

School Board Approves New \$62,840 Salary Plan

Aware that Plymouth Schools had fallen behind in teacher salaries and in an effort to restore the school system to a competitive position in its ability to attract teachers, the board of the Plymouth Community School District unanimously approved a \$62,840 salary package at its meeting held Monday evening.

year, the raise will put teacher salary costs at least \$104,200 above last year's figure. The increase is expected to be accomplished without an immediate tax raise.

Approval of the plan climaxed weeks of negotiations between school officials and the finance committee of the Plymouth Education Association, representing local teachers.

A COMPROMISE measure, the plan lies somewhere between the five per cent index plan with a \$5,200 base proposed by P.E.A. and a blanket, across-the-board raise offered by school officials.

The P.E.A. index proposal would have ranged from \$5,200 for a starting teacher with a bachelor's degree to \$10,415.79 for teachers in the M.A. plus 30 category with 12 years in the school system.

Under the plan approved Monday night, salaries will range from \$5,150 to \$9,200 and include annual raises of from \$200 to \$400 for individual teachers.

IN PRESENTING the salary plan, employee relations subcommittee chairman Robert Utter told board members that his committee was cognizant that Plymouth Schools have been losing their competitive position. He said:

"In comparison with other school systems, we were in the upper third in salaries. Now, in 1963-64, we are in the lower third. Utter said studies of 21 other school districts disclosed that Plymouth was third from the bottom in its minimum B.A. salary and seventh from the bottom in maximum.

In salaries to teachers with masters degrees, Utter said Plymouth ranked third from

the bottom at the minimum level and about half-way down the list for maximum. "Obviously, other school districts have come up faster," he commented. Utter said the committee decided not to recommend P.E.A.'s index plan because it would be too costly. Superintendent of Schools Russell Isbister commented on the new salary schedule. He said:

"THE UPPER adjustment in the salary schedule for

teachers is a timely one — it is fair yet moderate in the light of what other districts have done or are doing this year for teachers.

"It will require additional revenue which, for this next year, must come from increased state aid, increased tax base, increased class sizes, economies in all areas of the budget and from the cash balance." Isbister paid tribute to P.E.A. finance committee, terming

his relationship with the group "friendly and cooperative."

"The P.E.A. representatives approached this problem with a sense of justice and fair play," Isbister said. "The Board of Education also recognized its responsibility in providing for the teachers an equitable salary schedule — one which encourages professional growth and continued improvement in teaching." Here's New Salary Plan

Included in the salary schedule approved Monday evening by the Plymouth Community School District Board of Education are base salaries of \$5,150 for A.B. and B.S. degrees, \$5,450 for holders of an M.A. degree and \$5,750 for teachers at the M.A. plus 30 level.

A.B. and B.S. degree holders will progress through an 11-step schedule to a maximum salary (Continued on page 3)

Urge Participation in Oral Vaccine Campaign

MAPPING OUT the final details for this Sunday's anti-polio sugar cube drive are (seated, left to right) health officer Lee E. Feldkamp, M.D., president of Plymouth Registered Nurses Mrs. Donald Urquhart and school nurse Mrs. Maurice Gibson. Standing are pharmacists Robert Beyer and John Wiltse and Superintendent of Schools Russell Isbister. The group met Friday morning in school district offices to iron out final plans for the drive. Six elementary schools will be open this Sunday from 11 a.m. to 4 p.m. to administer the oral polio vaccine.

An urgent plea for all Plymouth residents to participate was issued this week as final plans moved toward completion for the community-wide anti-polio campaign scheduled for six Plymouth elementary schools this Sunday from 11 a.m. to 4 p.m.

Trivalent oral polio vaccine will be administered to local residents at clinics set up at Allen, Bird, Gallimore, Smith, Starkweather and Farrand Schools at that time.

The all out drive to protect Plymouthites from the disease at that time will be under the supervision of health officer Lee E. Feldkamp, M.D. and Superintendent of Schools Russell Isbister.

AS A PUBLIC service, The Plymouth Mail publishes on this page an authorization for polio immunization form for children whose parents are unable to attend the clinics. Parents are encouraged to fill out the form and send it with their children so they may be given the vaccine. Simply tear out the form, fill it in and sign it.

Poured over a cube of sugar, the vaccine will be administered to all persons appearing at the clinics. A donation of 50 cents will be requested at the clinics, but spokesmen for the drive emphasized that no one will

be turned away for lack of funds.

The smallness of the donation is made possible by the fact that the clinics will be staffed by civic groups, organizations and volunteer professional workers.

AT A meeting held in Plymouth Community School District offices last week, officials detailed the exhaustive plans that have gone into this Sunday's program for the administration of polio vaccine to Plymouthites.

Dr. Feldkamp pointed out that virtually every one of the community's medical doctors and osteopathic doctors have agreed to cooperate fully with the program. Twelve physicians and four alternates have been detailed to staff of the six clinics.

Mrs. Donald S. Urquhart, president of Plymouth Registered Nurses, said a staff of six registered and licensed practical nurses would be present at each school — a total of 36 nurses at the six locations.

Plymouth pharmacists John Wiltse and Robert Beyer said at least seven pharmacists have been assigned to the operation.

ALSO present at the meeting were Superintendent Isbister and school nurse Mrs. Maurice Gibson. Isbister said the Plymouth Ministerial Association would be contacted and local clergymen were expected to urge their congregations to participate this Sunday.

Staffing each clinic, in addition to doctors, nurses and pharmacists, will be the school principal, 20 lay volunteers from parent-teacher groups, six boy scouts, a scoutmaster and a janitor.

Bank tellers will be on hand to collect the donations and Red Cross personnel will be present.

WHILE no one is predicting a polio epidemic, Isbister noted, the best way to prevent one is through community-wide immunization programs such as this.

Medical science has discovered an effective, safe and easily administered vaccine which can be taken orally.

The council of the Wayne County Medical Society has approved the report of its committee on public health advocating a campaign to immunize every individual over one year of age in Wayne County.

THE VACCINE requires a second feeding approximately eight weeks after the first — scheduled for Sunday, June 14. The vaccine in the program achieves the same degree of protection against all three types of polio virus in two feedings instead of three.

Youth Injured In Friday Fall From Truck

An 18-year-old youth, Thomas Abbott of 523 Maple, has been released from Wayne County General Hospital following a fall from a pick-up truck, Friday afternoon, April 10.

Police said Abbott was taken to the hospital unconscious Friday afternoon after he fell out of the back of a pick-up truck traveling in the 1200 block of Beach St. Abbott, according to investigating officer Cal Brown, was leaning against the side of the tailgate when the accident occurred.

It is fully licensed and approved by the Surgeon General, U.S. Public Health Service. The locations of the six clinics are:

Allen School, 11100 Hagerty Highway; Bird School, 220 Sheldon Road; Gallimore School, 8375 Sheldon Road; Smith School, 1298 McKinley; Starkweather School, 550 Holbrook St.; and Farrand School, 41400 Greenbriar Lane.

Yum Yum!

With tickets on sale and plans in the final stages, Plymouth Kiwanians are preparing for a record crowd at their day-long annual Spring Pancake Festival to be held Saturday, April 18 from 8 a.m. to 7 p.m. at Plymouth's Masonic Temple.

General chairman William Lyons and sub-chairman Joseph Near, Don Ward and Gene Niles have organized more than 50 Kiwanis Club members into three shifts to handle the all-day event. The menu includes pancakes with butter and maple syrup, sausage and coffee.

A door prize of a seven-transistor, twin band portable radio will be given. Tickets are \$1 for adults and 75 cents for children under 12. They are available from any Plymouth Kiwanis member or at the door.

VFW Sets Dedication Anniversary Program

Dedication of a \$27,000 addition to the post home of Mayflower Post 6695, Veterans of Foreign Wars will highlight the 18th birthday celebration to be held Saturday, April 18 at 7 p.m. at the post on 1428 S. Mill St.

A family-style dinner will precede dedication ceremonies of the recently completed lounge addition. Special recognition of post members for continuous service will include presentation of five, 10 and 15 year pins.

Mayflower Post 6695 came into being on April 11, 1946 at Plymouth High School following months of plans by a group of discharged Plymouth veterans who had served overseas. The new unit was instituted with Robert Burley as the first post commander.

DURING the first years of its existence, the group held

meetings in several places, including the Veterans Memorial Center and in a building at 920 N. Mill St., later destroyed by fire.

The present post home site was purchased and ground was broken on Oct. 17, 1952. On June 6, 1953, the first meeting was held in the partially completed building with Commander Richard Neale presiding. Formal dedication took place on Feb. 20, 1955.

In the ensuing years, according to past commander Hal Young, the post has made steady progress in both membership growth, which now stands at 185, and community activities.

IN APRIL, 1959, the mortgage was burned and a small storage shed was completed the following year. During Commander Young's term, (Continued on Page 3)

Mother of 5 Pleads Guilty, Fined \$50

A 41-year-old Plymouth mother of five children paid a \$50 fine Monday in municipal court after she pleaded guilty to a charge of shoplifting from the Kroger Supermarket in Plymouth.

She was the fifth local woman arrested in the past two months for shoplifting at the store, according to assistant police chief Loren Johnson.

The woman was arrested Saturday evening. At her court appearance she was sentenced to a fine of \$50 or a jail sentence of 15 days.

Johnson said only two of the women arrested were motivated by any financial need. He said the woman arrested Saturday told police she noticed that the store was low on personnel at certain times and that she deliberately planned the shoplifting expeditions. Police withheld her name because the conviction was the first for the woman.

The quartet, sponsored in their Plymouth appearance by the Plymouth Symphony in cooperation with the Plymouth Community Schools, also gave concerts at Starkweather, Bird, Gallimore, Smith and Farrand Elementary Schools, yesterday and today.

Members of the quartet seemed to hold the children's attention throughout the half hour concert, by talking with them between selections, explaining their instruments and the sounds they make to the children and encouraging the children to ask questions.

THE QUARTET played selections by Schubert, Mozart, Tchaikovsky and Aaron Copeland.

They also invited the children to sing "America, the Beautiful," as they played: Wayne Dunlap, conductor of the Plymouth Symphony led the students.

Members of the quartet are Nathan Gordon, violist and coordinator of the quartet, Gordon Staples, violinist, Edward Kesner, violinist, and Edward Korkigan, violinist.

You Needn't Worry About N. Y. Driving

Worried about driving in big, bustling New York City while on a visit to the World's Fair?

You shouldn't be. If you can drive in a large city like Detroit, Grand Rapids or Flint, you can drive in New York City, said Robert Cain, manager of Automobile Club of Michigan's Plymouth Division.

One-way streets in New York City simplify the traffic problem there tremendously, Cain said. In addition, several major highway projects rapidly nearing completion will ease congestion throughout the entire area, including access to the Fair Grounds. A new six-lane freeway is being built around and over the Fair Grounds.

Plan on a day and a half of driving with an overnight stop from anyplace in Michigan's Lower Peninsula, Cain advised. It's 673 miles from Detroit to New York by the Ohio, Pennsylvania and New Jersey turnpikes and 740 miles through Canada and Buffalo-Albany.

Highway tolls are \$8.65 for the first route, \$8 for the second. Using the shorter route, AAA estimates average driving costs of \$46 each way for two persons including gasoline, meals and accommodations.

Those who drive to the Fair will find a routing and map of New York City helpful, Cain suggested.

He also reminded that drivers under age 18 can't drive anywhere in New York State if they are from another state.

Urge Plymouthites to Attend Schoolcraft College Meeting

All residents of Plymouth and Northville who plan to enter Schoolcraft College this fall are urged to attend a meeting to be held on April 29, 21 at 8 p.m. in Plymouth Senior High School.

At this time information will be given by College administrators concerning the College program. All applicants who attend will be given a copy of the newly issued College Catalog.

Following the general meeting at 8 p.m. there will be an opportunity for applicants to meet in groups to discuss various curricula such as technical, teaching, medical and secretarial.

It is particularly important that high school seniors be present, since this general orientation meeting will give the background for the individual counseling meetings to follow. Schoolcraft College counselors will be at Plymouth High School on April 29, 30, and May 1, to enroll students in courses and on May 4 and 5, to meet individually with Northville High School seniors.

Those not presently attending high school but planning to attend the College will be given individual counseling dates beginning early in June.

In the time allotted for individual counseling it will be impossible to give the applicants an overall picture of the various College programs unless they attend the April 29 general meeting.

Similar meetings are set up for the latter part of April and for May with other area high schools.

Local Parents Sponsor "Great Books" Program

Because a group of 12 Plymouth parents have been "are" that students can roughly enjoy themselves and have a good deal of fun reading, a limited number of Plymouth youngsters will be available to them a "Junior Great Books Program" centered around readings and discussions of some of the world's classic examples of literature and thought.

The program will start October 1 and will include groups of 14 children each. In an interview Monday, Mrs. William Birge of 254 West Maple St., parent secretary of Junior Great Books in Plymouth, outlined the history of the movement or The Plymouth Mail.

Great Books, Inc., she said, a non-profit organization started for adults in 1947 at the University of Chicago. Its finances come from grants and gifts from foundations and other interested groups.

BASICALLY, the Great Books program includes reading-discussion groups supervised by co-leaders. Here in Plymouth a group of parents, some acquainted with the adult program, have undertaken an eight-week training course qualifying them as discussion group co-leaders.

The leader course included weekly two-hour sessions with assigned readings and worksheets. Parent members practiced leading discussion groups.

The program will begin with children in grades five through seven next fall. It progresses from grades five through nine.

INCLUDED in the reading list are great works ranging from Aesop to Xenophon, from Dickens' "Christmas Carol" to Franklin's Poor Richard's Almanac. The books are judged to be among the most important works of our civilization. Among them are writings in literature, history, philosophy, science—all areas of knowledge.

Discussion in the groups is based on the Socratic method, the art of questioning.

The Junior Great Books Program was first offered in Michigan three years ago on an experimental basis, Mrs. Birge said. Response was phenomenal and the program was put on a nationwide basis last fall.

There will be no expense to the school district for the program. Participating children are expected to purchase the set of paperback books for \$5.50 and pay an administration fee of 50 cents.

INFORMATION on the program will be sent home with school children on May 6. Further information on the program can be obtained by calling GL 3-8627 or GL 3-3716.

Parents who took the leader course include Mr. and Mrs. Birge, Mr. and Mrs. Robert Lawson of 47818 Powell Road, Mrs. James B. McKeon of 283 N. Evergreen St., Mr. and Mrs. William Moon of 45675 W. Ann Arbor Trail, Mrs. William J. Nelson of 1073 Penniman Ave., Mrs. Donald H. Sutherland of 8175 Ridge Road, Mrs. Norman L. Thoburn of 1052 Harding St., and Mrs. Robert E. Werner of 575 McKinley.

School Board Approves

(Continued from Page 1)
IN AN interview with The Plymouth Mail, P.E.A. president John Howe commented on the new salary plan.

"We're happy with it from the standpoint that more is forthcoming next year," he said. "It isn't what we'd presented, but we went along with them (school officials)."

"As a compromise measure, it's fair. There will be further adjustments made next year." Howe said P.E.A. met many times with school officials and exchanged five or six separate proposals. The one arrived at was economically feasible for this year.

The P.E.A. finance committee will stay together, meet continuously and begin immediate work toward next year, Howe said.

Concerning budgeting of the salary increase, Utter pointed out Monday that the board believes the plan can be paid for under the present millage structure.

HE SAID the board was hopeful of an increase in state aid funds, more funds through an increase in the student population and increased tax valuation, up from the present \$108 million.

The increase in class size will probably be limited to an average of one or two students per classroom. If necessary, a portion of the school district's cash balance of more than a half million dollars will be used to pay for the salary increase.

Board members noted if something drastic happens to affect the tax base, a millage request may have to be submitted to voters in July or August.

Indications are that income per student will increase about \$3.25 in state aid and that transportation funds from the state will rise.

AN INCREASE of 400 additional students, predicted for September, 1964, is expected to raise the state aid figure by about \$90,000. About 13 additional teachers will be added to the school system in the coming year, 'tistiber said.

In other action taken at the Monday night meeting, school board members accepted the resignation of Sue Hundley, first grade teacher at Farrand School for three years. She is expected to leave here for a teaching position in Rochester, New York.

Board members approved a resolution to transfer funds from Hough (\$110,97) and 1951 debt funds (\$39,92) to the 1955 debt retirement fund. Facilities committee chairman Robert Soth told board members his committee has met with architects on additions to Farrand and Allen Schools.

He said several changes were recommended in the plans. Board members set a committee of the whole meeting for Monday, April 20 when architects will meet again with the facilities committee.

FINANCE committee chairman Utter told board members the 1963-64 budget has been underspent by \$30,539.34 at the present time, a surplus of 1.6 percent. He said indications are that the school district will finish the fiscal year with a surplus.

Vocational education committee chairman Ernest Henry told the board his committee has established priorities for vocational education programs in the schools.

Included are a combination teacher-co-ordinator and industrial arts instructor, already provided for in next year's budget. In addition, the committee has urged the hiring of a part-time homemaking instructor.

Equipment priorities include the addition of a typing room with 15 electric typewriters at an estimated cost of \$3,800. Building additions, Henry said, depend on available finances and decisions on the number of building phases needed to meet requirements.

City commissioners unanimously denied the request at a March 16 meeting, following a stormy hearing attended by more than 50 area homeowners.

Their action killed the possibility of further rezoning moves at the site for at least a two-year period. Planning commissioners set a public hearing on the current proposal for Wednesday, May 13.

A dress to wear when you want to relax and don't want to be dull about it. Its distinctions? The fabric, a Dacron cotton denim. The trim, sporty buckle closings in contrasting color with stitching. A well-planned shape, the top fitted, the skirt flared, just right. Navy, blue or covert.

THE PEST OF THE WEEK

Sycamore Anthracnose: A leaf and twig blight caused by a fungus. Leaves wither and fall as they are unfolding in the Spring. In severe cases trees may be completely defoliated. On less severely affected trees dead leaves and twigs continue to fall throughout the growing season on Oaks and in particular Sycamore. Infected leaves appear as triangular dead areas along the leaf veins. This is not to be confused with drought injury which appears as burned margins on the leaves. The disease is more severe during cold damp weather in Spring.

Control: Starting just before the leaves unfold apply 3 sprays 10 days apart with TR-Basic copper fungicide.

The annual visiting day for its junior church school age children will be held by St. Peter's Lutheran Church of Plymouth on Wednesday, April 22 from 8:30 to 11 a.m. The junior church school program is the equivalent of a kindergarten program, but is based entirely on Christian principles of education, according to director Richard Scharf.

AN INTERNATIONAL CELEBRITY ARRIVES AT THE FAIR

The occasion is the New York World's Fair... the scene is the spectacular General Motors Futurama—and the car, of course, is Cadillac.

And the Cadillac car is a standout attraction even in this distinguished international company. Drive any of eleven 1964 models and you'll discover why.

There's Cadillac's magnificent and silent power. A 340-horsepower V-8 engine—most powerful in Cadillac history—generates performance so swiftly that we caution even long-time Cadillac owners to mind their speedometers. There is, in addition, the remarkable smoothness of our transmissions—an improved Hydra-Matic or new Turbo Hydra-Matic.

There is the luxury of elegantly appointed interiors, together with the great convenience of power brakes and steering (plus power windows on most models) that have turned the 600-mile day into a restful reality.

And there is also investment. Find a fine car, if you can, that returns more than your Cadillac when you choose to sell or trade it.

Visit your Cadillac dealer soon. His selection of international favorites has never been more tempting.

Ordinarily there's no more tireless friend or servant than your family telephone. It works around the clock, year in and year out. One of the few exceptions is when you make it "go to sleep on the job"—by failing to hang up the receiver properly. When that happens, friends can't reach you on the phone. So whenever you hear a buzzing sound coming from your phone, check it at once. Someone must have forgotten to put the receiver back on the "cradle," where it belongs.

AN OPEN LETTER TO THE PLYMOUTH TOWNSHIP PLANNING COMMISSION AND UNINFORMED CITIZENS OF PLYMOUTH TOWNSHIP

Will The Speculators Be Allowed To Take Over Plymouth Township?

On Wednesday evening, April 15th, the Plymouth Township Planning Commission has before it a proposal to downgrade by two (2) classifications the 40 acres of land lying on the east side of Beck Road, north of Joy Road and extending from Woodlore Estates on the north to Joy Road on the south.

The present zoning, which was adopted for the entire township in 1957 after considerable study and with the aid of professional consultants, designated this area R-1-E, or residential estates of not less than one acre. Many people invested in this area on this basis and established homes that have become a credit to the community. The Woodlore Estates were subsequently rezoned (on a spot zoning basis) to R-1-H, or country homes of not less than one-half acre. Again, citizens invested in family homes that are a credit to the community and the township in general.

The present proposal now asks that the adjoining 40 acres be rezoned R-1-S, which will permit lots of less than one-third acre. In our opinion, this is a speculative venture, by a Detroit Corporation, who hopes to trade on the pride and investment of one of Plymouth's finest areas, for an excessively handsome profit. The fact that this will be at the expense and degrading of the entire community seems to us of little concern to them.

It is interesting to note that the Detroit speculators purchased this property in 1957 when the present zoning was adopted. Could it be that they were betting that a future commission would not maintain its faith with the people?

Our area is on the verge of a tremendous population explosion. Along with this will come the speculators, whose only interest in our community is the profit they can take out of it.

The citizens of Plymouth Township are proud of the quality of our community. We are proud of the low crime rate and low rate of juvenile delinquency which this quality embraces. We urge the Township Planning Commission to have the courage to say "NO" to those who would degrade our community for personal gain. We ask the Commission to respect our wishes and to defend our philosophy. We ask that the above proposal be turned down.

Signed:

Concerned Citizens of Plymouth Township

Local Teenagers Win Legion Essay Contest

Two Plymouth teenagers were awarded prizes of \$5 each last Thursday evening by the Passage Gayde American Legion Auxiliary for their essays on the theme, "Freedom, Our Heritage."

Kay Zoet, 15-year-old daughter of Mr. and Mrs. Charles Zoet of 380 W. Liberty, took first place in the senior division of the annual essay contest. Her essay follows:

Liberty, freedom, and equality are words of binding unity symbolizing a promise, a hope, and even a prayer for deliverance. These words have nursed the deepest wounds inflicted by colonialism and imperialism. The hot voices of Russians pierced the air in Moscow as a plea for equality rose from the masses. Parisian beggars slaughtered their overlords who ruthlessly refused them liberty. And in distant American Washington points the way through a bloody war to freedom. Freedom stirs the masses. Freedom begins to take such an in-

separable form? Surely when we speak of such an indefinable word we cannot take a light attitude. Nor can we possibly be objective, in our hurried narrowness, by simply reaching back into Washington's time. This is the beginning of our America, but to find the beginning of freedom we must go back centuries.

"More than anything else we might say freedom is a mental attitude. This mental attitude is manifested in two ways—individually and collectively.

"The individual looks for an opportunity to express himself. His concern is his importance as a person with some meaning in his own right. When the individual has something to say his desire for self-expression cannot be hindered. To anyone who experiences this desire for expression it is not a privilege but a right, a freedom of communication.

"If one person can become so stirred into action you can easily see results of mass unification for a cause. This the progressive America of 1920, 1940, or 1960 without at the same time thinking of freedom. Where did this synthesis begin to take such an in-

These are the birthrights of freedom, a choice of government and self-rule.

"We Americans are a free people. We have chosen our government and utilized self-rule. We are independent thinkers in a country geared to the freedom of the individual.

"The young of heart have the spirit to fight and to fight back. America is a country whose whole history is based on the actions of our young-hearted ancestors. The pilgrims were deprived of individual freedoms as well as the freedom of self-rule. Thus America became a refuge for those who were not afraid to express their beliefs.

"The words of Patrick Henry, "Give me liberty or give me death", lingered in the hearts of every American and set a high price on freedom. The founding fathers of our constitution set before us an outline of principles which made government of the people, by the people, and for the people an assurance of the priceless freedom we love.

"Freedom is our heritage. It has been delivered to us because men have suffered and died to secure it. We, as our ancestors, must be willing also to face unknown perils and to preserve a nation called America, indivisible,

CHECKS FOR \$5 are given to Kay Zoet, 15, of 380 W. Liberty St. and Karen McAllister (right), 13, of 15674 Lakeside Dr. by Mrs. Marion Kot, Americanism chairman of Passage Gayde American Legion Auxiliary. The two girls received their checks for winning the annual American Legion essay contest in Plymouth. Their essays will be sent to compete at the district level. If they win there, the compositions will go on to the department level. Both girls wrote on the theme, "Freedom, Our Heritage."

with liberty and justice for all.

Winning in the junior division was Karen McAllister, 13-year-old daughter of Mr. and Mrs. William McAllister of 15674 Lakeside Dr. She wrote:

"To me freedom is many things. When I think of freedom, I think of 'The Declara-

tion of Independence'. Signed by many great men, Thomas Jefferson, Benjamin Franklin, and John Hancock, the title of the document tells us what it was. It was when we declared our independence of freedom from Great Britain. This great document was the start of a new and free nation. Although we almost lost

our freedom to other nations many times, the people of America fought hard to keep their freedom.

"Freedom also makes me remember Abraham Lincoln and his freeing the slaves, Peter Zenger and his fighting for freedom of speech and

freedom of the press, and the Revolutionary War. These and many more things, helped to make "Freedom, Our Heritage."

"In America, freedom is taken for granted. This generation and generations before, have never had anything but freedom. We don't know what it's like to be under strict governmental rule, not to be able to get together with our friends, and not to be able to belong to the church of our choice. We should be thankful that we are free and not like some of the countries in eastern Europe and Asia, under Communist rule.

"Freedom is defined many ways, personal liberty, and political or national independence. "The Declaration of Independence" was declaring national freedom. We, the United States of America, no longer wanted to be under British rule.

"Our national anthem, the United States' flag, the Statue of Liberty, all help us to remember that we live in a free nation. In the "Pledge of Allegiance" it says, "with Liberty and justice for all." This means that all people in the United States are free, and all the people are entitled to justice or correct treatment.

"These are my feelings and some of the things that have made "Freedom, Our Heritage."

Chips from the ROCK

April is Cancer Crusade month and since some of the continuing effects of this affliction have laid me low for the last few days I am prompted to add my two cents worth for what ever good it may do.

I suppose the fact that I heard recently of a couple of other Plymouthites who may be exposed to this illness has made me more than normally interested in again broadcasting a few hard facts which should be important to every person in this area.

Arthur Godfrey, on his radio show last Tuesday, said that he was alive due to early detection of his Cancer of the lung. The same is true in my case though the location of the infection is entirely different. We, indeed, are very fortunate and there are also others here in Plymouth who can thank the good Lord that the same also holds true for them.

When you realize 260,000 Americans die each year from Cancer it is a frightening statistic. But further, when you realize that one out of every four persons afflicted with Cancer are now being saved it certainly throws out a ray of hope for anyone who may be faced with such a catastrophe.

BUT AS STARTLING AS IT MAY SEEM, by more education and more awareness of Cancer danger signals and yearly physical medical check-ups, **ONE OUT OF EVERY TWO PEOPLE AFFLICTED COULD BE SAVED.** These are actual facts stated by medical researchers and the Cancer Foundation.

Women, according to the Cancer Society, are benefiting more from early detection and education than are men. As an example, while 80% of all breast Cancers are now curable if detected early, men are afflicted with several types of Cancers which are more readily cured than breast Cancer, but due to their neglect the death rate among men is far higher than it is in women.

These are ridiculous mortality rates and grieving loved ones, in many cases, who have just lost a husband or a father, are penalized by the Cancer victim's own neglect.

I should like to also add here a word or two about Cancer victims and I am one. There are many still breathing the fresh air, hearing the birds sing and enjoying the joys and tribulations of their families, even though they themselves may not be strictly up to par in their usual daily endeavors.

One of the great Cancer authorities has this to say: "We know so little still about what we can expect in an individual case of Cancer — even though we may know what to expect on the average — that any given individual may be among those who will live far longer than the expected average. And there's no way of knowing who these individuals are and who will respond better than average to treatment."

Dr. Olive Davis, a woman scientist afflicted with an incurable Cancer 11 years ago, makes a couple of interesting points about her continuing life with this affliction which I shall pass on in the hopes one or two people in this area might take heed.

Her first point is that you should always consider yourself one of those who can beat the averages, however grim. Secondly, and most important, she says, "Try to avoid excessive fatigue and nervous tension." (Pardon my laughter at this one since I'm trying to be a newspaper publisher along with having this affliction.)

Then she says, "Keep as busy as you can, have a hobby and seek, in addition to your regular treatment, the healing effects of nature through contemplating the trees, the ocean or any other water, and the sky."

Dr. Davis has survived far longer than her expectation according to her doctors. My doctors have not indicated to me my expectation and, as a matter of fact, I hope they never do. I still haven't forgotten the long day my wife and I put in at the University Hospital last June, making a decision to undergo a major operation. "You have a fifty-fifty chance, to live or die," they said.

Well, I lived . . . perhaps somewhat handicapped, but at least able to know that throughout this long ordeal for me, and most of all for my wife, two kids and my friends, I can muster a laugh, hear the birds, smell the spring air and am here to perhaps give encouragement, no matter how slight, to some one else today.

April . . . this is a special month for me and it is a special month for the Cancer Society. May I suggest to all that if you haven't had a medical examination by a doctor that you should do so today. The slightest unnatural condition in your body or in its function might be "God's" way of telling you it's time for a check-up . . . why delay?

During the next few days eight Boy Scout troops in the City and Township along with 300 Girl Scouts will be delivering literature for the Michigan Cancer Foundation to all the homes in this area. I fervently hope that you will find the one delivered to your home and that you will read it and take heed of its message. Can I say more?

Yes, a few more words. The dollars you might give might come home to roost! The Cancer Crusade isn't primarily a drive to raise money, it's a drive to alert you to the necessity of being alert. Don't ask me, ask your doctor.

School Salary Plan--Worthy, Sensible

On Monday evening The Plymouth Community School Board was expected to place its stamp of approval on an increased salary schedule for Plymouth teachers that, once again, places the local school district in a competitive position with surrounding systems.

The package, according to school officials, amounts to an increase of \$62,840 over the \$41,360 increment rise already planned for the coming year — a rise of \$104,200 over the 1963-64 school year.

Included within the framework of the new plan are minimum salary increases of \$200 per year and maximum raises of \$400 — all expected to be accomplished without an immediate tax increase.

At the beginning of this decade, business soothsayers were terming these ten years "The Soaring Sixties," and at least one business newsletter was predicting a rise in teacher salaries in greater proportion than for any other professional group. Plymouth Schools, until now, have been falling behind.

Referring to the new plan, Superintendent of Schools Russell Isbister has called it "a timely one, . . . fair, yet moderate in the light of what other districts have done or are doing this year for teachers."

Plymouth Education Association President John W. Howe has pointed

Sweeten Yourself and Everybody Else

Next Sunday, Plymouth Community medical men, nurses, pharmacists, scouts and parent-teacher volunteers will team up with The Plymouth Community School District in an all-out effort to further eliminate the specter of polio-meyelitis from our midst.

From 11 a.m. to 4 p.m., under the direction of Superintendent of Schools Russell Isbister and health officer Lee E. Feldkamp, six groups will labor at elementary schools in the district distributing Trivalent - a form of oral polio vaccine. A donation of 50 cents will be asked, but no one will be turned away for lack of funds.

The fruit-flavored vaccine, poured over sugar cubes, is expected to be served to almost 4,000,000 persons in the Wayne, Oakland and Macomb County areas. It will achieve the same degree of protection against all three types of polio virus in two feedings instead of three.

We hope Plymouth Community

out that P.E.A. is happy with the new plan from the standpoint that more will be forthcoming next year.

While Howe noted that the salary isn't what the education association had presented at first, he said it was fair as a compromise measure.

The Plymouth Mail thinks the entire Plymouth Community can well afford to take pride in the climate that surrounded negotiations between P.E.A. and school officials. We can be proud of the worthy and sensible plan they have created.

With the City of Detroit's educators and school administrators split over the highly emotional problem of representation, Plymouth can consider itself fortunate that its teachers and school officials can negotiate in a climate of reasonableness and intelligence.

We are proud that the school board is aware that quality education demands good educators, and that high-caliber teachers require suitable remuneration.

And, further, we think P.E.A. deserves commendation for its willingness to conduct negotiations in a thoughtful and unemotional atmosphere.

We hope Plymouth Community residents appreciate their school system. It deserves both their respect and support.

residents will co-operate with the effort. In recent years, polio outbreaks have been slashed by immunization programs until the threat of the disease has become a shadow of its former, deadly self.

But partial victory is not enough. Only through mass immunization programs such as this can the scope of success be increased and the reoccurrence of polio epidemics prevented.

The Plymouth Mail urges total participation in the immunization campaign. Go to one of the six elementary schools this Sunday and swallow a sugar cube.

Load the entire family in the car and see that they get sweetened up, too. Invite the neighbors. Invite your friends. And because life would be dull without them, you can even invite the people you can't stand.

We can think of no better fly to catch and kill with sugar than the bug that causes polio. Turn out and help kill it.

WOMEN

150 Attend Art Exhibit At Joy Road Studio

More than 150 art enthusiasts attended the exhibit of oil painting and early American crafts at Joy Road Studio last Sunday afternoon.

Winning blue ribbons for paintings done by some of the newer students were Mrs. Erna Losse (Still Life); Mrs. George Hudson (Portraits); and Mrs. Jane Broome (Landscapes).

Mrs. Losse's still life painting of geraniums in a white pottery bowl, placed in front of a brass tray and against a background of a softly folded green drape, was outstanding for its realism and color. The colorfulness of the flowers was accentuated by the soft, restful background and the three-dimensional effect of the pottery bowl and carefully shaded blue and white cup and saucer.

The portrait of a woman, successfully completed by Mrs. George Hudson, was so life-like that viewers would hardly have been startled had the painting spoken. Perhaps the most outstanding feature of this life-like painting was the natural look of the eyes which were filled with expression and gave the feeling that they were about to blink. Quiet and neutral colors were used for the background so that the viewers' eyes would be directed to the facial features.

Imagination and the ability to give feeling with minimum use of color contrast highlighted the landscape scene in Mrs. Jane Broome's first

"Curls are back"

The trend has started, and we think you'll want to board the bandwagon early because curly hair boasts such special virtues. First, it's so undeniably man-approved. Second, it's so versatile, so readily adaptable to any length and texture of hair.

Of course, a curly hairdo makes its own demands. Cut and shaping are important, and we particularly like the semi-layered cut that makes curls light and graceful. Next, unless your locks curl naturally, a soft permanent is indicated. For some of the more dramatic evening styles, add a curly hairpiece or two for all-out glamour.

attempt in oil painting. In addition to good composition and successful use of only browns, blacks and whites, Mrs. Broome's painting of a field gave the viewer the impression of the lull before the storm.

Scottish Dancer, 11, is Competition-Bound

The Highland Fling, Sword Dance, Irish Jig, Seann Triobh and the late Mrs. Biehl. The Highland Fling, Sword Dance, Irish Jig, Seann Triobh and the late Mrs. Biehl. The Highland Fling, Sword Dance, Irish Jig, Seann Triobh and the late Mrs. Biehl.

A NATIVE of Scotland, Jacqueline Kennedy, daughter of Mr. and Mrs. Glenn Kennedy, 680 Provincetown Ln., practices the Highland Fling, in full costume. She will compete in the fifth annual Indoor Games, sponsored by the Detroit Highland Society, Sunday, April 19, at St. Andrew's Hall, in Detroit.

Long hours of practice precede every dance contest, and Mrs. Kennedy drives her daughter into Detroit at least once a week for a lesson. Jacqueline tries to practice about an hour everyday.

Jacqueline's next competition is Sunday, April 19, at St. Andrew's Hall, in Detroit. She will dance in the fifth annual Indoor Games, sponsored by the Detroit Highland Society.

Winner of a trophy and numerous medals and ribbons for her Scottish dancing, Jacqueline says she dreams of one day returning to Scotland to enter dance competition there. She was born in Glasgow, Scotland.

To enter competition, each dancer must have the proper dress. For Scottish dances, Jacqueline wears a McCrae tartan kilt, with a blue velvet jacket with white trim and blue velvet hat. She also wears McCrae tartan wool socks, a white blouse covered with tiers of lace and a plaid, the piece of tartan cloth that drapes over her shoulder and is pinned with a large brooch. She also wears a sporran, a large purse, as decoration, around her waist.

The dancers frequently choose their family tartan, but Jacqueline chose hers just because she liked it. The McCrae tartan is predominantly light blue and white with lines of red and yellow.

For the Irish Jig, Jacqueline's costume is white with green shamrocks on it, and she wears bright green dancing shoes.

For the sailor's hornpipe, Jacqueline wears a sailor outfit.

During the summer months, she travels to dance contests in the United States and Canada. This year, Jacqueline hopes to dance in competitions in Buffalo and Pittsburgh, Pa. and in Canada.

TREASURES FROM Plymouth Pantries

CRACKING NUTS for her delicious "Mrs. McKay's coffee cake" is Mrs. Niels Pedersen, of 575 N. Evergreen St. The coffee cake is easy to make and is an excellent treat to serve when you have the neighbors in for coffee.

A long-time resident of Plymouth, Mrs. Niels Pedersen, 575 N. Evergreen St., gave the Plymouth Pantries a recipe for "Mrs. McKay's coffee cake."

Mrs. Pedersen, the former Viola Luttmoser, has lived in and around Plymouth since she was about 12 years old. She is a 1931 graduate of Plymouth High School.

"I wouldn't live any other place," Mrs. Pedersen remarked.

She is a member of St. Peter's Evangelical Lutheran Church and is active in their women's club, teaches Sunday School in the nursery department and works in the church office about one day a week.

Mrs. Pedersen says she enjoys writing letters and is given frequent opportunities to write them because her one daughter, Tina, 16 years old attends a Lutheran preparatory school in Saginaw. The Pedersen's other daughter, Jill, 13 years old, goes to the Lutheran Day School in Plymouth.

Mrs. Pedersen says she doesn't know who Mrs. McKay is, but that the coffee cake is easy to make and delicious, too.

In Michigan... at a picnic, beer is a natural

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst is whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Michigan...beer goes with fun, with relaxation

Life Not Possible Without Salt, Plymouth Kiwanians are Told

Without salt, life on earth would not be possible, according to Bill Mason and Graham Lints of the Morton Salt Company who spoke to the local Kiwanis Club Tuesday evening.

"Salt, they said, is often called the fifth element, an essential companion to the other four basic elements of earth, air, fire and water." On the average, 200 pounds of salt is consumed annually by each person. We eat about five pounds and the rest is used to produce paint, rubber tires, clothing dyes, food preservatives and other products.

Of course salting the roads during the winter brings a great deal of criticism in this area of the U.S. Salt does damage our automobiles by causing them to rust out, but the untold number of human lives that are saved justifies its use.

The production of salt is a local industry, with Michigan having five salt mines. Salt can be obtained from such mines, from salt ponds by natural evaporation, or from wells where by water is pumped into the ground to bring the salt up.

International Relations Chairman Norb Besterman read a letter from Eduardo Lim, the Kiwanians' "adopted" child through the Foster Parents Plan.

Carl Pursell reported that the young men of the Key Club were ready, willing and able to help serve pancakes at the Spring Festival on April 18 from 7 a.m. to 7 p.m. at the Masonic Temple.

Ray Gray, Ed Martin and Don Krick were guests from the Wayne Kiwanis Club and Glen Hoskin and Bill Clark were guests of two of the Plymouth Kiwanians.

Guest speaker at the April 21 meeting will be Elmer Capke with "Petroleum for Industry". The April 28 meeting will be held at 3 p.m. at Lofy's Arbor Lil with guest speaker Walter Gemperline.

Mrs. Urbin Sutfin To Retire April 17 From Hawthorn

MRS. URBIN SUTFIN Retiring from Hawthorn Center April 17, where she has been an accountant for seven years is Mrs. Urbin Sutfin, of Maple St.

Mrs. Sutfin served two years on the Detroit State Employees Federal Credit Union board of directors for two years, prior to working at Hawthorne Center. She worked for the state for a total of 12 1/2 years.

At Hawthorne Center she organized the first chapter of Michigan State Employees Association, MSEA, and served as first president for three years. She also was responsible for the MSEA annual Christmas Tea held at Hawthorn Center.

She was honored at a retirement dinner at Hawthorne Center, April 2. Guests present included two sons and their wives, Mr. and Mrs. Clare Ebersole, Mr. and Mrs. Keith Ebersole; a daughter and her husband, Mr. and Mrs. Jack Kahal; two sisters, Mrs. Grace Hunt and Mrs. Hazel Markham.

At the dinner she was awarded an MSEA plaque and pin and a jewel box made by a member of the Department of Maintenance, out of wood cut from a limb of a walnut tree on Hawthorn Center property.

Mr. and Mrs. L. H. Goddard, who had been on a three weeks' business and pleasure trip in Mexico City, Guadalajara and other points of interest arrived home Friday evening.

East Berlin has announced plans to restore the famed Brandenburg Gate, an 18th century arch damaged by wartime bombs.

Jr. High Tennis Squad Wins 9-1

Coach Jim Stevens and his junior high tennis squad opened the season with a decisive 7-0 win over Ypsi Roosevelt Jr. High and picked up 2 exhibition wins while losing 1.

Steve Hulce, Bill Wolfe, Bob Stover and Steve Mogie all turned in easy victories over their opponents in the singles games.

Tim Robinson and George Jackson, Jim Bachelord and Chris Bellmore, Mark Wenzell and Jim Wibby all defeated their opponents in the doubles games.

In exhibition, Larry Wasilaski and Chick Wibby, Robert Clum and Bruce Yakeley won their doubles games while Tom Kenyon and Skip Hudson were the only Plymouth boys defeated.

Coach Stevens sees a bright future for his squad and stated, "This is the best group of boys I've coached and they should go places as they improve."

Named Co-Captain

A former Plymouth High School swimmer has been elected co-captain of the Western Michigan University swimming team for the 1964-65 season.

Named to the post was W.M.U. junior Nick Herrick, son of Mr. and Mrs. Donald Herrick of 14341 Northville Rd. Herrick was a member of the 1961 Plymouth High School state champion swimming team.

He belongs to the Phi Sigma Epsilon fraternity. The Western Michigan Bronco swimmers have completed two undefeated seasons and also have been winners of the Mid-American Conference title during the past two years.

Jr. High Continues Tryouts

Tryouts for 240 junior league baseball hopefuls will continue next Saturday, April 18 and Tuesday, April 21 as they compete for slots on one of the six National or American League teams.

American league tryouts will be held at Plymouth High School and National League tryouts will be held at Junior High East. Saturday tryouts will be held at 5 p.m. All boys are required to bring their T-shirts to the try-

out sessions and those who have not had their shirts numbered will have it done at that time.

Plans continue to move toward opening day, Saturday, May 23. Opening festivities will include a parade and a full slate of six major league games, according to league president Joseph Bida. Boys who have failed to register may still do so by contacting Max Sommerville, director of minor league activity.

Thinclads Falter in Opener; Lose to Belleville, 63-46

Belleville's track team was in good form last Friday afternoon and turned in a good performance to down the Rock thinclads 63-46.

The Belleville squad swept three events which proved to be the deciding factor in the meet. They won all three places in the high jump with a mark of 5' 6" and took the top spots in the high and low hurdles. With this advantage Belleville was impossible to overtake.

THE ROCKS did win the

shot put behind a 43' 7" toss by Hal Smith but Belleville grabbed the 2nd and 3rd places.

Belleville also won the pole vault but Plymouth's Herb Park was only 3 inches behind as he finished up at the 1-foot mark. Sophomore Bill Clyde was third at 9 feet.

Jim Lake tied for second in the broad jump at 17' 10 1/2" for Plymouth's only points in that event.

The 880 relay team of Gary Grady, Dave Jordan, Dave

Agnew and Dennis Tonkovich provided a win with a time of 1:38.8.

THE ROCKS picked up more points in the mile run as Frank Dorset took first in 4:55 while Mike Bentley finished third with a mark of 5:10.

Steve Ward and John Bates took second and third, respectively, in the half mile with times of 2:10.5 and 2:11.1.

Another 2-3 finish by John Bowsman and Jim Lake in the 440 game gave Plymouth

some help in the scoring but Belleville's lead was not to be denied.

Dennis Tonkovich was the Rocks leading point-getter and only double winner as he took the 100 and 220 yard dashes with good times of 10.7 and 23.4.

Bill Kane pushed Tonkovich in both events and came in second in both with good times also.

PLYMOUTH had their trouble in the mile relay as two of the Rock thinclads were injured during the running of the race.

Jim Lake pulled a muscle while Steve Ward fell and cut his chin to the tune of six stitches.

Needless to say Belleville took the relay.

Coach Keith Baughman was not discouraged by the loss but instead encouraged by the good effort his squad put out.

He said they need a lot of work but they tried real hard. Not as an alibi but it should be mentioned that Belleville has an all weather track which has enabled them to practice for a month without too much trouble with the weather.

PLYMOUTH on the other hand has only been able to be on the track 6 or 7 times in the past two weeks and when outside cut short because of the muddy condition of the track.

Baughman hopes the team will show the improvement he expects now that the weather has taken a turn for the better.

This Friday Plymouth will take on Bentley on the home track. The meet begins around 3:30.

Varsity Tennis Team Wins Two, Drops One

Plymouth's varsity tennis team, had a busy schedule last week when they played three matches, two non-conference and one conference. The Rocks came out on top in two of the matches and were edged out in the other by only one game.

In the opening match against Walled Lake, the Plymouth squad swept all seven games to defeat the Vikings 7-0.

DAVE TIDWELL, Bob Waters, Doug Sutherland and Robin Wideman all defeated their opponents handily in the singles games.

In the doubles, Jim Bruff and Clark Raven won 6-0, 6-1, Rick Jones and Gary Fuelling won 6-1, 6-0, while Chuck Masten and Jay Reynolds won 6-1, 6-3 to sweep all sessions against Walled Lake.

Next the Rocks took on Allen Park and were edged out 4-3.

PLYMOUTH'S winners were Sutherland and Wideman in the singles while Fuelling and Jones were the only doubles winners.

The match was played in cold, rainy weather and both teams showed signs of stiffness because of the temperatures.

The Rocks could have won the match but an unexpected loss in the doubles brought about the defeat.

ON FRIDAY the Plymouth squad had another close match but this time turned the tables and defeated Ann Arbor High School 4-3.

The weather was quite an improvement over the previous two matches and gave the teams a chance to loosen up and play some good tennis.

Tidwell and Waters supplied two wins in the singles and there would have probably been another singles victory

but captain Doug Sutherland was out of action with the measles.

Bruff and Raven made a comeback in their doubles contest to win 3-6, 6-4, 6-0.

Fuelling and Jones won their doubles to remain undefeated in the 3 matches so far this year.

COACH JIM Stevens is fairly satisfied with his squad

Varsity Tennis captain Doug Sutherland led his team to a win against Walled Lake and a near miss against Allen Park last week — only to be sidelined by the measles when the Rock netmen came up against Ann Arbor on Friday. Coach Jim Stevens has expressed satisfaction with the squad's performance to date. He is especially impressed with the showings of sophomores Wideman and Jones.

Baseball, Golf Teams Waiting for Openers

The Rock baseball and golf teams will begin their schedule this week after fighting the bad weather which has been with us for the past few weeks.

BASEBALL coach Mike Hoben is not real optimistic about the future of his squad but he did say that with some good performances by the

sophomores on the squad and with a little luck and steady play from his juniors and seniors, they may do all right.

The Rocks main problem will be with the pitching as they have only one regular pitcher, John Daniel, from last year.

Coach John Sandmann has his squad set up for the three matches the golfers are scheduled to play this week.

ON MONDAY he'll send Skip Otwell, Dave Wall, Jim Mattison and Gerry Scott against Redford Union at Brace-Burn in a 4 player meet.

On Tuesday he'll add Jeff Hoffman and Bob Beck to the first four mentioned when the Rock golfers travel to Ann Arbor.

From the performances in the two above meets Sandmann will pick a team to meet Franklin on Thursday.

The Rock golfers meet scheduled for last week but it was postponed because of the weather.

Thieves in Thamesford, Ont., have a temper. They broke into the post office, found no money in the cash drawer, so they scattered post office mail for a mile along the highway.

Legion Post Observes Child Welfare Month

Joining with the more than 16,000 American Legion Posts throughout the nation, Passage-Gayde Post 391 and its auxiliary are observing Child Welfare Month during April.

Post Commander Ernest Koi announced today.

The local Post and auxiliary are participating in the month-long observance in conjunction with a major American Legion program in order to focus attention of the community to the needs of children and youth.

Funds expanded by the American Legion represent only a part of its child welfare program effort. Of vital importance has been the Legion's endeavors to the revision or establishment of sound state and federal legislation concerned with the protection and care of children.

The Auxiliary also is working with the Legion for prevention of sale of drugs-such as "Pep-Pills" to teen-age youngsters. The developments of community facilities for the diagnosis, education and treatment of mentally handicapped children; and the creation of community programs aimed at reducing school dropouts and improving youth employment opportunities.
