

By The Reverend Patrick J. Clifford Pastor Calvary Baptist Church, Plymouth

"In the end of the sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre. And the angel answered and said unto the women, Fear not ye; for I know that ye seek Jesus, which was crucified. He is not here: for He is risen, as He said. Come, see the place where the Lord lay. And go quickly, and tell His disciples that He is risen from the dead."

Matt. 28: 1, 5-7a. The glorious news of a risen Christ that came to His followers at the dawn of the resurrection day was good news. It meant the beginning of a new era for man, for now they had a glorious, victorious message of life through a living Lord and this message was to be proclaimed throughout the world. Without the resurrection of Christ the gospel is not complete; in fact we have no life giving, soul-saving message. The Apostle Paul says, "And if Christ be not raised, your faith is vain; ye are yet in your sins."

The message of the risen Christ changed the lives of His followers, and His disciples went forth in the power of the resurrection and it was said of them, "they were turning the world upside down with this new doctrine."

First the lives of the disciples were changed through this good news. The depressed disciples became rejoicing disciples. "And they worshipped Him, and returned to Jerusalem with great joy: And were continually in the temple, praising and blessing God." Luke 24: 52, 53. The doubting disciple, Thomas, became a whole-hearted believer when he saw the risen Christ. The denying disciple, Peter, became a defending disciple of his Lord. The fearful and frustrated disciples became bold and confident witnesses for their living Lord. "Then Peter and the other apostles answered and said, We ought to obey God rather than men. The God of our fathers raised up Jesus, whom ye slew and hanged on a tree... And we are His witnesses of these things." Acts 5: 29, 30, 32.

The message of the resurrection of the Son of God transformed the lives of these men because it imparted to them new assurance, new life, new hope. The resurrection of Jesus Christ assured these men that Jesus Christ was the Son of God "for He is declared to be the Son of God with power by the resurrection from the dead."

Romans 1: 4, 5. Assurance of justification came to them with this message for we read that "Christ was delivered for our offenses, and was raised again for our justification." Romans 4: 25.

Salvation to the uttermost was also promised to them through a resurrected Christ. "Wherefore He is able to save them to the uttermost that come unto God by Him, seeing He ever liveth to make intercession for them."

Hebrews 7: 25. The guarantee of life beyond our earthly journey is assured because of the resurrection. For Jesus said, "Because I live, ye shall live also." John 14: 19. And the apostle Paul triumphantly declares, "Death is swallowed up in victory. O, death, where is thy sting? O grave, where is thy victory? The sting of death is sin; and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ." I Corinthians 15: 54b - 57.

As the new day dawned for the disciples of old through the resurrection of the Son of God, so a new experience of peace, joy, hope and assurance of life eternal can be ours today as in simple faith we receive the resurrection message and with the whole heart believe in the Lord Jesus Christ, the risen Son of God.

Vote to Shelve Oldford Rezoning Request Again

Meeting before a crowd of more than 70 protesting property owners, the Plymouth Township Planning Commission voted once more to table the request of Plymouth builder-developers Stewart Oldford and Sons to rezone land at the northwest corner of Ann Arbor and Sheldon Roads from R-1-S, suburban residential district, to R-3, multiple family residential.

The commissioner's decision not to act was reached after a motion to deny the Oldford petitions died by a 3-4 vote with two members abstaining.

"We're not trying to procrastinate," chairman Rozian assured the audience, "but we feel we must give this due consideration."

A request to rezone a portion of the property has been before the planning commission since last September.

TABLING of the two requests came after a spirited public hearing in which residents and the developer of nearby Parklane Subdivision registered protests against the move.

Stewart C. Oldford, speaking for the development firm, voiced dissatisfaction with the length of time the requests have been before the commission.

Albert Simkins Expressed opposition

Scott Harris "Would feel shaky"

Robert H. Myers "Glorified barracks"

Commenting on last month's Feb. 19 hearing at which a suggestion was made that the building firm construct a "buffer zone" of a street or half-street of single family residences between Parklane subdivision, Oldford said:

"I am requesting R-3 on the whole parcel. The economics of the situation do not permit me to build single family residences there."

A PARKLANE resident, Robert H. Myers of 44550 Clare Blvd., told the commission he had recently moved to this area from the south.

"We were favorably impressed with the approach to Plymouth on Ann Arbor Trail," he commented. While he said he recognized that plans must be changed occasionally, Myers noted that a considerable amount of apartment building is already underway in the city.

"They give a glorified barracks appearance," he said, "and I'm very much opposed to apartment type buildings continuing on into the township."

Termining the request "spot zoning," Scott Harris of Clare Blvd. said he would hate to see his property devalued because of spot zoning.

"We would feel shaky because of our investments," he commented. Harris said he moved into Parklane with the idea that he was moving into a residential area.

Parklane developer Albert Simkins told the commission it took 12 months to get the subdivision started. The reason, he said, was because it was the first of its kind west of Sheldon Road. He expressed opposition to rezoning the corner property to R-3.

REFERRING the commission back to a letter from planning consultant W. C.

Johnson, Oldford said the request for rezoning seemed logical. He said the property borders the back of Parkland Estates and does not face it.

"They would be much less noxious than the units across the street," Oldford claimed.

"I think it's ridiculous for anyone to assume that you can build single family residences on a corner where there are two gas stations on a main highway and probably a four-lane highway coming through on Sheldon Road. I think the (multiple) use is completely warranted."

"We made our first request in September and would like to get some action."

Another resident, David A. Leaverton of 44428 Clare Blvd., said he thought the proposal was highly speculative. Termining the move "spot zoning," Leaverton said he was totally opposed to it.

Defend Financing, Detail Plans For School Parents

Again reaffirming their defense of pay-as-you-go financing, Plymouth Community School District board members and administrators met Monday evening before an estimated 150 fifth and sixth grade parents at Junior High School West.

Superintendent of Schools Russell Isbister reviewed the history of building and site sinking financing in the school district and spelled out the reasons behind the decision to house sixth and seventh graders at Junior High West and eighth and ninth grade students at Junior High East.

Isbister said the change from original plans was due,

in part, to the fact that programming was better for the younger group if they were housed together.

Ninth graders will benefit too, he said, because the arrangement will make it possible to offer some programs not possible if the grade was split between two buildings.

School board president Gerald Fischer took a new tack in his support of pay-as-you-go financing.

The present financing system, he said, will prove of importance in attracting industry to the Plymouth Community. Industry is attracted, he said, to communities where schools are good, well managed and where taxes are fair.

The main objective of the program, Fischer pointed out, is to keep the educational level high without burdensome taxes.

The school board always intended to use the junior high buildings for sixth graders, Fischer said. If the buildings were used for grades seven through nine only, there would be a surplus of nearly 300 in capacity.

On the other hand, Fischer noted, if the grade schools were used to house all kindergarten through sixth graders it would require packing 3,400 students into space designed for 2,970.

Under the school board's second five year plan, Fischer said, 25 rooms will be added to Farland, Allen and Gallimore Schools. 26 rooms will be built in new schools and 12 rooms will be added to the high school.

A completely new elementary school will be ready for occupancy by Sept., 1967, Fischer said. Building can't be speeded without an increase in the local tax base.

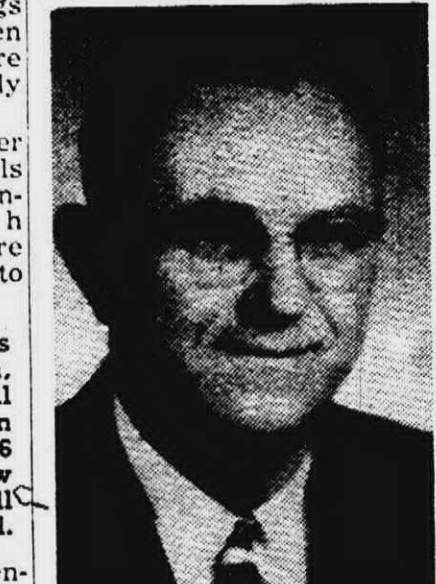

By 1967, he noted, the board plans to have the grades split on a 6-3-3 basis, with six grades in elementary (Continued on Page 6)

Grade School Concerts Set

A real treat lies in store for Plymouth youngsters in grades three through six when the well-known Detroit Adventure's Excursions in Music String Quartet appears here on Monday and Tuesday, April 13 and 14.

The special programs will be sponsored by the Plymouth Symphony Society in cooperation with Plymouth Community Schools.

The string ensemble includes four prominent Detroit Symphony Orchestra members: Nathan Gordon, first violist and coordinator of the Excursions in Music Program; Gordon Staples, violinist and associate concertmaster; Edward Korkian, violincellist; and Edward Kesner, principal second violin.

Quartet members have been chosen by Detroit Adventure not only for their musical skill, but for their ability to converse and discuss their instruments with children.

Youngsters are allowed to look closely and handle the instruments. Their questions are answered with warmth and understanding.

Six concerts will be given by the quartet—one in each of Plymouth's elementary schools. Both St. Peter's Lutheran Day School and Our

Lady of Good Counsel School will be included in the assemblies.

Excursions in Music concerts are replacing the Symphony-sponsored trips to the Detroit Symphony Young People's Concerts.

By bringing the programs into the schools, the Society hopes to provide an introduction to symphonic music for a much wider audience.

Anniversary Plans Set

Plans are in the final stages for Plymouth Rotary's 40th anniversary dinner to be held Monday, April 6 at Lofty's at 7 p.m. according to general chairman Frank Henderson.

Featured speaker for the evening will be Earl Hill of Consumers Power Co. Henderson said musical entertainment will be provided by a harp duo including University of Michigan music instructor Mrs. Ruth Clark and a pupil, Miss Anne Emley.

Outstanding area Rotary officers and past district governors are expected to attend the event. Tickets are available from Albert Glassford, Robert Willoughby or any member of the fellowship committee, Henderson said.

Plymouth Realtors Move To Form Organization

Concerned with their relationship with the Chamber of Commerce in general and the Industrial Development Corporation in particular, a group of 11 Plymouth real estate brokers met Monday noon at Lofty's to discuss formation of a permanent realtors' organization.

Joseph L. Hudson was named chairman of the Plymouth Community Real Estate Brokers' Committee at the luncheon meeting. Realtor James Latture will serve as secretary.

Latture said two sub-committees were formed at the meeting, one to formulate a permanent organization and the other to meet with the Industrial Development Corporation. Three main areas were discussed at the Monday meeting:

- (1) The exact purposes and authority of the Industrial Development Corporation.
(2) Discussion of the role of the Chamber of Commerce in regard to area real estate development.
(3) The relationship of area brokers with both the Chamber and the I.D.C.

Realtors present at the meeting were William Fehling, Patrick J. Finlan, Hudson, Latture, Township Supervisor Roy Lindsay, Thomas G. Notobaert, Stewart Oldford, Kenneth G. Swain, James W. Taylor, Ralph W. Aldenderfer and Leon Merriman. Merriman, Swain and Lindsay are serving on the organization committee and Hudson, Lindsay, Aldenderfer and Finlan are on the committee.

New Advertising Manager at Mail

Announcement was made today of the appointment of Donald Derr as advertising manager of The Plymouth Mail. Derr came to Plymouth last November after serving two years in the advertising department of the Albion Evening Recorder at Albion, Michigan.

Donald Derr

Previously, Derr served two years in the advertising department of the Marshall Evening Chronicle in Marshall, Michigan. The appointment fills the vacancy caused last December by the resignation of Donald Golem who now serves in a similar capacity for the Northville Record, Novi News and the South Lyon Herald.

O.K. Housing Covenant

A stamp of approval was added this week by two Plymouth groups to the Plymouth Human Relations Assembly's open housing covenant, drawn up recently and submitted last week to the city commission.

At its Wednesday night meeting, the official Plymouth Human Relations Commission endorsed the covenant, according to Norman Thoburn, chairman of the assembly.

And on Friday, the Plymouth Ministerial Association voiced its approval of the covenant.

The next action will be to solicit church participation throughout the city and township, Thoburn said. This will be done through governing bodies of the churches or their social action committees. The covenant, which at present time bears 100 signatures, reads in part: "Therefore I pledge myself to welcome to my neighborhood any responsible person of whatever race, religion or national origin; and I will work with him to build, improve and maintain a community which is good for all."

In A Nutshell . . .

★ Plymouth's Mayflower Hotel will be featured on Ron Gamble's "Weekend" television program on Tuesday, March 31 on WWJ-TV Channel 4 at 7 p.m. Assistant hotel manager Staton Lorenz said Mr. and Mrs. Bill Nicolai, photographers for the program, spent four or five hours Sunday at the hotel shooting pictures for the program. The show will be devoted to every phase of the hotel's operation.

★ The Plymouth Community has contributed more than \$1,500 to the annual drive of the Easter Seal Society of Western Wayne County, currently underway. The \$1,506.50 total includes \$490.50 in mail contributions and \$1,016 from special letters, leading all of the other 23 communities. The campaign lasts until Easter Sunday, March 29.

★ The annual Spring vacation will start at the end of the school day this Thursday for Plymouth students, according to Plymouth Community School District Officials. Pupils will return to classes on Monday morning, April 6.

★ Sorry, but The Plymouth Mail ran out of 1964 Michigan State Highway Department official road maps on Thursday. Mail readers stormed the office and the available supply disappeared almost immediately. More maps are on order from the highway department. The Mail will carry a notice if and when they arrive.

NAMED TO head the Plymouth Community Fund drive this year was Charles H. Bruce, president of Plymouth's Alexander Hamilton Life Insurance Company. Bruce, right, took over the reins from last year's chairman Robert J. Stremich, left. Bruce was appointed at a recent meeting of the Community Fund board. As general chairman, Bruce will head up the fund raising campaign and will coordinate all related activities.

Township Fire Department To be Reorganized April 1

Plymouth Township's fire department will undergo sweeping reorganization beginning April 1 when the township board's fire study committee's recommendations go into effect. The board approved the changes at its last meeting.

Under the committee's plan, the acting head of the Fire Department will be the Captain until the Township Board decides that it is necessary to have a full time oficer in charge of the department. The part-time Fire Chief position will be abolished by not appropriating money for it in the 1964-65 budget.

The other ranks within the department will be Lieutenant, Sergeant and Fire Fighter. To be eligible for promotion to Sergeant a fire fighter must have worked for the department for five years.

Two years as Sergeant are necessary before promotion to Lieutenant, and another two years as Lieutenant before promotion to the rank of Captain.

Men will be chosen to fill the ranks in compliance with the Civil Service Act and by appointment of the Township Supervisor.

A salary schedule has been established which pays a fireman \$5000 for his first year of service and allows for annual increases of \$150 for each additional year of service, up to seven years, \$5850, and \$100 increase after seven years of service. The yearly step-ups become effective April 1 of each year and a man must have worked at least nine months to be eligible for the first yearly raise.

In addition to the base pay, a Captain will receive \$400 a year above the base pay; a Lieutenant, \$300 more; and a Sergeant \$200 above the base. The acting head of the department will receive an additional \$600 a year.

Each fireman will be allowed twenty days of sick leave, accumulative for two years.

The Township Supervisor, under the new regulations, also is to appoint, with the approval of the Township board, a permanent three member Fire Commission.

6th Graders Make the News

A three-week study of newspapers, climaxed by a tour of The Plymouth Mail by members of the two sixth grade classes of Our Lady of Good Counsel School, brought into being the third newspaper published in Plymouth, the *Counselette*. (The Plymouth Mail and the DeHoCo News, published by inmates of the Detroit House of Correction are the other two.)

The three-page mimeographed newspaper will go on sale for 5 cents a copy tomorrow, Wednesday, at the school.

The 24 young journalists learned in their new-found career that local names make news, mentioning a total of 64 Plymouth names in their first issue.

Under the guidance of co-editors, Mary Lockwood, daughter of Mr. and Mrs. Orville Lockwood, of Adams St., and Pat Alandt, son of Mr. and Mrs. Clarence Alandt, of Amherst Ct., the cub reporters, each carrying a "press card," gathered news by checking with reliable "news sources" at the school and interviewing students at noon on the playground.

Handling the advertising department were Stuart Rose and Eric Smith and David Strong was in charge of reducing original artwork to fit the size of the columns.

Others who now have "ink in their blood" and may be tomorrow's reporters for The Plymouth Mail include:

Gary Croskey, Susan Davis, Peggy Ennis, Cathy Gray, Margaret Herb, Shelia Hunt, Cecilia Faunce, Marcina McKeon, Nancy McMahon, Dennis Michaels, Richard Nulty, Duane Olds, Sandy Olsner, Stuart Rose, Nancy Rytel, Stuart Rose, Nancy Rytel, Debra Schmitz, Barbara Sharrard, Eric Smith, David Strong, Cheryl Szymszewski, Marcia Young and Michele Faunce.

Plans for the next issue of the *Counselette* are a little unsure, but if enthusiasm prevails throughout the summer, the second issue will probably be published sometime next fall. After all, there's a lot of hard work and time put into publishing a newspaper.

ADMIRING THE FIRST copy of Our Lady of Good Counsel's new newspaper, the "Counselette," are seven of the young journalists responsible for its birth. Following a three-week study of newspapers and a tour of The Plymouth Mail by the school's two sixth grade classes, 24 members of the two classes got their first taste of the "Fourth Estate" when they began work on the newspaper. Holding the first copy "off the press" (front, center) is Eric Smith, proofreader and reporter. Pat Alandt, co-editor, is seated at the typewriter. Pictured left to right are Marcina McKeon, proof reader and reporter; Stuart Rose, copywriter and reporter; Elizabeth Donnelly, proof reader and reporter; Mary Lockwood, co-editor; and Dennis Michaels, reporter.

Issue Reminder On Parcel Post Increase

Postmaster George Timpona reminded residents of Plymouth that an effective date of April 1 has been set for new domestic parcel post rate increases.

The parcel post increase — approved recently by the Interstate Commerce Commission and averaging about 13.1 per cent — is expected to yield about \$75.4 million annually.

Catalog rates will be increased approximately 13 per cent and will produce added revenue of about \$2.4 million if 1962 volume is maintained.

The higher rates do not affect air parcel post or international parcel post.

Postmaster Timpona said he has been advised by Postmaster General John A. Gronouski that the decision of the I.C.C. will assist the Post Office Department in carrying out its objective of reducing the drain on the Federal treasury by \$100 million.

The last parcel post increase was on February 1, 1960, the postmaster pointed out.

To illustrate the effect of the new rates here, Timpona noted that a six-pound parcel — which is the average weight — for local area delivery will cost 37c instead of 32c.

BOTH TOWNSHIP and City fire departments were called out this afternoon (Tuesday) to fight a stubborn fire at the Marcus Iron and Metal Company located on Plymouth Road, just east of Plymouth Stamping Company. Township fire officials said the blaze started from a grass fire west of the iron and metal company and spread into junk cars and used tires at the site. Here firefighters pour water into the flames. By Plymouth Mail press time, firemen were still working at the scene.

CALLING Chamber of Commerce members to pair them with prospects for the Chamber's Wednesday, April 1 membership luncheon are committee members Dr. A. E. VanOrnum, Hazen Wilson and chairman Carl Pursell. Invitations to the luncheon will be sent to more than 250 prospective Chamber members. The featured speaker will be former Mayor and ex-Chamber board member Harold Guenther. The noon luncheon will be held at Lofy's.

Township Planners O.K. New Apartment Buildings

The commission over-
ruled the recommendation
of planning consultant W.
C. Johnson and voted to
accept the petition of John
Birkelbaw and Leonard S.
Herman to erect 60 multi-
ple dwelling units at the
site.

The move involves rezoning
from commercial to multiple
residential.

Herman told commissioners
plans call for construction of
building units in multiples of
eight with a dedicated road
coming into the development.

HE SAID there was a possi-
bility of under roof parking,
becoming more popular at
multiple housing sites.

The one and two-bedroom
apartments, he said, would be
larger than minimum require-
ments of the township.

Johnson told commissioners
he didn't think apartment
belonged in the commercial
area together with industrial
developments.

Apartment buildings will
rise on a five acre parcel of
land west of the Eckles Road
extension and south of Plym-
outh Road across from
Barnes, Gibson and Raymond
plant following acceptance of
a petition by the Plymouth
Township Planning Commis-
sion at their meeting last
Wednesday night.

"This is definitely spot zon-
ing," he commented.

Planning commissioner
Tivador Balogh said he felt
the site would be a good one
for multiple dwellings. "I
don't know if it could be
developed for industrial or
commercial."

Commissioner Koch supported
Balogh's contention
and noted that he didn't think
the area could be developed
commercially.

The planning commission
voted unanimously to send the
petition to the Wayne County
Coordinating Committee for
an opinion.

PLYMOUTH'S proposed
swim club will have to wait
for a legal opinion to be
rendered by township attorney
Earl Demel before any action
can be taken on the group's
request for permission to
build a pool and club house
at the corner of Beck Road
and Ann Arbor Trail.

Commissioner R. S. 11
Asch told swim club repre-
sentative Joseph R. Fletcher
the township zoning ordi-
nance specifically design-
ates that private clubs must
be situated in a C-2 zoning
area.

Fletcher, with the backing
of township clerk John D.
McEwen, said a reading of
the R-1-E, country estates
ordinance indicated no pro-
hibition of such a club.

Investigations in other
states, Fletcher said, show
that eight clubs have built in
residential areas.

Commissioner Arthur
Haeske suggested that the
matter be referred to Demel
for an opinion and to planning
consultant Johnson for review
and that it be placed on the
agenda for the commission's
April meeting.

IN OTHER action at the
lengthy meeting that lasted
until nearly midnight, com-
missioners passed an amend-
ment to the zoning ordinance
adding a new article for R-2A,
Garden Apartment Residen-
tial Districts and tabled the
rezoning petition of Mrs. Vir-
ginia Appelhof pending the
submission of a township
master plan by consultant
Johnson.

Mrs. Appelhof had re-
quested rezoning of the west
one half of the west one half
of section 32 from agricultu-
ral to R-1-E, country
estates districts.

Commissioners discussed re-
zoning the entire surrounding
area to R-1-E, but decided to
wait until Johnson's report is
submitted.

THE PETITION of J. A. R.
orporation of Detroit to re-
zone 43.24 acres on the east
side of Beck Road between
Ivy Road and Woodlore sub-
division from R-1-E, country
estates, to R-1-S, suburban
residential district, was ac-
cepted for public hearing at
the commission's next meet-
ing on April 15.

Accepted for public hearing
was the petition of George M.

Rubin of Detroit to rezone
8.91 acres in the southeast
quarter of section 34 from R-1,
single family residential, to
C-2, commercial.

Rubin proposes to build a
shopping center, including
a food market and gas sta-
tion at the southwest corner
of Ann Arbor and Sheldon
Roads.

Commissioner Koch said he
felt the move was premature,
citing what he felt were suf-
ficient shopping facilities in
the area.

Commissioner Balogh said
he thought the project, prop-
erly handled, could be an as-
set to the community.

The motion to hold public
hearings was approved with
commissioners Koch, Asch
and Sparks casting negative
votes.

TABLED for further study
was the request of the Ten
Mile Lakes Building Co. to
rezone 433 acres in Section 31
from agricultural to commer-
cial and residential.

The company would con-
struct a 120-acre lake at the
site, surrounded by 396 half-
acre lots.

Plymouth builder-developer
Loren Gould's Arbor Village
No. three subdivision was ac-
cepted for plating and com-
missioners ordered that a
plat of the property be sub-
mitted.

Supervisor Roy Lindsay
said commissioners of the
State Highway Department
has promised to send plans
showing the route of the pro-
posed I-275 freeway. The
route would bear on the re-
quest of Suburban Living,
Inc. to subdivide Cambridge
Village No. 1 on property
west of the Eckles Road ex-
tension and south of Ann
Arbor Road to Joy Road.

The Cambridge Village pro-
posal was accepted for study
and recommendation.

Plans for an 18-unit apart-
ment building on property lo-
cated on the south side of
Wilcox Road adjacent to
Greenspan's Garden Apart-
ments were accepted with
further plans required.

A PETITION to construct a
chemical processing plant
was withdrawn by Fred
Campbell, representing the
Cam Chem Co., after com-
missioners requested further
information on precautions to
insure safety from fire and
explosion at the site.

Campbell proposed to
build the building on a five-
acre site in the southeast
corner of section 24, south
of old Schoolcraft Road.

He said the operation would
have been of the solvent,
recovery type and involved
reprocessing industrial sol-
vents by evaporation.

But he refused to give
commissioners further in-
formation, saying the busi-
ness was too competitive. He
withdrew his petition after
commissioners insisted on a
report from fire authorities.

Commission O.K.'s Disposal Site Agreement

At a special meeting held
Monday evening, the Plym-
outh City Commission un-
animously approved an a-
greement for the operation of
the Salem Refuse Disposal
Site, pending approval of
Salem Township, and adopted
a resolution of cooperation
with the Public Housing Ad-
ministration in connection
with proposed public housing
in the city.

The resolution of coop-
eration calls for program
reservation for 100 units of
low-rent housing to be devel-
oped and located in the city.

It applies to a survey, cur-
rently underway, to deter-
mine the need for senior citi-
zen housing in Plymouth.

21 Superior Awards Go To Plymouth High Band

First division awards of superior were handed down to 21 of the 22 Plymouth High School band members Saturday who participated in the State Solo and Ensemble Festival in Grand Rapids. The 21 awards constitute the finest overall performance in seven years by high school ensemble members. Band members left Friday after school, under the supervision of band director James Griffith, and spent the night in Grand Rapids. Receiving the blue ribbon for superior rating were: Rob Wilson, Reta Lane, Jim Lec, Jim Dyer, Tom Webber, and Terry Holt in the brass sextet; Gail Schnegg, Laura Raafaub, Mary-Yost, Ruthie Sheldon, Joelle Kuczynski, Janice Nagy, Marsha McCall, and Judi Hardimon in a flute double quartet. Janice Williams, Sandra Fielden, Georgann Kippola, Tom Eidson, Dick Bowman, Nancy Miller, and Dianna Pry, in a clarinet septet; and Robin Wideman, Betsy Williams, and Roberta Van Meter who played violin solos. Two groups received red ribbons for a second division rating of "Excellent." They are: Mike Ross, and Dianna Pry in a clarinet duct; and Marsha McCall, Gail Schnegg, and Laura Raafaub playing a flute trio. The next event for the entire High School band is the annual Parade of Bands on Thursday, April 16, in the high school gym.

RECEIVING a check for \$1,000 for the Easter Seal Society of Western Wayne County Friday was Mrs. Jane Devereaux at the meeting of Plymouth's Rotary Club, held at the Mayflower Hotel. Club president Robert Beyer, left, and chairman of the club's crippled children's committee, Hugh Jarvis, left, made the presentation. The \$1,000 was given by the service club to cover emergency operational costs. The amount is over and above funds being turned in during the annual Easter Seal Drive.

SHAVEN AND shorn, these four Yul Brynner-like swimmers represented Plymouth High School at the State Swimming Meet held last weekend in East Lansing. The quartet clipped their locks in order to gain speed in the water. They are, left to right, Mike Drennan of 482 Provincetown Lane, Dick Berry of 1464 Hartsough, Jim Norman of 45180 N. Territorial Road and Jim Beglinger of 1115 Roosevelt. The four shaved their 200-yard free style relay time to 1:32.8.

"Show Must Go On" For Plymouth Junior

A belief that the show must go on is apparently basic to Plymouth High School junior Mike Ross. At least that's what his performances last weekend seem to indicate. For Mike, who had both a lead role in the school play "The Man Who Came to Dinner" and a place as a participant in the State Music Festival in Grand Rapids, decided to perform in both places. So, instead of leaving with the rest of the band members at 4 p.m. Friday, Mike stayed behind to play in "The Man Who Came to Dinner" and then hopped the midnight train to Grand Rapids. Then the problems started: Because his train was delayed by the derailment of a freight, it was 4:30 a.m. before Mike — complete with stage costume, clarinet and dyed gray hair arrived at the motel where the rest of the band members were staying. His early clarinet duct with Dianna Pry limited him to an hour and a half of sleep which preceded a circuitous trip to the school where he and Dianna were to play — a trip, incidentally, that saw both clarinetists get lost. The couple arrived at the school with just time enough to put their instruments together before they performed. Small wonder they could only muster a second division rating of "excellent."

Finally, Mike flew back to Plymouth in time for the 8 p.m. Saturday curtain for "The Man Who Came to Dinner," proving once again that there is, really, no business like show business.

Defend Financing

(Cont'd from Pg. 1, Sec. 1) schools, three in the junior highs and three in the high school. "We are making full use of junior high facilities," he said, "and are building elementary facilities as fast as possible."

Junior High principal William Harding outlined orientation plans for sixth and seventh graders next year. He said the program was designed to eliminate student confusion and tension.

In answer to a question from the audience, Harding said parents are often more upset by a change in schools than the students.

Mrs. Kenneth Hulsing outlined the board's curriculum review program for the parents. She noted that the review committee has pinpointed some weak points in the curricula and has taken steps to strengthen them.

Asked about bus schedules, Isbister told the audience the district will maintain its present policy of bussing kindergarten through sixth grade students who live more than a mile from school and seventh through twelfth graders who live more than a mile and a half away.

He said the district saves money by transporting students in two separate bus runs.

"It's a matter of economics," Isbister said. "The dollar that goes into transportation will not go into teaching." Last year about \$46,000 went into student transportation costs. The terms of both Fischer and Mrs. Hulsing expire on June 30. Both are expected to run for re-election.

Shelve Rezoning

(Cont'd from Pg. 1, Sec. 1) to the parcel, said he would request rezoning if the Oldford petitions were approved.

A man who identified himself as John Braden offered the view of a prospective buyer. He said he was interested in a site at Parklane but would be reluctant to buy if apartments were approved nearby the property.

Following the public hearing, planning commissioners voted 5-3 with one abstention to consider the two Oldford requests as a whole.

The original request involved a 272 by 366 foot parcel abutting Parklane Subdivision. A request to rezone the remainder of the property was submitted last December.

Commissioners followed the motion to combine the petitions by voting down a motion to deny them. The decision to table was passed after the denial motion was voted down.

Issue Burning Warning

A joint statement was issued this week by Plymouth Township acting fire chief Barney Maas and Plymouth deputy fire chief Charles Groth against careless burning in the area.

Maas said the township has been plagued by a rash of grass fires during the past week. He urged extreme caution on the part of anyone burning trash or rubbish.

Maas said a fire department burning permit is required before burning may be done in the township.

GROTH warned city residents against burning trash, yard rakings or rubbish in anything but a properly enclosed burning container.

He said some persons have been burning outside without benefit of incinerators or burn barrels and said fires have been left unattended.

He emphasized that persons should remain with any fire and supervise it closely.

THESE BOXES, filled with eggs, egg colors, wrapped candies, scotch tape and cutouts, were gathered by Plymouth area Brownie Girl Scouts for donation to the Northville State Hospital. The Brownies held a joint celebration-gathering meeting last Wednesday afternoon at Junior High School East, where they observed the 52nd birthday of girl scouting and collected the boxes. Dressed as Easter bunnies for the occasion were junior scouts Diane Henderson, 10, of 627 Burroughs and Martha Wilkin, 10, of 440 Ross. Both girls are members of Girl Scout Troop 346. Checking the boxes with the two bunnies are Troop 230 Brownies Deborah Moore, 8, of 12138 Hines Ct., and Betsy O'Day, 9, of 1325 Park Place.

Eagle Scouts Honored At Annual Program

Three Plymouth Eagle Scouts got a look at an occupational field in which they were interested Monday, when they took part in the annual Eagle Scout recognition program of the Sunset Boy Scout District.

The program, held annually to honor new Eagle Scouts, sees the scout spend most of a day with an adult sponsor.

District Boy Scout representative George Hanley said the day-long program centers around a field of endeavor chosen by the individual scout.

During the day, he said, a scout who had chosen medicine would, with a doctor as sponsor, accompany the physician to his office, to a hospital and to a scout dinner at the Sheraton Cadillac Hotel in Detroit.

Three scouts, all from Plymouth's Troop 1536 — sponsored by the Lions Club, participated in the program.

They are Dale Couts, 15, of 1190 Simpson, Gary Fueling, 16, of 620 Bryon and Thomas Edison, 17, of 1320 Rose. Hanley said there have been instances where the scout's sponsor has financed a college education for the boy.

Buchwald Addresses Town Hall

Spring hats and fashions and laughter was the order of the day last Thursday when syndicated columnist Art Buchwald was guest speaker at the Plymouth Day of the Northville Town Hall Lecture Series.

Speaking to a capacity crowd at the P&A Theater, Northville, Buchwald told Town Hall members that he "rather liked filling-in for previously scheduled Walter Slezak, because if his talk was a flop, it wouldn't make any difference because he wasn't supposed to be there anyway." Slezak cancelled his appearance due to illness.

Following Buchwald's talk, during which he recounted highlights of his travels in Russia, his 14-year stay in Paris and experiences he has had during the last 15 months in Washington, D.C., close to 300 members attended a "Celebrity Luncheon" at Meadowbrook Country Club. Following the meal, Buchwald answered questions submitted to him by those in attendance.

ARRIVING AT the Northville P&A Theater to hear Northville Town Hall's fourth speaker of the year, Art Buchwald, were, left to right, Mrs. Lee Coolman, of Palmer Ave.; Mrs. R. R. Barber, of Harding St.; Mrs. Clifford Smith, of Dewey St., and Mrs. Charles Catlett, of Roosevelt St.

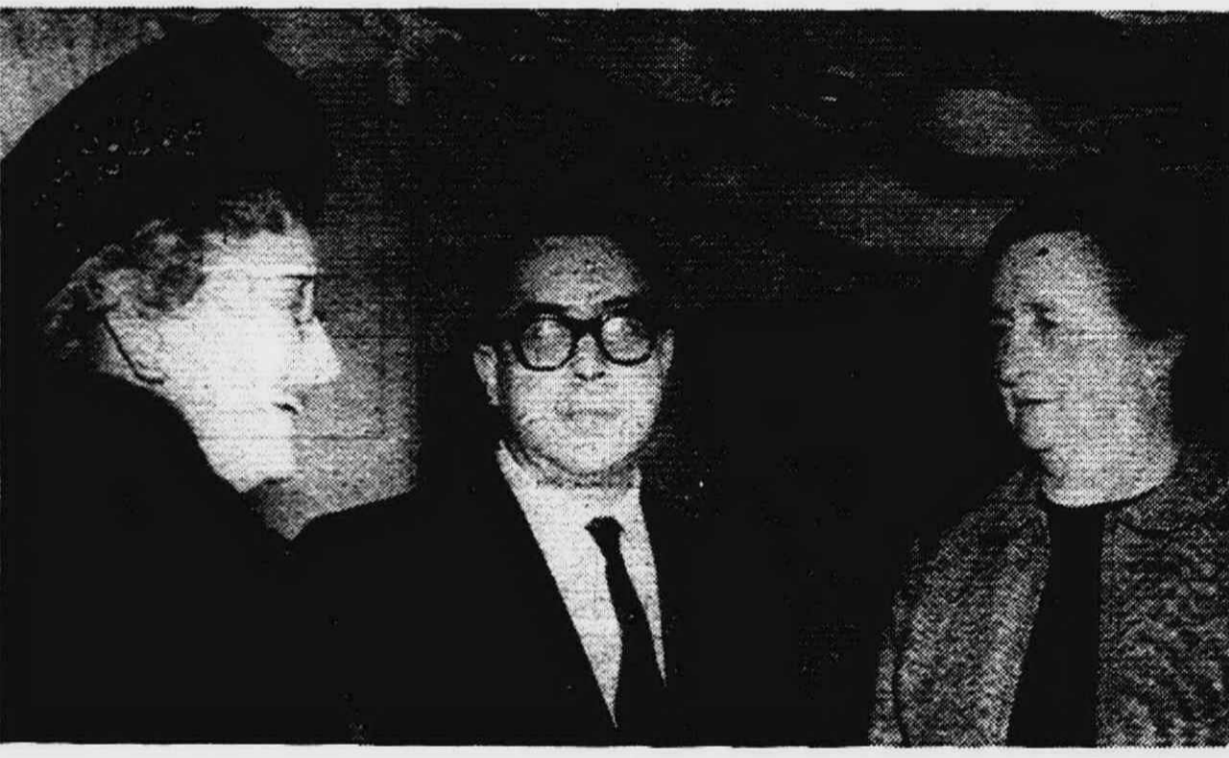

PRECEDING THE "Celebrity Luncheon" at Meadowbrook, guest speaker Art Buchwald, autographs a copy of his latest book "I Chose Capitol Punishment," while Russell Isbister, superintendent of schools, and Mrs. George Hanley, Town Hall executive board chairman, look on. Isbister introduced Buchwald at the lecture.

OBVIOUSLY ENJOYING themselves at the "Celebrity Luncheon" were, left to right, Mrs. Robert W. Smith, of Hartsough St., Mrs. Don Bidwell, of Ross St., and Mrs. Thomas Notebaert of Beech Ct.

EARLY ARRIVALS at the luncheon at Meadowbrook were, left to right, Mrs. William Fronk, of Linden St.; Mrs. Dean Manley, of Linden St., and Mrs. Finch Roberts, of McKinley St.

The "Vil Junior" title originated during the many years when freshmen lived in small dormitories in the village of Wellesley, and when third-year students who helped supervise the residence halls were given their distinctive designation. Urge Residents To Apply at Schoolcraft

Since non-residents of the Schoolcraft College Districts, now on the waiting list, will be given equal consideration with residents after May 1, district residents who plan to attend the College this fall are urged to make application at once.

District high school seniors who do not complete their examinations, will not be able to take the required counseling tests to be given on April 18.

Seniors tested after this date will not be interviewed until after June 1. Late applicants will have less opportunity to select courses which they wish to take, according to a college spokesman.

Adults of the Schoolcraft College District who are employed part-time and wish to attend the College will find that special consideration is being given to their needs.

Evening and day courses will provide for specific programs and upgrading on the job. Leaders of business and industry are serving in advisory capacities.

These courses will include drafting, electronics, machine shop, science, mathematics, related courses for apprentices, business and liberal arts.

Adults who wish to take courses and transfer the credits to some other college or graduate from Schoolcraft College should contact the Registrar as soon as possible.

Those making applications at this time can be guaranteed their choice of classes.

A couple of weeks ago we mentioned the fact that it might be good business for our municipalities and school district to start thinking about recreational land and school sites for the future.

Interestingly enough Livonia City fathers approved the purchase of 130 acres on the southeast corner of Newburg and Eight Mile roads last week at a cost of \$430,000 for a recreational and golf course area.

Not too long ago this property might have been purchased for less than half the proposed purchase price today... pointing again to the frugality of planning ahead on increasing land costs that are bound to come in this area.

Here's a new way to make an extra buck. Several of Automotive News Len Barne's friends alerted him to the mention I made of his column here last week. He was so pleased that he submitted it to his boss, former Livonia Board of Education member, William Trepagnier, with the hope of a raise. "If I get it," said Barne, "I'll just naturally send you regular commissions for your help in the matter."

I don't know whether it was good or bad to remind realtor Jim Latture that March 12, 1931 was our wedding day. For bad or worse, however, he says that was the same day that, as a student in Ypsilanti Normal College, "Pop" Smith, our superintendent of schools, got him to sign his name on the dotted line to become a full-fledged school teacher in Plymouth the coming school year for \$1,600.

"My only problem, recalls Mr. Latture, was to convince Mr. Smith that the smell of smoke on my clothes wasn't from my own smoking but from the kitchen in the Greek restaurant where I was cooking to earn my board and room through college."

Mr. Smith's judgement was good, as usual, in this case I guess, since years later several state championship debating teams, under Mr. Latture's direction, did bring home the bacon to Plymouth and today many of our glib local orators attribute their talents to Mr. Latture's teaching.

Back in those early days I mentioned last week, The Plymouth Mail frequently had budding young journalists from the Detroit Free Press or Detroit News working on the staff on a part-time basis. One of those hard-bitten, tough, big town journalists also got hold of my column of 33 years ago and took time to call me and ask why I hadn't mentioned some of Plymouth's "dens of iniquity," in those good old days.

He pointed out that one of the advantages of working part time in Plymouth was the fact that it afforded him an opportunity to partake of Art and Jean's "bath tub" Gin on his way home from doubling two jobs.

I guess I had just plain forgotten Art and Jean O'Dell who did operate one of the two most popular "blind pigs" in the area in those days. The O'Dells usually were located between Northville and Plymouth where they could serve their 25 cents per shot Gin and ginger ale to the young bloods of the two communities, accompanied, of course, by Art's hacking cough.

The other local watering place, in those days, was located on McClumpha road, just south of Ann Arbor Trail and high on the hill. Here, a chap named Gus presided and this illegal operation featured only home brew, a dark cloudy beer, and delicious strip steaks for everyday luncheon.

The beer was always available but if you wanted a steak for lunch you called your order over to Ben Dinkgrave at Wolf's Cash Market, then located on Pennington avenue where The Plymouth Finance Company now is. Ben made the reservations for Gus by merely cutting the steaks and delivering them out on the hill before 12 noon. Gus never knew who was coming for lunch but when the steaks arrived he knew how many customers he was going to feed that day.

His strip sirloins, with french fried potatoes and hard rolls were hard to match and for those who could swallow his brew it made one of the best lunch bargains in the area, because you only paid for the beer and the actual cost of the steak.

Research hasn't revealed what happened to the O'Dells but it was remembered that one day, all of a sudden, Gus's place was closed and rumor had it that two detectives from New York had whisked him away the night before on a warrant for murder which they had been trying to serve for many a moon.

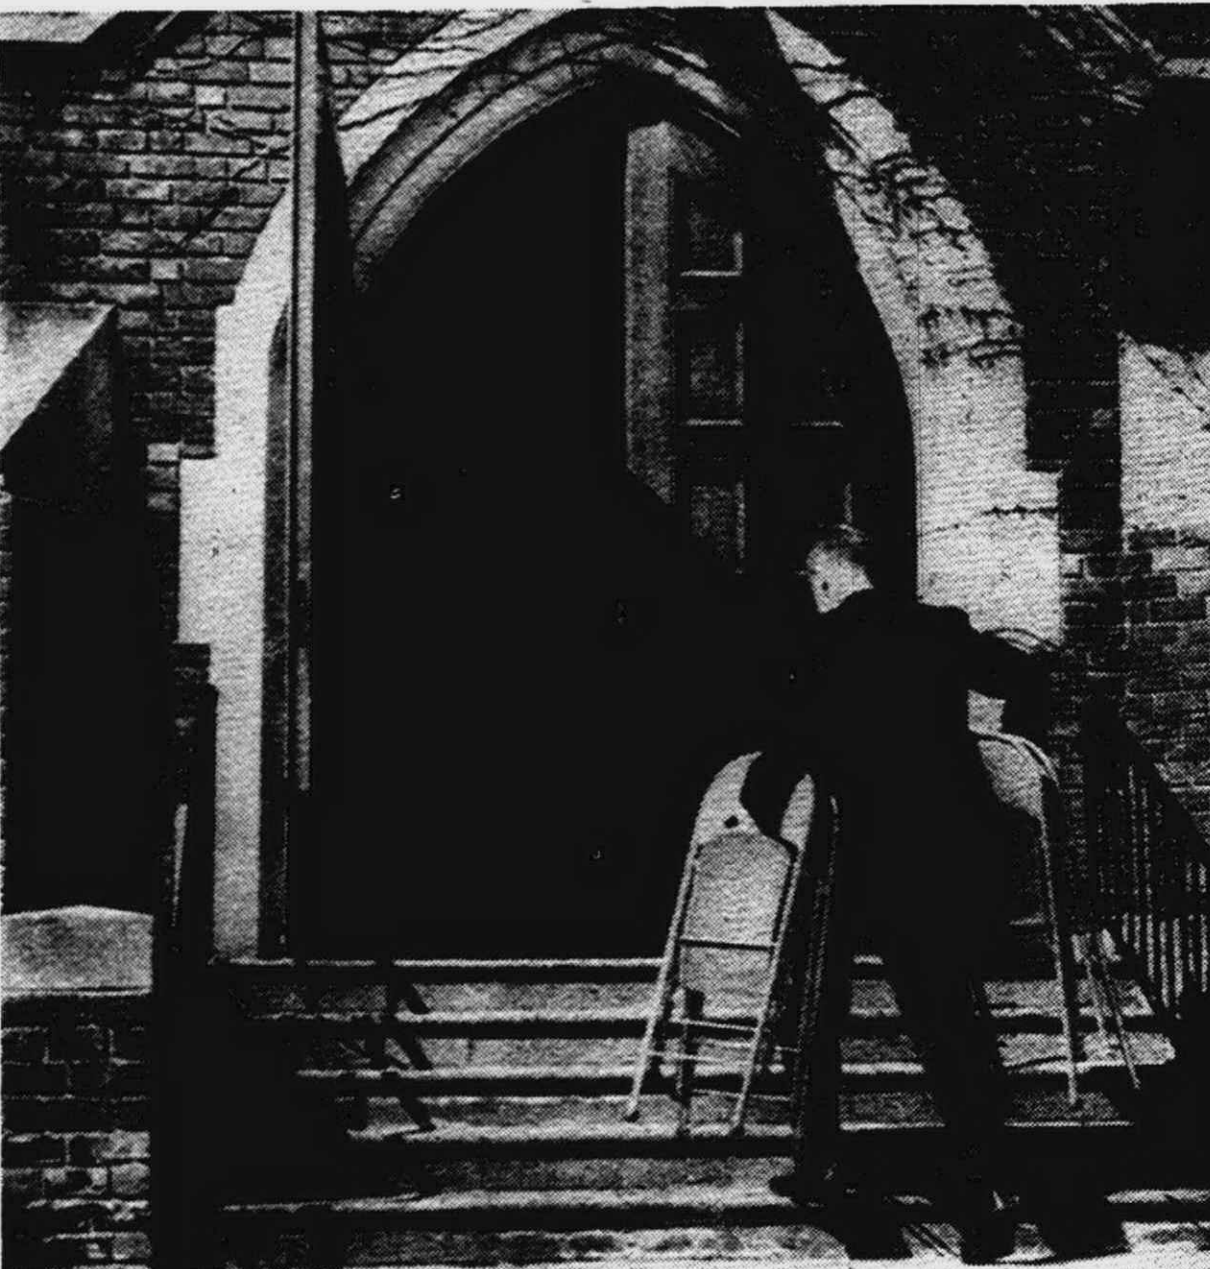

Both of these institutions were in the country. The City itself, except for one race horse machine and a big regular morning crap game on Pennington avenue, throughout these long years has remained as puritanical as its founding fathers.

The race horse machine, for years the nemesis of both police chief George Springer and Charles Thumme, operated in an eatery on Main street. Here patrons would insert a quarter and six colored marbles would gallop up and down and around grooved tracks behind its glass enclosure.

If, when they came to rest, certain sequences of colors were in their proper order you could collect \$6.00 or \$13.00 dependent on their positions. The odds were greatly against you but there was a lucky young M.D., one of my closest friends, whose office was nearby, who couldn't resist this game of chance. Through his frugality and foresight (?)... he insisted we pool our resources and everytime we had a winner that money was to be laid aside for expenses for a trip to the Kentucky Derby the following year.

Well, we went to the Derby, couldn't get tickets to get in, but had a wonderful three days on our winnings with our wives, though we knew full well it probably had cost us five times the normal expense if we hadn't tried all year to win our way to Louisville and back. Anyway, as Bris always said, "If we hadn't said it that way we never would have gotten there, anyway."

Fanfare For Noteworthy Achievement

Among the things in which the Plymouth Community can take justifiable pride, few are more worthy of notice than the activities of a group of youthful musicians whose efforts have too long received too little recognition here. They are the Junior High East Rocket Band.

At a district music festival, held a week ago Saturday, the band was awarded the top ranking of superior in competition with other schools in its class — a noteworthy (no pun intended) achievement in itself. But another factor lends added luster to the group's superior rating; for it was neither the first, nor the second, nor the tenth such award. The band has been rated superior for an almost unbelievable 15 consecutive years. Under the supervision and direction of Laurence Livingston the junior high music-makers have garnered award after award after award. We think both the kids in the band and Livingston deserve more than passing notice for the job they've done; and The Plymouth Mail wants to be first on the bandwagon. Our congratulations go out to director Livingston and his students. We hope five years from now the Junior High East Rockets can celebrate their 20th consecutive superior rating. At the rate they're going, it's more than likely.

Three Regulars Return, Bolster Baseball Squad

Plymouth's varsity baseball coach, Mike Hoben begins this season with a little hesitation on the prospects of regaining the league title after finishing out of first place two years.

Up until 1962, the Rock baseball team had had a share of, or was in sole possession of the Suburban Six Baseball Championship since 1956. In the past two seasons the Rocks have finished second.

As always a coach has to worry about replacing his graduating seniors who usually are the backbone of the team. Hoben has this worry plus the additional job of finding replacements for 2 letterwinners who have moved to another school and 2 regulars who are not out because of after school jobs.

Included in this contingent are Jim Edwards, who was to have been this year's captain, Dave Troutman, a pitcher, Tom McGill, last year's regular shortstop, and Roy Chappell, a second baseman.

Besides these lettermen, graduation took Plymouth's outfield and its top pitcher, Pete Gustafson, Tom Lockwood and Dick Schryer all played outfield and Schryer also pitched and played shortstop.

Of the 65 ball players who signed up last week, Hoben has only 3 regular letterwinners. The regulars are led by Dick Egloff, back for his third letter at first base, Hal Kuise, a catcher, and Bob Gotro, who has been moved from third base to shortstop.

Other letter winners returning are John Daniel, a pitcher, Cal Luibrand, at third base this year and also a relief pitcher, Terry Cosgrove and Terry Clark, who are both outfielders.

The remaining varsity team will be selected mainly from last year's JayVee team members who posted only a "so-so" season mark.

Hoben, who also coaches varsity football, remarked, "We would have been in good shape if it hadn't been for the unexpected loss of the extra 4 lettermen, now it appears like we're going to face a long season."

The Rock coach will be trying to whip his team into shape the next two weeks and will be hoping for some nice weather as the team has only been able to be outside once so far.

Plymouth will try to get in 10-12 practice games during spring vacation because they open their regular schedule the week after the schools' vacation ends.

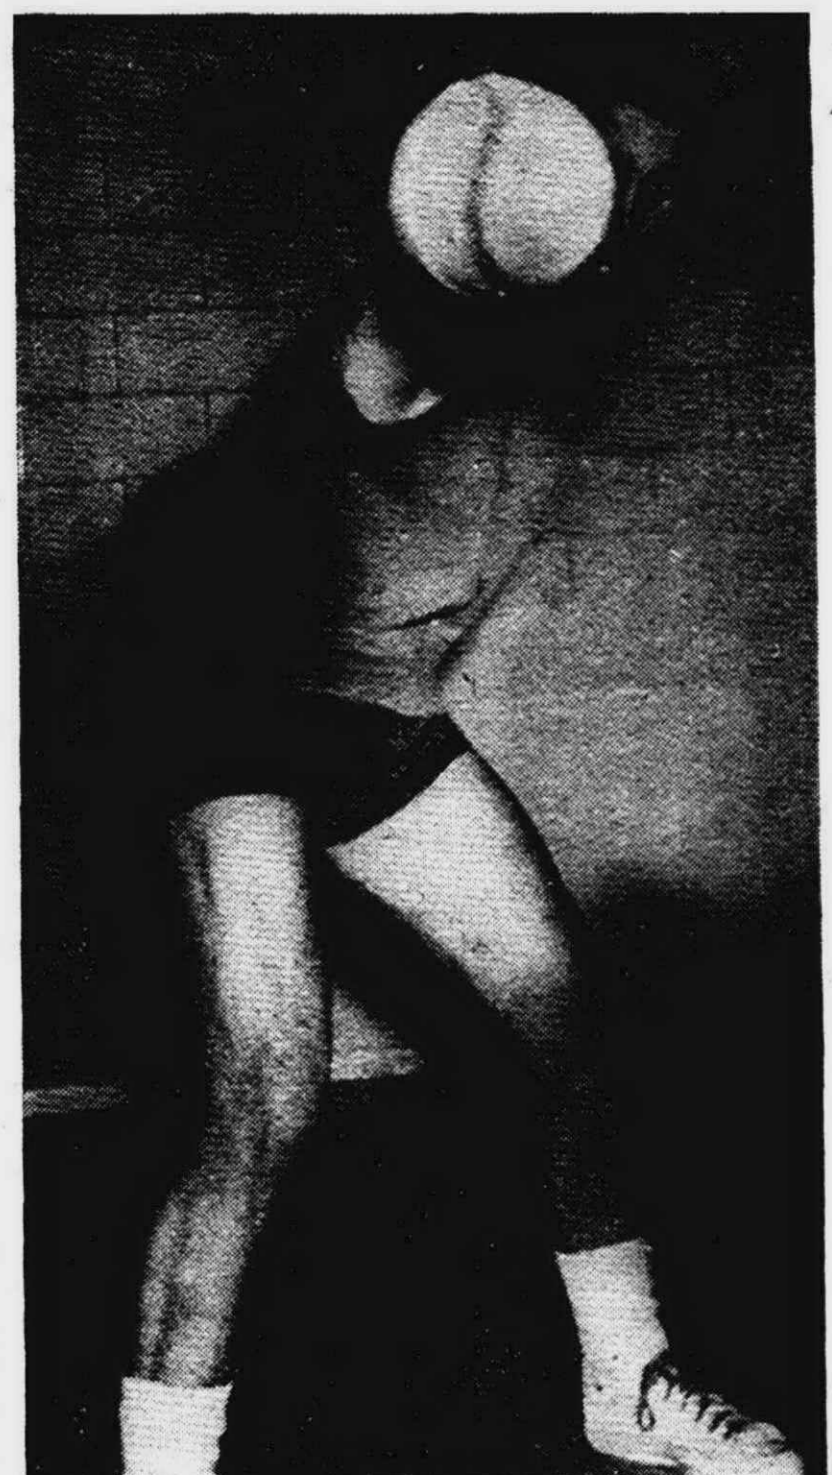

Hoben, in assessing the strength of other teams in the Suburban Six conference, pointed out Belleville as the "team to beat" in 1964 and Redford Union as the logical contender for the league crown.

Belleville, who is the defending champ, has virtually the same team back and will be awfully hard to dislodge from the top spot.

Redford Union's strong point will be its pitching staff as they have two returning starters from last year's third place team.

Hoben feels that the rest of the teams in the league, including Plymouth, will be battling for the remaining 4 spots in the standings, although anything can happen.

Assisting Hoben this year will be John Close who will coach the JayVee squad after the Varsity squad has been cut to around 18 ball players. Then the reserve team will carry about 20 or so ball players, according to coach Hoben.

A CATCHER'S eye view of John Daniel warming up for this season's baseball schedule gives you some indication of spring. Daniel is coach Mike Hoben's only returning letter winning pitcher and will be the Rocks mainstay on the mound this year. Daniel is also Plymouth's first string football quarterback.

Track Season Opens With Huron Relays

The 1964 Varsity track team season was opened at the thirteenth annual Michigan University last weekend to participate in the Huron Relays against 56 other Class A schools. Some schools traveled in from Ohio for this annual opening track meet.

Coach Keith Baughman didn't expect the Rocks to score, and they didn't, because the team had only worked out for a week before the meet. Baughman said, "I'm giving the boys a chance for some competition, getting them ready for the upcoming season."

It also gives the coach a chance to look at new prospects and check up on the returning lettermen.

Of the 19 letter winners last year, Baughman has only eight returning on which to build a contender.

The following are returning from last year: John Bowsman (quarter miler), Dennis Tonkovich (sprinter), Herb Park (pole vaulter), Jim Eder (captain and half miler), Hal Smith (shot put), Gary Grady (hurdler, quarter broad jumper), Bob Powell (hurdler) and Dave Agnew (sprinter).

Baughman said it's still too early to tell who of the 80 prospects will be called on to fill out the varsity roster. Time trials are set for after spring vacation and from these, Baughman will determine who makes it.

Last year the Rocks finished third in the conference and will have to hustle some if they expect to challenge the two favorites for the top spots this year.

Redford Union will be very strong and will receive a lot of help from a strong JayVee squad from last year. Bentley is also going to be strong and should be the other team contending for the title along with Redford Union.

TWISTED, BROKEN remnants are all that remain of Plymouth High School's batting cages since vandals tore apart the two pieces of equipment, valued at nearly \$300. Here, varsity baseball coach Mike Hoben inspects the shattered remains. Hoben said the cages, stored in a corner of the athletic field were in good condition as late as the end of football season. The equipment was not covered by insurance. Assistant Superintendent of Schools for business Melvin Blunk said long range plans call for a cement block building near the athletic field for storing portable equipment.

Grady Picked On All-League First Team

One of Plymouth's most versatile athletes, Gary Grady, can add another honor to the most valuable player award he received from his basketball teammates a week ago.

This time it was the league coaches that honored Grady with a spot on the league's all star first team.

The coaches are unable to vote for their own players which means that they picked the best against them all year.

There are two ballots taken, one at the end of the first round of play and then one again at the end of league play. The coaches assign points and then the teams are picked according to total points.

Dick Egloff received a second team berth and Cal Luibrand made the third team.

Along with Grady on the first team were John Feist of Allen Park, who was tied with Grady in point total, Fred Matejka of Bentley, Doug Horucij of Allen Park, Ben Maibach and Tom Dewitt both from Redford Union.

Last Chance To Register

The third and final registration for the Plymouth Community Junior Baseball League will be held Saturday, April 4 from 10 a.m. to 2 p.m. at the American Legion Hall on Sheldon Road.

Registration now stands at 179, with 75 boys registering last Saturday, according to league publicity director John Schmidt. Schmidt also noted that the age limit of "under 12 years prior to Aug. 1, 1964" was in error.

He said the wrong age was mistakenly given to The Plymouth Mail and should have read "under 13 years prior to Aug. 1, 1964." Schmidt said league officials regret any inconvenience the error may have created.

Initial tryouts for league teams are tentatively scheduled for early in April. Dates will be announced in area schools.

Track, Golf Teams Ready To Defend League Titles

Plymouth's only two spring sports champions, the golf and tennis teams, will be hustling this spring in order to repeat their last season's successes.

The tennis team, coached this year by Jim Stevens who has been assisting Jim Doyle the past two seasons, will have the most work to do in rebuilding after the loss of three of its top players.

John Sandmann, Plymouth's golf coach and athletic director, will have the presence of three of the four golfers that competed in last year's league meet and walked away with the championship.

This is the way the two teams stack up:

TENNIS

Coach Stevens, a former Plymouth tennis star, has 7 returning lettermen from last year's league and Class A regional championship team to build around. But even with this group of experienced veterans, the Rocks will sorely miss the services of Dale Livingston, Linc Smith, and Jim Jensen.

Jensen and Smith, Plymouth's ace doubles combination, were unbeaten in regular season doubles matches and advanced to the second round of the State Class A Doubles Championship last year. Players of this caliber are certain to be missed.

The lettermen that Stevens eliminated in the opening round will rely on are juniors, Dave Tidwell, Jim Bruff, Clark Raven, Bob Waters, Gary Fuelling and seniors, Doug Sutherland, this year's team captain, and Clint Blood.

Bruff, Raven and Tidwell all competed in the state tourney last year but were strong challengers for berths on the varsity squad after serving under Stevens' watchful eye, as top notch Junior High players.

There are 18 out for the varsity squad in all, and Stevens will have to decide by April 7 which of them will represent Plymouth in its opening match.

Stevens is also in charge of the Junior High program and predicts that this year's squad will go undefeated and may not even lose a single match.

With prospects like this, the Rocks should enjoy success in the next few years.

GOLF

Sandmann's only major loss from last year's squad will be captain and most valuable player, Carl Zornow.

Last year the golfers enjoyed a fine season by winning the league championship and ending up with a 11-4 overall mark which included the winning of a traveling trophy donated by Fred and Lillian Block of Brae-Burn Golf Course. The trophy goes to the victors of the Northville-Plymouth matches.

The core of the golf team will be Jim Mattison, Gerry Scott, and Dave Wall. They are all members of the 4 player team that last year brought the league crown to Plymouth. It was the Rocks second title in a row and the seventh in the last 12 years, which is when Sandmann started the golf team.

With 18 tryouts this year, Plymouth should find ample reserve strength to fill in the vacant spots.

Economic ties between Japan and the United States are strong. Japan buys more goods from the United States than she does from any other country. The total is a billion dollars a year.

The British Columbia tourist industry is valued at nearly \$100 million annually.

Golf Classes

Would-be golfers can score next month when the Plymouth Adult Education and Recreation Department offers four-session golf classes at Herb's Driving Range on Michigan Avenue, just west of the Willow Run cutoff.

Pro golfers Chris Burghardt and Guy Brandt will be in charge of the classes, limited in size to five persons.

Classes will be held Monday through Thursday at 6, 7, 8 or 9 p.m., according to adult education director Herb Woolweaver. The cost for the four sessions is \$10, including balls and clubs, if necessary.

Information on the course is available at the recreation office at Plymouth High School or phone GL 3-3100, extension four.

HAL SMITH, Plymouth's only letter winning shot putter, lets go of the shot in a practice session last week in anticipation of the Huron Relays which were held last weekend at Eastern Michigan University. Although the Rock thirclads didn't score any points it gave them a little taste of competition in hopes of whetting their appetite for this spring's meets. Keith Baughman is head track coach.

CITY OF PLYMOUTH MINUTES

Monday, March 2, 1964

The City Manager reported that the Wayne County Social Welfare Department advised that in the future, the Work Relief Program of the County will be discontinued due to the fact that new ADCU legislation will transfer eligible persons from the Wayne County State Welfare rolls and the State Bureau of Social Aid has no plans to continue said program.

The City Manager reported that the agreement for services at the Salem-Plymouth Refuse Disposal is prepared and will be presented at the next regular meeting.

Public Safety Director Fisher reported that investigation revealed that a new device can be installed in the traffic signal at Ann Arbor Trail and S. Harvey Streets to control the signals during peak periods and that traffic on S. Harvey Street is slowed because of the narrow street which does not allow through traffic. In the event a driver is making a left hand turn. He advised that if the street were four feet wider, the possibility of a collision would be eliminated. The City Manager was requested to prepare plans and specifications for the widening of the street at the intersection of Harvey Street and W. Ann Arbor Trail.

Lion Lines

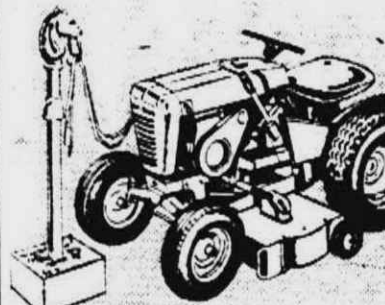

By Fred E. Harrison 453-8358

The Plymouth Lions were delightfully entertained at their March 19 meeting by Dr. Maurice Croll, a local ophthalmologist. Dr. Croll presented two films depicting his adventures in the Mardigrosa of Brazil. Dr. Croll spends his vacations each year in the hinterlands of South America where, at his own expense, he transports medicine and surgical equipment into uninhabited areas and administers to the natives.

The first color film contained scenes of primitive Brazilian tribal life and customs, including Dr. Croll's induction into one of the tribes as an honorary chieftain. The film presented an excellent example of the startling positive effects of personal missionary work in this area of the world.

As an added extra attraction, the second film provided the Lions with a look at Brazilian fishing and fantastic catches of twenty and thirty pounds. A report by the White Cane Committee revealed that Governor Romney has officially proclaimed the 22-29 as White Cane Week in Michigan. Organization for the White Cane Week Program includes Dick Miller as chairman and John Dodge as co-chairman with committee chairman Marv Van Heest, Mike Perish, George Illingsworth, John Kercieu, and Bill Fehlig.

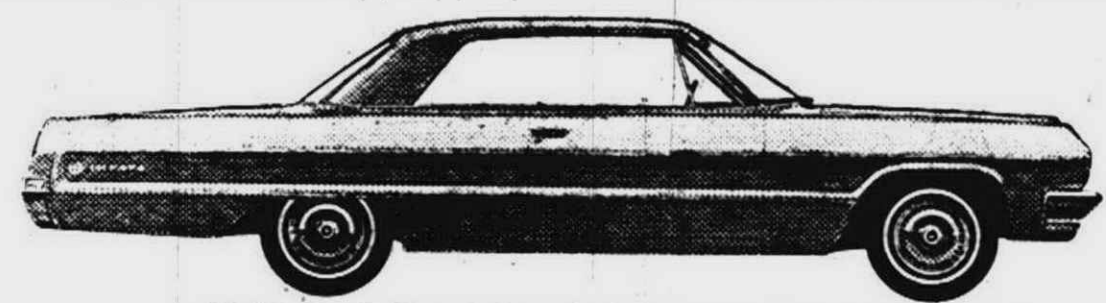

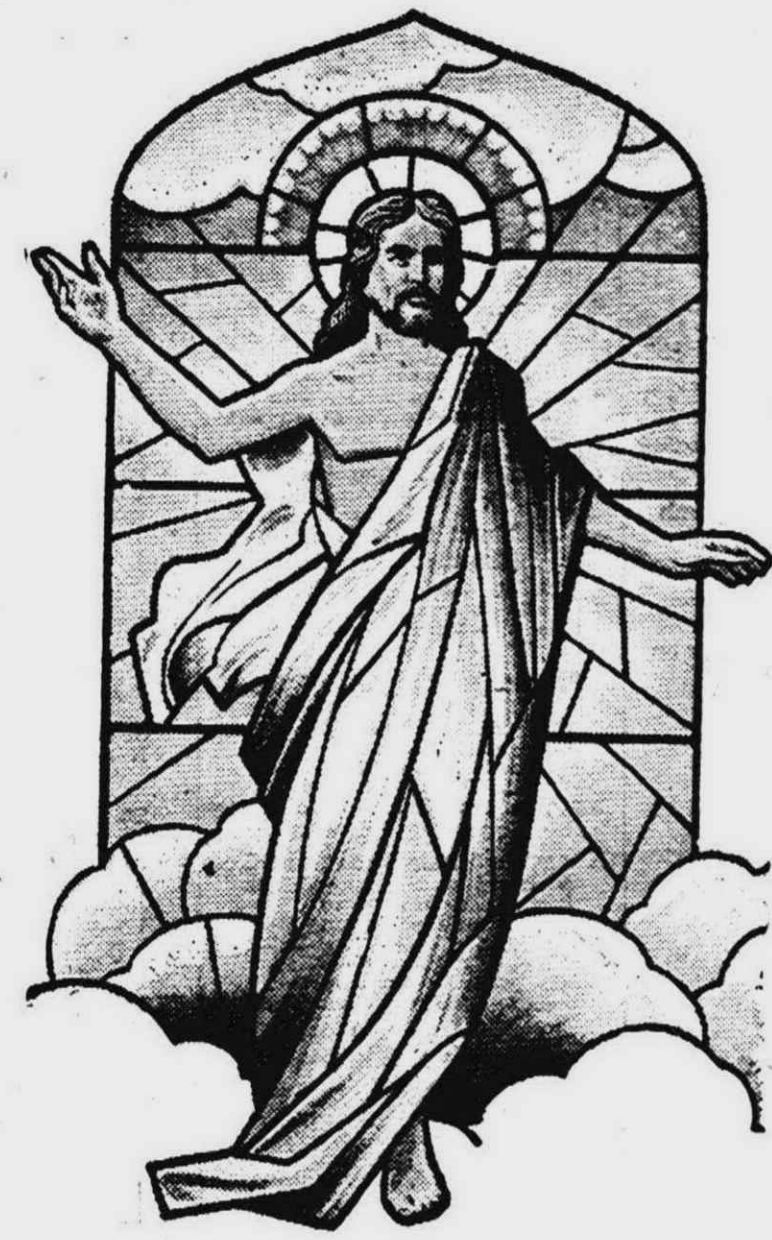

Eight American vice presidents were born in New York state.

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be. So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price. Or you can choose the thrifty Chevy II, a 15¼-foot family car with all kinds of passenger and luggage space. This year, your choice might be the new 16-foot-plus Chevelle, sized to fit nicely between Chev-

rolet and Chevy II (and between parking meters, with five whole feet left over). Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14½ feet and still too much for any true sports-car lover to say no to. The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.
