

Sharon Hunt of Harvey St., starts off to her second grade class at Our Lady of Good Counsel School.

## Why we have church schools

by Margaret Murawski  
Mail Women's Editor

Nearly 1,000 children attend the two parochial schools in Plymouth.

It would cost the Plymouth school system an additional \$468,000 a year without these schools, estimates school superintendent, Russell Isbister.

Yet in many areas, including some around Detroit, Catholic schools are eliminating some of the grades served. In Plymouth there is no planned cut-back of services offered, but between 30 and 50 children are waiting to get into every grade.

Finances are always a problem in education, but more so in parochial schools.

The Lutheran school is supported by the regular church donations, with no tuition for church members. The Catholic school charges a tuition of \$40 per family plus a book fee. This doesn't cover all expenses, and \$50,000 is allotted from general parish funds to cover the deficit.

The largest expense is for teacher's salaries, which in both schools is lower than public school salaries. In the Lutheran schools the teachers are considered as ministers

## Forum hosts 7 November hopefuls

State and local candidates will gather this Thursday at the Mayflower Meeting House to speak before the Businessmen's Forum.

Set for September 29 at noon, the program will feature three local candidates: those running for trustee in Plymouth Township.

Included will be Republican incumbents Ralph Garber and Eugene Overholt, and Democratic challenger, Rev. David Strang, a Lutheran minister.

State candidates running for the House of Representatives and the Senate will also speak. They include Democrats Paul Livingston, Senate hopeful, James Tierney, House incumbent, as well as Republican Senate candidate George Kuhn and GOP House candidate John Tripp.

The luncheon meeting is open to the general public.

## In a nutshell

★ License plates for all commercial and trailer vehicles will go on sale one month early, according to local Secretary of State's office manager Robert Dwyer. The 1966 plates will expire one month early. Dwyer urges license seekers to come now to his office at 181 Liberty St., bringing a pre-made registration mailed recently to each present license holder.

★ Extra registration days for City of Plymouth residents have been set by City Clerk Eugene Slider. Voter registrations will be taken Saturday, October 1 from 8 a.m. until noon, October 6 and 7 from 5 to 8 p.m., Saturday, October 8 from 8 a.m. until noon, and October 10 until 8 p.m. October 10 is the last day to register to vote in the November 8 election.

★ Marine Corporal Kenneth Stoddard of 217 Hartsough St. has returned from a tour of duty in Dang Nang, Viet Nam. He operated a radio as a forward observer with the Eleventh Marines. He's on a thirty day pass, and will then go to Camp Pendleton, San Clemente, California to complete his time in service.

★ Dun Rovin Country Club, 16377 Haggerty Road, was fined \$100 September 13 by the Michigan Liquor Control Commission on a charge of a minor consuming alcoholic beverages on the premises. A second charge of selling to a minor was dismissed. Hearings are held in Lincoln Park.

## CBD plans alive

Impact of the Hillsdale College conference, sponsored by the Plymouth Chamber of Commerce to air some of the problems facing the community, were felt in the initial meeting of the Central Business District Implementation Committee.

The group was formed to plan positive steps to improve the local shopping climate - one of the steps highly recommended at the Hillsdale conference.

The committee last week heard a report on studies of sales tax data which prove that local trade has lost to the gain of the surrounding shopping centers. The conclusion was that should this trend continue, then the Plymouth Downtown Business District would find store vacancies the rule rather than the exception.

Thus the charge of the committee is more clear than ever! (1) What can the local citizenry, working with the Planning Commission and the City Commission, do to strengthen downtown Plymouth? and (2) What positive steps must be taken to make the CBD more attractive and accommodating to shoppers?

The CBD Implementation Committee will consist of 30 residents of the community, seven City Commissioners and the nine members of the Planning Commission.

Selected as chairman of the six committees are: parking - Ralph Lorenz; finance - Donald Sutherland; beautification - Wayne Dunlap; traffic circulation - Dr. R. R. Barber; store fronts - W. W. Loucks; and land development - Harold Fischer.

The group will meet on the third Wednesday of each month in the City Commission chambers. Committee meetings will be determined by each chairman and members. Present plans call for the Planning Commission, which meets on the second Tuesday of each month, to host a special meeting where the CBD plan, as they see it, will be presented to the entire group.

The CBD committees will analyze the plan and make concrete recommendations which will be voted on by the entire group.

Chamber President Carl Pursell, City Clerk Eugene Slider, City Manager Richard Blodgett and Jay Eldridge of the planning consultant firm of Vilcan and Leman have agreed to staff the committee.

Those attending the meeting were: George Bauer, James Warren, Sid Strong, Ernest Henry, Carl Pursell, Ralph Pursell, Robert Reid, James Taylor, Robert Beyer, Donald Sutherland, Harold Guenther, Wayne Dunlap, Margaret Wilson, William Saxton, George Hudson, A. E. Vallier, James Houk, George Lawton, Harold Pine, W. W. Loucks, Donald Zander, Cal Strom, William Fehlig, Jay Eldridge, Roy Fleming and Eugene Slider.

A shortage of nuns is necessitating more and more lay teachers in Catholic schools. Sister Victor feels this is good.

"Catholics have to live in and contribute to the world", she

of the gospel, along with the minister.

However, various state and federal programs are making more money available to parochial schools.

These funds are used for auxiliary services such as transportation, remedial reading and speech correction. Pastor Berg of St. Peter's Lutheran commented on these funds.

"There is much controversy in our church as to whether to use these funds. I feel strongly that we have no right to request them."

"But I will use any public money available which is limited to health and welfare purposes."

"I do feel that sharing services has brought a cooperative arrangement between public and parochial schools that wouldn't have happened otherwise."

The overcrowding and lack of facilities in parochial schools draws much criticism. At Our Lady of Good Counsel class numbers range in the mid forties. Recently a decision was made to limit classes to 40.

Although this goal will not be reached in the upper classes for at least two years the difference is already being felt according to Sister Mary Victor, the principal.

"We'd love to have classes in the twenties", she states. "But there is no point in wanting an impossibility."

"The difference between 40 and 50, which we did have, will definitely be felt in the pressures of daily human contact, and in the paper work for our teachers."

Although 40 is still a large number in a classroom, Sister Victor states:

"The purpose of education isn't completely thwarted just because you happen to deal with a large group."

"Education is broader than what the teacher accomplishes day by day in accordance with her lesson plans."

MISS SWEET CHARITY, Carol Ann Stephenson is flanked by two life-size Plymouth Community Fund emblems.

## Reverse Oldford denial; OK plans

After a hot meeting, which developed into an unscheduled public hearing, the Plymouth Township Board overthrew a denial of the Planning Commission and approved a request of Steward Oldford and Sons for rezoning, of property adjacent to their proposed shopping center at N. Sheldon and Ann Arbor Roads from single dwelling to commercial.

It was one of the most tense sessions in recent Township history and found a group of more than 30 residents of the Park Lane subdivision, directly north of the proposed rezoning, fighting the change.

The same group had presented their objections in the public hearing before the Planning Commission earlier in the month, filing a petition signed

by 55 residents of the subdivision opposed to the change.

They presented such a strong case to the Planning Commission that its members voted to deny the request. At least one of the Planners indicated in his vote that there had never been a presentation establishing the need of the additional space for the shopping center.

In his request, Steward Oldford, Jr., spokesman for the builders and developers, asked for the change so that the company could expand the shopping center and provide the additional parking needed to cover the expansion.

After receiving the denial from the Planning Commission, Oldford petitioned the Township Board, which has the final authority on all actions of the Planning Commission, for reconsideration of the denial.

The Trustees are the final appeal board.

News of the special Board meeting to discuss the petition spread rapidly through the Park Lane subdivision and the homeowners attended en masse to protest.

After hearing objections from practically every person in the group, Supervisor John McEwen called a halt and asked for comment from the Trustees.

The matter was at dead center after Trustee Dick Lauterbach indicated concern over whether the Board was taking action on a matter which had not officially been turned over to it.

This brought some discussion of the fact that the official minutes of the Planning Board meeting, which is considered

He's chipper on 100th birthday

Happy 100th. That was the greeting given Michael Klinski, 45181 Ann Arbor Road, Plymouth Township, following a centennial mass of Thanksgiving in Our Lady of Good Counsel Church Tuesday (Sept. 27) offered by Fr. Francis Byrne.

Born in Germany, Mr. Klinski came to the United States at 15. He owned several businesses in Detroit at various times and bought the old Ford farm on what was then Golden Road but is now Ann Arbor Road some 55 years ago.

He started a greenhouse on the 80-acre farm in 1932 and was in that business until 1959 when he finally decided to retire.

At the present, Mr. Klinski resides with a daughter, Mrs. Louis Kanka, at the Ann Arbor Road address.

He and his late wife were the parents of eight children, three of whom are still living. These are: Mrs. Kanka, Edward and Lewis Klinski.

He has 10 grandchildren and 20 great grandchildren and the distinct honor of having five of his grandchildren and great grandchildren bearing the name of Michael Klinski.

More than 100 attended the Thanksgiving mass.

## Name local teacher as Miss Charity

Petite, blonde, personable Carol Ann Stephenson, a first grade teacher at the new Tanager elementary school, is the first Miss Sweet Charity of the annual Plymouth Community Fund campaign.

Carol Ann, daughter of Mr. and Mrs. John Stephenson, 11737 Amherst Court, was the choice of the judges over a field of three finalists. She will rule over all activities of the annual fund raising campaign and will attend meetings of civic service and school organizations with General Chairman Edward Schening, of Burroughs Corp.

They will be joined by Sandra Saeger, selected a week ago as "Miss Sparkle, at the meetings.

"Miss Sparkle" will officially light the torch for the opening ceremonies on Monday, Oct. 10 in Kellogg Park at 7 p.m.

The other finalists, who will serve as a court for Carol Ann at the final victory dinner are: Joyce Caksakkar, an employee of the Michigan Bank, and Clare Hallman, a Michigan Bell worker in the offices on Ann Arbor Road.

The announcement of "Miss Sweet Charity" was made by Fund Promotion Director Philip Scott in a luncheon meeting at the Round Table Club on Wednesday.

Scott carefully read the communication of the panel of judges and finally came to the last sentence which the three finalists anxiously awaited.

Any one of the three would have made a delightful "Miss Sweet Charity" and all three had big smiles with the announcement. Joyce and Clare quickly congratulated the first

## NO MILLAGE HIKE

# Vote Monday on school bond issue

Plymouth voters go to the polls next Monday, Oct. 3 to ballot on \$5 1/2 million in long term bonds for school facilities.

The vote will not bring an increase in millage.

The bond issue vote was set by special resolution several weeks ago, coming rapidly on the heels of a sweeping series of recommendations from a citizen's facility study group. Formally named the Citizen's Facility Study Committee, the group recommended a \$17 million program to build three elementary schools, two new junior highs and the long awaited second high school.

Polls will open at 7 a.m. and close at 8 p.m. School officials have no idea how high voter turnout will be.

The election has been sandwiched between a hot primary election last August, and the regular November election.

But, the School Board is faced with a burgeoning enrollment - nearly 7400 - and rising citizen demands for more facility.

The bonds will be financed over many years.

"I can promise that these bonds will be financed with the current levy," was the explanation of school superintendent Russell Isbister recently.

The funds, if voted, would be used to buy some \$1,000,000 in school sites, to build a third junior high, and build elementary school number nine (eight is already in the planning stage for a Joy Rd. site).

The remainder of the funds would go for additions to present grade schools, and a contingency fund.

Inherent in this request, Board and school officials say, is another note late next spring for bonds for a new high school.

At that time it is expected the Board will seek the balance of the \$17 million package. That vote also WILL NOT require a millage hike.

"The Board is apparently willing to pay the interest for longer term bonds - bonds that can be financed with current levies," Isbister said.

Observer moves to Mail

Thursday is moving day for the Plymouth Observer. That's when the editorial, business and advertising staff move from the present quarters at the corner of S. Main and Deer Street into more spacious facilities at the sister newspaper, the Plymouth Mail, 271 S. Main Street.

The move has no effect on the operations of the two newspapers, both of which are owned by Publisher Philip Power.

The Mail will maintain its same staff with the business, editorial and advertising in the same offices.

The Observer will offer its same excellent services on the same basis as in the past.

The two papers will share the facilities. "We have felt this move was necessary ever since I purchased the Plymouth Mail in June," explains Publisher Power. "This enables the Observer Newspaper Group to consolidate its operation, continue all newspapers of the group and give us the additional space we needed."

The telephone number of the Plymouth Mail will remain 453-5500 for all departments.

The Plymouth Observer will continue to use the following telephone numbers - 453-0038, 453-0039 and 453-0059 for editorial, business and advertising calls.

# Church schools not without problems

★ Continued from page 1

says. "It is good for children to have lay teachers who are meeting the same challenges of the world, which they will probably face, in a Christian way."

The idea of discipline in the Catholic schools is becoming more controversial. Sister Victor supports the old-fashioned ideas.

"Discipline is not something to pin the children down, but something that will carry over in other areas."

"I'd hate to think what would happen to Gemini if our astronauts were undisciplined."

"Discipline fails if what is learned in the classroom doesn't carry over into all areas of life."

"Children must learn that responsibilities go with freedom."

Many Catholic parents do not

agree that parochial education is the best.

Mr. and Mrs. Vernon Jones had a child in the Catholic school, but took him out after one year.

"My main objection is the size of the group, all the other problems, such as rigidity and lack of creativity stem from that," explains Mrs. Jones.

"With smaller groups it is possible to do things individually according to the interests of the child," she continues.

"Large groups have to follow a set pattern."

"It was a terrible shock for my son to go from kindergarten play to a room with almost 50 children where he had to work with pencil and paper and books all day."

She spoke highly of the teacher but deplored the facilities.

"The classrooms are too small. More recreation facilities are needed."

"The physical needs of children haven't been taken into consideration. Children need to learn from all kinds of experiences, touching and moving should be included. They can't do this sitting in a chair."

Looking at her own case objectively, Mrs. Jones pointed out:

"I may be biased because my husband isn't Catholic and was unhappy with the school. I am happier now that my son is attending public school."

"Although if our son had done well in the Catholic school we would have left him there."

"I didn't go to parochial school, my brother and sister did, and I can't see they gained any more than I did with my public school and catechism."

"People shouldn't expect schools to have the greatest influence on religious training. Parents' whole attitude and handling of different situations is what holds the child. It is the parent's responsibility."

Differing sharply from this viewpoint are the Donald Davies who are sending four children to the Catholic school.

"Education to be successful has to have the support of the teachers as well as the home," say the Davies.

"We are sending our children to parochial school so they can learn who they are, why they are, and where they are going."

"If religion is to be meaningful it cannot be separated into secular and non-secular. It must be an integral part of children's lives and education."

The Davies also stressed the point that they were eager to support the public schools.

"It shouldn't be public versus private, but rather the best schools."

With this variety of opinion, what is the expert opinion as to the quality of parochial education?

According to most surveys students from parochial schools are average or above.

Superintendent Isbister points out, however, that parochial schools generally do not take children with severe learning problems as they do not have facilities for them.

Pastor Norman Berg of St. Peter's Lutheran Church puts it this way:

"The scholastic achievement should be above average because our students all come from concerned parents. They have stronger motivation."

"I wouldn't sell our schools on scholastic achievement, but on spiritual training."

**Underground Cathedral**

The world's largest active salt mine, located at Zipaquira, Colombia, also serves as a cathedral large enough to hold 5,000 worshippers.

# Residents irked

★ Continued from page 1

a 100-car train," Rozian explained.

C&O officials assured planners the tracks would serve Ford only, and not act as a central assembly and dispatch yard.

A proposal to use switch tracks in the City of Plymouth was discounted as impossible when a C&O traffic engineer noted the tracks were near peak capacity now.

Professional planning consultant W. C. Johnson had assessed the problem this way:

"The present train schedule on the C&O tracks includes nine freight trains in each direction and three passenger trains in each direction for a total of 24 trains per train per 24 hour period."

"The plan for the track layout provides for one inbound track, and one outbound track with five storage tracks . . . and with two future tracks."

"There is no question regarding the need for spur track facilities for the Ford plant and, no doubt, there is urgency in the matter to aid construction process. There is a question as to the need for several storage tracks at this location."

"The Ford plant must certainly be served by spur tracks in order to operate, and it would therefore be our recommendation that the zoning change be granted."

In other action at the meeting, the commission:

\* Denied an application for an expansion of the Willoughby Trailer Park covering 31 acres to the west of the present park. The request for proper zoning never reached a public hearing. Professional planner W. C. Johnson had recommended a denial.

\* Set a public hearing for a rezoning request for the southeast corner of Ann Arbor Rd. and Haggerty Rd. from residential to commercial. The request for the rezoning came from Robert Wedler, who for one solid year has wrestled with Township officials in a fight to get a shopping center on the corner. The hearing is set for the regular October meeting, more than a year after Wedler was turned down on a similar request.

\* Tabled a request for multiple and commercial rezoning for land between Ann Arbor Rd. and Ann Arbor Trail for the Hope Valley Land Co.

In new business, two apartment developments, both needing rezoning, came before the planning board.

The first, a 70 unit plan from Stewart, Oldford and Sons for the south side of M-14 west of Sheldon involves 17 one-bedroom units, 35 two-bedroom units and 18 three-bedroom units.

The second, for the corner of Ann Arbor Trail and Haggerty Rd., comes from a group of

local investors organized as Burton, Passage, Scott and Phipps. They plan five buildings.

★ Continued from page 1

the official notice of its actions, was in the hands of the Trustees.

Then came a motion which has all the earmarks of a political move. Trustee Gene Overholt, who is running for re-election, moved that the recommendation of the Planning Board be accepted.

It was supported by Trustee Ralph Garber, who also is running for re-election. Garber is also a member of the Planning Commission which voted to deny the request for rezoning.

Later Overholt stated that he had made the motion only to get the Trustees off dead center since he couldn't see any other way to bring the matter to a head.

On a roll call vote, Garber and Overholt voted for the motion and Trustee Louis Norman and Trustee Helen Richardson and Treasurer Mrs. Elizabeth Holmes voted "No". Thus the motion was defeated by a 4-2 vote.

This was taken to mean in affect that the Trustees favored overruling the Commission and thus approve the rezoning inasmuch as there was only one other action to take - approval of the request.

Trustee Garber quickly pointed this out to the Board when a discussion started to table the matter. Garber said that the Board had called the special meeting to reconsider the denial of the request by the Planning Commission and that inasmuch as so much time had been devoted to a hearing and discussion, he felt the Trustees were obligated to act.

Mrs. Richardson made a motion that the Trustees approve the request of the Oldfords for rezoning and received support from Mrs. Holmes.

Another roll call was asked with Garber abstaining since as a member of the Planning Commission he had already gone on record on his stand; Overholt cast a "No" and Lauterbach, Norman, Mrs. Richardson and Mrs. Holmes voted "Yes". This approved the request by a 4-1 margin.

Members of the Park Lane delegation immediately asked Supervisor McEwen where they should go to make an appeal. McEwen referred the matter to Township Attorney Cole who answered to Circuit Court.

When asked what they should do to start that action, Cole told the group they should hire

an attorney and have him file the necessary papers. For some unknown reason, some members of the delegation took offense to this statement as if it was in ridicule of the question. However, Cole felt he was giving the proper answer to a proper question.

The Park Lane group was in a belligerent mood when it left the meeting and it appears as if there could be a court action filed within a few days.

However, in the meantime, Oldford does have his rezoning as requested and can go forward with his plans.

**Look what's happening at Mercury!**

**Mercury unleashes Cougar!**

**Untamed elegance! America's first luxury sports car at a popular price.**

This is the day of the Cougar. An entirely new kind of driving machine from Mercury.

Mercury Cougar is a true luxury car. With an ice-cool elegance. With a European flair and thrust to its styling. With a roomy width rear seat! With standard features found, until now, only in expensive cars. Examples:

Sequential rear turn signals are standard! They flash in three steps (at the rate of 70 times a minute) to point the way you're turning.

Concealed headlamps are standard! They hide by day and, cat-like, open at night.

Inside, vinyl-covered bucket seats, cushioned with molded foam, are standard! Wall-to-wall deep-loop carpeting, standard! 3-spoke steering wheel, standard!

And in a car this luxurious, you'd expect a V-8 engine. Cougar has it. A 289 cu. in. V-8. Compression ratio: 9.3:1. And it uses regular fuel.

When we say Mercury unleashes Cougar, we mean it. Cougar is a superb sports car. It moves on cat feet. Tracks true. Rides smoother, quieter.

The price! Less than you'd expect. At previews, people have overguessed by \$1,000!

We believe Cougar is the best-equipped luxury sports car for the money.

And at Cougar's price, you can indulge yourself in true. Rides smoother, quieter. such better-idea options as:

Also: Tilt-Away steering wheel. Power disc-brakes up front. A finger-tip speed control mounted on the rear signal lever. But first: See Mercury Cougar. Untamed elegance. At your Mercury Man's, your Mercury dealer's.

Standard

Cougar excitement runs through the whole Mercury line. See all 28 models. See your Mercury dealer listed at right.

## Why the Mail supports Monday's bond issue

The Plymouth Community School District is at the crossroads. Monday, October 3, voters in the district will vote on \$5½ million in bonds to start a vast construction program to meet the needs of the burgeoning school enrollment.

The Mail endorses the passage of the bond issue.

The issue, in the first place, will mean no increase in millage. School officials, with superintendent Russell Isbister as their spokesman, have promised the voted bonds will be financed within current millage levies.

The issue also places Plymouth's school finances on somewhat different grounds — long term financing.

The pay-as-you-go or pay-as-you-can plan used successfully for so many years when the District had stable growth is no longer useful. It served well, building up a sound base of credit for the schools, and saving many dollars in interest.

However, citizens' groups and school officials alike have been aware of the rapidly changing pattern of school enrollment. It no longer can be assumed growth will stay at a moderate rate.

Instead, School Board members are looking to a population explosion.

The issue implements ideas that came directly from a blue ribbon Citizen's Facility Study Committee chaired by William Fronk.

The bond issue will buy a third junior high, over \$1,000,000 in land bank sites, and more elementary classrooms — all things the community has been asking for over the past few months.

Those who vote Monday will be voting for buildings that will be used for many years to come.

There are those in the community who eagerly criticize Federal intervention into local affairs. Monday, we will have a chance to show whether we will assume the personal, local obligation that is ours.

Once we fail at home to make adequate provision for education, we can be assured state and the Federal government will.

For these reasons, it is our responsibility, and yours, to provide the funds to maintain quality education in Plymouth.

### Seek legal aid in police study

There is still a long way to go and committee members still aren't certain that a police authority for northwestern Wayne County is legal, but they most certainly aim to find out as soon as possible.

That was one of the actions taken at the meeting of the area police study committee in the Plymouth Township Hall.

Plymouth Township Trustee Dick Lauterbach, who has been serving as acting chairman and called the meeting, found himself stuck — he was elected permanent chairman.

Representatives of the City of Plymouth, Canton, Plymouth

and Northville Townships and the City of Northville attended.

The police study committee is an outgrowth of the Hillsdale College conference, sponsored by the Plymouth Chamber of Commerce for a discussion of community and area problems.

One of the most pressing problems is that of adequate police protection for the entire area.

A police authority has been suggested along with various other plans which the committee will study.

Members voted to meet on the final Wednesday of each month and will devote the time at the present to securing legal opin-

ions from state, county and local levels as to whether an authority is legal.

Once the opinions are received and studied, then members hope to have a guideline for future plans.

Those attending included: Police Chief Sam Ellis of Northville, Constable Gerald Cather of Canton Township, Public Safety Director William Burr of Plymouth Township, Trustee Dick Lauterbach of Plymouth Township and Commissioner Arch Vallier of the City of Plymouth.

These ladies will be needing lots more dishes when they serve the annual Pilgrim Shrine smorgasbord at the Masonic Temple from 5 to 7 p.m. on October 1. Last year 350 people attended the dinner and bazaar. Getting ready are Ann McGeorge, general chairman, Evelyn Brocklehurst, ticket chairman, and Marjorie Wainwright, worthy high priestess.

### LETTERS:

## Fall Festival sets records

September 19, 1966

Dear Editor:

The 1966 Plymouth Community Fall Festival is now history. And, while final figures are not yet available, all indications are that this was a record festival.

In an undertaking the size to which our festival has grown, there is no single cause for its success. However, if I were asked to name the most important ingredient in this successful mixture, I would say

it was community participation. It is most gratifying to see service clubs and major com-

munity organizations sit down, month after month, and work in close cooperation and harmony. With such a spirit of cooperation, any festival will succeed; without it, no joint venture is possible.

### Additional firemen for Twp. doubtful

William Burr, Public Safety Director of Plymouth Township, learned he'll have to get along with his current staff of regular firemen until after the approval of the 1967-8 budget.

Burr, who appeared before the Township Board in its special meeting last Tuesday, presented a work schedule for his proposed addition of 10 men to the department.

He had made the request for the 10 men at an earlier meeting and was asked to draw up a work schedule to be used by the department in utilizing the new men.

Burr had the schedule ready and reasons why the men were needed. But he was told by Supervisor John McEwen that there wasn't any money in the budget to take care of as much as one additional man. The matter was tabled for additional study with the understanding that Burr should present it again at the January meeting when the Trustees start work on the new budget.

Trustees Gene Overholt, Dick Lauterbach, Ralph Garber and Louis Norman congratulated Burr upon his fine presentation but all affirmed the words of McEwen — good try but there isn't any money in the budget for additional men at this time. However, Burr did gain one point. He secured permission from the Trustees to spend as much as needed from the present budget to equip the new rescue truck that was delivered two weeks ago.

We of the Fall Festival Board are deeply appreciative of the help given by all segments of our community. Because of such unselfish help, our festivals will continue to grow.

Certainly, no vote of appreciation would be complete without a word of thanks to the local press. They, too, have shown a large amount of this intangible substance known as community spirit.

All in all, September 8-11 was a memorable period! John R. Herb, President, Plymouth Fall Festival Board.

### Deplores disregard of flag

Dear Editor:

Have you noticed the almost total disregard for our National Anthem by students at our local football games? It is apparently meaningless to most of them. I don't know if the Beatles are more popular than Jesus, but they are certainly more popular than the Star Spangled Banner.

Sincerely,  
M. J. Walsh  
695 Karmada, Plymouth

### THIRD OF SERIES

## How schools finance new construction

Editor's note: This is the third and final part of a series on how Plymouth plans and finances its schools. This article covers current financial data, and how millages will be spread to pay for the school's debt.

School finances are a complicated modern topic. Few taxpayers have a complete understanding how their property tax money is being spent.

Here's how it works. School taxes are based on mills assessed against a set valuation of your property. A mill is 1/10 of 1 cent or \$1 per thousand valuation of your property.

Once you've mastered that, it gets tricky. A local assessor places a value on your property. That value is reviewed at the county level with all other county assessments, and equalized. Then, county totals are equalized at a state level.

The net effect is an equalization factor, which is applied against your assessed valuation. For instance, on the December, 1964 tax bills for Plymouth Township, an equalization factor of 1.43 was applied against a school millage of 23.7, making the millage about \$34 per thousand, instead of \$23.70.

Monday, if you own property in the district, you will be asked to vote for a \$51/2 million bond issue. It will involve no increase in millage.

A chart shows how the total millage being levied to retire debts incurred for building programs will be used:

|              |            |
|--------------|------------|
| 1966 levy    | 2.21       |
| 1965 debt    | 1.22       |
| 1964 debt    | .20        |
| 1965 debt    | .30        |
| Sinking Fund | 3.37       |
| <b>Total</b> | <b>7.3</b> |

Now, the 7.3 total from above is the millage figure school officials promise will be used to pay off these bonds.

The 1965 debt will be paid off next year. The 1964 debt will be finished in fiscal 1966 (April '67). The 1965 and '66 debts will be paid off by 1970.

The '64, '65 and '66 debt were financed through a provision in the state law that provides for borrowing two percent of the

State Equalized Valuation less total outstanding district debt. The districts debt, in other words, is subtracted from two percent of the entire District's valuation.

Such a debt is allowed without a vote of the people.

And, the total building and site sinking fund millage as voted is at 4.50. That fund was created by the vote of the people in 1964 to finance new construction for 1965-69. Only 3.37 mills will be levied this year.

The 7.3 millage will finance the entire \$17 million package as recommended by the citizen's Facility Study Committee, school superintendent Russell Isbister says.

The rest of the millage levy comes for operating the schools — for teachers, cook, bus drivers, janitors, secretaries, administrators, as well as supplies, utilities and maintenance.

That millage totals 19.65, and thus forms the largest part of the annual school millage levy. The bond issue will buy sites, a third junior high, and elementary schools.

In addition to the formulating the bond issue, school officials have been organizing groups to plan the second high school. It is expected the Board will appoint a principal very soon, to begin on the ground floor planning that school.

A vote for the high school and other construction is planned for next spring, with long term bonds being sought.

It has been promised that this bond issue will also be financed within the 7.3 limit.

Expected to be included in the planning are the School Board, citizens, teachers, pupils, custodians, consultants, architects and school administrators.

A fund is expected to be created, Isbister reports, that will be used to plan the school, and hire the principal.

A key role will be played by teachers, according to coordinator for the project, assistant superintendent, William Harding.

The emphasis will be on getting as many people as possible involved, bringing in new ideas and trends in education.

**A man expects a lot from his car. Good looks that are a constant source of pride. Performance that won't let him down. A quiet, authoritative ride. Integrity of workmanship. Unique features that add to the joy of driving. A car that pampers and protects the ones he loves. It takes a lot of car to satisfy a man. Mercury does it...28 different ways!**

## Introducing the all-new '67 Mercury... the Man's Car!

New Marquis

**Completely new! Mercury Marquis! A man's kind of luxury!**

Unique Twin-Comfort Lounge Seats in front (plenty of legroom for him without disturbing her!). Marauder 410 V-8. New Super-Hush Ride. Power disc brakes up front, standard. And speed control, optional. And many more better-idea features.

### Ford Motor Company Lifeguard Design Safety Features!

On every 1967 Mercury you get as standard: Dual hydraulic brake system with warning light; Deluxe front and rear seat belts with reminder light; Impact-absorbing steering wheel with deep-padded hub; Padded instrument panel; Padded sun visors; Padded windshield pillars; Double-yoke safety door latches; Remote control outside rear view mirror; Non-glare (Day/Night) inside mirror with flexible backing; Breakaway or double-pivot inside mirror arms; Windshield washers; Two-speed or variable-speed windshield wipers; Thick laminate safety plate glass windshield; Turn indicators with lane-changing signal feature; Positive door lock buttons; Backup lights; Self-adjusting brakes; 4-way emergency flasher

### Excitingly new! Mercury Cyclone! A man's kind of action!

The Cyclone shown, with GT Performance Group, is the Man's Car for the men who like their action big: every performance feature a man looks for. Including a 4-barrel Marauder 390 GT V-8; dual exhausts; heavy-duty handling gear: shocks, springs, stabilizer bar; power disc brakes up front—the workal Cyclone!

New Cyclone

**A man expects a lot from his car. This entirely new top-of-the-line Marquis gives to him. Prime examples:**

**Totally new! Mercury Brougham! A man's kind of elegance!**

A lot of better ideas for a man. That's Mercury Brougham. From its man-about-town styling to its Continental-type uphol-

stery. Even its power says "Man's Car," with a Marauder 410 V-8. Choose, at no extra cost, either Select-Shift Merc-O-Matic or 4-speed manual. Choose the 4-door hardtop or the sedan (right) that offers a new slant on Breeze-way Ventilation. Power front disc brakes, too. A lot of car. Brougham!

### Twp. supervisor studies sidewalk needs for area

Although they see little chance of starting a sidewalk program in the immediate future, the Plymouth Township Board has given some hope to interested homeowners and the Plymouth Community Board of Education. The homeowners, parents of children of school age, and the School Board have been pressuring the Trustees to look into the matter of installing sidewalks along Sheldon Road, Five Mile Road and Ann Arbor Road.

They pointed out that school children are to walk along the shoulder of roads that are high traffic arteries, involving considerable risk. Supervisor John McEwen told the Trustees that he is still awaiting opinions from the Wayne County Road Commission and the Township Attorney Ralph Cole on the effects of the new state laws which apparently give the Township the right to install sidewalks and then assess adjoining properties.

However, the question arose as to whether it would be against adjoining properties or against the complete tax roll.

AUCTIONEER Harold Rossow draws a crowd at the Church Festival at Our Lady of Good Counsel on September 25. Bargains were available as Dr. Theresa Klucka bought a silver tea service for \$5.25. The excitement of the unknown caused Albert Wietcha to bid \$5.50 for an unmarked package from Danny Thomas. What was in it? Two decks of cards.

These pictures of the house, the top one taken when Froberg bought it, and the lower one as he was remodeling it, show the vast amount of work he did.

### INTERESTING OLD HOUSES

#### House may have been inn

Was the house at 47566 Joy Rd., now owned by the Wilson Augustines once an inn?

The Eric Frobergs who bought the house in 1953 and remodeled it think it was. There were six small bedrooms, each with their own fireplace, on the second floor when the Frobergs bought the place.

One of the many changes the Frobergs made was to make three large, airy bedrooms out of the six, some of which were as small as closets.

The house has been through many changes since it was built. Probably built by 1828, it is one of the oldest houses in the township.

The property was sold to James Taft on May 2, 1825 at a price of \$1.25 an acre. In 1828 he sold it to Zenas Burd, and the basic structure was most likely there by then.

The house passed through several hands as the years went by.

In the twenties the owners brought it "up to date" by succoring the outside as well as adding a front porch.

When the Frobergs bought it they were anxious to restore its attractive simplicity.

Froberg replaced the old soft wood floors with hardwood. The old stone Michigan basement was so low that it was impossible to stand up and Froberg dug this out.

One old feature which still remains is the original well, now on the patio. It is possible to open the cover and see the crude stone structure done over 100 years ago.

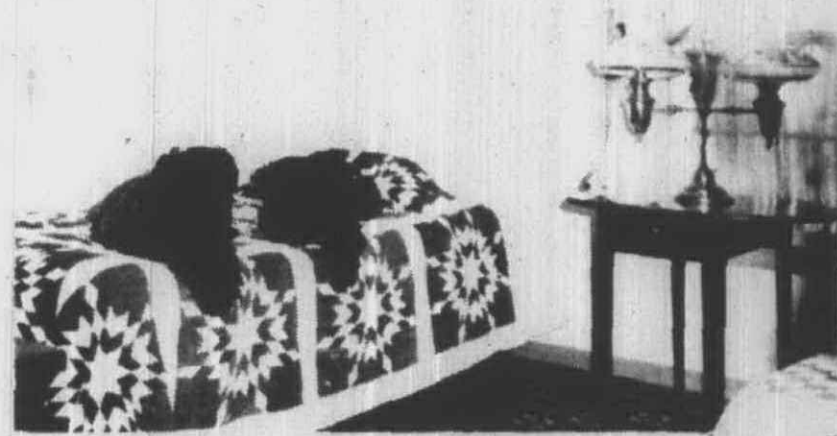

Froberg added the two bay windows at the front of the house.

"Proportioned", is the way Mrs. Augustine describes his work. "Everything seems to fit so nicely."

The house is a comfortable place, making one feel right at home.

Mrs. Augustine uses lots of blues, and has decorated the rooms with many family heirlooms.

A cheery red and white kitchen is a pleasant place to sit and look out across the rolling land, where previous owners used to keep horses.

The lively pets of the Augustines, Kelly and Albert sit on an old blue and white quilt. The woodwork is painted blue.

This picture shows the house today. Besides the porch being taken off, the many small windows for all the upstairs bedrooms have been eliminated.

### Engagements

Mr. and Mrs. Victor Anderson announce the engagement of their daughter Carol Jean, of

Miss Carol Jean Anderson Ypsilanti, to David Helm Hickerson of Brighton, the son of the Harlan Hickersons of Plymouth. A November wedding is planned.

Miss McCartney Mr. and Mrs. John J. McCartney of Nankin announce the engagement of their daughter, Nancy Ellen, to James E. Haynes, son of the Chester Haynes of Plymouth. Miss McCartney is with the Foundation For Research on Human Behavior in Ann Arbor. Her fiancé, a 1960 graduate of Plymouth High School, recently completed four years in the Navy. After a December 3 wedding the couple will live in Plymouth.

Mr. and Mrs. Robert L. Moe of Northville announce the engagement of their daughter, Sandra Elaine Ronk to Robert James Reddeman, son of the Lester Reddeman of North Territorial, Plymouth. A spring wedding is being planned.

The Donald Starrs of McKinley St. have recently returned from Hollywood-On-The-Sea, Florida where they attended a layman's conference for the Church of the Nazarene.

### Republican women form new club

The Annual State Convention of the Republican Women's Federation of Michigan was held Sept. 22 and 23 at the Harris Motor Inn in Kalamazoo.

Mrs. Fred A. Sincok is the first president of the newly formed Plymouth Area Republican Women's Club - one of the 43 new clubs formed in 1966 in the Michigan Women's Federation.

This number of new clubs in one year is a national record. Mrs. Fred Sincok and Mrs. William Saxton delegate and alternate of the club and Mrs. Gordon Tallman of Livonia, a guest, heard Mary Scranton wife of Pennsylvania Governor William Scranton, speak on "A Day in the Life of a Governor's Wife".

Convention participants also honored women candidates and the candidate for University of Michigan Regent, Mrs. George J. (Trudy) Huebner, Jr. Those interested in joining may call Mrs. Beytt Fairham, membership chairman, at 455-0240.

### Strictly social

LAST WEEKEND was a busy one in Plymouth. Friday night a group traveled to Howell to give the Roger Stanley's a house warming. Included were the James Jabaras, Hank Alberts, Thomas Powells, James Garbers, Charles Felds, Richard Doherty and John Boeves. Saturday night saw the James Knowles at a chamber music concert in Ann Arbor. The Richard Fritzes and Stanley Webers went to the grand opening celebration in Plum Street.

Also on Saturday night the Roy Jacobsens, Gary Halls, Norm Fitzpatrick and David McCormicks organized a corn roast for their fellow Jaycees.

### Recipe booklet available

Patricia Yohey and Janet Doland, home economists at Consumers Power have prepared a new recipe booklet, "Help for Hurry-up Meals", filled with time-saving recipes. Anyone desiring a copy may obtain one by calling Consumers Power Company 427-5100 extension 283.

### Specialty of the house

This salad makes a hit at parties

A sauerkraut salad that makes a good accompaniment to hearty meat sandwiches is this week's recipe offered by Mrs. Richard Fritz of Ann Arbor Trail.

It goes well at parties, and would be ideal for an after the game buffet.

The Fritzes have fun every fall making their own sauerkraut. It is made in a crock, has to be pounded down with two by fours and rocks, and must sit for several weeks.

- SAUERKRAUT SALAD**  
1 large can sauerkraut, rinse well with cold water and drain well  
1 1/2 cup sugar  
1/2 cup salad oil  
1/2 cup vinegar  
1/4 cup water  
1 cup celery cut fine  
1 small size jar of pimentos cut fine  
1 small green pepper cut fine.  
chopped onion to taste, Mrs. Fritz uses about 1/2 onion.  
Mix all the ingredients and let sit overnight.

### Baby talk

Mr. and Mrs. Larry Wells of Riverside Dr., announce the birth of a son, Rodney Kenneth, on August 13 at St. Joseph Mercy Hospital, Ann Arbor. The Wells also have a daughter, Laurie.

Grandparents are Mr. and Mrs. Wells of Plymouth and the Kenneth Rathburns of Northville.

Mr. and Mrs. Ronald Coosaia announce the birth of an eight lb., three oz. daughter, Alyson Victoria at St. Joseph Mercy Hospital in Ann Arbor on September 3.

Alyson joined a five year old brother, Phillip, and a three year old sister in the Coosaia home on Carol St.

Mr. and Mrs. William Blue of Ann St., announce the birth of an eight lb., two oz., son, Darrin William, born September 21. Mrs. Blue is the former Karen Pankow. Grandparents are the Donald Pankows of Plymouth and the Richard Blues of Livonia.

Mr. and Mrs. Roger Rathburn, she is the former Carolyn Grooms, of Sheldon Rd., announce the birth of their daughter, Tia Lynn. The baby was born August 26, at St. Mary's Hospital, Livonia and weighed seven lbs. Grandparents are the Delbert Grooms of Plymouth and the Kenneth Rathburns of Northville.

### Strictly social

Plymouth can boast of being the home of the Detroit president of Zonta, an organization of women executives. Mrs. Harry Irwin of Farmbrook Dr., the president, is organizing the Zonta International Convention from September 30 to October 1 in Detroit.

Mrs. Fritz gets to work chopping celery for the salad. Past president of AAUW, she is still very active with the club.

### Help a child

Two programs to help out in Plymouth grade schools are getting underway under the sponsorship of AAUW. AAUW is anxious to hear from any women interested in taking part.

For those who like to deal with younger children, the first project will be aiding teachers of kindergarten through second grade. Women will have a chance to help teachers in many different areas.

The only qualification is to have some college background. Women will work one morning or one afternoon a week.

A meeting will be held at Farland school at 12 noon Thursday, Sept. 29, to discuss the project further. If you are interested call Mrs. Price

Watts at 453-0217.

A cultural enrichment for children from third to sixth grade is being started at Gallimore School. Women will be taking three children out once a month to various places of interest, such as local dairies, Greenfield Village, and the airport. Women will be given a two week period to set up convenient times after school or on the weekends.

Again, call Mrs. Watts if interested.

AAUW is also hoping to set up a baby sitting service, so women who want to get involved in these programs won't have the expense of baby sitters.

## AMERICAN MOTORS ANNOUNCES:

# 5/50,000

5-YEAR OR 50,000-MILE WARRANTY ON ENGINE AND DRIVE TRAIN

AMERICAN MOTORS CORPORATION WARRANTS THE ENGINE BLOCK HEAD AND INTERNAL PARTS, WATER PUMP, INTAKE MANIFOLD, TRANSMISSION CASE AND INTERNAL PARTS (EXCEPT MANUAL CLUTCH), TORQUE CONVERTER, DRIVE SHAFT, UNIVERSAL JOINTS, REAR AXLE DIFFERENTIAL AND REAR WHEEL BEARINGS OF ITS 1967 CARS TO BE FREE FROM DEFECTS IN MATERIAL OR WORKMANSHIP FOR 5 YEARS OR 50,000 MILES, WHICHEVER COMES FIRST. - October 13** Soroptimist hand knit fashion show, 8 p.m. at Lofy's. Dessert and coffee served. Price \$2.50. Raffle of Mink Boa. Call 453-9135 for tickets.

## You can't tell the seasons by the clothes in the stores

by Margaret Murawski  
I regularly miss out on back to school sales, because in August, when they are held, I am too busy savoring the last few days of summer to spend hours in stores - looking at heavy woolen clothes.

This August I even had the nerve to try to find a bathing suit. All I met with was haughty stares from salespeople and comments like this:

"Snow suits, right over there. Oh, bathing suits - my dear we have been out of those for ages."

Humbly I trudged on. I covered all the stores in this area. Nary a bathing suit in size six. I didn't go into Detroit, but, although I can't be sure, I like to believe that somewhere in that vast city there was a bathing suit in August.

Then came September, I had missed the best of the school clothes, but somehow managed to get my children off to school adequately covered.

I notice that all the Christmas sales are starting. Now is the time to buy party clothes. Now there is the best selection of toys. There are special sales of Christmas toys all over.

That's very nice, but I was kind of thinking of what Halloween costumes we could buy. Do you suppose they are all sold out?

I don't make any protest to the stores that I want to buy clothes in the season they are to be worn.

I don't try to point out that a snow suit bought months ahead of time probably won't fit when the shows arrive.

I don't try to explain that toys bought now will be discovered and broken long before Christmas.

But I think that the stores have finally gone too far. A friend of mine set out to buy her little girl a slip the other day.

When she explained her de-

if your hair isn't becoming to you . . . you should be coming to us.

Mr. and Mrs. Clyde Bertrum Woodruff

Mr. and Mrs. Thomas Jay Culligan

## VanAntwerp sisters marry

Miss Margo VanAntwerp, daughter of the Kenneth VanAntwerps, was married to Clyde Bertrum Woodruff, the son of Mrs. Helen L. Vinyard of Richmond, Missouri on September 3 at the North Cross Methodist Church, Kansas City, North, Missouri.

They both will be teaching in Kansas City, North. The former Miss VanAntwerp wore a beau de soie gown embroidered in pearls and lace. A circular train was embroidered to match. Her bouquet was a crescent of orchids and stephanotis.

All the bride's sisters were attendants, Miss Sally VanAntwerp was the maid of honor. Misses Janet and Susan VanAntwerp were bridesmaids, along with Mrs. James Holman, the bridegroom's sister. The bridegroom's niece and nephew Teri and Jimmy Hol-

man were flower girl and ring bearer.

The bridesmaids wore ice blue peau de soie floor length gowns trimmed with olive green velvet. They carried chrysanthemums, accented with magnolia leaves and peacock feathers.

Little Miss Holman wore the same type of dress, and carried a basket of rose petals which she scattered before the bride.

Owen Anglum was best man. Ushers were James Holman, Robert Hickel, Paul Hamilton, Richard Strano and David Cooksey.

For the reception the Hilton Inn Ballroom in Kansas City was decorated with white flowers and ice blue accents. The wedding cake was topped with a nosegay of Bachelor buttons and baby breath.

The young couple spent their honeymoon at the Lake of the Ozarks.

Wearing the same wedding gown her great-grandmother wore in 1881, Miss Janet VanAntwerp was married to Thomas Jay Culligan at a candlelight ceremony at St. John's Episcopal Church on September 10.

The former Miss VanAntwerp is the daughter of the Kenneth VanAntwerps of Gyde Rd., Mr. Culligan is the son of the Donald Culligans of Ithaca, New York. The wedding gown was of French ivory bengalene.

The bride's bouquet of ivory colored fall flowers was accented with ivory grosgrain ribbons.

Miss Susan VanAntwerp served as her sister's maid of honor. Bridesmaids were her other sisters, Sally, and Mrs. Clyde Woodruff, a bride of one week; the bridegroom's sister

Nancy and Miss Susan Cooper of Plymouth.

The attendants wore cranberry faille floor-length dresses. Their bouquets, cranberry hurricane candles centered in the ceremony at St. John's Episcopal Church on September 10.

Mrs. Gerald B. Fischer of Ann Arbor was the soloist.

Groomsmen were Chris McAfee, David Spalding, Thomas Aylward, IV, Gary Rupprecht, and Ward Kimble.

The garden of the bride's home was decorated in rose and pink with old fashioned hurricane lamps for the reception.

After a wedding trip to northern Michigan and Canada the young couple will be living in Okemos, Michigan while the bridegroom does graduate work at Michigan State.

No musicians themselves, these women of the Plymouth Symphony League raise money for one of the best symphonies in the area. League president Mrs. Thomas Powell attempts to play the cello, while board members Mrs. John Jacobs and Mrs. Robert Vorech sit down to listen. Standing is Mrs. Herbert Burley. Other board members not present are Mrs. William Moon, Robert Gotshall, and Cass Kershaw.

## Women's symphony league starts new year

One of the most enterprising groups in Plymouth is the Women's Symphony League.

The group which works hard to support the Plymouth Symphony is anxious to recruit new members.

No musical talent is needed, only a love of music and a sincere desire to support the local symphony.

There are five groups, which hold no unnecessary meetings, but pitch in and handle a different money making project every year.

This year the Allegro group worked on the antique mart and the Andante group conducted the golf league.

The Vivace group is in charge of the round robin bridge.

Projects still coming up are the Symphony Ball, run by the Legato group, and Pop Concert held next spring by the Nightingales.

The groups also take turns serving refreshments at the symphony rehearsals.

Anyone interested in more information may contact Mrs. Thomas Powell at 453-1875.

## Miss Startzman weds J Walker

Miss Gail Doris Startzman, daughter of the Wilbur Startzmans of Glenview, Ill. became the bride of John Frederick Walker, son of the Leon Walkers of Westland, on September 10 at Glenview Community Church.

Orleans the young couple will be living in Des Plaines, Illinois.

John grew up in Plymouth and was a member of the Plymouth High School swimming team.

The young couple met at Michigan State, and graduated from there in 1966.

For the evening wedding, the bride wore a Bianchi original A-line gown, lavishly trimmed with lace. She made her own cathedral length veil and applied it with lace and seed pearls.

The bride's sister, Miss Lynn Startzman served as maid of honor. Bridesmaids were the Misses Nancy Kurek, and Bonnie Hibben of Glenview, Marjorie Marsh of North Carolina and the bride's cousins Susan Egemeier and Linda Startzman.

The attendants wore chartreuse linen dresses with ivory lace bodices and moss green velvet streamers. Their bouquets of hot pink fuji mums were accented with the same moss green ribbons.

The bridegroom's cousin, Jerry Ray of Farmington, was best man. Todd Thomas of Plymouth was ring bearer. Ushers were Stephen Egemeier and Thomas Roshkind of Illinois, Jay Kim of Lansing, Jim Cary of Saginaw and the bride's brother Dick Startzman.

The bride's mother wore a full length dress of hot pink Alaskan silk. Mrs. Walker wore a pink floor length gown beaded with crystal.

The reception was held at the Michigan Shores Club in Wilmette, Ill.

After a wedding trip to New

Mrs. John Walker

## Pork Chops and Apples

- (Serves 4)
- 1 cup dried prunes
  - 4 pork chops
  - 2 apples, cored and sliced
  - 1/4 cup dark corn syrup
  - 1/2 teaspoon cinnamon
  - Lemon slices

Pit prunes; soak in boiling water 10 minutes. Drain and set aside. Brown pork chops on both sides in skillet over medium heat. Place in greased, shallow, 2-quart baking dish. Cover with apple slices and prunes. Combine corn syrup and cinnamon. Pour over chops. Arrange lemon slices on top. Cover and bake in 350-degree (moderate) oven until pork chops are done, about 1 hour.

chops on both sides in skillet over medium heat. Place in greased, shallow, 2-quart baking dish. Cover with apple slices and prunes. Combine corn syrup and cinnamon. Pour over chops. Arrange lemon slices on top. Cover and bake in 350-degree (moderate) oven until pork chops are done, about 1 hour.

## Meissen-onion china

There isn't a single onion in the onion pattern dishes owned by Mrs. Felix Hoheisel of Evergreen.

Some of Mrs. Hoheisel's Meissen china was shown in Harv's window at the Fall Festival. In 1650 the Dutch began to bring the china pattern to Europe. The Europeans, unfamiliar with the pomgranates on the border, decided the Chinese had meant them to be onions.

The process of making the china wasn't discovered by the Europeans for about another century.

A factory was set up at Meissen in Saxony. The discoverers of Meissen china worked in utmost secrecy, with spies dogging their footsteps, such as our atomic scientist work today.

Johann Boettger discovered the secret of porcelain making in 1709.

The most popular pattern was the onion, which still enjoys great popularity today.

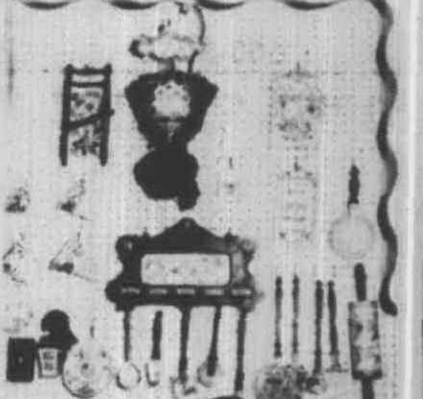

The variations in pattern help date the china. The china from the 18th century is grey-blue in color, probably the most beautiful and certainly the rarest.

Before 1800 all the onions used in the borders face the center. After 1800 they alternate, one facing in, and one facing out.

Openwork borders are generally a sign of a 19th century piece.

Small crossed swords, taken from the Saxon coat of arms, appear on all Meissen china. Pieces made after 1890 have an extra crossed sword on the bamboo stem in the center of the plate.

Mrs. Hoheisel has expanded her collection, since her mother first gave her a plate, just before she was married. Perhaps the most charming are the many occasional pieces, including napkin rings and egg cruets.

These old Meissen kitchen pieces make an attractive display in Mrs. Hoheisel's kitchen.

To the Citizens:  
Your attention is called to the financial and statistical report of the Plymouth Community School District for the fiscal year ending June 30, 1966. The financial records of the School District were audited by Sutherland and Robson, Certified Public Accountants, and the following statement is taken from their report to the Board of Education.

"In our opinion the accompanying combined balance sheet of the various Funds and the related statements of revenues, expenditures and fund equity present fairly the financial position of the various Funds of the Plymouth Community School District of Wayne and Washtenaw Counties at June 30, 1966, and the results of their operation for the year then ended, in conformity with accounting procedures recommended for educational institutions by the Michigan Department of Education, applied on a basis consistent with that of the preceding year."

Of special interest is the improved cash in bank position in the general fund on June 30, 1966, amounting to \$107,038.36 over the balance on June 30, 1965, and bringing the new balance to \$235,879.87. The added amount was planned by the Board of Education to meet anticipated rising costs in school operation for the 1966-67 school year.

The Board of Education is mindful and appreciative of work done by the Citizens Facility Study Committee in the preparation of the two reports submitted this past school year. The detailed analysis by the Citizens Committee of the facility needs through 1972 as well as a recommended program on how to finance these facilities provided the Board with a firm base on which to plan the buildings necessary to house the rapidly growing school population.

The Board of Education solicits the continued interest and participation on the part of citizens in the long range development of the school system. Additional information regarding the Annual Report may be procured by calling the Central Administration Office (453-0200).

Respectfully submitted,  
Russell L. Isbister  
Superintendent of Schools

# 1965-66 ANNUAL REPORT

# Here's complete text of Sunday's Christian Science lecture

## A Lecture on Christian Science Entitled The Value of a Spiritual Outlook

by Paul A. Erickson, C.S.B. of Chicago, Illinois

© 1965 Paul A. Erickson All rights reserved. Member of the Board of Lecturers of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

The lecturer spoke substantially as follows:

Naturalists tell of an invisible line — definite, unchangeably fixed, at a given altitude above sea level. It's known as the "snake line." In certain mountainous areas in New England, one of the first questions from a prospective purchaser of a farm is likely to be, "Is this farm above the snake line?" Below this line there are supposed to be dangerous reptiles, imperiling both man and beast. Above this line no snake can live, and man and beast are safe.

The freedom, safety, and security offered by high altitudes is not something uncommon in human experience. We're all familiar with the example of the eagle. Well aware of the perils of the lowlands, it builds its nest in the high cliffs beyond the reach of invasion, yes, purposely "above the snake line." And we're aware of the warning given to aviators, against the perils of low flying. But did you know that fruit-growers often struggle day and night in the valley to save their crops from an unreasonable frost, knowing that the same freeze will usually leave the blossoms in the uplands untouched?

Doesn't this suggest that security is a matter of altitude? Pitch camp, as it were, below the snake line and invite possible disaster. Pitch camp above it and dwell in safety!

The Bible offers many instances of inspiration gained from high altitudes and records many experiences of direction and security coming to mankind individually and collectively as a result of such inspiration. You may recall that Moses went up into Mount Sinai, and there received the Ten Commandments. Christ Jesus, the master Christian, liked to go up into the hills alone or with a few close disciples. He's frequently depicted as lifting his eyes heavenward, and his best-known discourse is called the "Sermon on the Mount."

Don't these Biblical examples suggest an obvious relationship between altitudes and attitudes? Don't they hint the importance of an uplifted spiritual outlook? The Apostle Paul wrote to his Christian friends at Colossae: "Set your affection on things above, not on things on the earth" (Col. 3:2). Mary Baker Eddy, the Discoverer and Founder of Christian Science, also recognized the importance of lifting one's thought upward in a spiritual sense. She writes in her book, "Science and Health with Key to the Scriptures": "Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing can vitiate the ability and power divinely bestowed on man" (p. 393).

Now we all realize, of course, that height in reference to spirituality is merely a metaphor, a symbol. Spiritually isn't really a matter of being physically at a high altitude. So, what does it really mean to "look up," to "set your affection on things above," to "rise in the strength of Spirit"? Or putting it simply, what does it mean to have a spiritual outlook, and why is it so important to have it, and is it practical?

We're seeking as never before a practical and sure solution to the many unsolved problems confronting mankind in every phase of human experience. As the pace of human development and material accomplishment accelerates from year to year, men everywhere are looking for the answers which will liberate them from shackles of every kind. We can expect to find the way to be free from fear, sickness, ignorance, lack, frustration, and oppression in whatever guise. We also want to measure up to the mighty challenges of today, and to take full advantage of the great new opportunities which lie ahead. A spiritually scientific understanding of God, man, and the universe will alone provide the answers.

Over 1500 years ago, St. Augustine made this thoughtful observation: "Two verbs have built 'to be.' The first is an empire of things; material possessions and power. The second is an empire of spirit; the things that last." In our own day, Dr. Jerome B. Wiesner, a science advisor to the President of the United States, recently made this statement: "We are the first generation with the resources to make almost any kind of world we want, including no world. Consequently the question of what to make and what human values to honor, are probably more important today than at any previous time in history."

With a spiritually scientific outlook we're able to demonstrate the ability to discern what we need to know and to have, and to develop those human values which will enable us under God's direction to make the right kind of

a world. With this outlook we discover the spiritual facts underlying each and every situation. Then by faithful application of these spiritual facts we're able to progressively demonstrate health, happiness, and true success in every aspect of our experience.

### The Need for Purity of Thought

Christ Jesus' "Sermon on the Mount," you may recall, opens with the well-known and much-loved Beatitudes. And each Beatitude begins with the word "blessed," as the qualities which bless and bring blessing are enumerated. It's interesting to learn that the word "blessed," in the Semitic language of that day, means "happy." And while blessedness may seem to be something remote, or far-off, happiness is something we can all understand, and certainly what everybody wants. So to accomplish the goal of true happiness, we can look to the Beatitudes. They offer mankind the greatest set of spiritual values ever known. Through thoughtful and prayerful consideration of these values, and living according to them, healing, freedom, and true happiness can and will be demonstrated for each of us.

So in answering the question, "What is a spiritual outlook?" let's reason together. And as we do, let's take one of the Beatitudes that goes right to the heart of the matter—the sixth Beatitude. "Blessed are the pure in heart: for they shall see God" (Matt. 5:8). This demand for singleness of purpose, for complete integrity, is met through the spiritual discipline of scientific thought. It brings to everyone the opportunity to "see God." And it's really the first essential in gaining a spiritual outlook.

The book of Proverbs affirms of a man: "As he thinketh in his heart, so is he" (23:7).

Purity of heart means a willingness to acknowledge the complete power and presence of an omnipotent, omniscient, and omnipresent God, infinite Spirit, forever governing his spiritual creation, man and the universe. It means accepting Jesus' declaration that "God is a Spirit; and they that worship him must worship him in spirit and in truth" (John 4:24). From this standpoint we can reject a material concept of God and can define Him more clearly.

In Science and Health Mrs. Eddy asks the question, "What is God?" Then she offers this answer: "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love" (p. 465). These seven synonyms—Mind, Spirit, Soul, Principle, Life, Truth and Love, are all scripturally supported either specifically or by implication. The understanding gained from this definition frees us from the material concept of God as limited and localized. It gives us a correct spiritual apprehension of Him.

Next, it's important for us to recognize that that which God creates must of necessity be like Him. This is the natural sequence of cause and effect. The first chapter of Genesis records that God made man in His image and likeness, and saw everything He made was good, like Himself (Gen. 1:1, 26, 31). Therefore, it logically follows that man, you and I and our brother, must in our real identity be spiritual and Godlike, the perfect effect of the one and only cause and creator God.

Keeping our thought pure in this way, we begin to glimpse man's wholly spiritual identity. We realize that, in our true nature as children of God, we're already divinely endowed to reflect and express our Father's perfection and divinity. Remember Jesus' words to his disciples in the "Sermon on the Mount": "Be ye therefore perfect, even as your Father which is in heaven is perfect" (Matt. 5:48). He didn't say, "Get perfect." "Be come perfect," or "Ask God to make you perfect." Nor did he promise future perfection at the experience of death. He said, "BE—perfect!" When? Right now!

As the reflection of Mind, we can and do in reality express only Mind's perfect wisdom and intelligence. As the expression of Spirit, we embody only Spirit's pure and indestructible substance. In the conscious awareness of Soul, our harmony and abundance are ever present. As Life's manifestation, we individually are immortal and eternal identity. As we bear witness to Truth and Love, integrity and honesty underlie our every activity; and the tender, compassionate nature of Love expresses in us only the motive to bless. Then we see these qualities are forever sustained and maintained by the strength and permanency of divine Principle.

To understand this will not only secure our steps on a solid foundation of spiritual reality. It will make our load lighter as we ascend the mountain of spiritual vision.

### The Spiritual Outlook Permits No Double Standard

Now mountain climbing in the mental realm, as in the physical, demands patience and perseverance; it demands honesty of purpose and determination. As we discipline thought spiritually, we develop the thought-forces needed for overcoming the earthward influence and gravitational pull of material beliefs.

I'm reminded of a little girl who came in from the flower garden one day with soiled hands, dress, and shoes, and made this refreshing statement: "Mother, I know why flowers grow; they want to get up out of the dirt." We grow spiritually tall, "get up out of the dirt," as we stretch our thought to the altitude of spiritual reality. Our outlook is spiri-

tual only according to the purity of our ideal, and our ideal is pure only in proportion as our thoughts and affections are wholly spiritual. We must refuse to be double-minded, to come down to a double standard of creation, the spiritual and material, the good and the evil. We must cultivate the ability to accept and acknowledge only the spiritual reality of all things, the perfection of God and His perfect spiritual universe.

The first recorded failure to maintain purity of thought in the Bible is found in the allegory of creation in the second chapter of Genesis. Adam and Eve, refusing to discipline thought spiritually, looked down to earth beliefs instead of up to divine reality. They listened to the suggestion of a talking, lying serpent and so accepted a double standard of both good and evil. From this false basis, they fell into the pit of matter, of a material outlook on creation with its ultimate consequences of sin, disease, and death.

Just as in this allegory, the suggestion of impurity may come to each one of us. It may come in many ways, under the guise of a "talking serpent," a subtle suggestion that we accept a knowledge of both good and evil, that we believe in and rely on matter as well as on Spirit. You may recall that the narrative recorded in this account had its inception in a mist; and it's this mist of material limitation, the mixture of good and evil, that would obscure man's spiritual outlook today.

We can't work from two standpoints, combining matter with Spirit. Whatever power is placed upon the side of matter, we in our belief take away from the power of Spirit. Then achievement of healing or of any other right purpose is delayed and obstructed due to our impure, double standard, a standard of good and evil, of Spirit and matter.

Whatever our activity, a double standard assures us of failure at the outset. It's just like a city or house divided against itself. It cannot stand! Here's the imperative demand: cultivate an understanding of the purely spiritual nature of God and man and all creation. Be willing to recognize and reject the false suggestions of the serpent, carnal or material-mindedness. For their only claim to authority, origin, activity, and life is in this allegorical account of a suppositional material creation. The requirement then is to see any false suggestion, whether directed in our own thought or in that of another, for what it is—nothing but impersonal evil. Jesus referred to it as the devil or as a liar. Therefore, it has in reality no cause nor effect, no object nor agent—no person. We shall be comforted and healed, we shall achieve our right goals, when these false suggestions of material ignorance are replaced with the divine ideas of spiritual understanding. And this comes with an uplifted and wholly spiritual outlook. This alone attains the summit of spiritual vision.

Paul told the Christians at Corinth, to "look not at the things which are seen, for the things which are seen are temporal; but the things which are not seen are eternal" (II Cor. 4:18). Wasn't he referring to the immutable qualities of spiritual creation? Yes, because the true test of reality is eternality.

To attain the mount of spiritual vision, we must accept the demand to discipline thought spiritually. We must reject a double standard and recognize solely the single standard of the eternal and divine qualities of spiritual creation. Only as we seek to apprehend the indestructibility of Spirit, the integrity of Truth, the continuity of Life, the intelligence of Mind, the beauty of Soul, and the purity of Love, all emanating from a changesless ever-present Principle, can we ever hope to "see God." And only as we see God, do we gain the spiritual outlook, so necessary for meeting today's challenges, however small or great, in our home, in our world.

### The Single Spiritual Standard Heals

Two Christian Scientists, a husband and wife, had strong demands for spiritual purity placed upon them at the time their nine-year-old daughter experienced a large growth on her eyelid.

For some time these parents prayed daily to look higher than the false picture presented to them by the material senses, but with no apparent success. One day the husband was asked by his father, the grandparent of the child, to take the child to a local hospital and have the growth removed. The grandparents were not Christian Scientists and they felt that nothing was being done for the child, that the parents were permitting her to be distressed for life.

The son thanked his father for their loving and thoughtful concern. However, he assured him something very effective was being done through prayer. He also said that, since becoming a student of Christian Science, he had learned and witnessed in his experience that in reality there was but one operation and that was the operation of divine law. That it was also a law of healing and harmony, available to all mankind and capable of meeting any and every demand placed upon it. He said he was confident that it would prove effective in this experience too.

He pointed out that to resort to material means for removing what he had come to understand, through his study of this Science, was purely a mental condition, wouldn't get at the source or cause; the growth could return,

unless permanently healed by spiritual means. He added that it needed to be removed in thought, for herein alone was its source, identity, and activity. The grandparents lovingly were asked as sincere Christians to support this stand for spiritual healing, and patiently await its inevitable success. This was agreed to.

However, the healing didn't come quickly. And the parents had to take many steps of spiritual purification exceeding any demands so far in their experience. It was necessary for them to gain a clearer view of God as Father-Mother, the only parent, the one cause and creator, and to give up their false sense of responsibility as human parents. It was important to gain a clearer understanding of spiritual substance, and the unreality of any material substance called matter, that could accumulate or grow. It demanded a stronger faith in God, Spirit, as infinite good, a greater understanding of Him as the only power, presence, and action, and therefore the consequent nothingness of matter and evil.

Finally it became clear to the parents that love and humility needed to be expressed more in their daily lives. Through faithful adherence to these demands, they were able to look above the mist of material sense and subsequently the growth disappeared. The healing was complete, and has remained permanent. The child is now an attractive young college student.

This family certainly proved the practical value of steadfastly remaining on the summit of spiritual thought and maintaining a spiritual outlook.

### How Jesus Taught the Spiritual Outlook

In seeking to understand and develop the spiritual outlook, the view from the mount of spiritual vision we can't do better than take a closer look at the one who preached the "Sermon on the Mount."

Prior to giving this sermon, Christ Jesus, you may recall, had gone about the countryside, teaching and preaching and healing in all manner of disease. In other words, he proved what he taught, through demonstration. Or, as John's Gospel puts it, "the Word was made flesh" (John 1:14).

Jesus was always aware of his own and his brother's identity and relationship to the Father, as son of God, and never came down from the spiritual outlook of understanding and inspiration. This enabled him to say with divine authority, "I and my Father are one" (John 10:30). By this statement he didn't mean, nor did he imply, that he and God were one and the same. But he did know that in his true spiritual nature as the divine image or ideal of God he was inseparable from Him, as cause is from its effect. This acknowledgment enabled him to affirm with complete authority, "I do always those things that please him" (John 8:29). And he did those things which pleased God.

Jesus cultivated spiritual understanding enabled him to surmount every form of material limitation, and to bring health, happiness, and harmony to himself and his neighbor. He was always mindful of the fact that man, as an idea of God, could express nothing unlike his divine source. His method of healing is explained in these words in Science and Health: "Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick" (pp. 476, 477).

When confronted with discord of any description, Jesus maintained his spiritual outlook. He knew at once there was nothing in the consciousness of himself or his brother, as the reflection or idea of God, that could say or believe, "I'm afraid, alone, unloved, unhappy, diseased, or dead." Why? Because he recognized no life, intelligence, substance, nor action apart from God, infinite Spirit. He knew that it was divinely natural for man to be the image and likeness of God. And so it was unnatural, actually impossible, for him to be other than that which he is.

When a cripple stretched forth his withered hand, he knew then and there the real man of God's creating expressed only the unchanging and uninterrupted activity of his only creator or source. Jesus' purity of outlook restored the hand to normalcy. When confronted with conditions of blindness and deafness, he realized then and there the presence of the indestructible faculties of spiritual discernment and understanding. This realization brought spiritual illumination and restored sight and hearing. When he met a young man being carried out for burial, he acknowledged then and there the uninterrupted, ceaseless, and continuing activity of Life which is God, untouched by fear, disease, or death. And this perception of eternal Life restored the young man to his mother.

Jesus never needed time to heal or a thought-process to accomplish that which he knew as already a present spiritual fact about man, the creation or idea of God. Through maintaining a spiritual outlook from the summit of spiritual perception he didn't descend to the double standard of human conditions. He kept busy proving spiritual facts by looking out from his perfect Principle.

He knew that every false belief of material creation presented to his consciousness was but a presentment about the man of God's creating. This lie was without evidence, history, course of action, period of time, or suggestion

of a fatal end. Always Jesus met the human need by glorifying God—by looking heavenward and knowing that God's idea, man, was whole, unchanged, and harmonious, governed by his immutable Principle, Love. Jesus' spiritual understanding of his inseparable unity with his divine source endowed him with the divine power and conviction of the Christ. This is what made it possible for him to do the healing works and make his teaching practical.

### Discovery of the Christ Science

Jesus said, "The kingdom of heaven is at hand." Then he followed this declaration with these commands to his followers: "Heal the sick, cleanse the lepers, raise the dead, cast out devils; freely ye have received, freely give" (Matt. 10:7, 8). These commands or demands are just as vital, just as imperative for his followers today! That they are possible of fulfillment, the world owes to Mary Baker Eddy. It was she who discovered the Christ Science that determined the spiritual outlook of Christ Jesus and underlay his mighty works.

Discovery means bringing to light something previously hidden. Try to think of how many apples fell to the ground before the law of gravitation was discovered. Yes, and how the north and south poles existed before they were discovered. So in spiritual matters, too, discovery means the recognition of that which already is, of what has already existed throughout time and eternity and must always continue to exist.

Mrs. Eddy had a sincere yearning to understand the mysteries of God and His universe; and she was deeply sensitive to the things of the Spirit. From early childhood she loved the Bible, and through her steadfastness of purpose and deep spirituality she was prepared of God for her discovery and revelation of the Science of the Christ.

Then a century ago, in the year 1866, she was healed by spiritual means alone of the effects of a serious accident. This lifted her thought to the mount of spiritual vision, and she caught her first glimpse of the tremendous revelation that was to unfold to her in the months and years ahead.

After her healing, Mrs. Eddy didn't stop there. Through her mental alertness and spiritual vision she recognized, as did Jesus, that revelation requires demonstration, to prove the truth of the revelation. She saw that that fulfillment of this revelation must come through its practical application in human experience. She performed outstanding works of spiritual healing; she wrote the Christian Science textbook, "Science and Health with Key to the Scriptures"; she founded the Church of Christ, Scientist, with its periodicals, its daily newspaper, and its many other activities. Mrs. Eddy literally went directly to the summit of spiritual vision to accomplish these great works.

In reference to the "Sermon on the Mount" she says it is the "essence" of this Science, and in her book, "Miscellaneous Writings," she counsels: "The present life is ours; the future, big with events. Every man and woman should be to-day a law to himself, herself—a law of loyalty to Jesus' Sermon on the Mount" (p. 12).

Mrs. Eddy herself certainly lived her loyalty to this Sermon. Evidence of her deep humility and confidence, as well as her meekness was clearly set forth when she said to her followers: "Obey strictly the laws that be, and follow your Leader only so far as she follows Christ" (Message to The Mother Church for 1901, p. 34). She was always deeply sensitive to the needs of others and felt deeply their distress and wished to help them. Her meekness and faith in God as Spirit enabled her to discover man's God-given dominion over every material limitation. Her longing to understand God and His universe, prepared her consciousness for this final revelation, and subsequent writing of Science and Health.

In later years, in founding Christian Science, she turned the other cheek even to the midst of scorn and hatred for her divine system of Mind-healing. But it was destined of God to grow and prosper. Speaking of her struggle, she says, "Millions may know that I am the Founder of Christian Science. I alone know what that means" ("The First Church of Christ, Scientist, and Miscellany," p. 249).

Mrs. Eddy's singleness of purpose and her obedience to the spiritual disciplining of thought enabled her to "see God" through demonstration. As a result of her discovery and its proof of spiritual healing through present demonstration, it has become evident that the miracles of Jesus didn't belong to his time alone. The healing power of the Christ is for all time; it demonstrates an ever-present, ever-available, all-powerful divine Principle, as seen from the mount of spiritual vision. Mrs. Eddy recognized that the divine qualities or thought values set forth in the "Sermon on the Mount" were truly the way to that uplifted spiritual outlook, essential for doing the works of Christ-healing.

### The Prayer of Faith Heals

We have considered the nature of the spiritual outlook and those two great exponents of its practicality, Christ Jesus and Mary Baker Eddy. We've also seen the importance of the spiritual values described in the "Sermon on the Mount" for attaining and maintaining the spiritual outlook. Is there anything more necessary if we're going to make this spiritual outlook the determining guide for our daily lives, and use it to cope

with all challenges? How can we apply it to our immediate needs? To do this we need the prayer of absolute faith that "with God all things are possible" (Matt. 19:26).

Mrs. Eddy opens Science and Health with a chapter on prayer which begins: "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God—a spiritual understanding of Him, an unselfed love" (p. 1). And let me tell you a true story that illustrates how practical this statement really is. This brief but significant incident was recently told me by a librarian in a Christian Science Reading Room in a western city.

One day a woman from a southern state came into the Reading Room and said, "You know, Christian Science has transformed my life! Then she went on to relate how she purchased a copy of Science and Health at a rummage sale for only a dime. She took it home and began to read it. She related that, prior to her reading this book, she was in the habit of praying to God by telling Him what she wanted and what He should do about it. She went on to say that her husband was so mean to her that she even told God to put him in the army.

However, after reading particularly the first chapter on "Prayer," she said she began to change her method of praying. Instead of telling God what to do, or asking Him to change human conditions, she began to praise Him for His goodness and love. As she did this, and continued her studying, the real man of God's creating began to unfold in her consciousness. And fear, hatred, and domination were replaced by confidence, love, and dominion. She then turned to the Librarian and with a warm smile said, "See that man out there waiting for me? That's my husband, and now I wonder what ever I thought was wrong with him!"

In the experience of this woman the transforming power of the prayer of faith caused the false concepts of material creation to pass away, and all things became new and harmonious. She changed the base of her thinking from a material outlook to the spiritual. In other words, she changed her point of view! Through this method, she literally put off the old man, spoken of by Paul, and put on the new.

### Nature of the Prayer of Faith

But what is faith, and how do we pray the prayer of absolute faith? We know that the word "faith" is defined as belief, or the act of believing in something or someone. In other words, we might explain it as holding on to something firmly with conviction and confidence. But it doesn't mean believing what we cannot prove, or a blind faith. In relation to prayer, faith is confident reliance on God based on a spiritual understanding of Him. It establishes the "substance of things hoped for, the evidence of things not seen" (Hebr. 11:1), as referred to in the epistle to the Hebrews.

Now faith requires effort. It isn't just wishing that some great faith would come to us, something that would give meaning, color, and strength to our lives. For example, no intelligent man would drive his car down the highway after dark, reasoning that if light is a reality it will leap out in front of him and illuminate the road. He will, of course, reach over and pull the switch. Then the light generated through his slight effort will show the way to his destination. We must want faith enough to turn on the switch! When we do our part, it comes, bright, warm, and reassuring.

But how do we do this? For one thing we must stop all human outlining. We often hear the words, "I'm leaving it with God." But we need to search our thinking, and ask ourselves if this is being done in the letter or in the spirit. It's possible to cherish a pleasant theory that we're really leaving everything to God, and yet hold with unyielding grasp the plan, action, desire, and opinion we believe to be correct. We may even declare our plan or purpose is right and expect our prayers to bring about its establishment according to our desires. We set about demonstrating what we want or think we should have or see; in other words, we work to the end of having things come or go our way.

Here, however, is the demand for laying down the human will

of our way for faith in God's way. This will enable us to rise to the mount of spiritual vision and glimpse God's plan. Then what is spiritual and true begins to unfold and operates as a law of harmony in our individual human experience.

For another thing, we must expect to go forward and never look down or look back. Mrs. Eddy writes: "The discoverer of Christian Science finds the path less difficult when she has the high goal always before her thoughts, than when she counts her footsteps in endeavoring to reach it. When the destination is desirable, expectation speeds our progress" (Science and Health, p. 426). Here let me add, there are no chair lifts to the mount of spiritual revelation.

It's important to see, too, that the only power of a past over ourselves or another is the power we give it in current thought. Paul wisely counsels us to forget "those things which are behind," and "press toward the mark for the prize of the high calling of God in Christ Jesus" (Phil. 3:13, 14).

This "high calling" is that of looking out from the summit of the spiritual facts of God and man. They obliterate the false beliefs of materiality; they enable us with the eye of faith to see man as he really is and always has been, the perfect reflection of God. The Psalmist sang, "Mark the perfect man, and behold the upright; for the end of that man is peace" (37:37). And Matthew's Gospel records God's witness to this divine ideal: "This is my beloved Son, in whom I am well pleased" (Matt. 17:5). This divine commendation of spiritual perfection is our inheritance, too, given to us by our heavenly Father, but as with any inheritance the demand is to claim it! So absolute faith in God's goodness and in the eternal perfection of His spiritual creation is the keynote of prayer, as understood in Christian Science, and it's a prayer of practical demonstration.

Maintaining our spiritual outlook, then, demands the detection and rejection of every phase of wrong material thinking, thinking based on the material beliefs of a material creation. It demands the replacement of such beliefs with the divine and pure concepts of spiritual creation to the end that they may unfold harmonious results. We do this as we willingly and humbly accept the discipline of spiritual purity. Then we "see God" and begin to understand what Mrs. Eddy meant when she wrote: "Starting from a higher standpoint, one rises spontaneously, even as light emits light without effort" (Science and Health, p. 262).

### "With wings as eagles"

Some boys climbing in the high cliffs along the shore of Nova Scotia came upon an eagle's nest. In it were some tiny eaglets. They took one of these home with them and placed it with a mother hen and her tiny chicks. Here the little pet grew, but becoming more unlike the chicks, it began to stand alone in the barnyard looking up toward the heavens. In the course of time it began to try its wings, flopping along the ground.

One day as it was standing in the sunlight as usual, another eagle flew over the barnyard. The pet eagle became strangely agitated. Standing on tiptoes, it looked up and unfolded its wings, and with a strange cry rose from the ground, higher and higher, and presently disappeared from sight. It was a great day in the life of that eagle when it discovered that it wasn't made to be an ordinary barnyard fowl, to spend its life scratching in the dirt—its place was up there in the heavenly blue.

It's a great day for each of us as we grow in the understanding of our divine inheritance as children of God, and give up a life of "scratching in the dirt" of suppositional material existence. Through maintaining a spiritual outlook and praying the prayer of faith, we are able to recognize and accept our spiritual identity, inheritance, and dominion, and prove the practicality of this outlook.

Lifting our thoughts heavenward, we rise to the mountain of spiritual vision and divine revelation, and make practical the promise-filled words of the prophet Isaiah: "They that wait upon the Lord shall . . . mount up with wings as eagles" (49:31). Then we see God, and all His goodness.

the Bible speaks to you

# Plymouth School Board Minutes

The regular monthly meeting of the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, was held Monday evening, August 8, 1966, in the Board Room of the Administration Building, 1024 South Mill Street, Plymouth, at 8 o'clock.

President Fischer called the meeting to order at 8 p.m. Present: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp; Assistant Superintendent Blunk and Superintendent Isbister.

Absent: Member McLaren.

Also present: Fred and Gertrude Bevins, Robert Gilmore, Harley and Mary Harding, Orville Tugate, Architect Haberkorn and Newsman Thompson and Wiley.

It was moved by Member Scott and seconded by Member Tripp that the minutes of the regular meeting of July 11, 1966, and special meetings of July 18 and August 1, 1966, be approved as corrected.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Schultheiss and seconded by Member Moehle that the following bills be approved for payment:

|                            |             |
|----------------------------|-------------|
| Operating Fund:            |             |
| Vouchers                   |             |
| 9523, U.S. Post Office     | \$ 80.00    |
| 9524, Payroll 7-22-66      | 31,203.11   |
| 9525, Mich. Hosp. Serv.    | 2,501.15    |
| 9526 to 9651, incl.        | 29,400.20   |
| Bldg. & Site Sinking Fund: |             |
| Vouchers                   |             |
| 855 to 860, incl.          | \$77,005.44 |

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

Mr. and Mrs. Harding, who live on Haggerty Road at the southern boundary of the School District and about one-half mile from the nearest school bus stop, asked that special consideration be given to their five-year-old daughter who must walk alone to the bus stop.

Superintendent Isbister noted that he was aware of the problem and would work out some solution.

Mr. and Mrs. Bevins requested that an exception be made to the non-resident policy which would permit their daughter and other students in the Frains Lake School District who were enrolled in Plymouth High School prior to annexation with the Ann Arbor School District to continue in Plymouth High School on a tuition basis until they graduate.

It was moved by Member Hulsing and seconded by Member Scott that Mr. and Mrs. Bevins' request be granted but that the exception to the present policy apply only to the high school students from the Frains Lake District who were enrolled in Plymouth High School prior to the annexation of the District to the Ann Arbor School District.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

Mr. Tugate and Mr. Gilmore asked for a temporary ex-

ception in the transportation policy to permit the older elementary school children on Ridgewood to ride to school until the construction is completed on Territorial Road or until sidewalks are installed.

Superintendent Isbister agreed to study the problem and offer a solution.

**COMMITTEE REPORTS**

Member Scott, Chairman of the Curriculum Committee, presented for consideration a prepared statement regarding the K-5, 6-7-8, 9-10-11-12 type of school organizational plan.

It was moved by Member Scott and seconded by Member Hulsing that the 5-3-4 organizational plan as recommended by the Facility Advisory Committee be approved and implemented as rapidly as facilities become available.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

Member Schultheiss, Chairman of the Employee Relations Committee, reported that the Committee had reviewed in detail the improvements in wages, salaries and fringe benefits which the Board's Negotiating Teams had agreed upon with the separate employee groups organized for collective bargaining. He also read a prepared statement in which he expressed satisfaction with the general conduct of the negotiations.

It was moved by Member Hulsing and seconded by Member Schultheiss that the increases in wages and fringe benefits for the cafeteria workers as recommended by the Negotiating Team be approved.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Tripp and seconded by Member Scott that the increases in wages and fringe benefits for the transportation workers as recommended by the Negotiating Team be approved.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Scott and seconded by Member Moehle that the increases in wages and fringe benefits for the secretaries as recommended by the Negotiating Team be approved.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Schultheiss and seconded by Member Tripp that the master contract including wages, fringe benefits and other conditions of employment for the maintenance custodial workers as recommended by the Negotiating Team be approved with the following exceptions:

1. The contract should clearly state that only one delegate should be permitted to attend a state or national meeting.
2. The statement on the sick leave policy should be more clearly defined.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Hulsing and seconded by Member Tripp that the master contract including salaries, fringe benefits and other conditions of employment for teachers as recommended by the Negotiating Team be approved.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Tripp and seconded by Member Hulsing that the Index Salary Schedule for administrators as recommended by the Committee be approved.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Scott and seconded by Member Hulsing that the application of indices to the Administrators Salary Schedule as recommended by the Superintendent as approved and that contracts be issued to administrators as listed below:

|  |          |
|--|----------|
| Principal Carvel Bentley                 | \$14,645 |
| Principal Robert Smith                   | 13,332   |
| Principal Carl Taylor                    | 12,827   |
| Principal Gerald Elston                  | 13,332   |
| Principal Ruth Eriksson                  | 13,332   |
| Principal Mildred Field                  | 13,332   |
| Principal Earl Gibson                    | 13,332   |
| Principal Arnold Pylkas                  | 13,332   |
| Principal Donald Rank                    | 13,332   |
| Principal Ronald South                   | 10,807   |
| Ass't Principal Michael Hoben            | 13,130   |
| Ass't Principal Gustav Gorguze           | 13,130   |
| Dir. of Adult Ed-Rec. Herbert Woolweaver | 12,827   |
| Director of Libraries Bertha Green       | 12,625   |
| Ass't Principal Gilbert Pearson          | 11,615   |
| Ass't Principal Reynald Borzi            | 9,595    |

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Tripp and seconded by Member Scott that the Superintendent's salary for the 1966-67 school year be set at \$21,500 and the two Assistant Superintendents at \$16,000 each.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

President Fischer read a prepared statement expressing the Board's pleasure with the sound agreements which had been reached with the employee groups regarding hours, wages and conditions of employment.

It was moved by Member Hulsing and seconded by Member Schultheiss that Elementary School No. 7 be named the Nancy E. Tanger Elementary School in honor of Mrs. Tanger who had a long, distinguished record of service both as a teacher and an elementary principal in the Plymouth Community Schools.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

Member Tripp, Chairman of the Facilities Committee, reported that the final specifications for the three additions had been reviewed and were in order.

It was moved by Member Moehle and seconded by Member Hulsing that the Administration be authorized to process an application for temporary approval for the issuance of state qualified bonds and prepare the appropriate resolution for subsequent action by the Board of Education directed toward a Special Election to be held on Monday, October 3, 1966.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Scott and seconded by Member Schultheiss that the Architect be authorized to issue a Change Order A-4 and deduct \$880 from the general contract for the elimination of a sidewalk in front of Elementary School No. 7.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

Architect Haberkorn discussed the architectural plans for Elementary School No. 8.

It was moved by Member Hulsing and seconded by Member Schultheiss that the Architect be authorized to proceed with details, plans and specifications for Elementary School No. 8, similar in design to Elementary School No. 7 (Tanger School) but with a 720 student capacity.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Hulsing and seconded by Member Tripp that the Administration be authorized to prepare applications for projects to be funded under Title I of the National Elementary and Secondary Education Act.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Moehle and seconded by Member Schultheiss that the Administration be authorized to prepare an application for the Counseling Project to be funded under Title V of the National Defense Education Act.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Schultheiss and seconded by Member Scott that the following resignations be approved:

|                 |                                       |
|-----------------|---------------------------------------|
| Charles S. Kipp | Jr. High-East, Math-Science           |
| Ben Platnik     | Jr. High-West, English-Social Studies |
| William Raisch  | Sr. High - Sociology-History          |

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Schultheiss and seconded by Member Scott that the following appointments be approved:

|               |                                |
|---------------|--------------------------------|
| Karen Emiry,  | Gallimore School, Fourth Grade |
| Karen Martin, | Gallimore School, First Grade  |

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Hulsing and seconded by Member Scott that a new position of Director of Administrative Services be approved and that the starting salary for the new appointment be set at the junior high school principal index level.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Hulsing and seconded by Member Scott that the contract for the construction of the Tanger School Addition in the total amount of \$109,899, including the Architectural, Mechanical and Electrical Trades, be awarded to the low bidder, Armstead Construction Company, and that the mechanical work be assigned to A-N-J Heating and the electrical work to Gillies Electric.

Ayes: Members Fischer, McLaren, Moehle, Schultheiss and Tripp.

Nays: None.

The motion was carried.

No action was taken on the contract for the construction of the Allen School Addition pending a further analysis by the Architect regarding the high cost when compared with the original estimate. It was moved by Member Moehle and seconded by Member McLaren that the contract for the kitchen equipment in the amount of \$16,770 be awarded to the low bidder, H. Altman & Sons.

Ayes: Members Fischer, McLaren, Moehle, Schultheiss and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Moehle and seconded by Member Tripp that the resolution approving the tax levy of the Plymouth Community School District, as approved August 22, 1966, be amended by changing the tax rate breakdown as follows:

|                             |                              |             |
|-----------------------------|------------------------------|-------------|
| A. Operation (General Fund) | Within 15 mills              | 8.90        |
|                             | Excess millage 10.75         |             |
| B. Debt                     | Limited Tax (Excess Millage) | 1.18        |
|                             | Unlimited Tax                | 1.72        |
| C. Building and Site        |                              | 3.37        |
|                             |                              | 26.95 Total |

Ayes: Members Fischer, McLaren, Moehle, Schultheiss and Tripp.

Nays: None.

The motion was carried.

The meeting adjourned at 10:45 p.m.

Respectfully Submitted,  
John D. McLaren, Temporary Secretary

Tripp that the lease with the Plymouth Cooperative Nursery, for the use of the Hough School be extended another year.

Ayes: Members Fischer, Hulsing, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

The meeting adjourned at 11:40 p.m.

Respectfully submitted,  
Esther L. Hulsing, Secretary  
Board of Education

9/28/66

A special meeting of the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, was held Monday evening, August 22, 1966, in the Board Room of the Administration Building, 1024 South Mill Street, Plymouth, at 8 o'clock.

President Fischer called the meeting to order at 8 p.m. Present: Members Fischer, Hulsing, McLaren, Moehle, Schultheiss, Scott and Tripp; Assistant Supt's Blunk and Harding and Sup't Isbister.

Absent: None.

Also present: Newsman Thompson.

The total 1966 millage levy was discussed at length.

It was moved by Member Schultheiss and seconded by Member Hulsing that the following resolution be adopted: "Resolved By the Board of Education of Plymouth Community School District, That there be levied on the taxable property of said district for the year 1966, a total tax of \$3,415,399.53 for all purposes, said tax to be apportioned among the several fractions of the district as follows:

| Twp. or City        | Rate (Mills) | State Eq. Value | Amount of Tax  |
|---------------------|--------------|-----------------|----------------|
| Canton Township     | 26.95        | \$12,002,922    | \$ 323,478.74  |
| Northville Township | 26.95        | 1,687,957       | 45,490.44      |
| Plymouth Township   | 26.95        | 67,695,610      | 1,824,396.61   |
| City of Plymouth    | 26.95        | 41,445,660      | 1,116,960.56   |
| Salem(Washtenaw)    | 26.95        | 2,834,537       | 76,390.77      |
| Superior(Washtenaw) | 26.95        | 1,064,280       | 28,682.38      |
| Total               | 26.95        | \$126,730,966   | \$3,415,399.53 |

A. Operation (General Fund)

|                    |       |
|--------------------|-------|
| 1. Within 15 mills | 8.90  |
| 2. Excess millage  | 10.75 |

B. Debt

|                                 |       |
|---------------------------------|-------|
| 1. Limited Tax (Excess Millage) | 1.18  |
| 2. Unlimited Tax                | 1.72  |
| C. Building and Site            | 4.40  |
| Total                           | 26.95 |

Ayes: Members Fischer, Hulsing, McLaren, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

It was moved by Member Moehle and seconded by Member Hulsing that a special School Election be held on Monday, October 3, 1966, for the purpose of seeking voter approval for the sale of state qualified school bonds. (full text of resolution is a part of permanent records)

Ayes: Members Fischer, Hulsing, McLaren, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

President Fischer directed the Board to reconvene in the library of Plymouth Community Junior High School-East where he conducted a public hearing and review of the 1966-67 operating budget.

The following citizens were present: Mr. Birge, Dr. Clyde, Mr. Frank, Mr. Hudson, Mrs. Hulce, Mrs. Schmemman, Mr. Johnson and Mr. Thompson.

Budget increases resulting from increased enrollment, salary adjustments and program improvements were interpreted in detail.

Following a question and answer period it was moved by Member Hulsing and seconded by Member Tripp that the 1966-67 operating fund budget be set at \$4,158,899.

Ayes: Members Fischer, Hulsing, McLaren, Moehle, Schultheiss, Scott and Tripp.

Nays: None.

The motion was carried.

The Board discussed with members of the Citizens Advisory Committee on School Facilities who were present the status of Phase I and Phase II reports.

It was noted that the Citizens' recommendation on the 5-3-4 organizational plan had been approved by the Board and would be implemented as soon as facilities were available. Emphasis was given to the need for adequate planning, particularly in regard to location of new school buildings and to the adequacy of new buildings to house a changing educational program.

The timing of the school bond elections and the various proposals to be presented for voter approval were discussed at length. It was the consensus of those in attendance that the first proposal for the October 3, 1966, election should be limited to \$5,500,000 but that a second proposal which would include financing the second senior high school would be presented prior to September 1, 1967.

The meeting adjourned at 11:20 p.m.

Respectfully Submitted,  
Esther L. Hulsing, Secretary  
Board of Education.

9/28/66

## STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION

(Act of October 23, 1962; Section 4369, Title 39, United States Code)

1. Date of Filing: Sept. 28, 1966.
2. Title of Publication: The Plymouth Mail.
3. Frequency of Issue: Weekly.
4. Location of known office of Publication (Street, city, county, state, zip code): 271 S. Main St., Plymouth, Wayne Co., Michigan 48170.
5. Location of the Headquarters or General Business Offices of the Publishers (Not printers): 271 S. Main St., Plymouth, Michigan 48170.
6. Names and Addresses of Publisher, Editor, and Managing Editor, Publisher (Name and address): Philip H. Power, 989 Forest Road, Barton Hills, Ann Arbor, Michigan; Editor (Name and address): Doug Johnson, 793 Virginia, Plymouth, Michigan; General Manager (Name and address): Tom Thompson, 14398 Sarsota, Detroit, Michigan.
7. Owner (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. Philip H. Power, 989 Forest Road, Barton Hills, Ann Arbor, Michigan.
8. Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages or other securities (If there are none, so state): None.
9. Paragraphs 7 and 8 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner. Names and addresses of individuals who are stockholders of a corporation which itself is a stockholder or holder of bonds, mortgages or other securities of the publishing corporation have been included in paragraphs 7 and 8 when the interests of such individuals are equivalent to 1 percent or more of the total amount of the stock or securities of the publishing corporation.
10. This item must be completed for all publications except those which do not carry advertising other than the publisher's own and which are named in Sections 132.231, 132.232, and 132.233, Postal Manual (Sections 4355a, 4355b, and 4356 of Title 39, United States Code)
  - A. Total No. Copies Printed (Net Press Run): Average 2,800. Single issue nearest filing date: 3,000.
  - B. Total Distribution (Sum of C and D): Average No. Copies each issue during preceding 12 months: 10,500. Single issue nearest filing date: 10,850.
  - C. Paid Circulation: 1. Sales through dealers and carriers, street vendors and counter sales: Average No. Copies each issue during preceding 12 months: 6,650. Single issue nearest filing date: 6,825.
  2. Mail Subscriptions: Average No. Copies each issue during preceding 12 months: 950. Single issue nearest filing date: 870.
  3. Total Paid Circulation: Average No. Copies each issue during preceding 12 months: 7,600. Single issue nearest filing date: 7,720.
  - D. Free Distribution (including samples) by mail, carrier or other means: Average No. Copies each issue during preceding 12 months: 2,800. Single issue nearest filing date: 3,000.
  - E. Total Distribution (Sum of C and D): Average No. Copies each issue during preceding 12 months: 13,989. Single issue nearest filing date: 10,600.
  - F. Office use, left-over, unaccounted, spoiled after printing: Average No. Copies each issue during preceding 12 months: 102. Single issue nearest filing date: 145.
  - G. Total (Sum of E & F—should equal net press run shown in A): Average No. Copies each issue during preceding 12 months: 10,500. Single issue nearest filing date: 10,850.

# SPECIAL SCHOOL ELECTION

NOTICE OF SPECIAL ELECTION OF THE QUALIFIED ELECTORS OF PLYMOUTH COMMUNITY SCHOOL DISTRICT WAYNE AND WASHTENAW COUNTIES, MICHIGAN TO BE HELD OCTOBER 3, 1966

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that a special election of the qualified electors of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, will be held in said District on Monday, October 3, 1966.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M., AND CLOSE AT 8:00 O'CLOCK, P.M., EASTERN STANDARD TIME.

The following proposition will be submitted to the vote of the electors qualified to vote thereon at said special election:

Shall Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, borrow the sum of not to exceed Five Million Five Hundred Thousand Dollars (\$5,500,000) and issue its bonds therefor, for the purpose of erecting, furnishing and equipping additional school facilities either as separate buildings or additions to existing buildings; acquiring additional land for site purposes; constructing and equipping playgrounds; and developing and improving sites?

THE VOTING PLACES ARE AS FOLLOWS:

- |                |   |
|----------------|---|
| PRECINCT NO. 1 | Voting Place - Plymouth High School, 650 Church Street                        |
| PRECINCT NO. 2 | Voting Place - Gallimore Elementary School, 8375 Sheldon Road Canton Township |
| PRECINCT NO. 3 | Voting Place - Plymouth Township Hall, 42350 Ann Arbor Road                   |
| PRECINCT NO. 4 | Voting Place - Starkweather Elementary School, 550 Holbrook Street            |

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, have attained the age of 21 years, have resided in the State of Michigan six months and in the School District 30 days next preceding the election, and have property assessed for ad valorem taxes within the School District or be the lawful husband or wife of a qualified voter of the District having property so assessed.

Only persons registered as electors in the city or township in which they reside are eligible to vote.

Take Notice that the Board of Education has estimated the total expense of erecting, furnishing and equipping additional school facilities either as separate buildings or additions to existing buildings; acquiring additional land for site purposes; constructing and equipping playgrounds; and developing and improving sites to be Five Million Five Hundred Thousand Dollars (\$5,500,000) all of which it is necessary to raise by borrowing and issuing the bonds of the District.

This Notice is given by order of the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan.

ESTHER L. HULSING  
Secretary, Board of Education

# Plymouth Township Minutes

## PLYMOUTH TOWNSHIP BOARD OF TRUSTEES REGULAR MEETING SEPTEMBER 13, 1966

The meeting was called to order by the Supervisor at 8 p.m.  
MEMBERS PRESENT: John D. McEwen, Elizabeth Holmes, Helen Richardson, Louis Norman, Ralph Garber, Dick Lauterbach, Gene Overholt.

MEMBERS ABSENT: None.  
ALSO PRESENT: Ralph Cole, Herald Hamill, Ellanora Dancy. READING, CORRECTING, AND APPROVAL OF PREVIOUS MINUTES:

Following roll call, Mr. McEwen asked for disposition of the minutes of the regular meeting of August 9, 1966. Mr. Norman moved that the minutes be accepted as submitted; seconded by Mr. Overholt and carried unanimously.

Mr. Garber moved that the minutes of the special meeting on August 30, 1966 be accepted as submitted. Mrs. Holmes supported the motion and was carried unanimously.

Because of the number of people present waiting for the opening of the bids, Mr. McEwen asked the Board to proceed with this rather than following the agenda and examining the current bills. There being no objection, and verification being made that all the bids were in for the erection of a second floor addition to the Plymouth Township Hall, and for the construction of the Tramp Hollow Trunk Sanitary Sewer in Plymouth Township, Mrs. Holmes moved, supported by Mr. Norman, at 8:04 p.m. that the bids be closed on both items. Carried unanimously. Opening of bids for addition to Township Hall

Mr. Morris Webster, Architect, advised the Board that he had received one bid for the erection of a second floor addition to the Plymouth Township Hall. Mr. Cole, Attorney, reiterated, at this time, that the statute prevented any proposal to let a contract on a cost-plus basis for any amount over \$20,000. Following discussion, Mr. McEwen asked Mr. Webster to open said bid so that the Board could determine whether or not to accept it. Mr. Webster then read the bid from the Zervos Construction Company whereby they proposed to furnish labor and material as per plans and specifications for the sum of \$103,900.00, alternates No. 1, \$2,400.00. They propose to enclose the building in 120 days and complete building ready for occupancy in 210 days. Following further discussion, Mrs. Holmes moved that the bid of the Zervos Construction Company be accepted for study by the Board. The motion was supported by Mrs. Richardson and carried unanimously.

Opening of bids for the construction of the Tramp Hollow Trunk Sanitary Sewer in Plymouth Township.

| Contractor                       | Amount       | Time of Completion |
|----------------------------------|--------------|--------------------|
| Nick Merrucci & Son              | \$ 93,190.18 | 60 days            |
| Don Gargaro Co.                  | 122,955.40   | 40 days            |
| R. Carlesimo Construction Co.    | 121,503.30   | 150 days (cal)     |
| Weissman Construction Corp.      | 109,743.00   | 90 days *          |
| S & S Excavating Co., Inc.       | 123,914.00   | 60 days *          |
| Louis J. Detore Construction Co. | 95,378.00    | 60 days *          |
| A-Bird Construction, Inc.        | 77,147.12    | 90 days *          |
| Northland Excavating Co., Inc.   | 107,890.00   | 60 days *          |

Following reading of the bids, Mrs. Holmes moved that the engineer be authorized to tabulate the bids and make a recommendation to the Board. Supported by Dick Lauterbach and carried unanimously.

READING, CORRECTING, AND APPROVAL OF CURRENT BILLS  
Mr. McEwen then asked the Board to revert back to its agenda and consider the reading, correcting and approval of current bills, the grand total for said bills being \$75,527.01. In response to a request for discussion on said bills, Mr. Lauterbach asked for an explanation of the item "Legal Services other than covered by retainer" and a communication from Mr. Cole stating in detail these services was read by the Supervisor. Thereupon, Mr. Norman moved that the bills be paid as submitted. Seconded by Mr. Garber and carried unanimously.

ITEM NO. I - COMMUNICATIONS  
\*Communication from the Plymouth Grange inviting the Township Board of Trustees to attend a Booster Meeting at the Grange Hall on September 15, 1966, at 8 p.m.

This communication was read by Mrs. Richardson, the Clerk, and was received and filed.

\*Communication - Meeting of Plymouth Community Human Relations  
A communication advising of a meeting of the Plymouth Community Human Relations on September 14, 1966, at 8:30 p.m., was read by the Clerk. The communication was received and filed.

ITEM NO. II - DISPOSITION OF TABLED AND ADJOURNED BUSINESS  
\*Letter from Deloy Kelly, 41218 Russet Lane, requesting ac-

tion by Mr. Greenspan or the Township to repair a hole on Township Property.

A communication dated August 14, 1966, from the Fidelity and Deposit Company, Detroit, Michigan, signed by Mr. Max D. Alcorn, Claims Attorney, was read by the Clerk. Tuesday, Mr. Alcorn contacted Mr. Fred E. Greenspan in regard to the repair in question and he stated it was the responsibility of the Township because of the dedication to the Township of the lines.

The Supervisor then asked the Board to take positive action for the immediate repair and correction of this situation. In the discussion that followed, Mrs. Holmes advised the Board that the line in question had not been dedicated to the Township and Mr. Norman stated that the extent of the damage could not be determined prior to the actual digging. Following this discussion, Mrs. Holmes moved that the D.P.W. be authorized to make the necessary corrections and inform the Board of the cost so that proper action could be taken by the Board. The motion was supported by Mr. Lauterbach and carried unanimously.

Appointments of Planning Commission members  
A communication dated September 13, 1966, from John D. McEwen, Supervisor, to the Board of Trustees recommending the approval of the following appointments to the Plymouth Township Planning Commission was received: Melville R. Troyer, 41240 E. Ann Arbor Trail, term ending July, 1969, and Charles E. Childs, 42351 Hamill Lane, term ending July, 1968.

Mr. Norman moved that the Board accept the recommendations of the Supervisor. The motion was supported by Mr. Overholt and carried unanimously.

City of Detroit (9-7-66)  
Re: Temporary connection between City of Plymouth and Plymouth Township water systems - Plymouth and Haggerty Roads.

A communication dated August 31, 1966, to the City of Detroit, Department of Water Supply, from Richard D. Blodgett, City Manager of the City of Plymouth, regarding the temporary connection with Plymouth Township Water Supply for a period of 20 days commencing October 17, 1966 with an estimated usage of 40 million gallons, and a request for a formal agreement was read by the Clerk. Also a communication from Mr. A. C. Michael, Assistant Chief Engineer, of the City of Detroit, Department of Water Supply, dated September 7, 1966 regarding the same subject was read. Mr. McEwen asked the Board's direction as to the agreement, specifically as to the payment for the water.

Following extensive discussion, Mr. Garber moved that the Supervisor attempt to get the contract to specify that the City of Plymouth pay the City of Detroit direct for the water in question. The motion was supported by Mr. Lauterbach and carried unanimously.

\*Approval and Adoption of Fire Prevention Code  
Following discussion, E. Holmes moved that Ordinance No. 26 establishing a fire prevention code be approved. The motion was supported by D. Lauterbach and carried unanimously.

Thereupon, Mr. William B. Burr, Director of Public Safety, thanked the Board for its action.

\*Appointments of Area Planning Commission Member  
A communication dated September 13, 1966, to the Board of Trustees from John D. McEwen, Supervisor, recommending the appointment of Mr. Frank Millington, 14900 Beck Road, to the Plymouth Area Planning Commission was read. Thereupon Mr. Overholt moved that the recommendation of the Supervisor be approved. Seconded by Mr. Garber and carried unanimously.

\*Report on costs of hydrants (2 steamer connections and 1 steamer opening with 2 poles).  
Following discussion as to the cost and interchangeability, Mrs. Holmes moved that the engineer be authorized to specify hydrants with two steamer openings in all future water installations. Supported by Mr. Norman and carried unanimously.

\*Transfer of Plumbing permits from our present inspector to Herbert Smith.  
Mr. McEwen advised the Board that a State Examination for Plumbers would be given September 27 and application must be filed ten days in advance. He further stated that he would attempt to get Mr. Smith to take this examination in order that he might become a licensed journeyman plumber. Following discussion, Mr. Garber moved that the matter be tabled until determination could be made as to whether or not Mr. Smith could qualify as a plumbing inspector. The motion was supported by Louis Norman and carried unanimously.

Gene Overholt suggested that the Board, at a future meeting, determine what action it could participate in to retain Mr. Smith's services.

\*Agreement between Northville Township and Plymouth Township for sewers for the Plymouth Community School District.  
Thereupon Mrs. Richardson read a proposed resolution covering this subject and conforming with the request made by the Detroit Board of Public Works of the County of Wayne. Mr. McEwen recommended that the Board authorize the signing of this agreement and that it be sent to the other municipalities concerned for their approval.

Accordingly, Mrs. Holmes moved that the Board accept the recommendation of the Supervisor, and that the Supervisor be authorized to sign the contract and forward it to the school and Northville Township for their signatures. The motion was supported by Helen Richardson and carried unanimously.

ITEM NO. III - NEW BUSINESS AND PERTINENT COMMUNICATIONS  
\*Wayne County Board of Supervisors  
Re: Amendment to Ordinance No. 14 to amend Sections 10.01, 10.03 and 10.04 of Article X (Adopted by Planning Commission at their meeting of July 20, 1966.)

Following Mr. Overholt's explanation of the changes made, Mrs. Holmes moved that the Board accept the recommendation made by the Planning Commission. Supported by Mr. Lauterbach and carried unanimously.

\*Amendment to Subdivision Ordinance No. 13 by amending Section 3.02 (n) lots backing to a main highway. (Approval by Planning Commission at their August 17, 1966 meeting.)  
Discussion on this proposed amendment to Ordinance 13 centered around whose responsibility it was to maintain the greenbelt. Following this discussion, Mr. Garber moved that this matter be tabled for further study. The motion was seconded by Louis Norman and carried unanimously.

At this point in the meeting, Mr. Hamill, Engineer, advised

that all of the bids on the construction of the Tramp Hollow Trunk Sanitary Sewer had been checked and that a \$900.00 error had been found in the A. Bird Construction Company bid, changing the amount to \$76,247.12. Mr. Hamill further advised that he would withhold his recommendation until such time as verification of the qualifications of the low bidder had been made. There being no objection, it was so ordered.

\*Ford Motor Company (9-13-66)  
A communication from the Ford Motor Company dated September 13, 1966, advising that in accordance with agreement between Plymouth Township and the Ford Motor Company, a check in the amount of \$168,000 was enclosed for installation of storm and sanitary sewers. There being no objection, the communication was received and filed and the check was given to the Township Treasurer.

\*Letter from 7 families of Garling Subdivision  
At this point in the meeting, the first subject under Item No. II, Letter from seven families of Garling Subdivision was considered. Mr. Smith B. Horton was asked by the Supervisor to review, along with the members of the Board, the map presented by Mr. Hamill showing the elevations in the area. Mr. Hamill explained in detail, using the map, and made his recommendation showing areas which should be lowered and areas which should be filled in. Following this, Mr. McEwen advised Mr. Smith that he would contact the people who had signed the petition and explain the engineer's recommendation.

\*Milliard and Morley (9-8-66) Reconsideration of action taken on their sewer request at Township Board meeting on August 30, 1966  
At this point in the meeting, the subject under Item II, Millard and Morley was considered.

In accordance with their letter of September 8, 1966, Mr. and Mrs. Millard and Mr. and Mrs. Morley were present to protest the action of the Board at its Special Meeting of August 30, 1966; at which meeting the Board granted approval for a sewer tap on Lilley Road. It was their desire that the Postiff Avenue Sewer be installed in the rear of their property on which property a 27 ft. easement existed. Mr. Millard and Mr. Morley discussed in detail their wishes pertaining to the location of the sewer at the rear of their property and gave a history of what had occurred in regard to this matter in the last ten years.

In response to a request from the Supervisor, Mr. Hamill spoke in detail on the history of this matter over a ten year period. Following this extensive discussion, Mrs. Holmes moved that the engineer request the Don Gargaro Construction Company to build an eight inch sanitary sewer from the manhole located approximately 150 feet west of Lilley Road on Postiff Drive, and to go north approximately 400 feet through the private easement on the property of Pearl Smith to service the property of Oren Millard and Frank Morley. The motion was supported by Mr. Overholt and carried unanimously.

Following the passing of this motion, Mr. Garber questioned why this information was not available at the special meeting of the Board on August 30, 1966.

\*Matt McLellan (8-30-66)  
A communication dated August 30, 1966, from Mr. Matt McLellan - Dept. of Public Works and Building Director, asking that the Board authorize the purchase of a snow blade for the four-wheel drive jeep was read. Following discussion, Mr. Lauterbach moved that the Board authorize the purchase of this blade for the four-wheel jeep. The motion was supported by L. Norman and carried unanimously.

\*Stewart Oldford and Sons, Inc. (9-8-66)  
Re: Reconsideration of a denial by the Plymouth Township Planning Commission on property located on the northwest corner of Sheldon and Ann Arbor Road (Request to be rezoned from R-1-S to C-2 (commercial) for the enlargement of the commercial area.

Mr. Stewart Oldford's communication of September 8, 1966 was considered. In response to a request by the Supervisor, Mr. Cole advised the members of the Board that there was no question that the Board had the authority to grant this request if it deemed advisable even though the request had been denied by the Planning Commission. He further suggested that the Planning Commission should probably give their reasons for approval or denial of a request so that the Board would have a basis for its action.

The Supervisor then asked for comments from the Board. Helen Richardson questioned the procedure to be followed, if

the Board deemed Mr. Oldford's request reasonable. Mr. Overholt questioned whether a precedent might be set insofar as the Board having to screen all denials of the planning Commission. Mr. Garber stated that he felt the Board's function was a two-step one, that is, to re-consider all recommendations of the Planning Commission, and all denials of the Planning Commission.

Mr. Oldford spoke on behalf of his request for rezoning, stating that a shopping center would be built on the presently commercial area of 40,000 square feet, but that his company felt it would be more desirable to have the 60,000 square ft. area. He also asked that the Board keep in mind the recommendation of the Planning Consultant who had concurred in his request for the rezoning.

Following this discussion, Mrs. Richardson moved that the Board accept Mr. Oldford's request for consideration and further study and make its determination at the next meeting of the Board, either special or regular, whichever meeting came first. The motion was supported by Mr. Lauterbach and carried unanimously.

Mr. Garber recommended that the Board avail itself of the Planning Consultant's study. There being no objection, it was so ordered.

\*Revision of Heating Ordinance Fees  
A communication dated September 9, 1966, from M. McLellan, Director of Building & Dept. of Public Works, was received. Attached to this communication was a revised list of Heating Ordinance Fees (Section 3.24). Mr. McLellan stated that these fees were in line with fees charged in other municipalities, and further stated that there had been no change in fees since 1956. In the present set-up the Township gets one-fourth and the Inspector gets three fourths of the fees collected. Mrs. Holmes moved that the Board approve the revision of the fees. Mr. Overholt supported the motion.

AYES: D. Lauterbach, E. Holmes, H. Richardson, G. Overholt, L. Norman

NAYS: R. Garber  
Motion carried.  
ITEM NO. IV - RESOLUTIONS  
\*A Resolution to establish millage for the Township of Plymouth for the year 1966.

Mrs. Holmes presented a communication giving figures to be used for consideration in figuring the amount of monies to be raised by taxation for Township purposes.

Following consideration of these amounts, Mr. Lauterbach moved that the Board levy taxes of 2.8 mills for water and sewer debt retirement, plus one mill for general government for a total of 3.8 mills. The motion was supported by Mrs. Richardson and carried unanimously.

The following Resolution to set the millage rate for the 1966 Plymouth Township tax roll was submitted by the Clerk, Helen Richardson:

RESOLUTION  
RESOLVED: By the Township Board of the Township of Plymouth, at its meeting held September 13, 1966, that there be levied on the taxable property of the Township of Plymouth, for the year of 1966, for Township purposes, a tax of 3.8 mills on the state equalized valuation thereof, said value being \$67,695.61 and the tax amounting to \$257,243.32 which is to be distributed as follows:

| TOWNSHIP ALLOCATED   |             | 1.00 | \$67,695.61  |
|----------------------|-------------|------|--------------|
| 1958 Sewer Principal | \$45,000.00 | 0.95 | 64,310.83    |
| Interest (2)         | 18,637.50   |      |              |
| 1961 Water Principal | 30,000.00   |      |              |
| Interest (2)         | 38,250.00   | 1.01 | 68,372.56    |
| 1964 Sewer Principal | 10,000.00   |      |              |
| Interest (2)         | 29,670.00   | 0.58 | 39,263.46    |
| 1964 Water Principal | 5,000.00    |      |              |
| Interest (2)         | 12,255.00   | 0.26 | 17,600.86    |
|                      |             | 3.80 | \$257,243.32 |

AYES: Lauterbach, Holmes, Norman, Overholt, Garber, Richardson  
NAYS: None  
Motion carried

A communication was read by the Supervisor advising that a Tax Assessors Conference of the Michigan Supervisors Association was to be held on October 2, 3, and 4, 1966 in Grand Rapids, Michigan. Mrs. Holmes moved that the Board authorize Mr. McEwen, Supervisor, to attend this meeting.

The motion was supported by Mr. Norman and carried unanimously.

On a motion by Ralph Garber, supported by Gene Overholt, the meeting was adjourned at 12:15 a.m.  
Approved Respectfully Submitted  
John D. McEwen, Supervisor Helen Richardson, Clerk

## NOTICE OF PUBLIC HEARING ON A PROPOSED AMENDMENT TO THE PLYMOUTH TOWNSHIP ZONING ORDINANCE WAYNE COUNTY, MICHIGAN

NOTICE IS HEREBY GIVEN that a Public Hearing on a Proposed Amendment to the Map of the Zoning Ordinance for the Township of Plymouth, will be held on October 19, 1966, at 8:00 o'clock p.m. Eastern Standard Time at the Plymouth Township Hall, located at 42350 Ann Arbor Road.

A. The Planning Commission has received a petition to rezone from R-1, One Family Residential District, to a R-2-A, Garden Apartment Residential, a part of the Northeast 1/4 of Section 36, T. 1 S., R. 8 E., Plymouth Township, Wayne County, Michigan, described as:

Commencing at the E. 1/4 corner Section 36, T. 1 S., R. 8 E., thence N. 00° 25' E., along the centerline of Eckles Road, 1377.2' to a point in the centerline of Ann Arbor Trail; thence N. 76° 42' W., along the centerline of Ann Arbor Trail, 755.8' to the point of beginning; thence S. 35° 18' W., 716' to a point; thence S. 35° 39' E., 328' to a point; thence S. 54° 21' W., 300' to a point; thence N. 35° 39' W., 650' to a point; thence N. 00° 21' E., 782.4' to a point in the centerline of Ann Arbor Trail; thence S. 55° 28' E., along the centerline of Ann Arbor Trail 92.4' to a point; thence S. 76° 42' E., along the centerline of Ann Arbor Trail 524' to the point of beginning.

Said description is located between Ann Arbor Road and Ann Arbor Trail, with frontage on Ann Arbor Trail, about 1,000 feet west of Eckles Road.

B. The Planning Commission has received a petition to rezone the following described property:

That part of the east 1/2 of the S.W. 1/4 of Section 36, T. 1 S., R. 8 E., Plymouth Township, Wayne County, Michigan, described as commencing at the center 1/4 corner of said Section, and running thence south along the north and south 1/4 line of said Section, 53.00 feet to the south line of Ann Arbor Road; thence N. 89° 54' 20" W. along said south line 977.09 feet; to the point of beginning; thence due south 667.95 feet; thence N. 89° 48' 53" W., 345.92 feet to the center line of Haggerty Road; thence N. 0° 09' 00" E., along said center line, 668.40 feet, to the south line of Ann Arbor Road; thence S. 89° 54' 20" E., 344.17 feet to the point of beginning from an R-1, One Family Residential District to a C-1, Neighborhood Shopping District.

This area is located at the southeast corner of Ann Arbor Road and Haggerty Road.

NOTICE IS FURTHER GIVEN that the proposed Amendment to the Map may be examined at the Township Hall at 42350 Ann Arbor Road, from 9:00 a.m. to 5:00 p.m. each day Monday through Friday until the date of the Public Hearing.

| Monday, October 10, 1966  | 5:00 p.m. - 8:00 p.m.  |

On Monday, October 10, 1966 at 8:00 p.m., registration polls will close and after said hour, no further registrations will be received for the November 8, 1966 General Election. Publication of this Notice is required by State Law which provides that no Clerk shall register any person during the 30 day period preceding any election.

Qualifications for registration are as follows: Applicant must be a citizen of the United States, at least 21 years of age on election day, a resident of the City of Plymouth for at least 30 days prior to the election and a resident of the State of Michigan for at least six months prior to the election. Qualified electors who are now properly registered with the City Clerk will not have to re-register.

EUGENE S. SLIDER  
City Clerk  
(9-28, 10-5-66)

## REGISTRATION NOTICE For A GENERAL ELECTION

To Be Held On  
TUESDAY, THE 8th DAY OF NOVEMBER, 1966

Notice is hereby given that I, the undersigned Township Clerk, will upon any day except Sunday or a Legal Holiday, receive for registration the name of any legal voter in the CHARTER TOWNSHIP OF CANTON not already registered who may apply to me personally for registration. The last day for registration by personal application is the 30th day before election.

For the above election the date will be  
MONDAY  
OCTOBER 10, 1966

REGISTRATIONS WILL BE TAKEN AT  
CANTON TOWNSHIP HALL  
128 Canton Center Road, corner of Cherry Hill, Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. except on October 10, 1966, registrations will be taken from 8:00 a.m. to 8:00 p.m. Eastern Standard Time.

THIS DOES NOT APPLY TO PERSONS ALREADY REGISTERED  
JOHN W. FLODIN, Clerk  
CHARTER TOWNSHIP OF CANTON  
(9-28, 10-5, 1966)

## NORTHVILLE TOWNSHIP REGISTRATION NOTICE

Please take notice that the office of the Township Clerk, 16860 Franklin Road, Northville, Wayne County, Michigan

WILL BE OPEN  
10:00 a.m. - 5:00 p.m.  
MONDAY THRU FRIDAY  
and including  
MONDAY, OCTOBER 10, 1966

which day it will be open  
8:00 a.m. - 8:00 p.m.  
LAST DAY FOR REGISTRATION  
for the purpose of registering qualified voters

for the  
GENERAL ELECTION  
to be held on  
TUESDAY, NOVEMBER 8, 1966

NORTHVILLE TOWNSHIP CLERK  
Marguerite N. Young  
(9-28, 10-5, 1966)

# Rock mistakes costly in 20-0 loss

Plymouth High's footballers learned to their sorrow that mistakes can be costly. They made a few against Farmington High Friday, setting up two touchdowns and wound up on the short end of a 20-0 count to make their season record even at 1 and 1.

Perhaps it was because they were playing in daylight on a windswept Farmington gridiron and missed the familiar brightly lighted home field but the fact remains that the Rocks made two costly errors and both were turned into scores by the Falcons.

The third touchdown, coming on a 13-yard sprint through the line by 195-pound Fullback Doug Root, was a near perfect play and found Farmington blockers clearing the path for him to score untouched. Farmington struck shortly after the opening kickoff when

Halfback Chris Norton grabbed Dave Prochazka's punt on his own 35 and treaded his way through the Rocks' defense for 65 yards and a touchdown. Root converted to make the score 7-0 with less than two minutes played.

Midway through the period, Plymouth took the ball on its own 20 after Dan Wolfman's punt went into the end zone, and started a march that carried all the way to the Farmington 17 as the quarter ended.

Prochazka started it with a 22-yard pass to end John Davis. Halfback Ron Lowe fought through a hole in the center of the line for 14 more to put the ball on the Farmington 44. Lowe and Al Nawrocki picked up five in two thrusts at the line and then Prochazka tossed a long pass downfield that bounced off the hands of a Farmington defender into the outstretched arms of end John Bida on the Farmington 15.

Plymouth drew a five yard off-side penalty and Lowe was dropped for a five yard loss on an attempted end sweep. Nawrocki hurdled through the center of the line for eight and the quarter ended with the ball on the 17.

But Plymouth's passing attack went awry on two heaves intended for Lowe and Davis when Prochazka was rushed and the ball went over to the Falcons on the 17.

Farmington came back with a march that moved the ball to the midfield before a clipping penalty ended it. Root and Fritz Simons, a line-smashing full-back, bore the brunt of the burden but Simons was injured and had to be carried off the field and much of Farmington's running attack went with him.

Wolfman punted to the Plymouth 37 and the Rocks started another drive with Lowe and Nawrocki doing most of the work. They moved the ball to the Farmington 40 where the Falcons tightened their defense and took over on the 47 when four passes went incomplete.

The Falcons came storming back with the aid of an 18 yard drive by Root to put the pigskin on the Plymouth 31. An offside penalty moved it to the 26.

Then came the second miscue, by the Rocks. Wolfman tossed a long pass down the middle and Lowe appeared to have it in his grasp on the goal line but Falcon Halfback Paul Misch wrested it from his grasp and dropped on the one yard line. Root hit rightguard for the touchdown and then converted to make it 14-0 at halftime.

The Falcons tallied again midway through the third quarter after Root returned a Prochazka punt 18 yards to the Plymouth 40. A screen pass from Ed Snyder to Root moved the pigskin to the 26.

Wolfman tried right end for nine and Root made it a first down on the Plymouth 13. Two plays later, Root ripped through center and went into the end zone without a Plymouth tackler touching him. The try for extra point low but Farmington had a 20-0 edge.

Farmington was marching again when Root fumbled and Egan recovered for Plymouth on the Plymouth 38 early in the fourth quarter.

That's when the Rocks threw caution to the winds and opened up with a passing attack that gave the Falcons fits. Steve Montgomery netted two yards in two thrusts. Prochazka dropped back with excellent protection and fire a long pass downfield to Mike Stakias who was hauled down on the Farmington 33. Then Prochazka whipped another down the middle to Montgomery who had beat his man and was wide open racing for paydirt but couldn't quite reach the ball.

Prochazka was trapped for what appeared to be a long loss but brought away on a keeper play and picked up nine yards to the Farmington 27. On fourth down, Nawrocki hit center but missed the first down by a scant two feet and Farmington took over. That was the last Plymouth chance—the Falcons held the ball for the remaining two minutes, winding up at midfield as the whistle sounded.

Now Coach John McFall will try to correct the timing in the backfield and iron out a few other faults that showed up during the game as he prepares for Friday's invasion of Allen Park.

The Rocks came out of the game in excellent shape with the exception of guard Mike Waller who suffered a hip injury in the third quarter and was finished for the afternoon.

down on the Plymouth 13. Two plays later, Root ripped through center and went into the end zone without a Plymouth tackler touching him. The try for extra point low but Farmington had a 20-0 edge.

Farmington was marching again when Root fumbled and Egan recovered for Plymouth on the Plymouth 38 early in the fourth quarter.

That's when the Rocks threw caution to the winds and opened up with a passing attack that gave the Falcons fits.

Now Coach John McFall will try to correct the timing in the backfield and iron out a few other faults that showed up during the game as he prepares for Friday's invasion of Allen Park.

The Rocks came out of the game in excellent shape with the exception of guard Mike Waller who suffered a hip injury in the third quarter and was finished for the afternoon.

MICHIGAN SUN DEVILS — Three athletes from the state of Michigan are represented on the varsity football team at Arizona State University. They are, from left, end-defensive halfback Ken Dyer of Ann Arbor, defensive end Jesse Fleming of Battle Creek and linebacker Dick Egloff of Plymouth. At present Dyer and Fleming are running with the first team and Egloff with the second. Last season Arizona State University, a member of the Western Athletic Conference, posted a 6-4 record.

MID-AIR GRACE: end John Bida grabs for a pass in the Plymouth-Farmington game Friday afternoon. The game was played in daylight because Farmington doesn't have lights for its field. That's Chris Norton defending.

**BROAD FAMILY PROTECTION** with Personal Accident Insurance—One more reason why YOU LEAD THE WAY when you're a member of Triple-A.

**NOW HE'S PROTECTED TOO!**

### FIX-IT TIP

New plaster (less than a year old) should be treated before it is painted. Brush the plaster with a solution of zinc sulphate and water—one or two pounds to a gallon of water.

### NOTICE OF REVIEW OF SPECIAL ASSESSMENT ROLL FOR THE CHARTER TOWNSHIP OF CANTON

TO THE OWNERS OF THE FOLLOWING DESCRIBED PROPERTY:

All lots and parcels of land abutting on the following described water mains:

| IN         | FROM          | TO        | SIZE |
|------------|---------------|-----------|------|
| Maben Road | Canton Center | Beck Road | 8"   |

PLEASE TAKE NOTICE THAT a Special Assessment Roll has been prepared and is on file in the office of the Township Clerk for public examination. Said Special Assessment Roll has been prepared for the purpose of assessing the cost of the above described water mains.

TAKE FURTHER NOTICE THAT the Township Board will meet at the Township Hall, 128 Canton Center Road, in the Township at 8:00 o'clock p.m., on Tuesday, October 11, 1966 for the purpose of reviewing said assessment roll and hearing any objections thereto.

JOHN W. FLODIN  
Township Clerk

(9-28, 10-5, 1966)

### YMCA to sell apples

The Plymouth Community YMCA is busy picking apples and will be selling them and cider in the main parking lot behind the stores on Friday afternoon, September 30. They will be Macintosh, Maiden Blush, and Greenings.

The cider is made from the apples that are picked from the same orchard and taken to the Dexter mill to be pressed into fresh, undiluted cider with no preservatives added in order to maintain the good old-fashioned flavor of apple cider.

The Y earns money for expenses with this project. Various groups connected with the Y programs such as the Jr. High Boys and the Senior Hi-Y have been volunteering their help in order to make it a success.

There will be a dance at the Chip Saturday, October 1, from 8:30 to 11 p.m. The Illusions will furnish the music.

### Plymouth Mail Deadlines

TO: PUBLICITY CHAIRMEN  
 SUBJECT: MAIL DEADLINES

The Plymouth Mail must hold to rigid deadlines for news articles to produce the paper each week. Deadlines are as follows:

**WOMENS PAGE: 5 p.m. Friday.**  
**PICTURE REQUESTS: Saturday, noon.**  
**SPORTS PAGE: Monday, noon.**  
**GENERAL NEWS: Monday, 5 p.m.**

In every case, pictures and news articles are sought as soon as possible. The deadlines are meant to be final times, and should not discourage you from bringing news in a week or more in advance. The sooner the better.

Please.

TEENAGE FAD AND FUN: This isn't new to Plymouth, but it was a Saturday morning surprise for the Robert Gotshall family, 1116 Harding. Friends of the Gotshall's children draped toilet paper over trees and the house Friday night. They were back Saturday to clean up the mess. Experts say when done right, the paper can cover an entire house or a tree, making it unrecognizable.

### Junior High East News

by Marcie McKeon  
The first dance of the year for Junior High East students

#### Serving our Country

Michael C. Wagner, Seaman Recruit Michael C. Wagner, 20, USN, son of Mr. and Mrs. Fred N. Wagner of 13961 Ridgewood, has been graduated from nine weeks of Navy basic training at the Great Lakes Naval Training Center.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers.

is scheduled for October 7 from 7:30 until 10 p.m.

Don't miss the first football game tomorrow. The ninth graders oppose the Pearson Junior High team here in Plymouth at 4 p.m.

Open House will be held Tuesday evening, October 4. Parents are invited to participate in an evening designed to give them an idea of school life. With the school day divided into 12 minute class periods each parent will follow the student's class schedule to meet the teachers.

Representatives from each home room assembled last Wednesday. Newly elected officers of Student Council are Tom Williams, president; Mike Beyers, vice president; Lynn

Sandman, secretary; Chuck Wibbey, treasurer; Pat Burman, co-secretary; and Rob Gottschalk, historian.

Mrs. Lawson promises an active program this year in girls' athletics. Eight and ninth grade girls interested in GAA met September 20 in the gym. Pat Clyde was elected president with Liz Lawson, vice-president and Nancy Conover, secretary.

Tryouts for cheerleaders were held September 21. Potential cheerleaders are taught many of the stunts required for high school cheerleading. Any ninth grade girl who wishes to earn a letter and did not participate in either GAA or cheerleading last year must belong to both activities in order to qualify.

### From Washington

#### Seeks cut in public works funds

#### Congressman Wes Vician

All of us, citizens and public officials, lament the fact that the cost of living is rising in the United States. Members of the United States House of Representatives are no exception.

Last week, the annual Public Works Appropriation came to a vote in the House of Representatives. The Appropriations Committee recommended an appropriation of somewhat over \$1.3 billion for various Public Works projects.

During this time of inflationary pressure, I believe that we should defer and curtail non-essential spending. In my opinion,

tens of millions could have been cut from the Public Works Appropriation bill that came before us, without diminishing our nation's health, welfare and security.

Because of my strong belief that government spending must be curtailed this year, I voted against the appropriation. I hope the Committee will reduce remaining appropriations yet to come.

The remarks I made during the debate on the bill will be of interest to you:  
CONGRESSIONAL RECORD  
HOUSE

"Mr. Chairman, as many Members have reiterated today, it is incumbent upon us this year to cut out or cut the costs of all defensible Federal programs and projects, in order that we will be able to continue adequately, and in some cases to increase, truly essential programs. Several amendments were proposed today to the public works portion of the appropriations bill before us, which would have reduced the cost of the bill without, in my opinion, being detrimental to this Nation. I am disappointed that none of these were adopted.

I am sure that the Members of the Appropriations Committee, who handled this bill, and of the Public Works Committee, who handled the predecessor authorization bill, took their duties seriously and have offered what they consider a good compromise. But I personally feel that a lesser cost compromise would have been preferable.

Mr. Chairman, I conclude that the best course I can follow to express my dissatisfaction with the cost of this bill, and my disappointment with the situation which prevails on the floor, is to vote against the bill.

### How dropouts can enter Schoolcraft

A revision of admission policy to spell out how non-high school graduates can enter Schoolcraft College has been announced by the college.

The new rules are aimed primarily at the high school dropout, but apply equally to the advanced student now attending high school. The rules were developed in a series of conferences between College authorities and administrators of high schools in the College district, and were approved by the College Board of Trustees.

The rules apply only to residents of the College district and provide separately for non-graduates who are 20 or older, and those under 20.

In each instance, students may apply for courses in either academic work or vocational technical areas.

Under the new policy, non-graduates who are 20 or older may apply for admission as special students and will be admitted to those courses in which their success seems probable as indicated by their high school record, college coun-

seling tests and personal interviews. These students will be re-classified as regular students when individual program deficiencies have been removed. Non-graduates not yet 20 will be considered for admission as special students under four conditions, according to the new policy:

- They must have completed at least eight high school units from a high school recognized by the State Dept. of Education.

- They will be eligible for consideration only after the lapse of one full school year or after earning one additional high school unit of credit after leaving high school.

- They must present a written recommendation from their high school superintendent.

- They will be admitted only to those courses in which their success seems probable as indicated by their high school record, college counseling tests and personal interviews. Regular status will be granted to these students when program deficiencies are removed.

### Set millage in Township

Although it can't be taken as an indication of the tax rate that faces property owners in Plymouth Township, Supervisor John McEwen Monday presented the established millage figures for the Township to the Wayne County Board of Supervisors as provided by law.

The millage was established by resolution of the Township Board in last week's regular meeting.

In as much as the township has reduced its requirements for debt retirements and must stay within the legal debt limitations, the millage for the township government will drop .7 of a mill from the 4.5 of this year to 3.8 for next.

The established millage as presented by McEwen to the Board of Supervisors shows: Township 3.8 mills, Plymouth District School system 26.95, Schoolcraft College 1.77 and the County Intermediate School system .03 for a total of 32.55 mills.

McEwen estimates the millage will bring the Township, \$257,243; schools, \$1,824,396; Schoolcraft, \$119,821; and the Intermediate Schools, \$2,030 for a total of \$2,203,492.

The tax rate for the Township, which is based on the county and state equalization, will not be known until sometime late in October. There is a possibility that it may contain some shocking surprises for many Township property owners.

### County hospital plans clinic for immunization

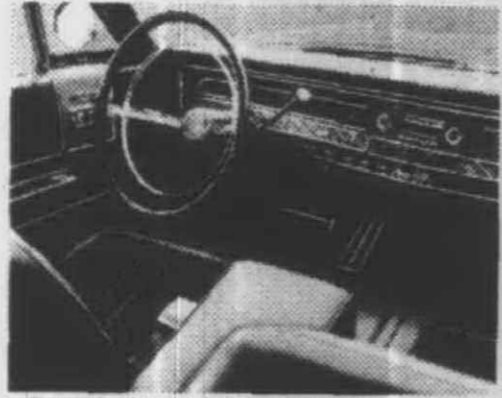

Dr. Florine Hampton, Deputy Director of the Wayne County Department of Health, announced today that the Department will be having immunization clinics at various sites in the out-county area between October 5-8 and November 16-19.

Immunizations against smallpox, diphtheria, whooping cough, tetanus and polio will be available to persons of all ages. Measles vaccine will also be available under the age of six who have never had measles.

Clinics will be held at eleven locations in the Out-Wayne County area. A donation of \$1. per person will be collected to help cover the cost of the program. Each person's immunization history will be reviewed and those immunizations necessary will be given. All clinics will be open from 5-9 p.m. on Wednesday, Thursday, and Friday nights and from 3-9 p.m. on Saturday. For more information call CR 4-2800 or PA 1-0200, extension 6976, or 6977.

### Take Charge... Move up to Chrysler '67

Any time. Anywhere. The '67 Chrysler takes charge. In the way it looks. In the way it goes. Its optional 440 TNT V-8 is the biggest in the price class, as are the brakes. A perfect balance. A new energy-absorbing steering column is standard equipment. So are many other safety features.

Standard Newport Custom front seats have pull-down armrests.

Something else about Chrysler. Four Chrysler Newport models are now priced just a few dollars a month more than the most popular smaller cars, comparably equipped. If you've been looking for a winner, Take Charge in Chrysler '67. It's it. on display now CHRYSLER '67

# CREDIT

# UNION

## What does this symbol mean to you?

More than one and a third million people in Michigan (you may be one of them) now make "CU" their symbol for saving and borrowing. A credit union is in business to help its members. It is owned by its members. And it offers advantages you can find nowhere else.

A credit union pays generous dividends on savings. It provides life insurance to all qualified members as an extra dividend at no extra cost. It

lends you money at the same low rates, even in these high rate times... and insures your loan at no extra cost.

Many credit unions even return a part of the interest paid by borrowers at the end of the year — and they are the only ones who do. If you are not a member and would like more information, contact the C.U. where you work — or the one in your parish or neighborhood — or write Michigan Credit Union League, 13235 Woodrow Wilson, Detroit, Michigan 48238.

A FORMAL SWEARING in ceremony for all regular and volunteer firemen in Plymouth Township Hall held Saturday. Headed up by Public Service Director William Burr, center, foreground, the oath of office was administered by Mrs. Helen Richardson, clerk. Captain Barney Maas, and sergeant Fred Knupp are on either side of Burr. In the front row, left to right, are: R. Pelley, C. Simpson, J. Gignac (regular), R.

Groth (regular), P. Truesdell, D. King, F. Honke (regular), L. Norman, R. Rorabacher, W. Lenaghan, G. Leader, M. Schomberger. In the back row is J. Young, D. Totten, F. Clement, K. Evans, G. Burke, L. Groth, O. Henning, and R. McDowell. Not pictured are L. Westfall, L. Dobies, E. Anderson, R. Pagenkopf, B. Norman, F. Miller, D. Strang, D. Moore, and D. Piller.

**New Books At Life in India Dunning Hough**

"A Handful of Rice", a novel by the Indian writer Kamala Markandaya, portrays life in the city through the story of Ravi who comes to the city full of hope and finds hardship and disappointment.

"A Scent of White Poppies" is a new suspense novel by John Christopher about a man who inherits a farm in England and frightening things begin to happen.

"You and Architecture" by Alfred Browning Parker is for the general reader, home builder or buyer. Emphasis is on applying the lessons of architectural history to present day needs and tastes.

"The International Nomads" by L. Anfranco Rasponi describes today's "jet set", their customs and habits, as well as a discussion of individual members of this exclusive group.

"Battle of Little Big Horn" by Mari Sandoz gives an account of the U.S. Army expedition against the Sioux Nation. The Author's analysis of General Custer's motivations and political aspirations are controversial.

**Over 72 group has new SS benefit coming**

November 3 is the date that many senior citizens will begin to receive a brand new social security benefit. Sam F. Test, District Manager of the Northwest Detroit Social Security Office, said today that people age 72 or over who could not qualify for benefits under the old law may file now for this special payment. Checks first payable for October will be put in the mail beginning November 3. Single persons who qualify will receive \$35 per month, a married couple's monthly check will amount to \$52.50, providing both husband and wife qualify. The new provision, known as the Prouty Amendment, covers anyone born before 1896 despite absence of any prior work un-

der social security, Test said. Persons born after 1895 will need some work credited to their social security accounts. In addition, each "Prouty beneficiary" must be a U.S. citizen, or an alien who has lived in this country continuously for five years after being admitted for permanent residence. Test listed certain situations which would reduce the benefits payable under this Amendment. 1. A person eligible for a government pension, other than workmen's compensation and compensation for service-connected disability or death paid by Veterans Administration will have this social security benefit reduced by the amount of that pension. 2. A beneficiary may not re-

ceive this payment for any month in which he receives a state welfare cash payment. Local welfare offices are identifying persons who may be affected by this provision. Social Security is sending a special questionnaire to persons who are already age 72, or will be in October, and who have already applied for hospital insurance (Medicare). Test points out, however, that anyone age 72 or older who did NOT file for Medicare should get in touch with their social security office now. The local office is at 18500 Grand River and it has pamphlet OASI-1966-1 available which gives the details on the Prouty Amendment.

# The Townsend Dunn Steel Division Is People Minded.

Our "People Program" is described in this reproduction of a recent advertisement. It appeared in **BUSINESS WEEK**—a magazine read by more than 1,300,000 professional management people in business and industry throughout the United

States and abroad. The "People Program" is only one of many reasons why this Townsend Division is a good place to work.

Robert Staff, of 41399 Ivywood, a student at Kalamazoo, aboard a liner bound for the University of Muenster, Germany.

## Cost of living up \$897,000 in area

In Plymouth, as in most other parts of the country, the cost of living is several percent higher today than it was a year ago.

On the basis of the latest Labor Department findings, the average local family needs approximately \$290 more per year than it did in 1965 to buy the same amount of goods and services.

That is the size of the increase for a family that has a net, after-tax income of \$11,142, which is the local average.

FOR FAMILIES in the \$10,000-a-year category, an additional \$260 is needed and, for those at the \$4,000 level, \$104.

All told, to purchase the same amount of goods and services as in 1965 will cost residents of the local area some \$897,000 more this year at present price levels.

Inflation in the past 12 months has boosted the cost of food, housing, transportation, medical care and

other necessities by over 2.8 percent, according to the government's composite findings.

It was the biggest rise in many years. By way of comparison, the increase in the cost of living from 1963 to 1964 was only 1.4 percent and, in the following year, 1.8 percent.

The sudden surge upward has the experts worried. Once real inflation gets under way it tends to spiral upward, past experience shows.

Although many people think that higher food prices were chiefly responsible for the rise in the cost of living, they were not, a breakdown shows. They accounted for only a fourth of it. The cost of services increased nearly twice as much.

Fortunately for most Plymouth families, their incomes have been going up at a faster pace than consumer prices, so that they have been able to maintain their standard of living.

Those on pensions or other set income, however, have had to tighten their belts somewhat.

Schoolcraft choir seeks new members

Schoolcraft College Evening Choir will begin rehearsals for the 1966-67 season at 7:30 p.m., Wednesday, Sept. 28, in Room F-310 in the Forum, Wayne Dunlap, director, has announced.

The choir is open to all persons in the college district. New members will be auditioned, Dunlap said. Choir membership requirements include sight reading ability, previous choral experience and regular rehearsal attendance.

Plans for the year include a performance of Christmas cantatas by Buxtehude and Pinkham and a major choral work, yet to be named, in the spring. All choral performances are accompanied by orchestra. Allen Shaffer, of the Schoolcraft music faculty, is choir accompanist and assistant director.

Arrangements for auditions may be made at the first rehearsal or by contacting either Dunlap or Shaffer at 591-6400, extension 317.

## A look over the president's shoulder at Townsend

ONE OF A SERIES

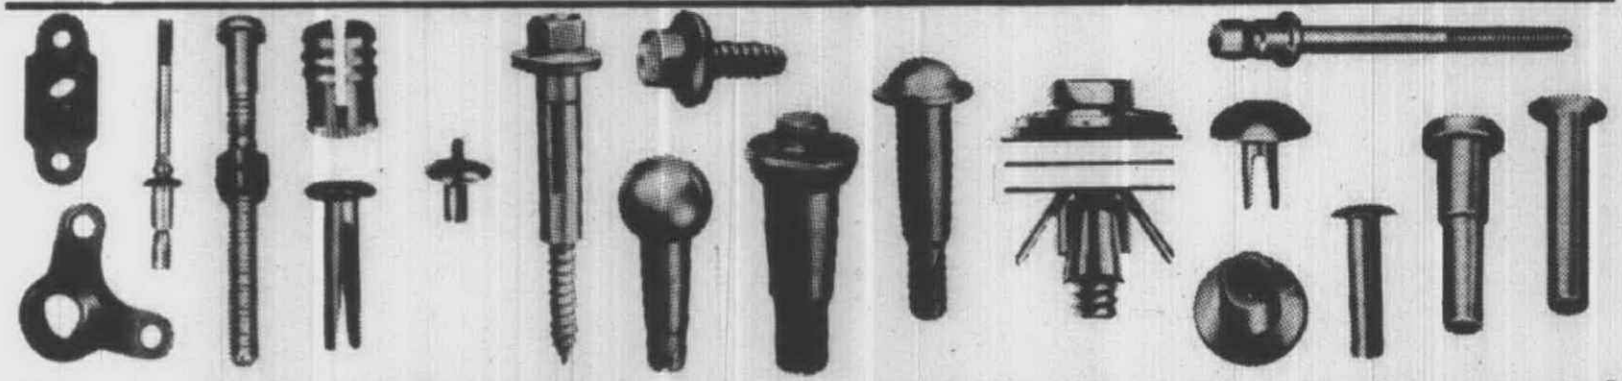

To continue Townsend's leadership in the fastener industry we must have, first of all, top-flight employee cooperation and, second, a continuous search for new products and acquisitions on which we can use our employee talents to the fullest extent.

This is why Townsend has a "People Program." It requires top management to spend more time thinking about people than machines and by so doing we maintain an unusually high degree of skilled personnel at all levels.

For example, all managers, department heads, supervisors and foremen regularly evaluate themselves by evaluating the performance and progress of others. We believe in communicating from the top to the lower ranks and, equally important, from the lower ranks to the top.

We discourage procrastination on the part of supervisors who put off moving an inadequate worker to a more suitable job or perhaps terminating him. This is

These typical precision parts are produced by special cold-heading techniques developed at Townsend. They hold together such diverse products as aircraft and space vehicles; automobiles,

trucks, trailers, farm implements and hand tools; ships and railroad cars; home appliances, radios and TV sets; a multitude of electronic devices—even luggage and blue jeans.

only fair to the employee and fair to Townsend.

On the other hand we have worked hard to acquire good people, train them on a regular basis and practically without exception to promote from within.

As a result we have the advantage of a very stable level of employment and have added good people as the demand for the products and services of each divi-

advantage to have these specialists and their plant facilities serve your fastening needs. Our booklet, "A Quick Look at Townsend," gives more information about each division. Write to me for a copy at Beaver Falls, Pa. 15010.

### BEER—A big boost to the economy!

The brewing industry each year contributes over 1.4 billion dollars in federal, state and local excise taxes. Wages and salaries in the brewing industry account for almost 500 million dollars, and the purchase of packaging materials from other industries runs over 550 million. So next time you enjoy a cool, refreshing brew after hard work or play, remember—BEER is good in more ways than one!

UNITED STATES BREWERS ASSOCIATION, INC.

### PCF SUPPORTED

## Salvation Army- everybody's helping hand when needed

Getting people back on their feet after temporary or long-difficulty is a task so well performed that the Salvation Army has earned worldwide recognition and respect.

share in an \$88,543 fund to be raised in the annual United-Giving campaign, scheduled for the period of October 10-November 4.

Dr. William Covington is president of the Fund, while Edward W. Schenning of the Burroughs Corporation will direct the activities of some 250 campaign volunteers. Plymouth's Community Fund drive officially opens with a torch-lighting ceremony in Kellogg Park on October 10 at 7 p.m. \*Miss

Sparkle\*, recently introduced, will light the campaign torch. Plymouth's Salvation Army efforts are directed by Brig. and Mrs. Ernest V. Hammer, who have a combined service record of some 60 years with the Corps.

The Hammers and their Corps staff of volunteers deal with such elements of program as emergency shelters, an employment bureau, alcoholic rehabilitation, spiritual guidance and evangelism, maternity homes and hospitals, the Evan-

geline residence for young women, Red Shield Canteens, correctional services, and summer camps and youth work.

Helping the Corps leadership with the annual Christmas appeal and as liaison with the community is an Advisory Board headed by Frank Henderson, Mrs. Elizabeth Mather, Mrs. Margaret Daniel, Donald Sutherland and Robert D. Wiloughby.

Last year, the Plymouth Corps served 98 families which embraced 245 people, and 23 transients were helped. Some of the reasons why families needed Salvation Army help were: father deserted, or lost his job; a fire destroyed their house; prolonged sickness or hospitalization for the breadwinner.

Some were dispossessed, while others were newcomers to the area who had made no advance arrangements for housing. Much of the Army's work was to meet temporary needs before families could qualify for public welfare or A.D.C.

In service to such families, the Plymouth Corps provided 169 grocery orders and 15 fuel orders; made emergency rent payments for six; issued 119 garments, 16 pairs of shoes and boots, and such household items as refrigerators, washers, beds and furniture.

Christmas baskets were included in Corps work and, to avoid duplication, the recipient

names were cleared with the Goodfellows' records.

Transients were helped with housing and meals, many being housed in the Army's facilities in Detroit. Harbor Light in Detroit was used to extend help to alcoholics, while two expectant unwed mothers were hospitalized at the Army's Detroit maternity hospital.

Two youth groups - the Girl Guards and Junior Legion - served youngsters ages 11 to 18. Their character-building activities centered in the Army's Citadel, and without denominational aspects. With the help of Plymouth Rotary and their own funds, the Girl Guards attended the Army's camp near Oxford.

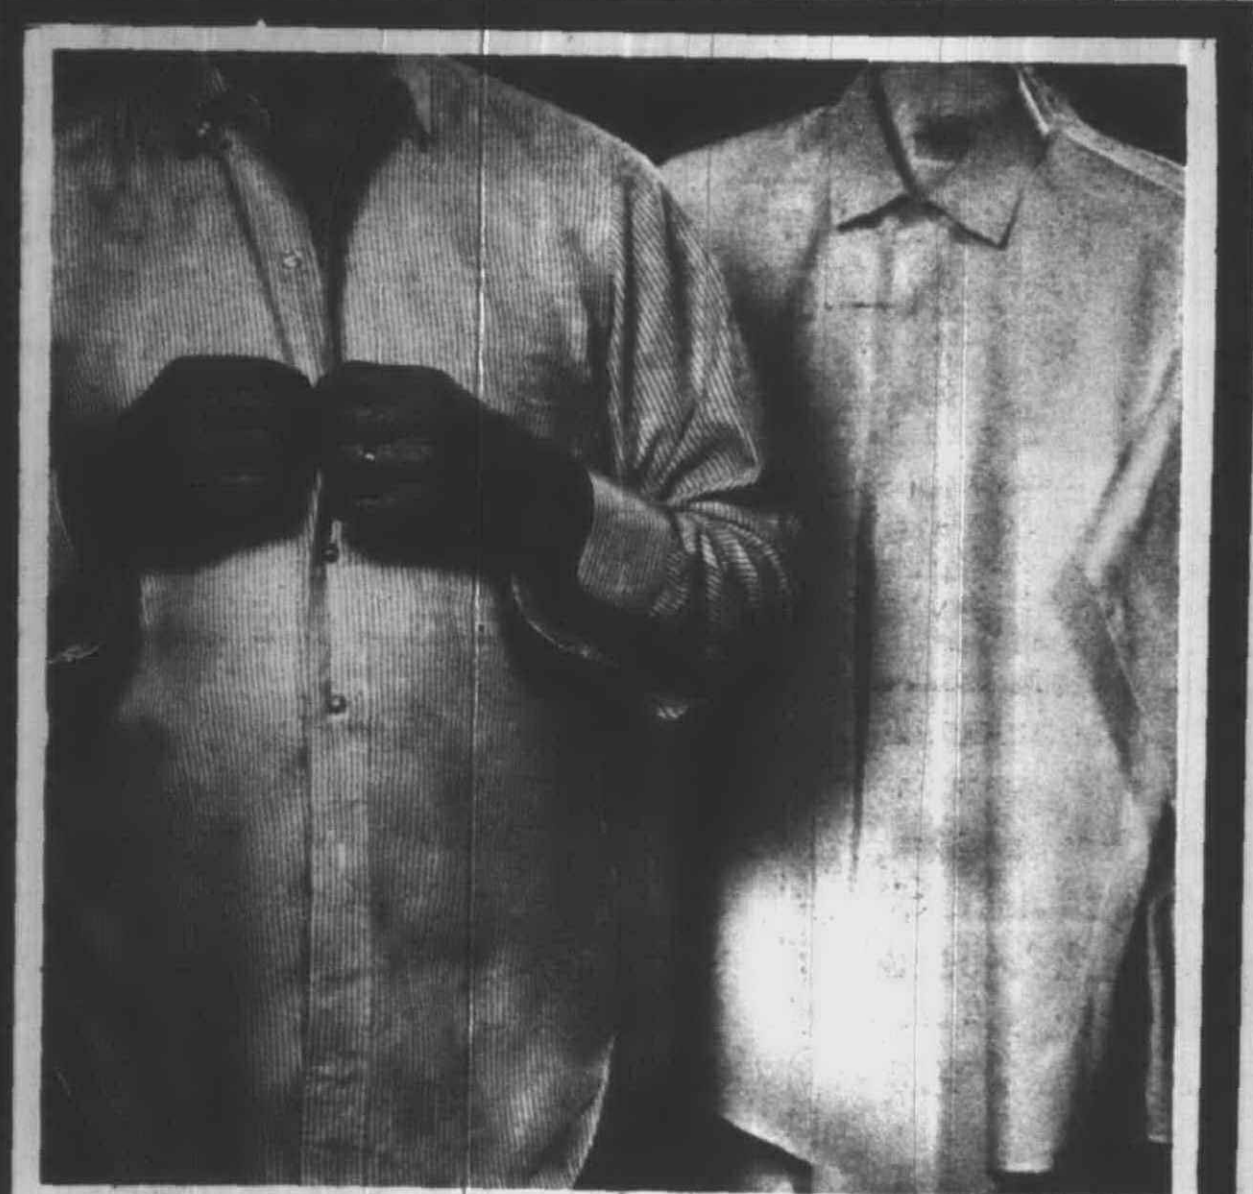

The Hammers have referred some people to their Detroit industrial office for job interviews, while the Detroit men's social service center has served others from Plymouth area.

While Brigadier Hammer concedes that occasionally he is "taken" by a "phony", he adds that "we try not to lose our concern for people because of such incidents". The Corps commander also is appreciative of the substantial help from Plymouth Community Fund, which currently is providing about one-third of his annual budget.

The Army's Citadel is located at 290 Fairground, Plymouth, and its phone number is GL 3-5466 or GL 3-5464.

EMERGENCY AID: this scene was duplicated early in 1966 when a gas explosion and fire in Plymouth township brought the Salvation Army's emergency disaster mobile unit into action. Victims and firefighters alike received the hot coffee and the Plymouth Corps' helping hand. The Community Fund will grant \$10,000 support to the Corps program in 1967.

### Good Mornings

Now, a better way to start the day. Wrinkle-free, ready-to-wear, shirts on hangers from Tait's Laundry and Cleaners. All-white, no-return hangers, contoured at the collar especially for shirts, mean better final inspection. Come in today (or call GL 3-5420 for pick-up and delivery). Specify starch choice, and say "hangers please."

## Ride the Wide-Track winning streak!

From the same drawing board that gave you Grand Prix, GTO and Overhead Cam Six now come the newest Pontiacs since the invention of Wide-Track!

You're looking at the most beautiful Pontiacs ever to ride on Wide-Track. The incomparable GTO returns with a 335-hp 400 cubic inch engine under a magnificently refined new skin. Or you can order the 255-hp version or the fabulous new 360-hp Quadra-Power 400. And for the first time, you can order your GTO with our famous three-speed Turbo Hydra-Matic.

The Le Mans and Tempests come back better than ever. Bright new interiors. Bold new colors.

A 165-hp Overhead Cam Six is standard. Or you can specify a 215-hp version, a 250-hp regular gas V-8 or its 285-hp premium gas cousin. Or step into the neatest grand touring car this side of the Atlantic with our OHC 6 Sprint package.

Our big Pontiacs are new from the famous split grille to the slickest innovation of the year - disappearing windshield wipers! They're less subject to freezing. And only Pontiac has them.

Also new: a Grand Prix convertible! There are new 400 and 428 cubic inch V-8s. New safety features such as front seat belt retractors, a four-way traffic hazard flasher, folding front seat back latches and General Motors' new energy absorbing steering column. Of course, all Pontiacs come with the road hugging security of Wide-Track.

### Wide-Track Pontiac/67

The Great One: GTO Convertible.

This year Plymouth High School is host to four exchange students.

They are: Gudrun Fjellman who is staying with Mr. and Mrs. Gordon Poole; Bo Asplund, who is spending the year with Mr. and Mrs. John Pulker; Ulrich Tacke, who is living with Mr. and Mrs. Winters; and Birgith Hansen, who is in the home of Mr. and Mrs. W. J. Kincaid. Gundren and Bo are from Sweden. Germany is Ulrich's home, and Birgith hails from Denmark.

Humanities, a new and completely different kind of class, has been added to the seniors' list of electives. The class in humanities includes music, art, literature, and philosophy.

The class numbers 129 students and is taught by a team of four teachers. Mr. Fred Nelson is in charge of music, Mrs. Jessie Hudson, art, and Mr. Dudley Barlow and Mr. William Sands are handling the literature. The class is presently studying *The Odyssey*, and in the future will read *Plato*, *Inferno*, *Canterbury Tales*, *Hamlet*, and others.

A group of Plymouth students will travel to Stratford, Ontario to see a Shakespeare comedy, *The Twelfth Night*, on October

by Nancy Spigarelli

6. The reservations for this trip were taken on a limited basis.

Senior and all-school pictures were taken September 19-28. Photographs were taken by Alston and Kahler Studios.

The Varsity Club has been selling attractive blue and white jackets inscribed with "Plymouth". The jackets sold for \$7.25. Recent orders will be filled within three weeks.

The GAA started the school year with interscholastic field hockey, and has now taken up bowling at Plymouth Bowl.

New members of the Triple Trios include: Chris Fowler, Suzanne Robinson, Linda Lash, Sue Baskins, Maryanne Schlie, Debbie Wood, Babe McClung, Joanna Firestone, and Melinda Stevens. This year's accompanist is Cathy Miller.

The Water Wave Club held a clinic for all girls interested in trying out. Tryouts will be Wednesday, September 28.

The German Club has a picnic planned for September 30 at Wood's Farm. The French Club recently had a swimming party at the home of Carol Schaening.

TWO OF FOUR men employed in the Plymouth area, and described by Chester F. Ogden, administrative vice-president of The Detroit Edison Company and president of Junior Achievement of Southeastern Michigan, as "cream of the crop" and "trail blazers," receive their Coordinating Adviser portfolios from Ogden (center). On the left is Mason McKeel of Western Electric Co., and right is Frank Marschall of Burroughs Corp.

## J.A. has new advisor plan

Four top-notch Plymouth area businessmen have been chosen by Junior Achievement of South eastern Michigan to implement J.A.'s new coordinating adviser system at the J.A. Plymouth business center which is in operation four nights a week at 858 West Ann Arbor Trail. The men who will each take

over the coordinating advisership one night a week for 30 weeks are: Frank Marschall of the Burroughs Corp., James Wilson of the Livonia Chevrolet Plant of General Motors Corp., Mason McKeel of Western Electric Co. and Larry Furrow of Ford Motor Company's Transmission and

Chassis Division in Livonia. Junior Achievement of Southeastern Michigan operates the largest J.A. program in the United States, with some 8000 junior and senior high school students organizing each fall into their own business companies.

One of the principal reasons for introducing a new adviser system, according to Chester F. Ogden, who is administrative vice-president of The Detroit Edison Company and president of Junior Achievement of Southeastern Michigan, is to achieve the most efficient use of adviser manpower.

When the Junior Achievement program gets under way October 10th in the Plymouth area, approximately 400 students from local high schools will form into 20 or more brand new J.A. companies. In the past each company has been sponsored by a local parent company which provided at least three advisers. Thus under the old system at least 60 advisers would be needed this year. However, under the new system, with one coordinating adviser at the helm each night, a J.A. center can operate with a minimum of three advisers for all companies in operation at the center that night.

Because of the size of the Southeastern Michigan operation, the use of the new coordinating adviser system is being watched by J.A. operations all over the country.

Only 80 men were chosen as coordinating advisers, and at a recent meeting scheduled to acquaint them with procedures, Ogden told the men, "At the risk of using cliches, I can't think of any better way to describe you men than as 'cream of the crop' and also 'trail blazers'! Hundreds of business people give a great deal of their time to the Junior Achievement program, but the success of everything that others do rests with the coordinating advisers."

All Junior Achievement advising is done on a voluntary basis, with businessmen volunteering their time through their companies who sponsor the various junior companies. By the time that the current Junior Achievement program ends in May, 1967, the coordinating advisers will have donated hundreds of hours of their leisure time in helping direct the energies of Michigan's teen-agers into constructive, productive channels.

## The Good Old Days — From Plymouth Mail Files

10 years ago      25 years ago      50 years ago

Thursday, September 27, 1956  
10 years ago

Mrs. Robert Willoughby, Mrs. Harry N. Deyo, Mrs. Ada Murray and Mrs. Lester Stone were in Tecumseh, Wednesday to attend a regional luncheon of the D.A.R.

Mrs. A. E. Van Ornum entertained at a luncheon at her home on West Maple Wednesday for 12 new neighbors, Mrs. Roy Jacobus, Mrs. Stryl Edmonds, Mrs. Michael Newell, Mrs. Richard Newton, Mrs. E. J. Readman, Mrs. Walter Hammond, Mrs. Samuel Dibble, Mrs. James Winterhalter, Mrs. Dewey Evans, Mrs. T. W. Stevens, Mrs. M. J. Heric and Mrs. Donald Davies.

Mr. and Mrs. Laverne Rutenbar spent the week-end at the home of her parents, the Ward Smiths in Mayville.

Friday, September 26, 1941  
25 years ago

Mrs. F. R. Hoheisel is the new

president of the Plymouth Woman's Club.

Phyllis Burrows of Grand Rapids spent the week-end visiting in the home of Dr. and Mrs. John Olsaver.

A dessert bridge and towel shower were given by Mrs. John Blickenstaff and her daughter, Mrs. Frank Allison, for Miss Barbara Olsaver, a bride-elect.

Mrs. David Mather has invited a few friends in Tuesday afternoon in honor of Mrs. Elvin Taylor.

Friday, September 29, 1916  
50 years ago

Merle Roe, the 13 year old daughter of E. S. Roe received first and second premiums on her fancy work displayed at the Michigan State Fair this year.

H. S. Shattuck and wife are in Chicago this week attending the Vegetable Grower's Association of America.

The wets are circulating petitions in Oakland county to vote at the local election next April. There will be a state wide vote on prohibition in November, but if the state goes dry the law will not go into effect until April 1918, so if the wets win local election the saloons will have an extra year.

The Ladies Aid of the Lutheran church will give a thimble party at the home of Mrs. Louis Rebault October 14.

### E. Keith Owens Plan dinner on committee for GOP fund Ball for Vivian

John S. Bugas has been appointed chairman of a Romney-Griffin Bandwagon Ball to be held October 6 at Cobo Hall, according to Wendell Anderson, chairman of the Southeastern Michigan United Republican Fund.

Some 3,000 persons are expected to turn out for a \$100-a-plate dinner (\$125 per couple) with dancing afterward to the Glenn Miller Orchestra and entertainment by Eddie Allyn and Joan Shepherd.

Bugas and a 32 member blue-ribbon committee are responsible for ticket sales for the Romney-Griffin Bandwagon Ball. Committee members include E. Keith Owens of Plymouth.

### Esch to handshake in Plymouth

Representative Marvin L. Esch, Republican Candidate for U.S. Congress, reported today that he would spend a full day campaigning in Plymouth on Thursday, September 29.

Esch will arrive in the city at 8 a.m. for coffee and handshaking at the Round Table in the Mayflower Hotel Coffee Shop.

From 9:30 a.m. to 11:30 a.m. Al Sterner, Plymouth Chairman of the Wayne County Citizens' for Esch Committee will accompany Esch on a door-to-door tour of the City to greet voters.

### Plan testimonial for P. Livingston

Mayor Jerome P. Cavanagh will be Guest Speaker at the Testimonial Dinner this Friday for Paul F. Livingston, Democratic Candidate for State Senate from the 14th District.

U. S. Senator Philip Hart and the Honorable Otis M. Smith of the Michigan State Supreme Court will act as Dinner Co-chairmen. The dinner will be held 7 p.m. Friday, September 30 at Roma Hall, Schoolcraft between Middlebelt and Inkster in Livonia.

Local residents serving on the Livingston Dinner Committee include Richard Wernet, former mayor of Plymouth; Circuit Judge Thomas J. Foley; Judge Edward Draugelis; City Attorney Thomas Healy; George Lawton and Ralph Lorenz.

At noon Esch will meet with area businessmen at the Mayflower Meeting House. From 1:30 to 5 p.m. he will go to door-to-door again in the Lake-point subdivision.

At 5 p.m. Esch will meet with voters in another city restaurant and from 6:30 to 9 p.m. will conduct another handshaking tour at Kresge, A & P, Kroger and Food Fair.

The visit will be one in a series of campaign stops Esch has been conducting throughout the district since the Primary Election. In Monroe last week Esch made more than 30 stops at meetings, dinners, rallies, and businesses in one day. Esch said that he intended to continue his high pace until the November 8th election.

Al Sterner reported that Esch's day usually begins at 6 a.m. with plant-gate visits and doesn't end until late at night.

# Here's map, routes for color tours

Nature's fall color show, when forests turn from summer green to a brilliant sea of red, orange and brown, has just opened in Michigan and should continue into the first week of November, according to Automobile Club of Michigan. Approximately 320,000 cars

carrying 800,000 persons will travel 32 million miles in Michigan on special trips to view fall color this year, says Jerry E. Fisher, Auto Club's touring manager.

Fall color is now appearing in the Upper Peninsula. "Anyone who wants to see

nature's autumnal display at its best between now and October 9 will have to visit the Upper Peninsula," states Fisher.

The color spectacular is expected to reach its peak in the upper third of the Lower Peninsula by mid-October and move

into central Michigan a few days later.

"Although color tours can be taken in southern Michigan anytime after the second weekend of October, the most brilliant colors can be seen the last two weeks of the month," Fisher adds.

Weather conditions determine the length of the color tour season. Rain and wind knock leaves from trees and can limit the season to a few days. When days are warm and dry, color can last for two weeks in an area.

The two most popular touring areas in the state are the Irish Hills in Lenawee County and the Traverse City-Cadillac area.

Often cited as the most scenic individual road for viewing peak color is the 52-mile stretch of M-55 between Cadillac and Manistee, Fisher states.

Although color tours can be taken anywhere in Michigan, Fisher suggests that motorists travel country roads where traffic is light and settings more picturesque.

Fisher adds that state forests and recreational areas have roadside markers indicating picnic areas, scenic sites, recreational and educational areas.

Car trips can be taken through the following Upper Peninsula state forests.

Two drives are near Iron Mountain. Sturgeon River State Forest is a 20-mile drive. The Ford River Forest trip is a 35-mile drive.

Tahquamenon River State Forest near Newberry is a 21-mile drive.

Mackinaw State Forest drive near Naubinway off US-2 is a 6.5-mile drive.

State Forest drives can be taken in the following Lower Peninsula forests.

Houghton Lake State Forest drive between Houghton Lake and Prudenville is 30 miles long.

Jordan River State Forest drive near Alma is 14 miles long.

Pere Marquette State Forest Drive off US-10 near Baldwin is 30 miles long.

Many motels offer reduced rates during the fall. Since small game and bow and arrow deer hunting seasons coincide with the color tour season, Auto Club suggests advance reservations at popular motels.

## STRICTLY FRESH

Viewing his first American football game, the Englishman watched one of the teams go into huddle. "It's not a bad sport," he observed, "but they have too many committee meetings."

He who puts all his money in stocks of a paper towel company and a revolving door outfit may be wiped out before he can turn around.

**WANT AD:** Young Democrat male would like to marry young Republican female. Object: Third party.

According to psychiatrists, it's not good for a man to keep too much to himself. The Internal Revenue Service is in complete accord with this statement.

## Serving our Country

Airman James L. Pratt, son of Mr. and Mrs. James W. Pratt of 15473 Fry Road, has been selected for technical training at Chanute AFB, Ill., as a U.S. Air Force aircraft equipment repairman.

The airman recently completed basic training at Lackland

James L. Pratt

AFB, Tex. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Airman Pratt was graduated from Plymouth High School in 1966.

## Edward Evans III appointed to post at Evans

The appointment of Edward S. Evans III as the Manager of Hydra-Cushion Sales and Service for Evans Products Company was announced this week by J. R. Byrne, Vice President of Sales for Evans' Transportation Equipment Group.

Evans has been Western Sales Manager for the Transportation Equipment Group at its Oakland, California, office since 1964. He now will be located at Group Headquarters in Plymouth, Michigan.

A graduate of the University of Michigan School of Engineering, Evans has held various positions on the engineering and sales staffs of several Evans Products Company divisions since 1956.

Hydra-Cushion Incorporated, the manufacturer of Hydra-Cushion sliding sill underframes used on railroad freight cars to prevent damage, is owned jointly by Evans Products Company and Waugh Equipment Company.

## 'Streetcar Named Desire' opens EMU playbill

Four plays, two presentations for children and the first full-scale use of the new Laboratory Theatre will feature the playbill of the Eastern Michigan University Theatre for the 1966-67 year.

Opening the season, Oct. 20-23 will be Tennessee Williams' "A Streetcar Named Desire". This tragic drama reveals the superficial character of a woman whose life is totally undermined by romantic illusions.

The second offering of the season will be "The Adding Machine" by Elmer Rice. The play outlines the life history and, in its later stages, the death history of Mr. Zero, a cog in the vast machine of modern business. This impressionistic drama will be performed Jan. 11-15.

The early spring play, March 15-19, will be Anton Chekhov's "The Three Sisters". This tragic-comedy, considered by many as Chekhov's most solid achievement, concerns three sisters who are stranded by their father's death in a small provincial town. Their longing to return to Moscow allows for a variety of dramatic themes.

The final production of the four-play series is "The Rivals" by Richard Brinsley Sheridan, deals with a conglomeration of typically eccentric English characters all trying to play the mating game under the stifling influence of 18th century upperclass manners. This production will be presented from May 10-14.

In addition to the regular series, an adaptation of "Snow White and the Seven Dwarfs" by Jessie Brahm White will be given by the EMU Children's Theatre. This adaptation is based upon the version of the famous fairy tale by Winthrop Ames which was originally produced in New York.

The Children's Theatre has also arranged for the traveling company of The Producers Association for Young America to come to Quirk Theatre to present "Young Abe Lincoln", the only children's musical to play Broadway.

This show, which deals with Abe Lincoln as a young man running a general store, will be at Eastern April 7.

This season will mark the first full scale use of the new EMU Laboratory Theatre for various experimental productions such as student written and directed plays, experimental Children's Theatre, plays staged in-the-round, and other examples of modified audience-actor relationships. The schedule for this program will be announced later.

All performances are given in the D.L. Quirk Theatre on the Eastern Michigan Univer-

sity campus and are under the general supervision of James W. Gousseff, professor in the department of speech and dramatic arts, and director of the theatre.

## Two in Wayne Law School as freshmen

This year's Wayne State University 366-member freshmen Law School class will be significant to those associated with WSU legal education, for it will be the first class to initially occupy and fulfill all requirements toward a law degree in the University's new Law School structure.

The \$2.5 million two-building complex connected by a 50-foot arcade is located on the east side of Second Avenue between Ferry and Palmer Avenues.

Containing 100,763 gross square feet of space, the three-story structure will house classrooms, offices for faculty and staff, a moot court room and the Law Library of 250,000 volumes.

Those in the freshmen class from this area are: David H. Raafaud, 172 N. Mill, and Donald C. Williams, 1308 Sheridan.

## Former Observer editor now in Army defense unit

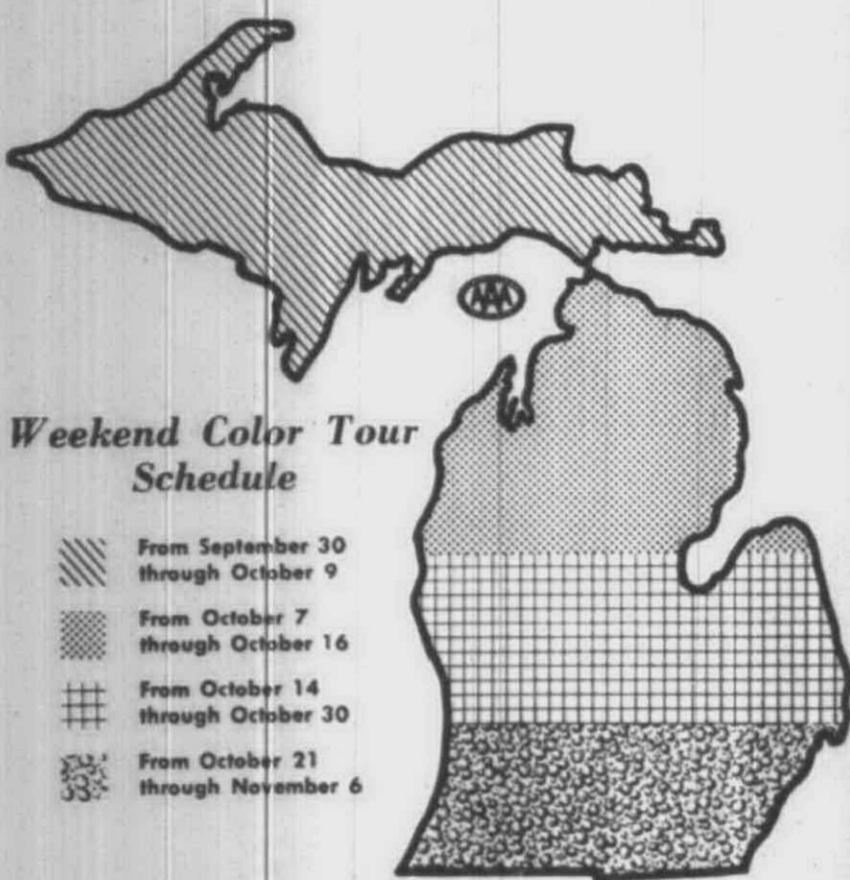

Army Private Emory C. Daniels, 22, son of Mrs. Marjorie M. Daniels, 32470 Donnelly, Garden City, was assigned as editor-photographer in the 45th Artillery Brigade in Arlington Heights, Ill., August 22.

This unit, part of the nationwide U.S. Army Air Defense Command, provides air defense to the Chicago, Ill., area.

Daniels entered the Army in May 1966 and was previously stationed at Fort Knox, Ky., where he completed basic combat training.

He is a 1961 graduate of Garden City High School. A member of Alpha Phi Gamma fraternity, Daniels received a Bachelor of Science degree in Secondary Education in 1965 from Central Michigan University, Mount Pleasant.

He was employed by The Livonian Observer, Livonia, prior to entering the Army, and his wife, Beverly, lives at 820 Coolidge, Plymouth.

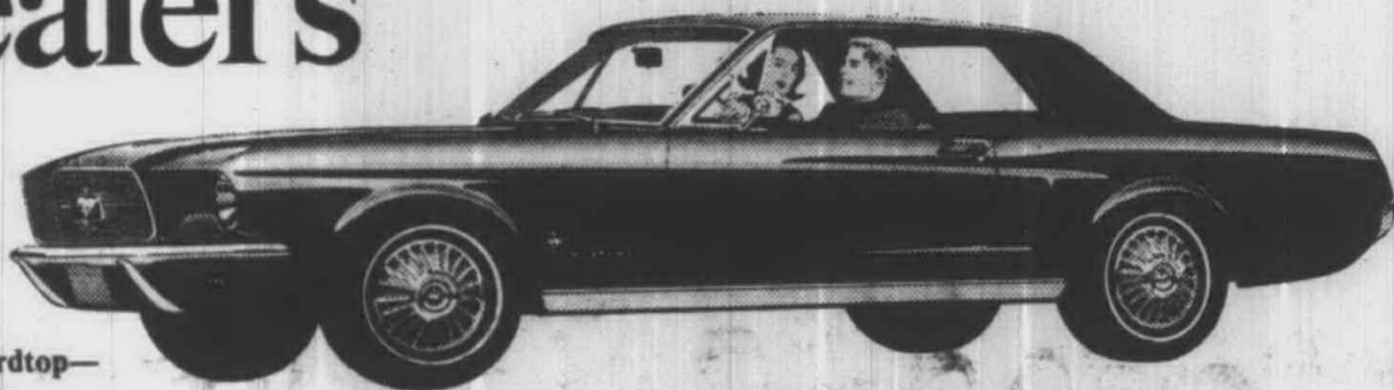

### Weekend Color Tour Schedule

- From September 30 through October 9
- From October 7 through October 16
- From October 14 through October 30
- From October 21 through November 6

"Bring 'Em Back Alive!" safety tip: Always take color tours on secondary and side roads. Driving at a slow rate of speed and viewing the countryside while on freeways or other major highways can result in a serious accident.

# Ride Ford's New Wave for '67! At your dealer's Friday!

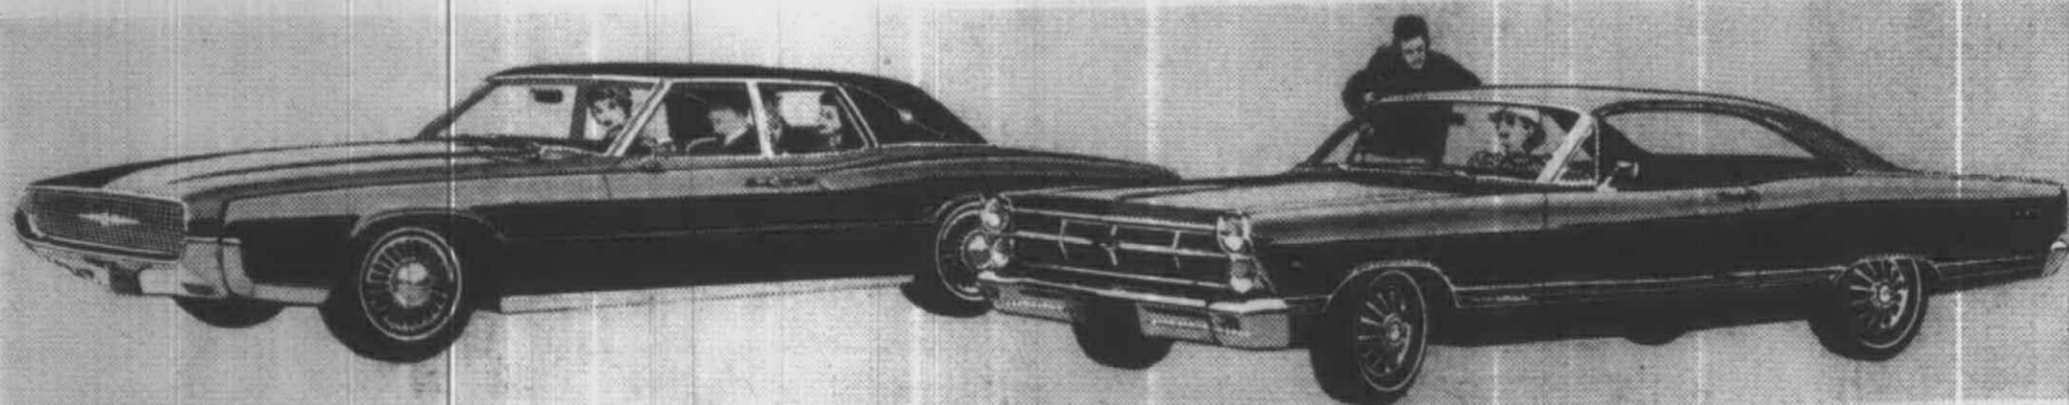

1967 Mustang Hardtop—bred first to be first

1967 FORD XL 2-Door Hardtop—the ultimate in sports/luxury cars

1967 FORD LTD 2-Door Hardtop—one of the world's quietest luxury cars

1967 Thunderbird Four-Door Landau—one of three all-new Thunderbirds

1967 Fairlane 500 Hardtop—the car that gets sportier and more popular every year

**18 Fords:** The strongest, quietest, best built Fords in history. Choose from luxurious new LTD's, sporty XL's, stylish Galaxies, Customs and wagons.

**3 Mustangs:** Bred first... to be first. All-new hardtop, convertible and fast-back 2+2. Mustang XL's, longer, wider, sportier than ever. And more than ever designed to be designed by you.

**3 Thunderbirds:** Unique, exciting, the ultimate in luxury. There are two new

two-door models, and for the first time in history... an elegant new four-door.

**13 Fairlanes:** Big-car roominess and performance in a lean middleweight. You can pick from exciting XL's and GT's, convertibles, smart sedans and wagons.

And for '67, Ford Motor Company Lifeguard-Design safety features are standard on all models. Ride Ford's new wave for '67!

**TEST-DRIVE A '67 MUSTANG, FALCON, FAIRLANE, FORD OR THUNDERBIRD AT YOUR FORD DEALER'S!**

**3/4 out of every 7 women in Detroit prefer the cleanliness and controllability of electric heat!**

Now, if only their husbands knew the facts about the costs!

We'll be the first to admit that not all homes can be heated economically with electricity. In many cases, however, electric heat really isn't expensive. And the added advantages are well worth it. After all, what other heat provides such even warmth from floor to ceiling? Or allows you to control the temperature of each room individually? What other heat is so clean?

If you're planning to build or add a room, or perhaps convert the attic, call your Edison office. One of our heating engineers will give you or your contractor a free estimate... on the cost of installation and how much your monthly bills are likely to be. Or send for our 20-page book on electric heat. It's free. And a great way to find out what electric living is really like! **EDISON**

### Every litter bit hurts YOU

Trash? Litter? Empties? Don't discard them as you drive! Carry a litterbag in your car. Hold everything for the first roadside basket or take it home for proper disposal. Remember—our roads and highways belong to all of us. Litter spoils your view, menaces highway safety and costs tax dollars! Every litter bit hurts . . . YOU. America's beauty is your duty. Please help.

**KEEP AMERICA BEAUTIFUL**

### Three graduate from EMU

Eastern Michigan University has awarded degrees and/or teaching certificates to three Plymouthites after completion of academic requirements during the summer session: Marilyn C. Huber, B.S. & Elem. Prov. Cert.; Leonard W. Luedtke, B.S. & Elem. Prov. Cert.; Lois H. Randall, B.S. & Elem. Prov. Cert.

To facilitate stripping off wallpaper, brush on a solution made by dissolving a cup of paste (flour and water) in three gallons of water. Paste keeps moisture from drying out paper so fast.

### Obituaries 4-H installs new officers

#### Melvin Krumm succumbs at 43

Stricken with an apparent heart attack, Melvin Krumm, 43, of 14532 Oxford Road, Plymouth, was dead on arrival at St. Mary Hospital in Livonia despite frantic efforts of the Plymouth Township rescue squad to revive him. Krumm, a former member of the Mayflower VFW Post 6695 state championship color guard and currently a Trustee of the Post, reportedly had just finished mowing the lawn prior to dinner.

He complained to his wife of a pain in his chest after dinner and told her he was going to rest for a few minutes. In the meantime, Mrs. Krumm went out in the yard to store the mower. She had hardly put the mower away until one of the three daughters came running out screaming that her father was "real sick".

Mrs. Krumm called the Fire Department and firemen worked on Krumm several minutes before an ambulance arrived to rush him to St. Mary Hospital where he was pronounced dead.

Born in Livonia on May 30, 1923, Mr. Krumm was a veteran of World War II. He had resided his entire lifetime in Livonia and Plymouth and was employed as a machinery repairman at Burroughs Corp. Services were conducted in the Schrader Funeral Home by the Rev. Henry Walch with burial in Riverside Cemetery.

Surviving are his wife, Mrs. Eileen Krumm; his parents, Mr. and Mrs. Perry Krumm of Plymouth; three daughters, Janis, Linda and Nancy at home; and one sister, Mrs. Dorothy Fulton of Plymouth.

#### Fern A. Jenkins

Mrs. Fern A. Jenkins, 74, 15840 Northville Road, Plymouth, died September 16 at the Northwest Branch of Grace Hospital.

She was born February 17, 1891 at Iron River to George Reed and Content Omas Reed.

Surviving are her husband, Paul S. Jenkins, of Northville; sons, Clinton Jenkins (wife, Lucille) of Redford Twp., Willis Jenkins (wife, Margie) of Grand Rapids; a sister, Mrs. Ralph (Elizabeth) Mills, Flint; seven grandsons and one great-grandchild.

She is also survived by three nieces, Roberta Steele and Lulu Pride of Plymouth, and Ardis Cooley of Owosso.

She came to the community in 1953 from Detroit.

She was a member of the First Methodist Church of Northville and former member of Westlawn Methodist Church of Detroit where she was very active, member of Senior Citizens of Northville.

Mr. and Mrs. Jenkin's 50th wedding anniversary celebration was Feb. 26, 1966 at Northville Methodist Church.

Funeral services were held Monday, Sept. 19 at Schrader Funeral Home at 1 p.m. with the Rev. S. D. Kinde officiating. Interment was in Riverside cemetery.

#### Mrs. Helen Vealey

Mrs. Helen Mary Vealey, 57670 Pontiac Trail, of Lyons Township, died September 19 at Pontiac General Hospital, of a heart attack. She was 69.

Born October 16, 1896 in Northville to John and Mary Scherer, she is survived by her husband, Richard B. Vealey, two daughters, Mrs. Franklin Knapp, of New Hudson; Mrs. Wilbur J. Hickman, of Ypsilanti; five grandchildren; and one great grandchild.

Prior to living in New Hudson, she had lived in Plymouth for 42 years.

Funeral services for Mrs. Vealey were held Thursday, September 22 at the Schrader Funeral Home, at 1 p.m. with the Rev. Robert Mitchinson officiating. Interment was in Tyler Street Cemetery.

The Wayne County 4-H Service Club held its regular meeting and installed officers for the 1967 club year. At this monthly meeting the installation service was conducted by Sue Peterhans and the duties of the respective officers were turned over from the current officers to the new officers. Relinquishing duties as president was Lynn Allen of Plymouth, to John Posegay of Wayne.

Vice President Anne Theisen of Garden City turned her duties over to David Price of New Boston. . . Secretary Kathleen Theisen of Garden City turned over her duties to Tori Ketchman of Plymouth. Marilyn Woods remains as Treasurer. . . Robert Stolcker remains as Parliamentarian. . . Della Woods became the new Historian.

Dinner, Dance date of the Service Club will be held Friday evening, December 30. Handling the details are Kathleen Theisen, Chairman of the committee and Marilyn Love, Garden City, and Robert Simmons of Plymouth.

The Service Club is seeking new members. . . the membership committee consists of Robert L. Hayward of Belleville, Susan Woodroe of Wayne, Kathy Theisen, Garden City, Rosalie Woods, Marilyn Woods, and Della Woods, all of Wayne, and Tori Ketchman of Plymouth. These people have been screening County 4-H records to determine eligibility in the Service Club. An informal initiation ceremony will be conducted October 29 at the 4-H Fairgrounds in Belleville.

The initiation committee consists of Rosalie, Della and Marilyn Woods of Wayne, Randy Allen of Plymouth and David Price of New Boston. The Service Clubs from Oakland, Macomb and Genesee Counties are being invited to this meeting.

#### HONOR ROLL

John Kenneth Bates, a freshman at Earlham College last year, has been listed on the honor roll for 1965-66. His home address is 46701 Betty Hill.

To be eligible for the honor roll, junior and senior students must have a grade point average of at least 2.50 for the year and sophomores and freshmen must average 2.30 with no grade below a "C" in a credit course and no failures in non-credit work.

Two tablespoons of washing soda or detergent (do not use soap because it leaves a film) to a bucket of hot water is good for washing high gloss enameled walls such as kitchen or bathroom. With a sponge wash from bottom up using a circular motion. Rinse and move to adjoining section, overlapping section just washed.

### Seminary plans open house

St. John's Provincial Seminary, 44011 Five Mile Road, Plymouth, will hold its annual open house program on Sunday, Oct. 9.

beloved projects and he was instrumental in the founding and

expansion of the Seminary during his lifetime.

#### Plan panel on youth in community

On Tuesday, October 11 at 8 p.m. in the First United Presbyterian Church of Plymouth, will host a program, entitled "Youth Today in Our Community".

jurist; Roderick Cannon, police youth officer; and a high school youth will discuss the topic. The Reverend David M. Strang will moderate.

All people of the surrounding community are welcome. There will be a coffee hour after for additional discussion and questions.

Invitations are extended to all in the area to join in the program which will include a tour of the facilities. The invitation is to everyone regardless of color or creed, according to Seminary officials.

The Seminary is the burial place of the late Cardinal Mooney. It was one of his most

## In the Plymouth Area, 1967's going to be an In year at your Quality Buick dealer's.

Jack Selle Buick, Inc. 200 Ann Arbor Rd.

# BUICK '67

Your Quality Buick dealer says "Now!" like nobody else. He's got a line of cars new from engines to brakes to the new GM safety features. And nothing's now-er than the Buick look. You could spend a lot of time just looking. But wait till you get your hands on the keys to one of these '67 Buicks. You think they're going to be easy to give up? Come to think of it, why should you give them up? Four out of five new-car buyers pay Buick-sized prices. Make sure you get the Buick, and all the good things that go with it.

**How Pearls Are Formed**  
 When an irritating piece of matter enters the shell of an oyster, the epithelium sac encircles the parasite. Inside this sac, the parasite is coated by thin sheets of pearl. Soon it is completely covered and a lustrous pearl is formed.  
**Noted Author**  
 Emma Lazarus was the author of the famous inscription on the pedestal of the Statue of Liberty.  
**"Left in the Lurch"**  
 The expression "left in the lurch" comes from the card game of cribbage, in which a player is left in the lurch, or "lurched," if he fails to round the halfway mark on the cribbage board before his opponent wins.

**the Rocket Action Cars are out front again!**

Totally-new Delmont 88 ...lowest-priced 88 series!  
 Looks expensive, but it's not. Delmont 88 prices actually start below many models with "low price names." Four to choose from. All with proved 88 chassis, brakes and suspension. 330- or 425-cu.-in. Rocket V-8.  
 New Custom models highlight Delta 88 lineup!  
 Two new Delta 88 Custom models are the last word in luxury. Both are highlighted by the distinctive Toronado look. Both with a 425-cubic-inch Super Rocket V-8 Engine. And yours at an easy-going Olds 88 price.  
 All-new five-car Cutlass Supreme series!  
 Olds brings a new level of luxury to the low-price field: Five sumptuous Cutlass Supreme models! Lavish Strato Seat interiors. Velvety coil-spring ride. Smooth Jetfire Rocket V-8 performance. Famous Olds quality!  
 Again in 1967: Look to Olds for the new! Look for a new, exclusive engineering first like Climatic Combustion Control. Look for a new UHV Transistorized Ignition System. A new Stereo Tape Player. New front disc brakes. Plus many other features!  
 Engineered for excitement... Toronado-style!

**Tips from the STOP & SHOP CHEF Questions & Answers**

**Can caviar ever be served in the container in which it is packed? Why are porcelain or ivory spoons recommended for serving caviar?**

Fresh caviar may be, and traditionally is, served in its original container or in a bowl nestled in shaved or finely chopped ice. Porcelain or ivory is considered best for caviar service because it will not crush the grains of roe.
