

**HOT? YOU BET!** So all the animals and their owners sought shade by a Redwood fence in a back yard on Carol St. in Plymouth. Here are, left to right, 9-year-old Debbie Troutman of 1345 Carol, holding rabbits Hoss and Elmer, Debbie's dog, Widget, and Margie Silvis, 11, of 1329 Carol.

Margie is holding a kitten appropriately named "Kitty" and a rabbit christened Jo-Jo Jumping Bean. Two other bunnies were missing from the picture. And, oh yes, the sophisticated cat, Dinah, was darned if she was going to pose for any old newspaper photographer.

**BEATING THE HEAT,** Plymouth YMCA director Mike Hoben, lower left, together with summer program supervisor Tom Workman, took his young charges to the Plymouth High School pool for a demonstration on canoe safety.

Two youngsters sit in the swamped canoe while the enthusiastic remainder line the side of the pool. The canoe, made possible by donations, will be used to provide recreation for local youngsters.

## Canoes Ready to Go as "Y" Launches Program

With contributions expected to hit \$903 this evening (Tuesday), pending approval of a \$150 donation by the Plymouth YMCA board, the "Y's" special program for Plymouth youth will get underway Thursday. Purchased and ready to go are four canoes, a trailer rig and other items. Paddles, life jackets and registration will be obtained in the next few days. The program was made possible by contributions that flowed in from local service clubs and organizations, businesses and individual contributions. To date, "Y" director John M. (Mike) Hoben said \$592.30 has been spent for canoes, \$80 for a trailer frame, \$100 for fabrication and \$20.70 for trailer hitches. KEEPING track of all the details, Hoben noted that 63 cents had been paid out for wiring for the trailer. Contributions have come in from Plymouth Rotary, Kiwanis, Optimists, Lions, and Jay-Cees. Harold Guenther, president of Plymouth's E-Z Enterprises, saw to it that a trailer frame was provided at modest cost. Plymouth Tank owners Kal and Jim Jabara worked to fabricate the rig for the trailer which will hold the canoes. Through Plymouth Trading Post, about \$300 was saved on the cost of the water craft. "Y" officials said. First Federal Savings and Loan Manager Perry Richwine donated a boat to the project. Blunk's Inc., Plymouth home furnishings store, donated carpeting to cushion the canoes as they rest on the trailer. Further donations, if any, will be used to purchase additional camping equipment and to defray expenses for the program which includes overnight canoe trips and week-long work projects for Plymouth youngsters. The first journey, designed to provide recreation, counseling and work for a group of Plymouth youth, will leave Plymouth Thursday. Four, one-day canoe trips are set for Thursday, Friday, Saturday and Monday. OVERNIGHT trips have been planned for Aug. 5 and 6 and Aug. 7 and 8. Supervision will be provided by (Continued on page 6)

# What Happens If W.C.T.S. is Closed?

By Sally Rothfus  
Staff Writer

Will the Wayne County Training School, in fact, have to be closed for lack of operational funds? And, if so, what would happen to the 620 boys now at the school? How would the closing affect the Plymouth Community and the rest of Wayne County.

These are questions that Plymouthites might do well to consider as rumors continue to circulate that W.C.T.S. is in imminent danger of being shut down. If local residents and Wayne County voters fail to approve a one mill tax increase at the Sept. 1 election, there is a distinct possibility that the training school will be one of the

first county projects to be abandoned. With this in mind, The Plymouth Mail this week set out to determine the impact that such a move would have. In an attempt to spell out the results that closing of the school would mean, The Mail interviewed W.C.T.S. medical superintendent Pasquale Buonicono, M.D., rehabilitation di-

rector John Huzel and Plymouth Family Service Agency social worker Miss Anna Jung. This is what was learned:

**THE TRAINING** school is one of the most vulnerable county services when persons talk about stopping or even curtailing services, according to Dr. Buonicono. He explained that, in a tight financial situation, the county will operate only those departments required by the State Constitution.

a boy who had been working more than a year but hadn't been discharged from the school. Persons in the community looked at him, Huzel said, and asked why the boy wasn't on his own. Shortly thereafter, the question answered itself — the boy had not made the social adjustment properly although he could handle his job and had been come involved with the police.

## 3 From Plymouth File for Primary

With the deadline for filing last Tuesday, July 21, a full slate of candidates, including three Plymouthites, filed for state and national offices in the Sept. 1 primary election. In the local State House of Representatives district, the 35th, eight Democrats and one Republican filed for office. The district includes Plymouth and Plymouth Township, Canton Township and the northern portion of Nankin Township, including Garden City.

Democrats filing were Maurice M. Breen of 4121 Greenbrook, Plymouth; Lewis Feister of Nankin, E. J. Kramer of Nankin, Charles E. Lowe of Garden City, Charles W. Mattice of Garden City, Donald A. Sellers of Garden City, James Tierney of Garden City and Marguerite H. Webster of Garden City. The lone G.O.P. candidate is W. Wallace Green of Plymouth. Republicans showed the

most interest in the 14th State Senate District which includes Plymouth and Plymouth Township, Northville and Northville Township, the City of Livonia, the City and Township of Farmington and portions of Oakland County.

**FILING FOR** the seat on the Republican ticket were Paul A. Kern, Jr., Fitzhugh Prescott of Farmington, Carl J. Wagenschutz, Livonia City treasurer, George L. Westlund and Livonia publisher Paul M. Chandler.

He explained that for the few children who have gone back into society before they were ready it has proven an unwise choice, adding that you can't provide the proper setting for helping them without confining them. Before the youngsters are released into society they must not only be able to attend school or hold a job but must be socially adjusted.

"I can't conceive of it happening," was Miss Anna Jung's reaction to the possibility of closing the school. Miss Jung said she felt it would be a tragedy for both the children and their parents to have to turn them out before they were ready. "High grade emotionally disturbed youngsters" are the ones being treated at the training school, according to Dr. Buonicono. They are educatable as distinguished from (Continued on page 6)

## Only One Democrat Files for Twp. Posts

Little opposition shaped up to Plymouth Township officials in the Sept. 1 primary election as only one person filed for township office against the present incumbent. Orville L. Tungate of 9433 Brookline, a Democrat, filed petitions for the post of township supervisor held by Roy R. Lindsay of 11000 McClumpha, a Republican. Tungate was the only member of the opposition party to file.

Democrats filing for the Senate seat included Plymouth City Commissioner and Supervisor A. E. Vallier Jr., James McCarthy of Livonia and Joseph F. Mullaney. In the U.S. Second Congressional District which includes Plymouth, Northville and Plymouth Townships, Washburn, Lenawee, Monroe and Livingston Counties, Republicans filing were incumbent George Meader of Ann Arbor, (Continued on page 4)

**TRANSFERRED** After seven years in Plymouth, S. S. Kresge Company Store Manager John Wertman is being transferred to the Detroit store at Grand River and Oakman. Wertman will assume his duties at the Detroit store the first of next week. The name of his successor at the Plymouth store, on S. Main St., was not available.

**AS A CASE** in point he cited

**Viewpoints** Views on State and Federal legislative matters will be presented to Plymouthites Friday evening, Aug. 7 as Democratic candidates for public office in this district outline their stands. The meeting, sponsored by the Plymouth Democratic Club, will be held at 8 p.m. in the Plymouth Community Federal Credit Union Building at 500 S. Huron St. Expected to attend are candidates for office in the Second U.S. Congressional District, the 14th State Senatorial District and the 35th State House District. Refreshments will be served after the program.

## Registration Drive Is Still In Progress

Three of the four present constables filed. They are Donald King of 41151 Nicol Dr., Louis R. Schomberger of 11886 Francis and Robert H. Burns of 4944 Oak. Constable Philip Truesdell did not file. Justice of the Peace Martin Schomberger of 40810 E. Ann Arbor Trail will run. The names of township officials, coupled with candidates for state and na-

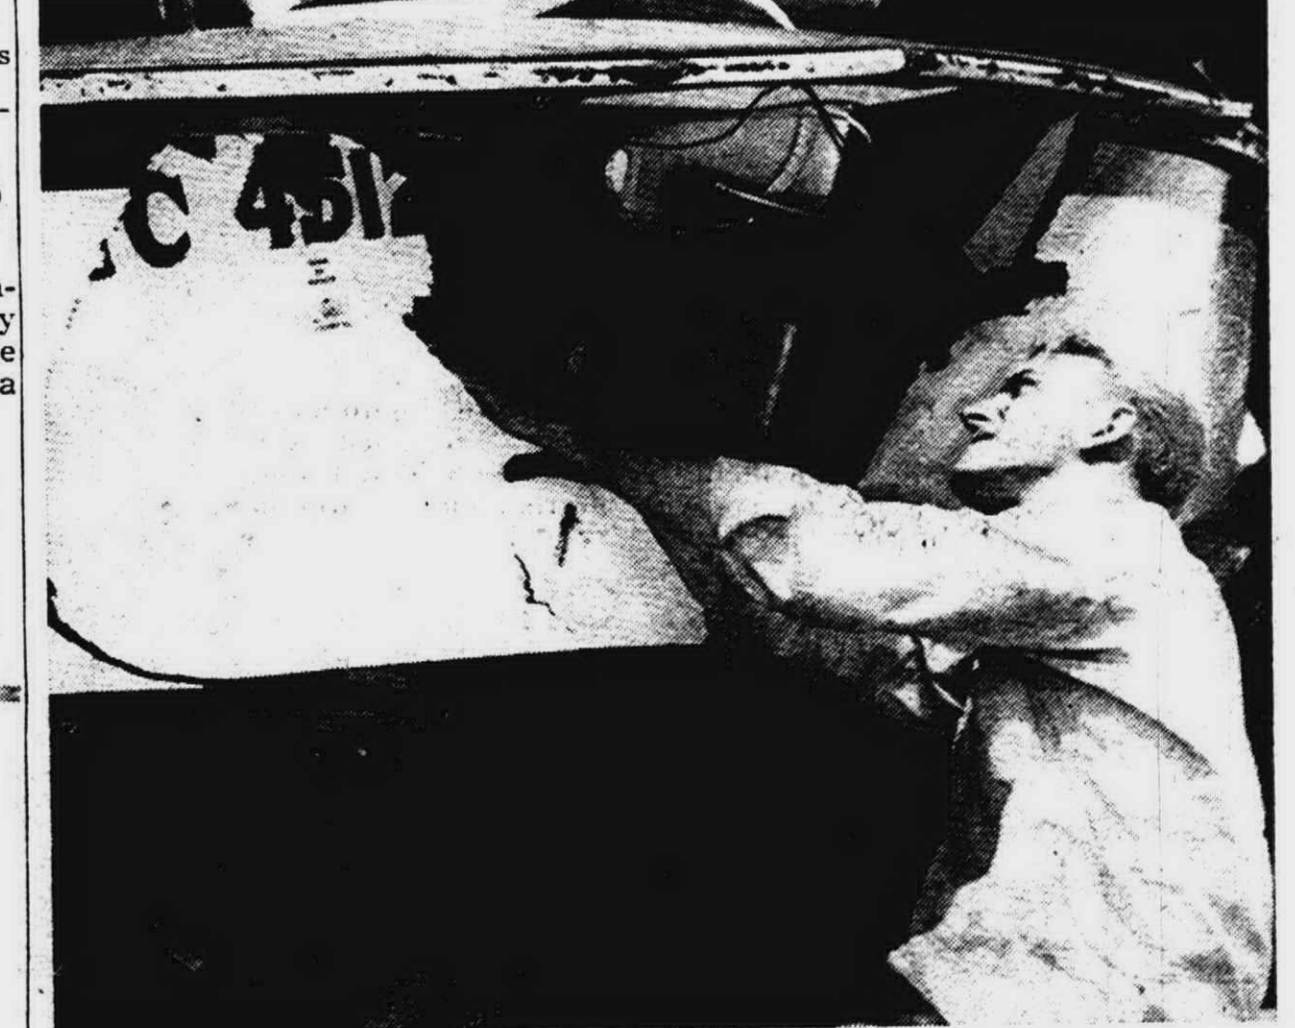

tionals offices and 11 would-be charter commissioners for the proposed City of Plymouth Heights leave Township Clerk John D. McEwen faced with the possibility of voting machine changes. McEwen said the machines may have to be converted to make them capable of handling all the items scheduled to appear on the ballot. Also scheduled for the Sept. 1 ballot is a one mill tax increase proposal for Wayne County. Voters began flocking to registration points in both Plymouth Township and the City of Plymouth last week, in the wake of a strong voter registration drive launched by Township Clerk John D. McEwen and City Clerk Richard Shafer. More than 100 electors were registered in the two municipalities, according to reports issued by Shafer and McEwen. Both governmental units (Continued on page 6)

## Narrowly Escapes Death As Boat Crashes Sunday

Narrowly escaping serious injury and possibly death, a Plymouth man was hurled from his speeding boat Sunday afternoon at Whitmore Lake and watched it sink in 30 seconds into 45 feet of water. The accident followed a Thursday fire in the boat that injured an Ann Arbor couple formerly from Plymouth. It all started Thursday, according to Carl Bowling, 24, of 404 Irvin St., when he was driving the 404 h.p. Pontiac engine-powered boat at Whitmore Lake. Fumes which built up in the engine compartment ignited when the electric fuel pump was switched on and the resulting fire burned Mr. and Mrs. Larry Fornwald of Ann Arbor, passengers in the craft.

**FORNWALD** suffered second and third degree burns and his wife received first degree burns, according to Bowling. Both were taken to St. Joseph Mercy Hospital in Ann Arbor for treatment. Then, on Sunday, as Bowling started the craft up at Whitmore Lake, the carburetor locked wide open and the 17-foot plywood craft careened out into the lake at full throttle. Bowling said Thursday's fire had apparently taken the tension out of the carburetor spring, causing it to break Sunday. As the boat sped across the

lake, Bowling climbed up on the side, reached back and shut the gas supply off. When he did so, he said the boat — going about 70 m.p.h. — stopped suddenly. The resulting water pressure crushed the hull, opening the front of the craft to water. Bowling was thrown clear as the craft stopped and he watched it plummet to the bottom in 45 feet of water. Later, Thursday evening, skindivers raised it and it was returned to the Plymouth garage owner's place on Starkweather St. Surveying the damage on Monday, Bowling had only one comment to make. "I'm lucky to be alive," he said.

A GAPING HOLE was torn in the hull of this speedboat last Sunday as owner Carl Bowling of Plymouth piloted it on Whitmore Lake. Bowling, above, escaped serious injury when he was thrown clear as the boat sank in 45 feet of water.

## News Roundup

A capsule summary of some of the more important events of this past week is being provided by The Plymouth Mail in the continued absence of the "Detroit Free Press" and "Detroit News" due to a strike at both newspaper plants.

Alabama's Gov. George C. Wallace withdrew from the presidential race this past week, he said, because his mission had been accomplished. He said he served as an instrument of conservatism through his showing in primaries and writing. (Continued on page 4)

## Schools Get Go-ahead On \$1,150,000 Funding

The green light for \$1,150,000 in funds was given last week to the Plymouth Community School District by the State Municipal Finance Commission, according to Attorney General Frank J. Kelley, chairman.

Included in the total are \$500,000 of short-term school building bonds and \$600,000 of tax anticipation notes.

The bonding funds will pave the way for construction of a seven-room addition to Farrand School, including six classrooms and kindergarten facilities; a five room addition to Allen School, including four rooms and a library; and the proposed vocational education building at Plymouth High School.

Tax anticipation notes will be used to meet current operating expenses and teachers' payroll prior to collection of the Dec. 1, 1964 tax levy. The notes will be dated Aug. 1, 1964, will be due April 1, 1965 and will carry a maximum interest rate of four per cent.

The bonds are unlimited tax bonds and will run until 1967. The school district is authorized to levy whatever taxes are necessary to pay principal and interest, according to Kelley.

**BONDING WAS AVAILABLE** to the Plymouth Community School District because it has not used up its bonded indebtedness, available under present school district valuation.

As matters now stand, according to Assistant Superintendent of Schools for business Melvin Blunk, bids on the two elementary projects are set to be opened on Monday, Aug. 24.

Construction is expected to start shortly after the bid opening. Completion date on both the Allen and Farrand additions has been set for Sept. 1965.

As yet unknown is the bid date for the high school shop addition, expected to be completed in Feb., 1966. Blunk said the bid date for the \$200,000 plus project would probably be later than the elementary bid opening.

Included in the high school addition will be shop areas, drafting and classrooms and machinery. In addition to Kelley, other members of the Municipal Finance Commission are State Treasurer Sanford A. Brown, Auditor General Billie S. Farum, and Superintendent of Public Instruction Lynn M. Bartlett.

## Parking Lot Fire Destroys Car

Damage was estimated at \$150 after Plymouth Township firemen were summoned to extinguish a fire in a parked car in the Evans Products Company lot recently.

The car, a 1957 model, owned by Woodrow Wilson, of 412 W. Ann Arbor Tr., was enveloped in smoke when firemen arrived, but they put out the fire immediately.

In addition to destroying the car, the heat scorched two other vehicles parked on either side of the burning car, owned by Marvin Wilson, of Redford Township and George Montgomery, of Taylor Township.

Township Fire Chief Barney Maas said the cause was undetermined.

## Bleach — It's 4,000 Years Old

Housewives have been bleaching their laundry for upwards of 4,000 years. The woman of antiquity took her wash down to the local river, pounded it clean on the rocks, and then spread it out in the sun to bleach and dry — provided, of course, the sun was shining, but not too strongly.

Early Romans bleached wool garments by smoking them over a sulphur fire. This method, depicted in drawings etched on the ruined walls of Pompeii, is used to this day in some countries! It's called "stoving."

As far back as 1332, the English had bleaching grounds near Manchester. But a few centuries later, housewives from Ireland, Scotland, and Germany were sending their linens all the way to Holland to be bleached!

It seems Mother Nature was on the side of the Dutch. The numerous streams feeding Holland's Haarlem Lake passed through sand and dissolved alkaline minerals, forming a great natural source for the bleaching of textiles.

The ingenious Dutch originated a method of soaking fabrics in alkaline solutions, drying them in the sun, and then using sour milk to remove the excess alkalinity. This was a highly effective process, though not a fragrant one.

Actually "souring" still survives in this day in professional laundering as both a process and an expression. By 1758, however, diluted sulphuric acid had eliminated the use of sour milk.

In those days, the English devised their own methods of bleaching cotton and linen goods. They were called "bowking" fine, and was forbidden to ply and "crofing." Bowking is his trade for two years.

## Here are Some Tricks You Can Try to Improve Upon Lemonade

**LEMONADE, ANYONE?** One tablespoon crushed berries in a glass of icy cold lemonade turns it into a luscious pink color.

For a new sweetening trick, try using honey for sugar in your standard lemonade. A wonderful flavor note!

A light, frothy soda is yours in a minute when you substitute carbonated water for tap water in lemonade and add your favorite ice cream.

Top off regular lemonade with a delicious sherbet for a delectable and sparkling float.

A California julep will buoy up your guests with its delightful flavor of fresh mint and the zing of pungent lemons. Crush a sprig of fresh mint with 2 tablespoons sugar in a tall glass. Add 2 tablespoons fresh lemon juice and stir until the sugar dissolves. Pour in 1 cup cold water and fill glass with ice cubes.

Colorful garnishes add an enchanting personal touch to that favorite summer pickup — fresh lemonade!

A plump, juicy lemon wedge or a notched lemon slice on the rim of a tall, frosty glass is the most popular, of course.

Try an orange slice for variety — and fresh mint sprigs or green and red marshmello cherries are a colorful addition to lemonade.

For a frosty lemonade glass, dip the rim of the glass in lemon juice, then in powdered sugar. Chill, right side up, until edges are frosted.

**City D.P.W. Activities**  
By Supt. Joseph Bida

The past week found the Public Works Dept. busy removing stumps that were left from trees cut down because of storm damage, streets in the Central Business Area were swept three times and humps in the pavement on Church St. and Harvey St. were cut out and repaired.

The Band Shell was repaired and put back in use.

Samples were taken from suspected Dutch Elm Diseased trees and have been sent to Michigan State to be tested. Reports will be forth coming.

Catch basins were cleaned out on all of Main Street and on Maple St. east of S. Main St. Several loose, hanging branches were removed from trees that were damaged by the storm. We know that there are many more, however, other work must continue.

Two catch basins were installed on Byron St. east of S. Harvey St. and Byron St. was put through from S. Main St. to S. Harvey St. and sand in the D.P.W. Yard was stockpiled. In regards to the new water main project:

The water main will be on the west side of Starkweather Ave. under the sidewalk from Duane St. to Main St. The walk is being removed. The reason for this being done is that it is much cheaper to replace the walk than to replace the street. Wherever the walk is removed, a new walk will be put in at no expense to the home owner.

Work continued at Riverside Cemetery. Trimming and mowing grass and cleaning up. Park maintenance continued at all Parks and Playgrounds.

### Calvary Baptist to Sponsor Tent Meeting Series for Four Weeks

A four-week-long series of tent meetings will be held at 4006 Joy Road, 1/4 mile east of South Main St. by Plymouth's Calvary Baptist Church, beginning Aug. 2.

Speaking at the meetings, to be held at 7:30 p.m. Monday through Saturday and at 10 p.m. Sundays, will be the Rev. Harold A. Barth, pastor, youth speaker and evangelist.

Helen McAlerney, radio, contralto soloist, radio personality and gospel recording artist will be the featured soloist at "The New Life Crusade," according to the Rev. Patrick J. Clifford, Calvary pastor.

Rev. Barth began to study theology and preach when only 15 years of age. He was ordained to the ministry before his 21st birthday and pastored two churches for eight years in Michigan.

He was founder and director of Kalamazoo Youth for Christ for three and a half years. In 1949, Rev. Barth spent 13 weeks in Europe, first as a delegate at the World Congress on Evangelism at Beatenberg, Switzerland, and then preaching in surrounding countries and Great Britain.

### Five Merchants To Offer Patrons A "New Look"

Painting, redecorating and modernization. All three are being put to task by at least five local merchants.

Within the next few weeks both Car, Caplin Clothes and Daves and Lent will make way for carpenters, decorators and painters.

Carlin's interior remodeling will include new fixtures and the addition of a higher shop at the east end of the store to be topped off by new rest carpeting.

Daves & Lent will be new to the head to be when plans are completed. In addition to remodeling the exterior of the building in keeping with Plymouth's continually expanding colonial theme, the boys' department will be moved to the second floor to the basement to make way for a new separate Teen Shop.

Painting of the exterior of Shop and Shop—white with blue trim—has been completed and interior redecoration will begin sometime in September.

Perry's Bakery completed repainting of the interior during the recent two-week vacation shutdown.

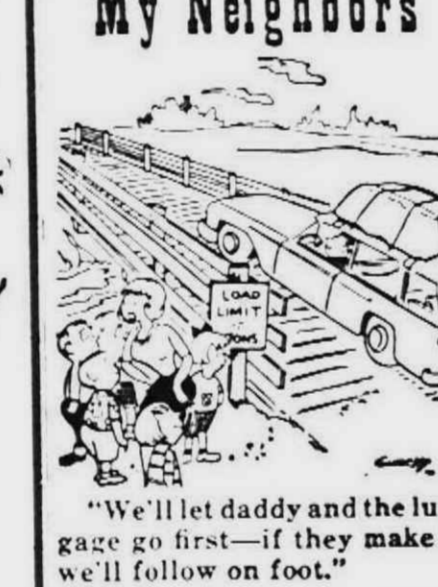

Cloverdale Farms Dairy completed repainting of both exterior and interior walls last week.

### Patrol in Parks To be Doubled

The Wayne County Parks Patrol will be immediately doubled in car strength, and its personnel substantially increased for the remaining summer and fall months.

The augmented patrol will consist of six patrol cars and 30 patrolmen.

After Sheriff Peter L. Buback had appeared before it on Monday afternoon, July 20th, the Ways and Means Committee of the Wayne County Board of Supervisors authorized the larger patrol.

SHERIFF Buback pointed out to the Committee that this season there will be hundreds of thousands more park visitors. "This," he said, "makes increased parks policing imperative."

The Edward W. Hines Drive and park land adjoining it near Plymouth are included in the parks system receiving additional patrol.

AN \$800 CHECK, representing 25 per cent of last year's Rotary Chicken Barbecue net profit, was presented last Friday by Plymouth Rotary Treasurer Cliff Tait to Fall Festival Committee co-chairman Margaret Wilson. The Festival planning group has asked local groups and organizations taking part in the annual event to contribute a quarter of their net profits to operation of the gala four-day festival.

ON SEPT. 13:

# Rotary Gears for 15,000 at Barbecue

With Sept. 13 approaching, Plymouth Rotary has begun preparing itself for an expected influx of 15,000 visitors to the service club's chicken barbecue, held on the last day of the Plymouth Community Fall Festival.

The projected figure represents an increase of 5,000 over last year's barbecue attendance. A rotating annual festival, the barbecue is a means of raising funds for civic projects, the barbecue evolved into the Fall Festival.

Now an annual community event, the Festival has grown beyond the original confines by the

# G.M. Institute Recognizes Two Plymouth Men

Slated to receive recognition at the General Motors Institute commencement exercises in Flint Friday are two Plymouthites.

Ronald J. Willis of 1332 Sheridan St., employed at Chevrolet Motor Division's central office in Detroit, will receive a graduate key award.

A mechanical engineering degree will be conferred upon Ronald L. Turkett of 350 Parkview Dr. Turkett works at Chevrolet's Springs and Bumper Plant in Livonia.

Featured speaker at the ceremonies will be Dr. Edward Teller, nuclear physicist and Professor-at-Large at the University of California.

Edward N. Cole, GMI Class of '33, vice president and group executive of General Motors and Chairman of the GMI Board of Regents, will introduce Dr. Teller.

A TOTAL OF 380 Bachelor's degrees in Mechanical, Industrial and Electrical Engineering will be granted. Thirty-five General Motors Overseas Scholarship students will receive certificates for having completed a special two-year cooperative program, and approximately 182 graduates of the Class of '64 will receive 10-year graduate keys in recognition of high performance on the job that has warranted recommendations by their divisions for the honor.

The ceremonies will mark the 37th commencement of the General Motors Institute, an accredited college which provides General Motors with about 25 per cent of its engineers. The student body of 2,500 is made up of top high school graduates selected by GM plants for appointment to Cooperative Programs in other Mechanical, Industrial, or Electrical Engineering.

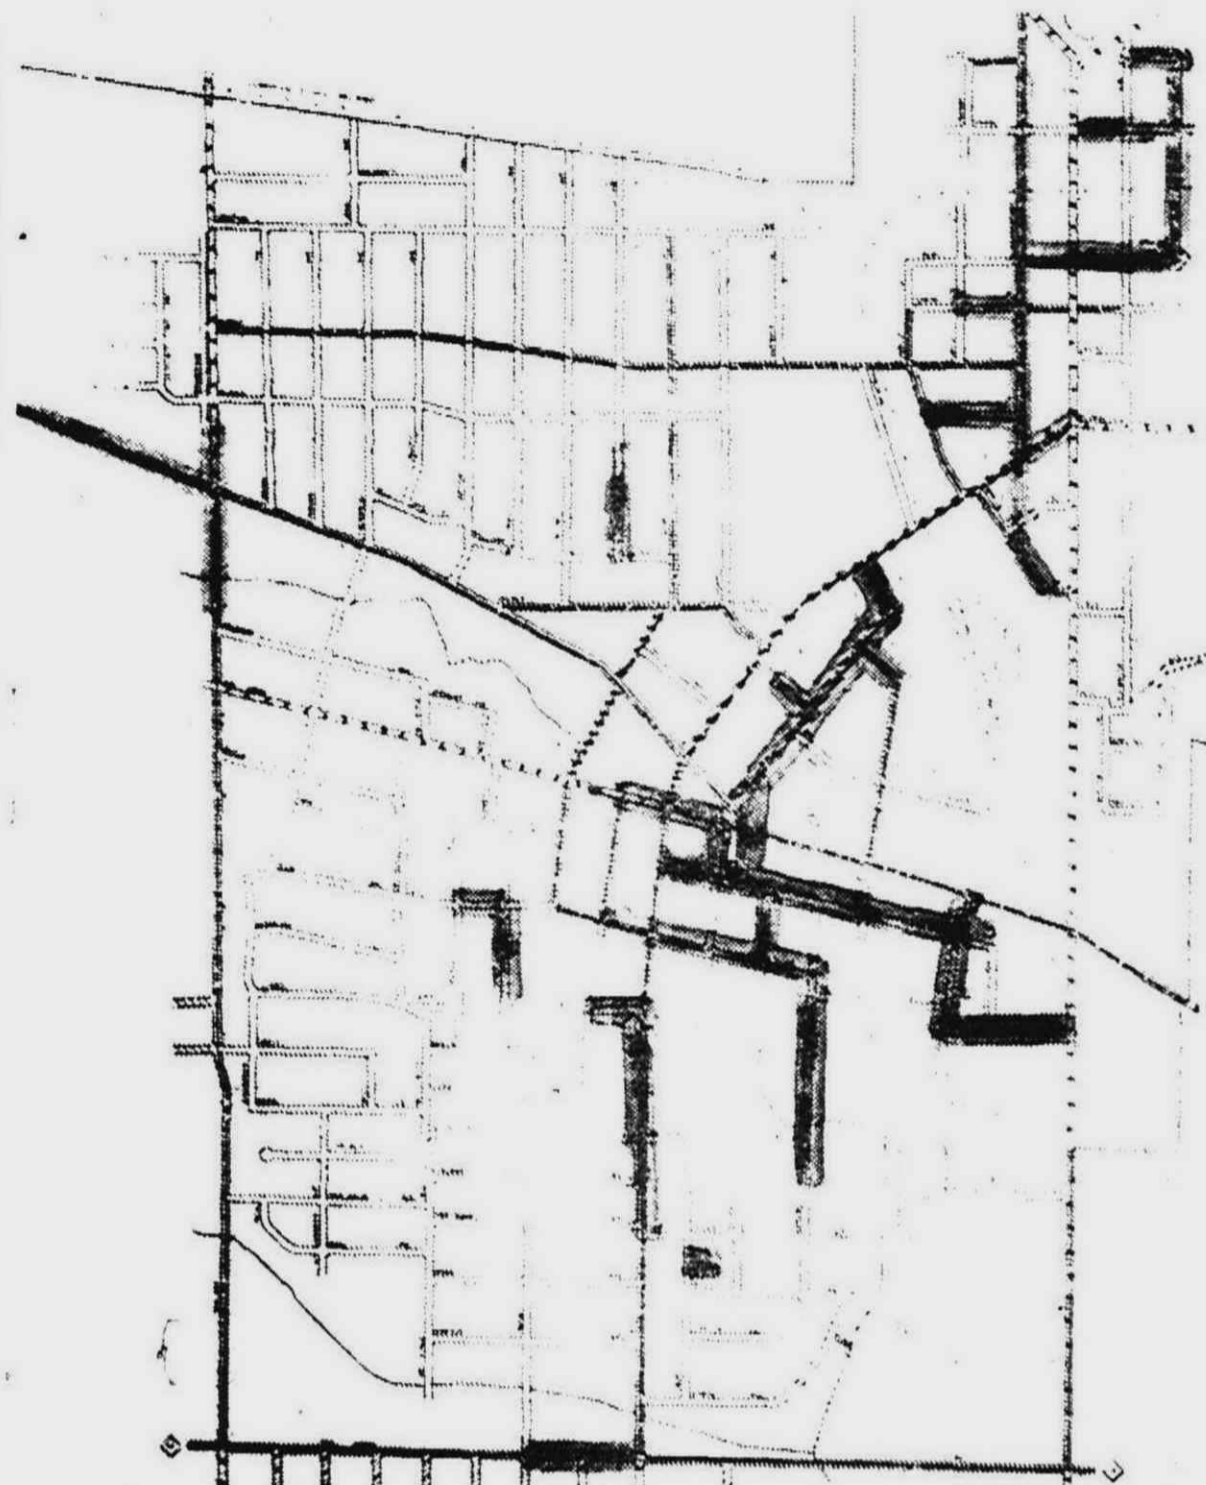

For four years students alternate between periods

## Surprise!

An item for "Ripley's Believe It or Not" column occurred in Plymouth recently.

On Sunday, July 19, Mrs. Jerry Jones, of Sheldon Rd., was rushed to St. Mary's Hospital, in Livonia, suffering from severe pain which she said she thought to be her appendix — a few hours later she was the mother of a 6 lb. 10 oz. baby daughter.

"I couldn't believe it," she said when she was told she didn't have appendicitis but was going to have a baby. The doctor told her, she said, that Linda Sue, as the child was named, was a full-term baby. The Jones have another daughter 16 months old.

HEAVY BLACK lines on this map indicate the locations at which new water mains will be installed under the City of Plymouth's Water Distribution System improvement program, currently underway. Work on the program began last week. The program, together with a new reservoir, is financed in part by Federal funds.

# Publisher Pledges Paper Will Help Keep Community Identity

Reaffirming The Plymouth Mail's pledge to remain oriented to and concerned with the Plymouth Community, new Mail publisher Russell S. Strickland spoke to Plymouth Rotarians last Friday afternoon.

"We want to see Plymouth maintain its identity," the publisher told the service club members.

Noting that it has been said that management is everything, Strickland pointed out that, in his view, "local management is everything."

Total control of The Mail will remain in the hands of Editor-General Manager Dave Wiley of Plymouth, Strickland said, just as control of The Farmington Enterprise has rested with Editor-Manager Michael J. Kiley in recent years.

ADMITTING that the responsibility of the press often transcends the profit motive, the publisher said he was in the publishing business "because I happen to love newspapers."

He said one of the greatest rewards has been seeing people in an organization advance from within to greater responsibility. This, he said, is what has happened in Kiley's case at Farmington and is the underlying reason for Wiley's promotion here in Plymouth.

Before spelling out his philosophy of management for Rotary members, Strickland gave a brief biographical summary.

Raised in Detroit, the 47-year-old publisher graduated from the University of Michigan in 1939 and was married

**CITY OF PLYMOUTH, MICHIGAN**

The City of Plymouth, Michigan, has for sale and leasehold two parcels of land in the PLYMOUTH INDUSTRIAL PARK, as described as follows:

**Parcel 1**  
Commencing at the West 1/4 corner of Section 25, T. 1 S., R. 8 E., City of Plymouth, Wayne County, Michigan, and proceeding thence S. 88° 21' 00" E. a distance of 80.00 feet, thence S. 1° 39' 00" W. parallel to the West line of said Section 25, a distance of 289.974 feet, for a POINT OF BEGINNING, thence S. 88° 21' 00" E. 400.00 feet, to the centerline of Industrial Drive, thence S. 1° 39' 00" W. along said centerline, 163.35 feet, thence N. 88° 21' 00" W. 400.00 feet, to and 80.00 feet from the said West line of Section 25, 163.35 feet to the POINT OF BEGINNING, containing 1.50 Acres of land, more or less.

This description being subject, however, to the following terms, conditions and reservations, namely:

The City of Plymouth reserves a strip of land thirty (30) feet wide, along the Easterly side of the above described parcel for public street or road purposes, and for sewer, water mains and other public utilities.

**Parcel 2**  
Commencing at the West 1/4 corner of Section 25, T. 1 S., R. 8 E., City of Plymouth, Wayne County, Michigan, and proceeding thence S. 88° 21' 00" E. a distance of 80.00 feet, thence S. 1° 39' 00" W. parallel to the West line of said Section 25, a distance of 447.324 feet, for a POINT OF BEGINNING, thence S. 88° 21' 00" E. 400.00 feet, to the centerline of Industrial Drive, thence S. 1° 39' 00" W. along said centerline, 266.964 feet, thence N. 88° 21' 00" W. 400.14 feet, thence N. 1° 39' 00" E. along said line, parallel to and 80.00 feet from the said West line of Section 25, 277.536 feet to the POINT OF BEGINNING, containing 2.50 Acres of land, more or less.

This description being subject, however, to the following terms, conditions and reservations, namely:

(a) The City of Plymouth reserves a strip of land thirty (30) feet wide, along the Easterly side of the above described parcel for public street or road purposes, and for sewer, water mains and other public utilities.

(b) An easement for sewers or other public utilities at the rear or Southerly part of the parcel is reserved, said easement being described as: The North twenty (20) feet of the South eighty-five (85) feet of the Easterly three hundred ten (310) feet and the West twenty (20) feet of the South sixty-five (65) feet of the Easterly three hundred ten (310) feet of the 2.50 Acres parcel hereby described.

The city will entertain offers to purchase said land at a price of not less than \$6,000 per acre. The said land is zoned for M-1 (Light Industrial) and the city reserves the right to specify the type of industry which may be established, the location, type of buildings, location of streets, sewer and utilities. The city also reserves the right to specify the time within which construction of buildings and other improvements upon such land shall be completed.

Any offer to purchase shall set forth the intended use of said land and the proposed development and improvement of same.

Such offer to purchase will be received on or before 7:30 p.m., E.S.T., Monday, August 3, 1964 at the office of the City Clerk.

The City specifically reserves the right to reject any and all bids and offers to purchase the aforesaid land.

The boys are among more than 50,000 scouts from 50 states and 30 foreign countries.

# Plymouth Township Minutes

Township of Plymouth, Board of Trustees, Regular Meeting, July 14, 1964.

Supervisor Lindsay called the meeting to order at 8:00 p.m. All members being present. The minutes of the previous meeting of July 1964 were approved and distributed by motion by Dick Lauterbach, supported by C. V. Sparks. Current bills totaling \$16,256.75 were approved by motion by Norman, supported by C. V. Sparks. General communications were read and placed on file and the Supervisor called for the agenda of tabled and adjourned business.

Mr. Samuel Hudson, representing Evans Products, reported on their air pollution and smoke abatement program stated that due to their program at the present time it would be impossible for them to consider closing down for a flash system. Further, the conversion of gas is still being considered. Mrs. K. Davids was present and voiced disapproval with the progress being made in this regard and displayed a dust cloth, very black, alleging that she had wiped off her porch furniture just prior to coming to the meeting. Supervisor Lindsay stated that he hoped that the problem will be taken care of soon and he will investigate further.

The application of S. Oldford & Sons for the rezoning of the N.W. corner of Sheldon and Ann Arbor Roads as approved by the Planning Commission at its meeting of April 15, 1964, wherein it recommended that the South 500 be rezoned from R-1-S to R-2-A. Mr. Oldford, representing S. Oldford & Sons, stated that Mr. Oldford had a purchase on the entire 752' owned by him and he is desirous in selling this property if it is determined that he cannot have the entire 752' rezoned to R-2-A. Mr. E. Jones, Vice President of the Michigan Bank, stated they are interested in obtaining the entire 752' to have it zoned to C-2 for the purpose of establishing a Bank on the corner of Sheldon and Ann Arbor Roads and a small commercial shopping area on the balance of the property. It was moved by Dick Lauterbach, supported by John D. McEwen, that the Oldford Petition to rezone this property to R-2-A be recommended by the Planning Commission, be referred back to the Planning Commission for further consideration. Carried unanimously.

A letter dated July 9, 1964, from the General Manager of The Plymouth Mail was read by the Supervisor. It announced reduced rates to one dollar \$1.00 per column inch for the Township's legal advertising effective upon notification of the retention of The Plymouth Mail as the official newspaper of the Township.

Considerable discussion was held inasmuch as the Plymouth Observer had asked the same consideration in a communication to this Board on May 23, 1964.

Mr. Garber moved that both requests be tabled for further discussion as there is a new consideration now that the rates are equal. Supported by Dick Lauterbach and carried.

Ordinance 14-U pertaining to Storage of Vehicles and Dangerous and Obnoxious Animals was approved upon motion by Elizabeth Holmes, supported by Dick Lauterbach.

Supervisor Lindsay's appointment to the Planning Commission were unanimously approved by the Board. They are interested in terminating July, 1967. Carl Hartwick 4248 Clemens, C. V. Sparks, 1904 Joy Road, Irving Road, 1925 Beck Road. To fill a vacancy, term ending July, 1966. Morris Breen, 1512 Greenbrook.

A request for a .05c per capita contribution to the Northwestern Child Guidance Clinic was denied as it was shown the Township cannot contribute to other than Township business.

The following persons were appointed to the Township Board of Censors for the term ending December 31, 1967. Frank Milling, 1490 Beck Road, Republican; Democrat; for the term ending December 31, 1965. Barbara B. Stecker, 4544 N. Territorial, Republican; Anne L. Buckman, 9253 Ball Street, Democrat.

Mr. Richard Lewiston, representing Kaufman & Broad, was present to request the Board to permit the installation of a retention basin for storm water for the Plymouth Arboretum Village subdivision No. 4. Upon motion by Dick Lauterbach, supported by C. V. Sparks, this matter was referred to the Township Attorney and Engineer for study and recommendation.

The following resolutions were presented by John D. McEwen, Township Clerk:

Call for Primary Election: Resolved that a Primary Election shall be held in the Township of Plymouth on Tuesday, September 1, 1964, for the purpose of nominating the candidates for the following Township Offices: Supervisor, Clerk, Treasurer, Two (2) Trustees, Justice of the Peace, One (1) Constable.

Call for Special Election: Resolved that a Special Election shall be held in the City of Plymouth Heights on Tuesday, September 1, 1964, for the purpose of electing nine (9) Charter Commissioners for the purpose of re-drafting a new Charter for the City of Plymouth Heights.

A Register-to-Vote Week Resolution submitted by the Wayne County Board of Auditors was approved upon motion by Ralph Garber, supported by C. V. Sparks.

A Fire Commission Resolution establishing a five (5) member Fire Administration Board and outlining their duties was adopted by the Board and referred to the Township Attorney for his opinion upon motion by Elizabeth Holmes, supported by Dick Lauterbach.

The Tax Sale Resolution, submitted by the County Treasurer, Louis H. Funk, requesting the Department of Conservation to withhold from auction sale the State acquired properties in Plymouth Township was approved and unanimously carried upon a motion by Elizabeth Holmes, and supported by C. V. Sparks.

The meeting was adjourned at 9:53 P.M.

Approved: Respectfully submitted, J. P. Lindsay, Supervisor, John D. McEwen, Clerk.

# What Happens If W.C.T.S. is Closed?

(Continued from Page One) trainable and custodial, he explained.

**THERE ARE 620 children** on the school's rolls and 540 actually in residence. All of them came to the school after other community agencies attempted to meet and solve their problems in the community and failed.

The population, Dr. Buoniconto said, is composed of disturbed, aggressive youngsters, who in 60 per cent of the cases don't live in a natural home (with both a mother and father).

Because there is no school like W.C.T.S. in the county, state or nation, Dr. Buoniconto explained, there would be no place to send the children should the school be closed.

"We pride ourselves . . . we are able to train, treat and return to the community a large number of kids who become self-sustaining citizens in a short period," he said. Four years is the average confinement.

Dr. Buoniconto claimed if the school were not available, many youngsters would become disruptive, destructive and eventually end up in either a training school or prison at tremendous cost to the local community — both in damage to the community and in confinement of the individual.

The medical superintendent explained during the past fiscal year, it will cost \$11.56 a day for each youngster at the training school — the county paid approximately one-half of this. The State Department of Mental Health contributed 46 per cent of the costs and the State Department of Public Instruction contributed approximately six per cent.

**COST TO the taxpayer** is less at the training school than at other institutions, according to Dr. Buoniconto, because, although per-day, per-person costs are higher at the training school the individual is confined for a shorter length of time. He estimated the total cost for a youngster at the school at \$7,000 while it costs about \$20,000 for a prison term.

He suggested that if youngsters were sent back into their communities before they were ready, the majority would end up back under institutional control. He explained the community had a chance to help the youngsters before they were admitted to the school — parents tried, public schools attacked the problems and perhaps juvenile court entered the picture also — and failed.

A total of 235 youngsters from Plymouth, Nozithville, Livonia, Wayne, Canton, Nankin, Redford and Garden City have been served by the training school, he

said. The number is increasing because the population of the suburbs is increasing as persons are moving from the big cities.

A large portion of the \$1,664,000 a year payroll from training school employees is brought back into Plymouth and Northville communities because even if the persons don't live in these communities they do their shopping here.

The school provides medical, dental, psychiatric services and schooling for the youngsters. It also has shops for vocational training in addition to placing youngsters in jobs in the electric plant, kitchen, greenhouse, sewing room, barber shop, beauty shop, dairy and farm.

**AS AN EXAMPLE** of the successful citizens the training school turns back to society, Dr. Buoniconto cited the case of one of the youngsters who entered the military service after being discharged from the training school. His duty was returning dead soldiers from the European front and after becoming interested in this work studied embalming and now owns a funeral home.

Others have assumed duties such as foremen in automobile plants, Dr. Buoniconto said, adding that readmission after final release is very rare although readmission from the convalescent stage does occur.

He explained the convalescent period as that time during which the children are placed away from the school but are still under supervision. Of the 182 placed in the convalescent category during the past year, of which 11 were placed in regular grade schools, 20 went into special classes in public school, 13 received job upgrading in high school, four received vocational rehabilitation and 94 were employed in various jobs. The school permanently discharged 98 of these youngsters.

# Township Planners Pave Way for 235 New Homes

Preliminary approval was granted by Plymouth Township Planning Commissioners to plans for the 206-lot Cambridge Village Subdivision at a special meeting held Wednesday evening at the township hall.

The subdivision will be located between Joy and Ann Arbor Road, just west of Eckles. Approval of preliminary plans for it and two others brings closer possible construction of 235 new houses.

After granting approval to preliminary plans for Lake Pointe Subdivision No. Eight, the planning group rescinded its action until developer Fred Greenspan determines the location of the playground included in preliminary plans submitted about 10 years ago.

**PLANNERS TABLED** Lake Pointe No. Eight and Lake Pointe No. Nine until the developer sets the site of the playgrounds, if any. The two

developments are slated to include 223 lots. They will be located adjacent to the present Lake Pointe development in the northeastern part of the township.

In other action, the planning commission accepted for filing and consideration plans for a 28-acre, 22-lot subdivision proposed by builder-developer Loren Gould south of N. Territorial Road and west of Durin Court.

Accepted was the preliminary plan for Earl Demel's Morningside Subdivision, a seven-lot development to be located on Beck Road about a half mile north of N. Territorial on property owned by the township attorney.

Accepted for review and further study was the preliminary plan for Arbor Village No. Four, to be located at the southwest corner of Ann Arbor and Haggerty Roads.

At present, discussion on the 141-lot Arbor Village Subdivision centers around instal-

lation of a catch basin by developers Kaufman and Broad.

**BECAUSE NO representative** from The Michigan Bank appeared at the meeting, planners were unable to discuss the financial institution's proposal to purchase land at the northwest corner of Sheldon and Ann Arbor Roads for construction of a branch office.

Purchase of the land would depend on re-zoning to Commercial.

The planning commission spent the remainder of the evening discussing the land use plan currently being developed in Plymouth Township.

"GRANSEL AND HETEL," an operetta written and produced by Plymouth summer school students under the direction of Fred Nelson, will highlight Friday evening's Plymouth Community Band Concert in Kellogg Park beginning at 8 p.m. The operetta will be presented during intermission. Pictured, left to right, practicing the operetta they wrote are Ted Johnson, 14-year-old son of Mr. and Mrs. George T. Johnson, of 1417 Palmer St., Jim Warren, 13-year-old son of Mr. and Mrs. James D. Warren, of 520

Pacific Ave., Karen Upton, 15-year-old daughter of Mr. and Mrs. William Upton, of 1314 Carol St., Christie Foster, 12-year-old daughter of Mr. and Mrs. Oliver Foster, of 1396 W. Ann Arbor Tr., and Tom Hulce, ten-year-old son of Mr. and Mrs. Ray Hulce, of 9275 McClumpha Rd. The concert, under the direction of James Griffith, will also feature "Flute Cocktail" by a Flute Trio accompanied by the band. Members of the trio are Sharon Sprague, Cornelia Delaney and Julie Smith.

Hoben and "Y" summer activities director Tom Workman.

On the week of Aug. 10, the group will travel to the AuSable River area for a work project that will see the youngsters put to work doing light chores on forest land. Another similar journey is set for the week of Aug. 17. The "Y" summer program will end on Aug. 25.

Following that date, the canoes will be available to any group which can demonstrate knowledge of proper instruction and handling procedures. Groups which may be interested in using the water craft include service clubs, Boy and Girl Scout units, and church groups.

Each canoe will be equipped with three life jackets and a set of paddles. Duffel space is provided in the trailer rig. Groups interested in using the equipment on a rent-free basis after Aug. 25 should contact Hoben at the "Y" offices, phone GL 3-2904.

will maintain registration hours until 8 p.m. next Monday evening, the last day voters are eligible to register. In addition, the city will hold extra registration hours at both the City Hall and the Fire Station located on Spring St. near Holbrook.

**BOTH locations** will be open on Thursday, Friday and Monday from 6 to 8 p.m. Registration will also be held on Saturday from 8 a.m. to 12 noon.

Normal registration hours will be maintained at both the City Hall and Township Hall. McEwen said the Township will register voters from 9 a.m. to 5 p.m. Monday through Friday and from 9 a.m. until noon Saturday.

The City Hall will be open from 8 a.m. to 5 p.m. daily, Shafer said.

This past week, according to McEwen, the township registered 81 voters. Shafer said the city had processed 28 registrations.

Mrs. David Scott

**PEGGY JENKINS**, daughter of Mrs. Ada Jenkins, of 545 Wing St., and the late Ellis Jenkins, became the bride of David M. Scott, son of Mr. and Mrs. James M. Scott, of Birmingham, in an afternoon ceremony July 25, in St. John's Episcopal Church.

## Peggy Jenkins, David Scott Repeat Wedding Vows in Afternoon Rites

Following an afternoon ceremony in St. John's Episcopal Church July 25, Mr. and Mrs. David M. Scott left for a wedding trip through the Upper Peninsula.

Mrs. Scott, the former Peggy Jenkins, is the daughter of Mrs. Ada Jenkins of 545 Wing St., and the late Ellis Jenkins. The bridegroom is the son of Mr. and Mrs. James M. Scott, of Birmingham.

Given in marriage by her brother-in-law, James C. Nichols, the bride wore a street length frock of white eyelet over peau de soie, fashioned with bell skirt, scooped neckline and elbow length sleeves. The dress was trimmed with a white satin cummerbund. She carried a cascade bouquet of white roses.

Matron of honor was Mrs. Nelson Jones, of Detroit, who wore a pink organza street length dress. Her bouquet was white carnations with pink baby roses.

James M. Scott, Jr., of Chicago, was best man and Nelson Jones, of Detroit, was an usher.

For her daughter's wedding, Mrs. Scott chose a yellow silk suit with matching accessories. Mrs. Jenkins wore an aqua silk dress with white accessories.

Following a reception held at the church, the couple left for their wedding trip. Mrs. Scott chose a royal blue linen suit for her going away outfit.

The couple will live at 111 S. Holbrook. Mrs. Scott attended Western Michigan University and her husband is a student at the University of Michigan.

### VISITS W.M.U.

Jeanne McCloy attended a two-day pre-orientation program at Western Michigan University during the past week. She met her counselors, saw the campus and learned about her future program of study. She will return to Western Sept. 13 for an orientation meeting. Classes start Sept. 15.

### TWINS CLUB MEETS

Mrs. Russell L. Maxwell, 9825 Beck Rd., was hostess Monday, July 20th, to the Wayne County Mothers of Twins Club. A cook-out was enjoyed by the 16 members present with a short business meeting being held to make plans for a swimming party in August. Co-hostesses were Mrs. Albert Augustine, Mrs. Donald Theiss, and Mrs. James Jacobs.

## Patricia A. Stone Weds R. L. Rapp, June 20

Mr. and Mrs. Rodney LeRoy Rapp are living in East Lansing following their double-ring ceremony June 20 in Newburg Methodist Church, Livonia.

Mrs. Rapp is the former Patricia Ann Stone daughter of Mr. and Mrs. G. A. Stone, of 8753 Canton Center Rd. The bridegroom is the son of Mr. and Mrs. Arthur Rapp, of Lansing.

Given in marriage by her father, the bride wore a chapel length white gown of silk organza over satin with applied alencon lace and seed pearls. The bodice of the dress featured a sweetheart neckline that formed a heart in the back and long sleeves. One large silk organza rose trimmed with seed pearls held the bride's elbow length veil of French illusion.

Joan Bohl, of 9052 S. Main St., was maid of honor. Sharon Schutter and Nancy

Radel of Muskegon were bridesmaids. The three of them wore floor length gowns of yellow silk brocade featuring 3/4 length sleeves and trains extending from the middle of the back. The skirts were shaped in a bell silhouette. Their hats were two cabbage roses and they carried cascade bouquets of pale blue daisies.

Flower girl was Cindy Rau and Bobby Mason served as ring bearer. The flower girl's dress was floor length white silk brocade with yellow cummerbund and she carried a basket of blue daisies. The ring bearer wore a white tuxedo and carried the rings on a satin pillow.

The groom's brother, James Rapp, was best man. Ushers included George Nama, of Lansing, Richard Bunce, of Sturgis, and James Stone. The bride's mother chose

an ice blue lace dress and blue shoes and purse, with elbow length white gloves and white hat. Mrs. Rapp wore a beige dress with lace top and full chiffon skirt; her accessories were turquoise. Both wore orchid corsages.

Following the reception and buffet luncheon in the church fellowship hall, the couple went to Long Lake, Mich. for a weekend. For her going-away outfit the bride chose a pink cotton dress with white embroidery on the front and around the bottom.

Mr. and Mrs. Rapp will visit the New York World's Fair in August when Rapp will try out for the 1964 Olympic Wrestling team.

Both attended Central Michigan University where they majored in physical education. In the fall they will return to Mt. Pleasant and Mrs. Rapp will teach in Clare.

## Baby Talk

Mr. and Mrs. Gerald E. Stace, of 465 Sunset Dr., have announced the birth of twin boys, Kevin D. weighing 6 lb. 1/2 oz. and Devin K. weighing 5 lb. 5 oz. Thursday, July 30 Plymouth Senior Citizens will hold their pot-luck dinner in the park, across from the Hines Dr. refreshment stand.

All members are to bring their own table service and a dish to pass.

At the weekly meeting, July 23, 67 Senior Citizens attended. Birthday cake was served to all members and those having birthdays in July lined up around the table.

### Plymouth State Home Volunteer Program Draws More Than 150 Local Teenagers

In impressive contrast to news media accounts of teenage violence, immorality and juvenile delinquency, more than 150 local teenagers — girls and a few boys — are devoting spare time to an unselfish effort to help those less fortunate than themselves.

They are working as volunteers at Plymouth State Home and Training School for a few hours each week. Several work 20-25 hours a week and most average 15 hours, according to William Boyd, director of community relations.

The volunteers, ranging in age from 14 to 21 years old, are assigned jobs in patient care, recreational therapy, physical therapy, swimming, psychology, research and x-ray.

Their assignments depend on their interests. Boyd explained the teens usually stay in one unit rather than switching around because they are able to become better acquainted with the youngsters and thus understand them. Those who think they are interested in a certain field as a future profession are assigned to that area.

In patient care, the volunteers entertain the children, help them to walk, and do some nurses aide type chores, Boyd said.

VOLUNTEERS working in recreational therapy have as much freedom as any teens are given, Boyd remarked. They teach the children grooming and conduct arts and crafts programs for them in addition to playing games. They also pick up the children to take them to the recreation area and return them to their units.

Director of Psychology at Plymouth State Home, Dr. Maureen Bailey said she couldn't be more pleased with her volunteer. She explained at first she thought the program might be more trouble than it was worth, but it has proven otherwise.

Dr. Bailey has one volunteer working under her who is helping with conditioning experiments on the children — she times the youngsters and records data. She also helps with typing and filing.

Boyd said the volunteers have proven themselves quite valuable. For example, he said, there are approximately 900 children and not sufficient appropriations to hire more

### To Offer Free Check Service

Beginning August 1, the Bank of Livonia will offer free personal checking account service to its customers, according to an announcement made recently by Fred A. Lavery, Bank President.

"Customers who keep a \$300.00 balance in their personal checking account will be able to write all checks free that month. Those who have balances of less than \$300.00 will be charged 10 cents per check paid that month," explained Lavery.

### TREASURES FROM Plymouth Pantries

WHIPPING up her easy "Pineapple Cheese Cake" is Mrs. Terry Goebel, of 9211 S. Main St. "Pineapple Cheese Cake" is particularly good to serve during the summer because it requires no baking.

"Pineapple Cheese Cake," a good dessert to serve dinner guests during the hot summer weather has been suggested by Mrs. Terry Goebel, of 9211 S. Main St.

Mrs. Goebel, whose hometown is Northville, worked as a cost clerk at Corvair's Willow Run plant for two and a half years. She plans to return to work when her one-month-old daughter, Crystal Ann, is older.

Her husband, Terry, is from Plymouth originally; he is the son of Mr. and Mrs. Paul Goebel, of Northern St.

### RECEIVES M.A.

Joan E. Seim, of 274 Farmer St., received her Masters of Art degree from Western Michigan University, Kalamazoo, at summer session commencement exercises on July 24. She was one of 370 masters degree candidates. "Do Something" was the commencement address, given by Dan Ryan, editor of the "Kalamazoo Gazette."

Mrs. Goebel says she does oil paintings, in addition to sewing and crocheting. She made many clothes for her baby daughter.

### PINEAPPLE CHEESE CAKE

- 2 boxes lemon (or lime) gelatin
  - 2 C. boiling water
  - 1 small can crushed pineapple
  - 1 C. sugar
  - 8 oz. package cream cheese (room temperature)
  - 2 C. crushed graham crackers
- Prepare first — combine gelatin with 2 cups water and cool until slightly thickened. Freeze evaporated milk until ice appears on the top. Whip milk and then add gelatin and whip again. Mix sugar and cream cheese together. Add gelatin mixture to sugar and cream cheese. Pour into buttered square cake pan lined with half of crushed graham crackers. Sprinkle remaining "cracker crumbs" on top. Chill until firm and cut in squares.

# Are You Really a Safe Driver? Check These Ten Tested "Life-Saving" Rules

Some 9,600 Americans were killed or injured in automobiles each day last year, and more than 85% of these cases involved driver violations according to statistics published in a Casualty Count. The Travelers 1964 Book of Street and Highway Accident Data. The booklet, discusses some of the tragic misconceptions motorists have. Speeding, for example, still causes over 40% of highway casualties despite the well-publicized fact that most accidents occur at speeds under 40 m.p.h. The reason, misunderstood by many motorists, is that speeding is not equivalent to high speed. A car can be speeding when it is going only 35 m.p.h. — if conditions dictate a speed of 20.

One of the commonest — and most deadly — of highway driving errors is hugging the left traffic lane. Another is pulling out from the curb, or entering a highway from a side road, without due regard to oncoming cars. In any hundred miles of traffic, one expert estimates, you may have to press your brake ten times for this reason.

Since driver error accounts for most accidents, your best protection is a greater knowledge of how to avoid highway risks. Here are ten tested ways to increase your highway safety:

1. Check your speedometer frequently; after long hours of steady turnpike driving, drivers tend to develop the illusion that the car is going slower than it really is. Remember the legal speed limits were set for ideal road conditions. Don't endanger yourself by always going "as fast as the law allows" — or even faster.
2. Stay in one lane as much as possible. On the highway, stay over to the right. Cross the center line only when passing or turning left. Don't weave or hog the road.
3. Watch not only the car in front of you, but the car in front of that one. "Drive 1,000 feet ahead", as veteran truckers do, so that you'll spot irregularities in traffic patterns. Glance frequently at the rearview mirror to get the traffic picture around and behind you. Keeping your eyes moving not only helps you prepare for traffic problems — it's a good way to avoid deadly "highway hypnosis".
4. "Passing fancies" account for thousands of traffic

deaths and injuries each year. When passing, start from well behind the car in front of you so you have a clear view of the road ahead. Watch the other car's exhaust pipe for smoke puffs — a lazy puff means he has taken his foot off the gas, perhaps in preparation for a turn. A sharp spurt of smoke may mean he is speeding up to keep you from passing him.

5. Never take a chance by cutting in on a car approaching in the opposite direction — even on a straight stretch of road. According to safety experts, it's almost impossible to judge the speed of an oncoming automobile.
6. Avoid tailgating! It's a prime cause of highway accidents. Some safety experts think the old rule of "one car length for every ten miles of speed" is all right on city streets, but should be stretched on modern high-speed highways.
7. When stopping for other traffic reasons, be sure that all of your car is clear of the traveled roadway. Never stop on a curve or near the crest

FOR 25 YEARS service with Dunn Steel Products division of Townsend Company, Curtis W. Copeland (left), works manager, received his service emblem from General Manager John G. Spruhan at an employees meeting, July 22. Copeland, who has been employed by the company since July 1, 1939, started in the shop where he worked in almost all departments. Following four years service in the Naval Air Force during World War II, he was assigned to the sales department and in 1953 appointed sales manager. He has been Works Manager, in charge of manufacturing, production, product engineering, development and plant engineering, since July 1959.

### OFFICIAL NOTICE OF SALE

**\$550,000.00**

PLYMOUTH COMMUNITY SCHOOL DISTRICT WAYNE AND WASHTENAW COUNTIES, MICHIGAN School Building Bonds

Sealed bids for the purchase of general obligation bonds to be issued by Plymouth Community School District, Wayne and Washtenaw Counties, Michigan of the par value of Five Hundred Fifty Thousand Dollars (\$550,000) will be received by the undersigned at the Board Room, Administration Building, 1024 South Mill Street, Plymouth, Michigan, in said School District, until 8:00 o'clock, p.m., Eastern Standard Time, on the 13th day of August, 1964, at which time and place said bids will be publicly opened and read.

Said bonds will be dated July 1, 1964, will be coupon bonds in the denomination of Five Thousand Dollars (\$5,000) each, will be numbered consecutively in direct order of maturity from one (1) to one hundred (100), both inclusive, will bear interest from their date at a rate of rates not exceeding four per cent (4%) per annum, expressed in multiples of 1/8 of 1%. Said interest will be payable on the first day of October, 1964, and semi-annually thereafter on the first day of April and October in each year. The interest rate for each coupon period on any one bond shall be at one rate only and represented by one coupon. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:  
\$400,000 on the first day of April in the year 1966;  
\$150,000 on the first day of April in the year 1967.

Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from September 1, 1964, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all bonds or at a price less than 100% of their par value will be considered.

The bonds are to be issued pursuant to the provisions of Chapter 4, Part 1, Act 269, Public Acts of Michigan, 1955, and Act 202 of the Public Acts of Michigan, 1943, as amended, and the School District is authorized and required by law to levy upon all taxable property therein such ad valorem taxes as may be necessary to pay these bonds and the interest thereon, without limitation as to rate or amount.

A certified or cashier's check in an amount of \$11,000.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, 2500 Detroit Bank and Trust Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to Miller, Canfield, Paddock and Stone, 525 Hollister Building, Lansing 8, Michigan, Attorneys for the School District.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds".

## Let Canvass 'Dress-up' Outdoor Living Area

Looking for a way to give your outdoor living area an original touch this summer? Here's a way — give canvas a place in your decorating plans. In imaginative shapes and dazzling colors, this versatile cotton fabric puts a new world of decorating effects at your finger tips. With it, you can change the entire personality of your patio, backyard, or poolside.

You can escape from the sun in an igloo of canvas, find privacy behind bright triangles of fabric, or dine Camelot-fashion under a cone-shaped canopy with tasseled, crenelated valance. Other intriguing shapes in shade are being featured this spring by awning makers across the nation.

The lightweight fabric can be used for overhead shelters that tilt, turn, pivot, lower, or pitch to give on-the-spot shade when needed. It can be formed into awnings, sun baffles, windbreaks, outdoor curtains, canopies, tents, and cabanas.

In home decorating, just as in fashions, today's trend is to "get away from the Joneses" rather than trying to keep up with them. If you belong to the growing clan of homeowners trying to make the escape and develop a yard or patio that reflects your personal, individual tastes, you'll find canvas the perfect foil for your exterior decor.

When using the fabric to decorate outdoors, follow the same rules you do for indoors. Employ color to add visually to the size of a small area, or to minimize one that is too large. Let color emphasize certain features of your house or garden or make others less obvious.

Since you are working with wide open spaces and strong outdoor lighting, you are free to do your exterior decorating on a much grander scale. Take the bold approach with vivid hues and dramatic styling, or concentrate your color punch in accent pieces for a subtler decorating strategy.

This year you can choose from a new, wider range of tones that cuts entirely across the color spectrum. They include pepper red, turquoise, lemon yellow, bottle green, tangerine, and patio pink. Against a backdrop of these clear, fresh shades, black and white take on new dash and verve. And 1964 canvas has changed its stripes, too. There are big, bold bands of color, small ribbons of various hues, regimental stripes, Roman stripes, and many other combinations, including plaids and checks and even floral.

The wonderful advances in textile chemistry that made these changes possible, also have brought treatments that make canvas longer lasting, more sunfast, more water repellent, and mildew resistant.

For all its new-found superiority as a decorating material, canvas still retains the practical qualities that have long made it a favorite wide area fabric. Used to shade interior furnishings from harsh sunlight, reduces heat and glare, and cuts down substantially on air conditioning costs.

## IN AND AROUND PLYMOUTH

### The Sporting Thing

By Bill Nelson

Like the first robin of spring came football coach Mike Hoben's invitations to candidates for the 1964 Plymouth varsity football team. The invitations went to over 100 Plymouth High School students the past weekend, during the height of the recent heat wave. It was a welcome harbinger of falling leaves and cool breezes that come with the football season.

Included with the invitations was a suggested three-page exercise schedule and another page of tension exercises to guide the recipients on individual conditioning prior to the opening of formal practice.

And, in case you think the years don't slip by, look at these excerpts ("July 27 - August 2) one mile jog, 15 minutes stretching calisthenics . . . Wind up with fifteen 30-yard quick starts from the proper starting stance for your position . . ." Finally another one mile jog at a good pace.

These are daily recommendations. And it gets more demanding as you approach the week before formal practice begins.

Reading this kind of stuff during the recent heat wave, one can work up a sweat just letting the suggestions sink in.

The conditioning program must work well, however, because Hoben's teams have always looked well conditioned throughout his years here in Plymouth.

Coach Jim Stevens reports that one girl, Miss Barbara Schwartz, participated in the all-boy, 12-year-old and under tennis tournament recently held on the courts behind the senior high school.

Miss Schwartz was eliminated 8-1 by Chuck Wibby in the first round. Lest any young males chuckle, however, let it be known that Wibby won the singles title of the tournament and also beat Brian Rice 8-0 in the semi-finals.

The news that a Detroit lady, Cecelia Gregory, won the Women's Suburban Golf Association play at Fox Hills last Friday is enough to jangle a Plymouthite's calm.

A trip to the high school swimming pool last Saturday noon to visit with Paul Cummings, who is in charge of activity there was rewarded by a most unusual sight.

It was a humorous visual lesson in the difference between boys and girls even at the ages 6-12. When the door opened from the boys locker room to the pool about 40 lads charged toward the water, hurling, leaping, jumping and plunging with abandoned toward the water. It seemed for a few moments that the pool ceiling was filled with contorted human missiles sailing through the air.

A few moments later about 30 girls of the same age daintily walked from their dressing room to the pool. A few slid into the pool, some climbed down and most just stuck their feet in first or sat on the edge of the pool.

Even at these early ages apparently, boys will be boys and girls will be girls. Vive la difference!

# DiPonio Wins Title, Rest of Race is Hot

DiPonio Builders wrapped up Western Wayne County League Class "F" title last week by beating the Northville Orioles 11-3 and Plymouth Recreation 16-2. The second place Ely Oilers, meanwhile split two games, losing to Loper Firestone 4-1 before edging the Northville Orioles 7-6.

With only two games left to be played by each team, DiPonio now has a 12-0 record, while Ely is second with a 9-2-1, Plymouth Recreation is third with an 8-3-1 record.

The battle for second place will go down to the wire with a key game scheduled for Tuesday, July 28th when Ely and Plymouth Recreation tangle.

In other action last week, the Casterline Braves beat Plymouth Recreation 7-0 and later were awarded a forfeit 9-0 win over Finlan Real Estate. Loper Firestone took a thriller from Wayne County Training School Phillies, 7-6.

WITH THE title now decided, interests centers on the

hot race for second place. The standings and the battle for fourth between Loper Firestone and the Casterline Braves, each tied with 6-6 records.

The complete standings are:

Team	W	L
DiPonio Builders	12	0
Ely Oilers	9	2
Plymouth Rec.	8	3
Loper Firestone	6	6
Casterline Braves	6	6
Northville Orioles	4	8
Finlan Real Estate	1	11
W.C.T.S. Phillies	1	11

## T-Birds Win 2, Perched to Spoil

With four games left to be played Fisher Shoes and DiPonio Builders are still tied for first in the Class "E" title race.

Fisher pushed its mark to 12-1 with a 15-2 win over Bill's Market and a 17-1 victory over Wayne County Training School, while DiPonio kept pace by beating Wayne County 14-0 and General Filters 8-5.

Meanwhile, Spagy T-Birds remained a solid bet to finish third by taking Northville Plumbers 9-0 and Novi Flyers 7-1. The T-Birds are now 10-3 for the season. Party Pantry hung on to fourth place last week with a 12-1 thrashing of Bill's Market after losing to the Novi Flyers 6-2.

In other action the Northville Plumbers cleaned Northville Recreation 4-1 and General Filters beat the same team 19-3.

The two leading teams will not meet again this season, but the Spagy T-Birds play DiPonio and Fisher once each. The T-Birds have an excellent opportunity to deter-

SATURDAY SPLASHFEST — in the Plymouth High School pool helped these Plymouth youngsters cool each other off, while having fun at the

same time. It was one of the town's most popular places during the heat wave.

BEATING THE HEAT — and in the swim (or almost) are Jim Shinn, 12, left, and Pat Riley, 12, at the Plymouth High School pool last Saturday afternoon. With some 90 other boys and girls, the lads plunged into the pool as soon as the doors opened.

## Stover Rated 6th In Tourney

In the Western Invitational Tennis Tournament held last week in Springfield, Ohio Jim Bruff and David Tidwell, both of Plymouth, participated, but were eliminated before the finals.

Bruff, competing in the 16 year old and under singles lost 6-1, 6-3 to a lad from Coral Gables, Florida, while Tidwell lost 6-4, 6-4 in the 18 year old and under competition to a player from Cleveland, Ohio.

In other activity, Bob Stover was rated 6th in Michigan in 16 year old and under competition in the East Detroit Invitational Tournament last week. Robbie Clum was beaten in the quarter finals of the same tournament.

## Gals Golf Won by Detroit

The Women's Suburban Golf Association of Plymouth and Livonia was treated to a low score of 94 by Cecelia Gregory of Detroit as she won the championship flight of a tournament at Fox Hills last Friday.

Second was Jean Stewart of Allen Park with 97, Arlette Ludington of Dearborn and Lou Atwood of Trenton tied for the top spot in the first flight competition with an even 100 each. Grace Federico of Trenton was second with a 107.

Helen Gilbert, 959 Penniman, Plymouth, won the second flight with a 105, while Vera Kendrick of Livonia was second with a 108 score.

Next Friday the gals will play at the Dun Rovin course. Jean Stewart is President of the Suburban Golf Association, while Alberta Hoffman is treasurer and Norm Scherman is handicapper.

# Coach Calls Grid Candidates

Over 100 students received letters from football coach John Mike Hoben last Saturday inviting them to come to football practice this fall — and to come in shape for the coming season.

In addition, Hoben issued a general invitation to any who may not have received a letter, but who are interested in playing for Plymouth this fall. They may contact him at the YMCA office in the Credit Union

between 9 and 5:30 or at the high school Guidance office on any day between 8-4. Especially needed are heavy performers for tackle spots.

Among those invited are 16 letter winners from last season's varsity team, which posted a 7-0-1 record and won the Suburban Six League Championship. Also invited were 20 reserve letter winners from last year's teams.

Varsity letter winners in-

cluded to return are: Paul Densmore, guard; Rick Bar-on, center; Curt Irish, half-back; John Daniel, quarter-back; Jim Lake, end; Tom Price, halfback; Dave Tidwell, end; Garry Watson, end; Randy Pentecost, tackle; Gary Fuelling, end; Terry Cosgrove, quarterback; Gary Grady, halfback; Phil Frushka, center; Dennis Fuelling, tackle; Hal Watson, guard; and Roger Tobey, halfback.

Among the reserve letter winners invited are: Jerry Warnemuende, Larry Wainemuende, Dennis Korkovich, Joe Whittman, Gary Kelly, Ron Lowe, Dave Eisonold, Craig Stadtmiller, Ron Paquin, Gary Gidcomb, Jeff Jacobs, Bill Flippen, Jon Adams, Torb Guenther, Rick Jones, Jim Arnold, Bill Ward, Tim Smith, Tom Wiles, Kirkland Cohn, Jim Elias and Dick Micol.

Also included in the invitation to candidates were instructions on individual conditioning programs, insurance forms and a suggestion to contact Plymouth dentists, who have agreed to fit professional type mouthpieces at a greatly reduced cost to help protect the players' teeth.

Opening day of practice is scheduled for 9 a.m. August 31st. The first game is with Northville on September 18th.

## 27 Youngsters Compete In Plymouth Junior Tennis

Bob Stover, Chuck Wibby, Randy Kennedy, Brian Rice and Craig Newton emerged as winners in the recent Plymouth Junior Chamber Closed Tennis Tournament held on the high school courts behind the senior high school.

Over 27 youngsters participated in the heated play. In the 14 year old and under group, Bob Stover won the final singles match over George Jackson 6-4, 6-1. Chuck Wibby won the singles in the 12 year old and under by a 6-1 score and a default.

## Yanks Win 12-8, Take Junior Title

A one-game playoff between the first two teams in the Plymouth Community Junior Baseball League last Friday resulted in the Yankees being declared the Plymouth World Champions of minor league competition.

Steven Mogle and Brian Turlette 6-3, 11-9, in the doubles play for 14 year olds and under. Craig Newton and Brian Rice won the final old and under doubles final by taking Tom Hulce and Rick Van Meter 6-1, 6-1.

OTHERS who participated in the play under the direction of Jim Stevens were: (14 year old and under) Greg Feld, Ken Layman, Skip Hudson, Bob Stover, Randy Kenyon, Chris Bellmore, Bob Clum, Jack Smith, George Jackson, Jim Wibbey and Mike Broderick. (12 year old and under) John Olson, David

Thompson, Mike Eddy, Jack Shepard, Phil Cruce, Bo Carlson, Jim Lawson, Jim Emerson and Barb Schwartz.

Monday through Friday of this week from 9 a.m. in the morning, Stevens is conducting the Detroit News Novice Tournament at the courts behind the high school.

## Optimists Win One, Two Named as "Stars"

The Plymouth Optimists forfeited a game 7-0 to the Livonia Elks last week and then lost the final game to the Wayne Red Sox 13-2, to wind up season's activity in the Class "D" Connie Mack league in Livonia.

The Optimists finished the season with a 1-10 record, winning only from the Elks team. Manager Bill Basham pointed out that by forfeiting that game, the Optimists probably missed a chance to

win for the second time this year.

He also thanked all who participated including the parents who drove players to the games and who lent moral support.

He announced that Glenn Herrick and Randy Williams were elected to the Livonia Class "D" All-Star team, which will later play against other all stars. The selection to the all-star team also earned the boys a trip to Tiger Stadium.
