth and development of our Community College."

LUMAN SLAWSON
1656 Alpine Dr.
Livonia, Mich.
Occupation: Attorney, Accountant.
Education: Accounting and LB degree from Wayne State University.

The goals are to help complete the jobs of Building a suitable campus and, 2. Staffing the college with qualified personnel, and 3. Getting the educational program underway, all with reasonable speed and within the framework of the existing budget, so that, as a result, the young people of the district will have a better opportunity for good education, and 2. The entire community will have a college it can be proud of.
"My goal is to make the College an economic and cultural asset benefiting all in the district. Curriculum and staff must qualify graduates for the current demands of commerce, industry and government. Close cooperation with other educational and cultural institutions is essential.
"Curriculum must merge University Entrance and Technical Certificate. Staffing must be best obtainable, for earliest accreditation. Facilities meeting curriculum needs and providing for future growth must have a reasonable cost. I propose to meet needs within means."

Arbor-Croft News

by Betty Radcliffe
GL 3-6340
Ninety-nine was the magic number in Arbor-Croft Memorial Day. There were 99 people at the Memorial Day picnic on the Palmer Street Circle. All the residents of the subdivision were invited and 22 families came.
A dozen picnic tables and a score of folding chairs were set up on the circle. There were bicycles, tricycles, strollers and scooters. There were children of every size — most of them in constant motion.
Diane and Jeep Tarantino and Dorothy and George Johnson masterminded the affair and it was very well-organized.
Mary Childs provided paper plate name tags which were a great help in getting to know the neighbors.
The grills were sizzling with steaks and hamburgers. Ted Dolengowski was chief chef and he grilled the meat to perfection.
The picnic tables were set with a wonderful, country fair assortment of delicious food — savory beans, spiced potato salad, garden fresh relishes, and steaming hot coffee. The beautiful cakes, decorated with an American flag and a splendid eagle, were the work of Lorraine Jarvis.
John Egan led a bicycle parade of 21 youngsters around the circle. After the picnic supper, Don Bidwell refereed the baseball game while the other adults sat and talked on into the night.
It was a great day in Arbor-Croft!

Evelyn Ready has joined the ranks of the "working girls". She has an interesting job in one of the stores in Wonderland. With her soft, Southern accent and friendly smile, Evelyn will surely be a success.
The Eric Childs family had a wonderful time at the tulip festival in Holland. Mary returned with enthusiastic ideas for a tulip lane in Arbor-Croft. When fall comes, we'll all have to get out and plant the bulbs.
Marie Battermann reports that she has quite a lost and found collection at her home on Palmer Street. It includes silverware, poolholders, and a green jacket left at the picnic.
Recent arrivals to Arbor-Croft are Mr. and Mrs. Ottis F. McGuire and children. Mr. McGuire is an eighth grade math and science teacher at Junior High East. David, 13, is a student there. Becky, 12, and Charlotte, 9, attend Allen School.
Julie McGuire teaches orchestra (strings) at five elementary schools in Wayne. She recently gave a party for her string and piano students at her studio, 1481 Palmer Avenue. Students who participated were Billy Salter, Tom Evans, Greg and Sally Feld, Charlotte McGuire, Plymouth; Joan Whitmeyer, Northville, and Sue Greaves, Laurel Holloway, Marilyn Charles, Mona Lowery, Karen Marsh, Wayne. The two students with the highest lesson grades, Tom Evans and Marilyn Charles, were given tickets to the Plymouth Symphony Pop Concert as prizes.

Cadet Enters Leadership Club

Cadet Russel Horn, son of Mr. and Mrs. Thomas Horn, 277 Fair, has been inducted into the members of the Table Organization at Western Military Academy, Alton, Ill. Horn, a junior, was selected because of his leadership ability and his fine character. The M.T.O. is a service organization and its members serve whenever possible to stimulate the growth of moral, academic, social, and cultural development of the student body.
The organization attempts to foster leadership in the individual as it helps and backs organized cadet activities.

"Schoecraft College must have a financially sound building program, effective counseling of students into appropriate programs, and prudent personnel policies. I will cooperate closely with fellow board members, interested citizens, and College officials to meet these goals. I will work to develop a statewide professional organization of Michigan Community College board members. I will serve the entire constituency, performing public service with no other expectation than that of growing with the people I represent."

PHARMACY—part of your health team

pharmacist

prescription drug manufacturer

It is not by chance that your pharmacist has the proper drug ready for you when your physician prescribes it. The American people today enjoy a level of health far higher than ever before, and a large part of it may be attributed to the dramatic advances made by the "health team": pharmacist, physician and prescription drug manufacturer.

We call the complex process by which a drug moves from manufacturer to patient "the miracle of drug distribution." The teamwork of prescription drug manufacturer, drug wholesaler and pharmacist assures that you will receive the medicine you need. This miracle of drug distribution—the fact that the medicine you need is in your community pharmacy when you need it—is just one reason why prescriptions are today's best bargains.

Brief Biographies, Statements of 7 School Board Candidates

Voters on June 10 Will Decide on Two Vacancies

PATRICK GANNON
Gannon is 39 years old, was born in Ironton, Ohio, moved to Plymouth two years ago is a machine operator and former salesman. He previously lived in Logan, W. Va. Gannon attended Ironton High School in Ohio and the U.S. Naval fire fighting school during military service. He is a member of the Church of God.

His statement:
"By now people in the Plymouth Community School District are beginning to wonder who Patrick O. Gannon is and what he stands for. I stand for the best education that we can give our children at the lowest possible tax dollar. I feel that our children should have the best education due to the fact that these are modern times that we now live in, for with our space age and atomic age I feel that they need all of the education to cope with the modern needs of these ages. So therefore, if I am elected I will see that these needs are fulfilled."

JOHN D. McLAREN
McLaren is 48, a life-long resident, a graduate of Plymouth High and attended U-M, Wayne State and Detroit Business Univ. He is vice-president of the McLaren Co., and is an officer in two other local firms that also bear the McLaren family name. He is chairman of the City's tax board of review and has served on the board since 1958. Served twice as president of Smith School P.T.A., a former Rotarian, was Rotary Club's Boy Scout committee chairman. He is a member of the local Chamber of Commerce and the Plymouth Trust Fund.

His statement:
"I recognize the growing needs of the school system. A continuing problem will be the ability to provide and finance adequate classrooms, furnish the best available teachers, and constantly maintain the system in a manner acceptable to the townspeople.

"I believe a School Board member must be liberal enough to recognize the changing needs of the school system and yet conservative enough to meet these needs and obligations within the reasonable financial capabilities of all taxpayers.

"I propose to participate as a community-wide representative, and not as a spokesman for any one special interest group. I would hope, in fact, for close and active participation in school affairs from all groups.

"I would like to see an effort made to bring about more frequent consultation with recognized financial authorities as to the best possible means of school financing and cost control.

"Given the voter support necessary at the polls June 10, I feel I can do an effective job of community representation as a member of the Plymouth School Board."

GEORGE CONOVER
Conover is 48, has lived here 15 years, was born in New Jersey, is a mechanical engineer. He is a graduate of Rutgers University. He is a member of the Society of Automotive Engineers, Plymouth Couplet's Club, Methodist Church, school and community planning group, exceptional child committee, Boy Scout committee.

His statement:
"I have four very good reasons for running for the School Board, namely my 4 children, two of whom are in college and two are in the Plymouth Schools. Each has individual needs as is the case in all families. How close is Plymouth to meeting these variety of needs?

"We are a fast-growing community with over 5,000 public school pupils now and destined for an accelerated rate of growth in the immediate future. As we grow in size, so also should the school program expand to meet the needs of training our youth. There is reason for concern over the children who are drop-outs, and those in the lower 10 per cent of the class. There are few jobs and no real future for these children. One delinquent on a national average will cost the public \$75,000 during his life-time. Would not \$200 or \$300 be better spent to make a greater effort at reaching these youngsters at an early age?

"I believe the School Board and administration have done a good job, but a better job could be done by expanded use of citizens to study school needs. Such community help generates enthusiasm, and under School Board and teacher guidance can achieve for the school system the goals of tomorrow that must be met for our children's future."

HAROLD NIEMI
Niemi is 43, has lived in Plymouth since 1956, is a graduate of Northwestern University, is manager of investment and systems analysis in Ford International's finance office. Niemi is completing a four-year term on the School Board, has served one term as board president, is currently chairman of the board's finance committee. He is a certified public accountant.

His statement:
"Four years ago when I filed as a candidate for the School Board, I issued the following statement: 'I consider it my personal and civic obligation to contribute time and whatever talents I have to assist in achieving the following objectives. 1. Provide our children with the maximum education they are able to accept and absorb. 2. Improve the quality of the educational system through more effective utilization of our resources. 3. Spend as prudently as possible the tax dollars provided for education.'

"Now, after four years of service, I wish again to thank the voters who elected me and request their continued support.

"I believe that I have conscientiously served the best interests of the Plymouth Community school system and I have been most grateful for the opportunity to serve.

"Your school system has made much progress in recent years. I trust my efforts have been a contributing factor to this progress. For example:

"1. Classrooms have been added at a minimum of cost as part of a long-term plan to meet increasing enrollment. The building and site sinking fund has saved the equivalent of the cost of a new elementary school building.

"2. A system of budgetary and fiscal controls has been established.

"3. Curriculum improvements have been made after thorough study and with the help of the teaching staff and the administration. Further curriculum studies are continuing.

"If re-elected, I pledge another four years of conscientious effort toward the accomplishment of further improvements."

CARL SCHULTHEISS
Schultheiss is 49, has lived here since 1956, is a native of Minnesota, a graduate of Univ. of Wisconsin, is manager of engineering services at Burroughs plant here. Lived previously in Libertyville, Ill., where he was member of school board three years. He is a member of the Methodist Church, American Institute of Electrical Engineers, Univ. of Wisconsin Alumni Association, is active in Junior Achievement, Boy Scouts.

His statement:
"The school system of any community is the one great measure of that community. It provides the on-going thread of life on which we prosper or perish. The quality of this system depends first on the individual taxpayers and parents, second on the board members they elect, third on the administration they in turn select, and finally, most directly on the teachers chosen. The teachers do respond to the attitude of the community, to the support they are given, and, yes, to the demands we as individual taxpayers and parents make upon them.

"I will promote rewarding teachers so they need not be ashamed of their chosen community. I will promote a departmental organization and evaluated job assignments to allow growth for teachers who can qualify.

"I will back and promote strong administration, one that can set forth and maintain a strong discipline of action and performance for both teachers and students, so that our schools may best serve our community and graduate students second to none. I will support the efforts of providing economical and adequate plant facilities to match the needs of our school community.

"I will be active in promoting the community so that we may attract the business and industry needed to match our population growth. A good school system is the one big factor to influence those who are to choose our community."

JAMES GARBER
Garber is 29, a native of Detroit, moved here in 1953, is an attorney with the Wayne County Road Commission. He is a graduate of Albion College and U-M Law School. Organizations with which he is affiliated include: Lake Pointe Homeowners association, community YMCA, JayCees, Albion College Alumni Association of Greater Detroit, Farrand P.T.A., state bar association. Has held office in most of those groups. JayCees named him their outstanding young man in 1961.

His statement:
"The Plymouth Community School District ranks as one of the best educational units in the state. 'Pay as you go' financing has enabled us to build educational facilities at the lowest possible cost to the taxpayer. We must, however, meet new challenges, such as our rapidly expanding school population; the disturbing drop-out rate; development of the individual student; better communications between all segments of the school community. These challenges will require hard work on the part of the School Board acting in concert with the school community. I seek election in order to take an active part in this work."

GLENN SCHROEDER
Schroeder is 36, was born in Detroit, has lived here 13 years, is graduate of Michigan State Univ., is a supervisor in the controller's office of Ford Motor Co. He is a Presbyterian and is a member of the Optimist Club. Beginning July 1 he will become vice president of Boys' Work.

His statement:
"Basically, I decided to run for the Board of Education in order that I may contribute to the community. We enjoy a very fine school system in the community and I feel that I can contribute in the area of business management. My objective is to continue this system and provide the best education possible to our children at a reasonable cost to the taxpayers."

KIWANIS NOTES
By Ken Way

Guest speakers at last week's regular Kiwanis Club meeting were Dr. Ron Patterson, Detroit, and J. W. Bailey, Farmington. Both are members of the U.S. Coast Guard auxiliary and each gave informal talks on the function and responsibilities of their organization.

Their purpose is to promote water safety through classes of instruction, boat inspection and patrol work. They are not a direct part of the U.S. Coast Guard.

The two men showed a series of colored slides depicting their work and accompanied it with a running narrative.

Club member Charlie Larter, chairman of the Kiwanis safety committee, introduced the two guest speakers. More than 100 members were on hand, and part of the program included the reception of four new members, Gene Niles, Bill Mitchell, Chet Haynes and Bill Hartmann.

Guest for the June 4 meeting was Al Renfrew. Other special guests at that time were all the senior letter-winners from varsity sports this year at Plymouth High.

WITH OUR SENIOR CITIZENS
BY ETHEL MILLARD
GL 3-3782

The Senior Citizens Club, Plymouth, held their monthly potluck dinner Thursday, May 23. Eighty nine members were present.

Cards were the entertainment for the afternoon.

Mr. and Mrs. Walter Becker and Mrs. Mildred Higgins represented the Plymouth Senior Citizens at the ninth annual get together of the Senior Citizens Clubs of Michigan which was held in the Light Guard Armory. Mrs. Higgins reported there were 794 present. The main speaker was weather broadcaster, Sonny Eliot of the Detroit News.

The next meeting will be our regular business meeting to be held in the Masonic Temple at 1 p.m. Thursday, June 6.

Grange Cleanings
Jesse Tritten
GL 3-4397

The next meeting of Plymouth Grange will be at 6:30 p.m. Thursday June 6, with the usual potluck supper followed by the regular meeting at 8 p.m.

Southern Michigan Grange Picnic will be held at the Fair Grounds in Kalamazoo, Sunday, June 9, with a potluck dinner promptly at noon. A good program will follow the dinner with the speaker for the day coming from the National Grange.

Our Master, Jesse Tritten, returned home from St. Joseph Hospital last Friday after spending 12 days there. He is feeling much better but will have to return to the hospital daily for treatment for at least a week.

On Thursday of last week four brother Grangers turned out to plant nursery stock for our Master, Jesse Tritten. Their thoughtfulness was deeply appreciated by both Jesse and Louise.

Saturday, May 25, was Sewing Conference and Program Day for Michigan State Grange, held at Capitol Grange in Lansing, starting at 10:30 a.m. Luncheon was served by Capitol Grange and a fine program was presented in addition to the awarding of prizes to winners in the State Grange Sewing Contest.

WE SELL A GRASS-CATCHER BUT WE DON'T RECOMMEND IT

If you use a grass catcher, you're passing up one of the unique extra benefits of caring for your lawn with a **BOLENS ORBIT-AIR**.

The ORBIT-AIR mows and mulches... in one operation. As the ORBIT-AIR cuts the grass, an exclusive multi-pitched blade cuts and re-cuts the clippings. Then the fine-cut clippings are blown deep down among the grass blades to form a moisture-retaining mulch. No grass clumps, the clippings actually disappear before your eyes. No need to rake leaves this fall for the ORBIT-AIR processes your leaves as it cuts your grass. And best of all... the ORBIT-AIR is the safest mower made. The completely enclosed ORBIT-AIR chamber eliminates the danger of objects being picked up and hurled by the blade. Available in power-pumped or push-type models. You have to see it to believe it... free demonstration.

Vacations go smoother in a Chevrolet Corvair

Bring on these mountains! They're not so high and mighty any more when you've got Corvair's gummy six and rear-engine traction working on them.

You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries.

And with most of Corvair's weight bearing down on the rear wheels, you have an easy time steering, too. Fact is, the handling's so light we don't even offer power steering for the car.

And there's more to feel good about. No problems with your radiator boiling over or going dry, because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either, because the brakes adjust themselves. Nothing much to think about at all except the good time you're having (and maybe the next mountain you're going to flatten).

Like to do that in a sporty bucket-seated Monza Club Coupe or Convertible? Like to spring into summer with a 4-speed stick shift* and Spyder package* with its 150-hp Turbocharged engine, special instrumentation and insignia? Your dealer's got just the Corvair and the Trade "N" Travel deal on it to put you in a holiday mood.

GRAND OPENING

June 6 - 7 - 8

New Beyer Rexall Drugs Grand Opening On W. Ann Arbor Rd. Set for June 6-7-8

Doors swing open at 9 a.m. Thursday, June 6, for a three-day Grand Opening celebration of the third Beyer Rexall Drug store, one of Plymouth's oldest family-owned businesses.

Between 9 a.m. and 10 p.m. Thursday, Friday and Saturday, thousands of free prizes and gifts, and bargains galore in every department will be fea-

tured in the new colonial styled Beyer Drug store, located on W. Ann Arbor Rd. next to the A & P, across the street from the old location.

The brightly-lighted interior of the W. Ann Arbor store is attractively decorated and features customer's convenience in every department. The prescription, cosmetic, household needs departments and

a new soda fountain are just a few of the many special services available. A spacious parking lot is located on the south side of the store and shopping in comfort is guaranteed since the complete store is air conditioned.

Beyer Drugs has been operated by the same family since it first opened its doors in 1907. Otto Beyer, father of the present owner, Robert Beyer, bought the original property and drug store from Dr. J. G. Mieler who closed his store because of illness. The family lived upstairs. One of the first innovations Mr. Beyer introduced was a soda fountain, long desired by residents of that end of the village.

Mr. Beyer operated the original store on Liberty St. alone for many years. Today 40 employees are needed to provide customer service in the three Beyer Drug stores. Beyer Drugs became affiliated with Rexall in 1911. Pharmaceuticals were not the only merchandise sold in drug stores even in those days. Edison phonographs and records and veterinarian supplies were also in great demand.

After his discharge in 1946, Robert took over the reins of the family-owned business. When he purchased the business, he modernized the store

on Liberty St. and several years later began to formulate plans for a second store on Forest Ave., which formally opened in 1951.

The third Beyer Rexall Drug store opened in June, 1960, was of colonial architecture and measured 40 by 80 feet. A 23-car paved parking lot was installed on two sides of the building.

The Beyer Drug stores celebrated their Golden Anniversary in September, 1957, and became one of a select few Plymouth businesses to be managed under one-family ownership.

The Main St. store opened in 1960 and the Liberty St. store was closed.

Robert Beyer was president of the Michigan Association of Retail Druggists of the Rexall Company in 1957. He is a former president and now on the Board of Trustees of the St. Peter Lutheran Church; vice president of Rotary and takes over as president July 1; secretary and board member of the Greater Detroit Rexall Cooperation; a Plymouth City Commissioner; charter member of the Rexall Forty Grand Inter-Circle; and has been selected Pharmacist-of-the-Month for the State of Michigan.

Your Beyer Pharmacists Are "Pros"

Among the professional services which Beyer Rexall Drug Store pharmacists render daily is answering questions about drugs and medicines.

Beyer pharmacists, as consultants on drugs with your family doctor, are often called upon for information as to indications, special instructions, precautions or contra-indications of prescription medications.

Since Beyer pharmacists are legally responsible for the care, storage and dispensing of medication, they must know how the drugs act and what they do.

Education, training and experience qualify them as consultants. A five-year course of study in a college of pharmacy and a one-year internship are required prior to written and oral examinations and licensing by the State Board of Pharmacy.

To keep up with the latest research in medication, Beyer pharmacists continually study reports supplied them by manufacturers, government agencies and professional journals.

Beyer Drugs Plan Special Events For Grand Opening Celebration

Robert Beyer, owner of the third Beyer Rexall Drug Store, W. Ann Arbor Rd., has planned many Thursday, Friday and Saturday special attractions for the day.

Three-day Grand Opening of Marilyn Christiansen, beauty

consultant, will be on hand Thursday to answer beauty questions for the ladies and help them choose their individual beauty aids.

Friday, Audrey Levy, representative of Shu-Make-Up, will demonstrate the latest shoe dye colors and methods of stretching Milady's footwear budget.

Children will enjoy the Vernor's Carousel, to be located on the roomy parking lot south of the store Thursday and Friday, while the grownups look over the numerous specially-priced items. For the small sum of 79

cents, customers will have the opportunity to dig deep in a Grab Bag and come up with merchandise valued from \$3 to \$10, just one more added attraction to be featured during Beyer Drugs Grand Opening.

A fun-for-the-whole-family contest will be a Sylvania flash bulb guessing game. The winner will be presented a complete camera outfit, one more reason to visit the new Beyer Drug store, W. Ann Arbor Rd., during their Grand Opening, 9 a.m. to 10 p.m., Thursday, Friday and Saturday.

Many Elegant Prizes and Gifts Offered During Beyer Opening

Visitors at the Beyer Rexall Drug store, W. Ann Arbor Rd., June 6, will find handsome prizes and a multitude of free opening celebration which gifts.

Among the elegant prizes to be awarded between 9 a.m. and 10 p.m. Thursday, Friday and Saturday are electric blenders, Parker pen and pencil sets, Whitman box candies, Dollie Madison home ice cream freezers. And some lucky person will carry home a transistor radio, Brownie Fiesta camera away and Vernor's gingerale outfit, My Sin gift set, Hallmark card and gift wrapping package or a Coty gift box. There will be hundreds of

FREE prizes too, something for each member of the family. Hoyle's books on poker, bridge and rummy will interest the adults and free comic books, suckers, and bubble gum will be distributed to the kiddies. Free four-in-one measuring spoons, combs and vitamin samples will also be given away and Vernor's gingerale and Krun-Cree potato chips will be served all three days and McDonald's Party Punch Thursday and Friday.
